

**LINGO NAMED AS G. O. P. CHAIRMAN**

Republican Committee Is Entertained at a Big Banquet Here.

**SMALL IS ENDORSED**

Issues That Confront the Nation Are Dwelt Upon in Addresses.

Election of officers, an elaborate dinner and plenty of republican oratory occupied the attention of the members of the republican county committee who were the guests of Albert A. Small at a banquet at Hotel Tulsa last night.

Reorganization of the committee was the principal business of the gathering and the following officers for the ensuing year were chosen: Ernest G. Lingo, chairman; G. W. Huppert of Sand Springs, vice chairman; Ray Huckles of Collinsville, second vice chairman; W. N. Williams of Broken Arrow, third vice chairman; Ray Henderson of Dixley, fourth vice chairman; Wayne I. Dickey, secretary; Mrs. Frank Seabass, assistant secretary; Mrs. C. E. Lehman, treasurer.

Albert A. Small, who has been the chairman of the committee for the past six years and who is retiring to become the candidate for the republican senatorial nomination, was given a vote of thanks for his services. Frank E. Duncan, chairman of the city committee, moved the following resolution which was unanimously adopted and long applauded:

Be it resolved by the republican

central committee of Tulsa county that we endorse for the United States senate the candidacy of Albert A. Small and commend him to the republicans of the state of Oklahoma as a man of exceptional ability, a stalwart and faithful republican, a citizen of the highest and best qualities, a public speaker of unusual impressiveness, fully capable of taking care of himself on the stump against all comers, one who is morally, physically and intellectually the peer of any in the state of Oklahoma which has since its admission into the union been so gloriously misrepresented in the American senate.

Stirring addresses were delivered by Charles E. Rogers, delegate to the national convention; Mr. Small; Judge Lunan; Judge Horace Wood and others on the issues that confront the nation and the party.

**IS AWARDED THIRD PRIZE**

G. E. Wheete a Winner in Big Window Display Contest.

Tulsa has for years been noted for its splendid and attractive window displays of merchandise, the reason being that the local merchants go the limit upon securing the most competent men in this line of work in the country.

This was again proven recently when G. E. Wheete, advertising and display manager for Vandevors, was awarded the third prize in a national window display contest consisting of linen exhibits. Thus another laurel was added to Tulsa's fame as a mercantile center.

Leading display artists all over the United States and Canada engaged in the contest and the decision giving Mr. Wheete a prize is a tribute to his understanding of the fundamentals of his profession.

According to a French physician who made an extended research, the use of tobacco is harmful only under certain conditions and it is a valuable tonic and germicide when properly used.

*We Are Proud to Say That We Display This Emblem in Our Establishments.*

*This Emblem Protects Your Garments When They Go to a Cleaner. Look for It.*

# SPRING GARMENTS

Now is the time to look over your last season's garments and see if they can't be worn for another season.

We are prepared to repair, alter, remodel and relined ladies' and gents' garments. We carry a complete stock of lining, buttons, etc., for the refreshing of suits and employ only the best tailors—so send in your garments.

**DID YOU KNOW**

That by having your suit cleaned and pressed that it practically **RENEWS THE LIFE OF THE GARMENT?**

**THE SPRING RUSH**

Will soon be on, so be one of the "early birds" this

spring and get here ahead of the rush, giving us a little time on the work that you wish done.

**MANY FOLKS**

Are sending their spring hats as well as Straws and Panamas, so get yours out and give it to a BOHNEFELD driver. The famous South American process—the process that was introduced in Tulsa by BOHNEFELD years ago, of bleaching with sulphur fumes without the use of injurious chemicals—is still in vogue at this shop, and when your Straws or Panamas come here they are given this famous treatment.

## The Bohnetfeld Method of Dry Cleaning

The proved and approved method of cleaning, preserving and reviving all sorts of fabrics has become a source of real satisfaction to thousands of Tulsans, who have found through experience that between "quality first and cheapness first" is the difference between satisfaction and disappointment. We could very readily make our prices the lowest in town, but we prefer instead to make the quality of our work the highest in town, or anywhere else. Bohnetfeld believes in the best work at a fair price. That the best dressers also believe in this policy is shown by the steadily increasing volume of business which has made additional facilities necessary to our already large plant.

**OUR FACILITIES**

### Two Modern Three-Story Fireproof Buildings
