BERGER OUSTED FROM CONGRESS

House Denies Seat to Socialist Elected From Milwaukee.

GETS BUT ONE VOTE

Count Is 309 to 1—Democrat Not to Get Place—New Election to Be Held.

WAR STAND IS RESPONSIBLE

Held Ineligible for Membership Because of Opposition—Defends His Course.

MILWAUKEE, Wis., Nov. 10.—Gov. E. L. Phillip of Wisconsin, when notified tonight of Victor L. Berger's expulsion from congress, announced he would call a special election within a few days to fill the vacancy.

WASHINGTON, Nov. 10.—Victor L. Berger, Milwaukee socialist, was denied his seat in the house today by an overwhelming vote, the house holding he was ineligible for membership because of his open opposition to war.

The vote to unseat Berger was 309 to 1. Representative Voigt, republican, Wisconsin, being the only member to support the Wisconsin socialist either during the debate or on the roll call.

Order Election. After denying the seat to Berger the house declared that the seat was vacant, holding that Joseph P. Carney, democrat, who contested Berger's election, had not received a plurality in the election last year.

Without a record vote, the house also directed Speaker Gillett to notify the Wisconsin governor of the vacancy in the election so that a special election may be called to choose a new member.

Consideration of the right of Berger to a seat proceeded amid somewhat of an uproar in the house chambers and with crowded galleries. A detail of capital police guarded the entrance of the men's gallery. Berger's wife and nephew were in the public gallery until shortly before the roll call, when Berger himself, after alternating during the debate between the chamber and the lobbies, left just as the vote began.

Disloyalty Alleged. The resolution on which the house acted in denying Berger a seat follows the unanimous report of an elections committee reciting his alleged seditious utterances and disloyal activities during the war.

Chairman Dillingworth of the special committee which heard Berger's case, charged that "he was ineligible for a seat in the house, and it is not only the right but the constitutional duty of the house to exclude him."

Berger, while refused a seat at the beginning of the present session in 1915, has drawn the regular pay for a House member, enjoying the franking privilege and maintained an office in the house office building.

RED CONVICTIONS UPHELD

Supreme Court Sustains Decision Under Espionage Act for New Yorkers.

WASHINGTON, Nov. 10.—Convictions under the espionage act in New York of Jacob Abrams, and four other self-avowed Russian anarchists, were upheld today by the supreme court. Justices Holmes and Brandeis dissented.

The conviction of Abrams, Hyman Rozansky and Louis Blumenthal, and the acquittal of Mollie Stimer resulted from the printing of pamphlets criticizing the government's action in sending troops to Russia and urging munition workers to strike. The pamphlets were thrown from roof tops in the lower east side section of New York city.

HARBORARD GOES TO TRAVIS

Head of Armenian Mission Will Take Command of Texas Camp.

WASHINGTON, Nov. 10.—Major General James G. Harbord, head of the American mission to Armenia, is to return home soon to command Camp Travis, Texas, and the second division, now reorganizing at that place.

Major General John H. Hittle, upon completion of his duty as aide de camp to Prince of Wales, will take the command of Camp Custer, Mich.

The assignment of Major General Togo, district also was announced today by the war department.

THE WEATHER

TULSA, Okla., Nov. 10.—Maximum, 52; minimum, 33; north winds, clear. OKLAHOMA: Tuesday fair, warmer. Wednesday fair, colder in northwest portion.

INDIANA: Tuesday fair, warmer in northwest portion; Wednesday fair, warmer in west and central portions; Thursday fair, warmer east portion.

EAST TEXAS: Tuesday fair, warmer north portion; Wednesday fair, warmer east and south portions.

WEST TEXAS: Tuesday fair, warmer; Wednesday fair, colder in the Panhandle; Thursday cloudy; Friday fair.

KANSAS: Partly cloudy Tuesday and Wednesday; colder.

APPRECIATION. He was whistling at his work. With a grin upon his face. Not a solitary stir.

Seemed to loiter at the place. But this youth who caught my eye. To employ this heavy wrench. Why so earnestly today.

