TO JAIL RATHER THAN WORK

Cleveland Rail Men Decide to
Stand by Leaders Who Are
Threatened With Arrest.

CHICAGO, April 23.—Several thousand striking railroad workers at a mass meeting today refused to take action to end the unauthorized walkout, now in its fourth week in the Chicago terminal district. The meeting called by John Grunau, president of the outlaws Chicago Yardmen's association, and Harold Reading, head of the United Engineers' association, "to clear up the entire situation," adjourned 45 minutes after being convened with no progress made toward settling the difficulties.

Representatives of the railroad general managers association and of the government were asked to attend, but ignored the invitation. The general managers announced they would enter into no negotiations with the insurgents.

Grunau, who was released from jail at Joliet, Ill., last Wednesday, was greeted with a roar of applause as he stepped on the platform. An American flag was produced and draped around his neck. He left it there as he spoke.

"I called this meeting to straighten out this tangle," he said. "We would not be good citizens if we refused to take every step possible to end the strike.

"I am a loyal American citizen and so are all of you loyal American citizens. We have not violated the law, we do not want to violate the law, we have conducted this strike in an orderly manner and we will permit no violence of any kind.

"It is up to you men to decide when this strike is to end. You are the only ones who can decide that question."

CLEVELAND, April 23.—Five hundred striking railroad switchmen at a mass meeting today agreed unanimously to go to jail rather than return to work after officials of the department of justice requested the strikers to notify the men that all of them approximately 1,500 strikers would be arrested if they did not return to work by tomorrow morning. This was after John Sackin, department of justice agent who attended the meeting, had demanded that the strikers' leaders order the men to return to work or themselves go to jail.

The government warning given to Frank J. O'Rourke, president of the Cleveland Yardmen's association, by Sackin brought a noisy demonstration from the men at the meeting.

At first O'Rourke warned the men that only the leaders would be arrested if all the men did not return to work.

After O'Rourke's announcement, Sackin called the 15 strikers leaders into a private room, where he told them of the government's plan to arrest every man who failed to return to his position by Saturday morning.

"I have just been informed by the department of justice representatives that every man of us who goes to jail unless we go back to work," O'Rourke said when he and the leaders returned to the platform.

"Every man who wishes to avoid arrest by returning to his job will simply rise and leave the room."

A man moved.

"Every man who chooses prison here to starvation wages will rise," O'Rourke said.

The 500 men rose in a body cheering and shouting. "We will all go to jail," they shouted, as their leaders tried to quiet them.

ST. LOUIS, April 23.—Approximately 1,500 striking yardmen from the Illinois terminals of the St.

Two Vessels of Pacific
Fleet Ordered to Go
to Two Ports

PROTECTION IS ASKED

U. S. Representatives at
Mazatlan and Topol-
ombampo Request Help.

SITUATION NOT KNOWN

Investigation Will Be Con-
ducted on Arrival; Ban-
dits Are Active.

WASHINGTON, April 23.—Two warships of the Pacific fleet were in route tonight to Mexican waters to protect American citizens and interests at Mazatlan and Topolombampo. They were despatched from San Diego today on orders from the navy department after a request for protection had come from state department representatives at those two Mexican Pacific ports.

A similar request came from the government agent at Monterrey on the Gulf coast, but was not acted upon, pending further investigation of the situation there. The cruiser Sacramento is at Tampico only a short distance away.

The exact situation at Mazatlan and Topolombampo was not known here. There had been no report of disturbances at either place, and latest advice said a federal force of 350 men and two cannon had arrived at Mazatlan. Sonora state forces in rebellion against the Carranza government are known to be pushing toward Mazatlan, the most important Mexican gateway on the Pacific. This force is now well south of Topolombampo, but whether a detachment had been deployed to make assaults there was not clear.

At the navy department it was said that the cruiser Salem and destroyer No. 276, the ships ordered to the Gulf coast, were under instructions to investigate the situation.

There are extensive American interests at Mazatlan where the Mexican-California Steamship company has its terminal. Word has been received at the office of the company that both of the Mexican ports had been closed.

George J. Summerlin, American consul at Mazatlan, Mexico City, who has been consulting with Secretary Clegg at the state department, left tonight for Mexico City and it was understood that his departure had been hastened because of the situation in Mexico.

Rebels Gaining.
In official circles today it was reported that General Anaya's forces, the former federal commander at Tampam, Mexico, and Gen. Manuel Palaz, who for several years has been in the rebel ranks, were making gains.

MUSKOGEE, Okla., April 23.—Charles Kinsey, former chief of police of Muskogee, and one of the city's poorest residents, was arrested today charged with the theft of an automobile.

