

ATTEMPT BEING MADE TO GET GOV'T TRUCKS

C. S. Avers, Member of Federal Highway Council, Appeals for State Help.

RESOLUTION IN CONGRESS

Smith Measure Provides for Wide Distribution Rather Than Sale of Government Autos.

Write or write your congressional and senators to help us in the case of C. S. Avers, Oklahoma member of the federal highway council, who is good roads friends throughout the state.

The request is made in response to the recommendations of the House of Representatives of the federal highway bill, which he calls attention to a joint resolution introduced in the United States senate September 17, 1919, by Senator Hoke Smith of Georgia, which provides for the distribution of government-owned motor vehicles to the states for use as police cars, ambulances, fire trucks, and other purposes throughout the United States.

The executive committee of the Oklahoma association of road builders has adopted a resolution which was introduced in the house of the federal highway council, and is now before the committee on the floor of the house of representatives.

In his appeal for expressions upon the subject Avers says: "It is my belief that the states will be benefited by the distribution of government-owned motor vehicles to the states for use as police cars, ambulances, fire trucks, and other purposes throughout the United States."

Following is the Smith resolution:

Resolved, That the secretary of the United States of America in conference assembled, that nothing contained in any law of the United States, or in any act, or in any appropriation of money for the fiscal year ending June 30, 1920, and for other purposes, approved June 17, 1919, shall be construed as in any manner affecting the transfer of title of charge of motor propelled vehicles and motor equipment and other war material, equipment and supplies not needed for the purposes of the war department, pursuant to section seven of the act entitled "An act making appropriations for the service of the postoffice department for the fiscal year ending June 30, 1920, and for other purposes," approved February 22, 1919, and in the event of surplus of such material which can be used in the construction and maintenance of roads, that the provisions of the act of June 18, 1918, which prohibit the expenditure of appropriations by any of the executive departments or other government establishments for the maintenance, repair or operation of motor-propelled or horse-drawn passenger carrying vehicles in the service of specific military authorities, shall not apply to vehicles transferred by the secretary of the war to the secretary of agriculture for use of that department, under the provisions of section seven of the act of February 26, 1918, and that the secretary of war is authorized and empowered in his discretion to transfer free of charge to the postoffice department for use in the transmission of mail, such motor vehicles and motor equipment pertaining to the military establishment as may or may hereafter be found to be surplus and no longer required for military purposes.

Jackson Barnett, Richest Indian of State, Is a Unique Character

Jack Barnett, Creek Fullblood.

HENRY LETA, Sept. 20.—Born in the darkest days of slavery, and continuing near Fort Smith, Arkansas, Jackson Barnett, a full blooded Creek, is the richest Indian in Oklahoma. He is a unique character, a man of many talents, and a man of many friends.

He was born in the year 1840, and his father was a full blooded Creek. He was educated in the common schools of the South, and he is a man of many talents. He is a man of many friends, and he is a man of many talents.

He is a man of many talents, and he is a man of many friends. He is a man of many talents, and he is a man of many friends. He is a man of many talents, and he is a man of many friends.

The amount of allowance therefore is \$100,000. This is the money fortune of the state of Oklahoma. When the government gave \$100,000,000 to the state of Oklahoma, it was a gift of \$100,000,000 to the state of Oklahoma. This is the money fortune of the state of Oklahoma.

During the six years since oil was discovered in Oklahoma, Barnett has made a fortune of \$100,000,000. He is a man of many talents, and he is a man of many friends.