Do you labor at your task? And I stopped to find out why. "That's a foolish thing to ask."

This he answered with a grin. As he laid aside his wrench. "Just what the boss came in. And he stood beside my bench. And he spoke to me like you.

Then took up this work of mine, looked it over, looked it through. And then said, "It's simply fine!"

"You can talk about your pay. And the pleasure of a raise. But I'm telling you today. That a little word of praise. From the man you're working for. Means a fellow lot of good. And it makes him more and more. Want to keep on sawing wood?"

ARMISTICE DAY PROGRAM SHORT

Ad Club Luncheon Will Be Devoted to Victory Celebration.

All the civic clubs and women's clubs of the city will unite with the Tulsa Advertising club in the celebration of Armistice day at the noon luncheon at Hotel Tulsa, according to invitations issued to all the civic organizations by Secretary Guise of the Advertising club Monday.

Rev. J. W. Abel, pastor of the First Methodist church, will deliver the principal address.

Four-minute speeches will be delivered by Ralph Talbot and Lee Levering. Music will be furnished by the Hyeckha club. The meeting will be featured throughout with patriotic singing.

It is expected that several hundred club men and women will attend this patriotic function.

Joe Carson post of the American legion will celebrate the day with a dance at Convention hall in the evening to which the general public is invited. The program will be interspersed with several vaudeville numbers that will give it the spice of variety.

School will be dismissed at noon so that the children may enjoy a half holiday.

Sand Springs will celebrate the day with practically an all-day round of music-making and pleasing. The official post of the American legion will have charge of the celebration. It will be featured with a big parade in the afternoon and a program of athletic contests.

Because of the hour of the service men of Sand Springs will be given in the evening under the auspices of the Sand Springs Red Cross.

President, Pershing and Baker Recall Armistice Anniversary

WASHINGTON, Nov. 10.—President Wilson, General Pershing and Secretary Baker today issued statements to the American people on the occasion of the first anniversary of the signing of the armistice.

The president said to Americans the reflections of Armistice day would be filled with solemn pride in the heroism of those who died in the country's service and with gratitude for the victory, both because of the things from which it has freed us, and because of the opportunity it has given America to show her sympathy with peace and justice in the councils of the nations.

The exercise by the American people of practical patriotism during the war, General Pershing said, was an avowal of their firm adherence to the principles of free government that will continue to have great influence upon the progress, thought throughout the world.

Secretary Baker said that while mourning his dead, the nation was grateful for their achievement and for that of our living brothers and that "in the name of both we may hope for an early accomplishment of the terms of peace that shall complete their work upon the battlefields of France."

ARTICLE 10 PACT CHANGE ASSURED

Senate Rejects All Efforts To Alter Reservation.

EXPECT VOTE TODAY

Administration Forces Unable to Break Down "Unacceptable" Proposal.

RESERVES U. S. AUTHORITY

Power to Use Force Reserved for Congress—Democratic "Trick" Fails.

WASHINGTON, Nov. 10.—The fight over article 10 of the league of nations covenant neared a conclusion today in the senate with developments promising adoption of a reservation wholly unacceptable to the administration.

During the day the reservation drafted by the foreign relations committee, almost identical with one which President Wilson has announced he would regard as a rejection of the treaty, weathered all attempts to alter it, and rallied a support which seemed to insure its final acceptance.

A vote is expected tomorrow. The reservation provides that under the article, which pledges member states to preserve against external aggression, the territorial integrity and political independence of all other members, the United States shall assume no obligation to use its naval or military forces except on express authorization of congress in every specific case.

Debate Is Bitter. The debate, which summed up six months of senate discussion of the subject, reached a high pitch of bitterness several times during the day. It developed another spirited clash on the question of Ireland's status under the article, Senator Williams, democrat of Mississippi, assailing Irish-Americanism, and Senator Walsh, democrat of Massachusetts, replying in a speech charging that the administration had undertaken to deprive Ireland of her independence because he did not support the treaty without qualification.

Just before adjournment the united republican forces opposing the reservation almost were split by a democratic proposal to make a qualification even more sweeping in its terms. But the republican leaders soon recovered their hold on the majority and declared that danger situation and declared that danger situation and declared that danger situation.

WILL NOT PAY RANSOM

Mexican Policy Announced in Note From Sub-Secretary of State to American Official.

WASHINGTON, Nov. 10.—Mexico will pay no ransom for foreigners kidnaped by Mexican bandits. This position of the Carranza government was announced in a note from Hilario Medina, sub-secretary of state for foreign affairs, to the American charge at Mexico City, in reply to the recent demand of the state department that Mexico should effect the release of William O. Jenkins, even though it be necessary for the Mexican government to pay the ransom of the bandits who captured the American consular agent.

The text of Medina's note, as published in Mexico City, was received today in Washington. It was under date of November 3.

Work out in peace a new and juster set of international relations. The soldiers and sailors fought and endured for more than four years to uphold the barrier of civilization against the aggressions of armed forces, concentrated in more than a year and a half. With splendid forgiveness of mere personal concerns we reminded our industrial resources, increased our agricultural output and assembled a great army so that at the last our power was a decisive factor in the victory. We were able to bring the vast resources, material and morale of a great and free people, to the assistance of our associates in Europe who had sacrificed without stint in the cause for which we fought.

Out of this victory there arose new possibilities of political freedom and economic progress. The war showed us the strength of great nations acting together for high purposes, and the victory of arms foretells the enlarging conquests which can be made in peace when nations act justly and in furtherance of the common interests of men. To us in America, the reflections of Armistice day will be filled with solemn pride in the heroism of those who died in the country's service, and with gratitude for the victory, both because the thing from which it has freed us, and because of the opportunity it has given America to show her sympathy with peace and justice in the councils of nations.

TO DENY RAIL DEMANDS

Hines Calls Chiefs for Conference Today; Expected to Offer Compromise on Increase in Wages.

WASHINGTON, Nov. 10.—Director General Hines has called the chiefs of the four railroad brotherhoods to confer with him here tomorrow to discuss labor questions directly affecting railroad employees. Mr. Hines was expected to outline the railroad administration's attitude on wages and working conditions.

It was said by administration officials today that the director general should be prepared at this time to meet demands of the brotherhoods for substantial wage increases. A compromise offer based on a small general increase was thought probable. Should the brotherhood chiefs press their demands, complications of the industrial situations were to be feared, it was said.

EPISCOPALIAN BISHOP TO BE IN TULSA TODAY

Bishop Theodore P. Thurston of Muskogee will be in Tulsa today in the interest of the nation-wide campaign inaugurated by the Episcopal church from 3 to 5 o'clock this afternoon for the collection of money for the relief of the victims of the war.

The bishop will be in Tulsa today in the interest of the nation-wide campaign inaugurated by the Episcopal church from 3 to 5 o'clock this afternoon for the collection of money for the relief of the victims of the war.

WOODROW WILSON. The White House, Nov. 11, 1919.

Gain in Cincinnati Count Again Places Wets Ahead in Ohio

COLUMBUS, Ohio, Nov. 10.—If the official vote bears out wet leaders in Cincinnati and shows the reported gains in that city of 254 votes for the wets, the wet vote apparently voted against ratifying the federal prohibition amendment by more than 700 votes. The secretary of state this morning returned from Cincinnati and Lake county.

Manager James A. White of the Ohio dry federation tonight made formal demand for the secretary of state to call for the official count.

White, however, has not yet admitted defeat of the proposal, contending that it will take the complete official count to decide the result.

HARRELD WINNER WEAVER ADMITS

Democratic Candidate Congratulates Victor in Race.

MAJORITY CUT TO 642

Errors in Early Unofficial Returns Bring Down Canvass Vote Today.

OKLAHOMA CITY, Okla., Nov. 10.—J. W. Harreld, congressman-elect from the fifth Oklahoma district, will leave Friday for Washington to take his seat and fill out the unexpired term of the late Joseph B. Thompson. Claude Weaver, democratic opponent of Harreld in the recent election, tonight conceded Harreld's election and offered his congratulations.

OKLAHOMA CITY, Okla., Nov. 10.—The result of Saturday's special congressional election in the fifth Oklahoma district became doubtful today when the early lead of 1,309 votes piled up by J. W. Harreld, republican nominee over Claude Weaver, democrat, was reduced to 484 in returns from 236 out of the district's 265 precincts and then increased to 642 votes in corrected unofficial returns from 245 precincts.

Republican Candidate Harreld carried Oklahoma City and county by 1,117 on the face of returns late from one of the county's 75 precincts.

The corrected unofficial vote from 245 out of 265 precincts in the Harreld-Weaver contest for congress was: Weaver, 19,711; Harreld, 11,353.

Official figures from the county election board of Logan county did much to reduce Harreld's lead. Official returns from 23 of 33 precincts in Logan county gave Harreld a majority of 926, while early unofficial figures gave him a majority of 1,448 votes.

The 20 missing precincts in the district are scattered throughout Cleveland, McClain, Garvin and Murray counties, which have generally returned as democratic in past elections.

It is thought possible that the official canvass, to start probably tomorrow by all state election boards, will return a decision to the winner of the contest.

Democratic Nominee Weaver maintained silence today and would issue no statement on the possibilities of the race. Weaver made his campaign on a pro-union of nations platform, while Harreld has been pledged from the beginning of his political campaign to opposition to the league.

Interest was added to the close race today by the statement of Harreld that he had arranged to attend at once for his trip to Washington.

COLD WAVE SEVERE

North and Middle West States in Grip of Cold—Trains Delayed—Snow Piled High on Tracks.

CHICAGO, Nov. 10.—A severe storm swept over the north and middle central states today, but tonight was expected to spend itself largely before reaching the Great Lakes. Thermometers, however, dropped about 15 degrees in Chicago tonight, although it was not expected to be attended by precipitation.

In the middle western states, where the storm reached its greatest force, the trains were delayed for four to 12 hours. Snow was piled high on the tracks running through Nebraska and Colorado. Practically all telegraph and telephone wires in the affected regions were crippled.

The storm was continuing its northwesterly movement tonight over western Lake Superior.

MORE CAMP GRAFT FOUND

Congressional Committee Uncovers Fraud in Camp Grant Building.

ROCKFORD, Ill., Nov. 10.—Referred to a congressional subcommittee, headed by Representative John C. McKenzie of Illinois, the government probe into the methods employed in building Camp Grant began today. Charges of wanton waste in the building of the camp were made by witnesses examined this morning. Laborers "laid down" on the job, grocery clerks and tailors were fired as skilled carpenters at union wages and teams stood idle at \$1 an hour while there was a still extravagant amount of lumber, cement, nails and tools, according to the stories of a number of men who worked at the camp.

Threatens to Take Over Mines in North Dakota

BISMARCK, N. D., Nov. 10.—Gov. Lusk J. Franker tonight issued a proclamation, declaring his intention of taking over the North Dakota lignite mines and operating them in behalf of the state if the operators have not gotten together with their owners and a settlement reached by 6 p. m. tomorrow.

ASKS FOR DOLLAR EACH DAY IN WAR

Proposal Submitted, to Legion to Solve Service Problem.

WOULD ISSUE BONDS

Chairman Lindsley's Plan Calls for \$2,000,000,000 for All In Service.

GET MESSAGE FROM FOCH

Allied Commander Sends Greetings to War Veterans at Minneapolis.

MINNEAPOLIS, Minn., Nov. 10.—War service adjustment bonds amounting to \$1 for each day in the federal service, were proposed tonight to an American legion committee by Henry D. Lindsley, chairman of the convention which opened here today, as the solution of the problem of compensating service men and women.

Minneapolis won over Washington, D. C., by one vote on the sixth ballot for permanent national headquarters and will be recommended to the convention tomorrow by the headquarters committee.

The committee on next convention decided to recommend both Cleveland and San Francisco. Universal military training was endorsed by a slight majority of the committee considering that subject, though strong opposition from the delegates continued throughout a protracted night session.

Issue Two Billion. Chairman Lindsley's "war service adjustment" suggestions, would involve a long term bond issue of approximately \$2,000,000,000, it was said, drawing a high rate of interest and subject to all taxes, so that legions had not approved any plan of service men rather than be accumulated by the rich.

Reports of the committee will be submitted tomorrow to the full convention. While each state delegation represented on each committee to formulate policies, the democratic nature of the convention was pointed out by the opening address of Chairman Lindsley.

The convention itself was quick to voice its disapproval of speech making and efforts to commit the convention to policies without committee consideration.

Want Recognition. One of the most hotly debated points among the state delegations was the attitude of the legion toward federal bonus legislation. In Mr. Lindsley's address he intimated that the previous officers of the legion had not approved any legislation relating to cash bonuses, but sentiment in favor of some government recognition of financial sacrifices made by service men and women was strong.

All nominations, it was decided, continued on page three.

HOUSE GETS RAIL BILL

Plan Passage of Measure Without Strike Provision by Saturday—Adjournment Soon.

WASHINGTON, Nov. 11.—The railroad bill will have the right of way in the house tomorrow, with final vote set for Saturday, after an agreement reached tonight by leaders. Action on the bill will be followed immediately by adjournment of the special session of congress. The agreement provides consideration of the senate going over until the regular session beginning in December.

Under a rule adopted tonight the house agreed to meet two hours earlier each day and to begin night sessions immediately. General debate will end Wednesday.

The house program was framed after Representative Mondell of Wyoming, republican house leader, had been informed by Senator Lodge that senate leaders hoped to dispose of the German peace treaty by the end of the week.

In the formal report on the house railroad bill, made today by Chairman Each of the interstate commerce committee, it was revealed that the measure contained a mandated increase of rates for general increases of rates for private operation.

Anti-strike legislation is not a part of the house measure. Chairman Each said in his report, declaring that the house committee decided that such provisions were unwise, and in lieu thereof adopted plans for conciliation through voluntary arbitration of disputes. His report provided the first attack on the "railroad bill," republican house leader, democrat of Texas, complaining that the measure, particularly because of the labor provisions, was "ridiculous."

The report of Chairman Cummins of the senate interstate commerce committee also was presented today. Anti-strike provisions of the measure are defended.

"Both strikes and lockouts must cease," said the report. "They can no longer be tolerated in a free country. The government must settle strikes between railway managers and employees."

The senator Cummins said the labor adjustment board proposed would provide "complete, impartial justice to both railway corporations and employees and to the public as well."

Renew Coal Restriction. Order Replaced by Regional Director at St. Louis Due to Uncertainty.

ST. LOUIS, Nov. 10.—Because of uncertainty as to the end of the coal strike, the southwestern regional coal committee today replaced restrictions on coal, which had been renewed Saturday by the federal manager of the road on which the dealer is located and prohibited movements of coal outside the region's confines, including the Kansas City, Memphis and Birmingham switching districts, which supply limit remains in effect. It was said.

Publishing Economy.

Because of the continued shortage of newsprint paper and the consequent necessity of economy of space, the World must until further notice, refuse to accept contracts for merchandising or other publicity, unless paid for by the advertiser and cannot even then guarantee publication.

GIVES DEBATING MINERS NEW WARNING

All Power of Government to Be Used, Palmer Says.

ORDERS ARE DRASTIC

Conventions' Resolutions and Instructions Are Not Above Law.

MEANS FIGHT TO END

Attorney General Makes What Is Taken as Reply to Labor.

WASHINGTON, Nov. 10.—Warning was given the United Mine Workers of America tonight by Attorney General Palmer that resolutions of conventions and orders of officers of organizations are not above the law.

Final declaration of the government's policy of dealing with the coal strike was announced by the attorney general, chief of the miners' organization at Indianapolis were struggling with the question how to answer the court's command to rescind the strike order.

Describing the strike as a violation of a federal statute Mr. Palmer, speaking with full authority of the government, announced that all the power of the United States would be exerted to enforce the mandate of the court.

Replies to Labor. Although no reference was made in the attorney general's statement to the procurement of organized labor supporting the miners and demanding withdrawal of injunction proceedings, it was evident that Mr. Palmer had that document in mind.

There was no attempt in official or labor circles tonight to conceal the feeling that the situation was grave and getting beyond the question of a coal strike. This was due to the belief that the miners would pass upon by the same delegate convention which arbitrarily fixed the date for the nation-wide walk-out, unless specific demands were granted by November 15.

Action Various Interpreted. The action of the executive council of the American Federation of Labor upholding the strike, pledging support to the strikers and denouncing the government's injunction suit, was variously interpreted.

While officers of the federation refused to issue any official explanation or interpret its meaning in view of the feeling in some quarters that it was designed to back up the strikers, it was attacked in the floor of the senate and emphasized there that under the food control law injunctions would legally be issued against strikers interrupting the nation's food or fuel.

Only a few reports stand in the coal fields and these showed the situation generally unchanged, with miners waiting to see what orders they would get from Indianapolis. Government plans were regarded as heretofore, with fuel administration and the railroad administration co-operating to move coal and distribute it where most needed.

Reports that a billiard was sweeping out of the northwest was a disquieting bit of news received during the day, officials realizing that a week of cold weather would cut deeply into reserve coal stocks and make conditions critical unless the men return immediately to work.

RENEW COAL RESTRICTION

Order Replaced by Regional Director at St. Louis Due to Uncertainty.

ST. LOUIS, Nov. 10.—Because of uncertainty as to the end of the coal strike, the southwestern regional coal committee today replaced restrictions on coal, which had been renewed Saturday by the federal manager of the road on which the dealer is located and prohibited movements of coal outside the region's confines, including the Kansas City, Memphis and Birmingham switching districts, which supply limit remains in effect. It was said.

Publishing Economy.

Because of the continued shortage of newsprint paper and the consequent necessity of economy of space, the World must until further notice, refuse to accept contracts for merchandising or other publicity, unless paid for by the advertiser and cannot even then guarantee publication.

This economy of space will also prohibit the publication of every-thing, unless paid for by the advertiser and cannot even then guarantee publication.

The secretary, the increase in cost and difficulty of obtaining paper, as well as increases in other publishing costs, force an immediate policy of retrenchment on the part of The World that prevents at this time courtesies that were formerly cheerfully given.

OKLAHOMA WINS FIRST BLOOD IN SUIT ABOUT RED RIVER BOUNDARY

By The Associated Press. WASHINGTON, Nov. 10.—The supreme court today granted the state of Oklahoma permission to file original proceedings against the state of Texas to determine the boundary between those states along the Red river.

The case was made returnable on March 1.

HAYS WILL CALL SESSION DEC. 10

Republican Committee to Select Next Convention City.

WOMEN ARE ORGANIZED

Committee Adopts Plan for Participation in Presidential Campaign.

CHICAGO, Nov. 10.—A formal statement will be issued tomorrow by Will H. Hays, chairman of the republican national committee, for a meeting of the committee in Washington on December 10, to fix the date and place for the national convention in 1920.

This information was learned from authoritative sources tonight, following an informal session of 25 members of the committee.

It was learned also from this same source that the meeting today was one of a series of informal gatherings which have been held the second and Monday in the month recently at various state headquarters. These meetings, it was said, will be continued for some time.

A detailed plan of organization which was enthusiastically interpreted as favorable signs for republican victory in the presidential campaign of 1920 by party leaders.

Think Victory Sure. Results of the recent state elections were enthusiastically interpreted as favorable signs for republican victory in the presidential campaign of 1920 by party leaders.

It was said that the fight for the next republican national convention will be between Chicago, St. Louis and Kansas City, although Cleveland, Minneapolis and San Francisco are also mentioned as candidates.

The St. Louis delegation is said to have pointed out that Missouri probably will be a pivotal state in the next presidential campaign and that it would be of considerable advantage for the republicans to hold their national convention in St. Louis. St. Louis, Chi.