The motor car, found here today in a public garage, is alleged to have been stolen from the home of J. L. Clark at Webbers Falls. Kinsey declared he purchased the automobile, the officers said, from Andrew Jennings, who died and he had never seen the car, was also arrested.

Kinsey was released on a \$750 appearance bond.

Loss of Millions Uncovered
by Federal Probe

WASHINGTON, April 23.—Attorney General Pound announced today that investigation by the department of justice of alleged fraudulent contracts "had uncovered losses, transactions involving millions of dollars," and that through criminal prosecutions now completed or under way large sums would be saved for the government.

"These contracts have been under investigation for months and they affect a very restricted area. Reports to the department indi-

cate that as a result of indelicacy already returned against 15 defendants in the northern Pacific division at Seattle about \$150,000 will be recovered from shipbuilders and former representatives of the United States shipping board emergency fleet corporation in that section. Similar cases in the same district involving approximately \$250,000 will be presented to grand juries within the next few days.

The bureau of investigation of the department has now before it 15 large fraud cases in which special investigations have been ordered. All of these involve large sums. One of them which is now being prepared for presentation to the grand jury in Ohio involves \$225,000."

GREAT FALLS, Mont., April 23.—The Tribune's totals tonight for 72 precincts in nine counties gave: Johnson 2,656; Lowden 425; Hoover 110; Wood 477; Harding 56.

Five precincts from Teton county and two from Roosevelt county were the only ones so far reported in which Johnson was defeated. Lowden carried them.

Under the Montana primary law the people vote directly on their choice for president. In addition to expressing their presidential preference, electors and delegates to the national convention were chosen today. There was no democratic candidate for president.

OMAHA, Neb., April 23.—William J. Bryan will control the Nebraska delegation to the democratic national convention, returns from 1,461 out of 1,819 precincts compiled by the newspapers indicated here tonight. These figures give Bryan 19 delegates and Hitchcock six. Bryan's own position in the contest for delegate at large was not so secure as it appeared yesterday. He dropped heavily, having 55,191 votes in 1,442 precincts, including Douglas county, and was leading Berg by 126 votes for fourth place.

Among the counties to be heard from in Greeley, reported to be a Hitchcock stronghold.

In the republican presidential contest, Johnson continued to lead, having 55,191 votes in 1,442 precincts, including Douglas county. Wood's vote in the same number of precincts is 37,384 and Peckham's is 24,744.

JOPLIN, Mo., April 23.—The democratic state convention this morning flatly rejected Sen. James A. Reid as a delegate to the national convention because of his opposition to the league of nations.

Anticipating defeat in any attempt to name Reid as a delegate at large, the party leaders selected adherents of Reid named him as a district delegate, but the convention rejected the nomination.

The result means that the convention will select a successor to Senator Martin.

CONFERENCE TUESDAY
Election of Alabama Man
Made Certain—Wants
"Party Harmony."

WASHINGTON, April 23.—Senator Hitchcock of Nebraska, withdrew tonight from the race for democratic leadership of the senate, thus assuring the election of Senator Underwood of Alabama at the democratic conference tomorrow.

Senator Hitchcock's announcement was made in a letter to senate democrats. He said his withdrawal from the fight would conduce to the democratic harmony and would accord with his individual plans, which would not permit him during the remainder of the year to undertake the work of minority leader, which developed upon him with the retirement from the senate of the late Senator Martin of Virginia.

The withdrawal of the Nebraska senator breaks the deadlock, which developed at the party conference January 15, when the first effort was made to select a successor to Senator Martin.

Senator Hitchcock's friend explained the presidential campaign would take the senator away from Washington at frequent intervals and that aside from this he would make frequent visits to his summer home in Massachusetts and would not, consequently, desire the responsibility of minority leadership.

Senator Hitchcock has been the democratic leader throughout the long treaty fight and it was expected that he would be elected and by Senator Underwood that in respect of the outcome of the election for leadership he would continue as the administration spokesman should the treaty fight be renewed.

Gulf Refining Company
Is Found Guilty by JuryVerdict Returned Late Last Night in Federal
Court on Charge of Shipping Casinghead
Gasoline as Naphtha Williams Transfers
Further Action to Muskogee

Finding the Gulf Refining company guilty on the counts under an anti-trust act, a federal jury in federal court today returned a verdict against the company controlled by Williams, as one of several in which charges of this kind were preferred by government agents. It is claimed the Gulf company and others conspired, by the mislabeling of casinghead gasoline, to defraud the government of large sums of money, and in addition endanger the lives of those who came into contact with the tank cars, not knowing because of the mislabeling, the dangerous and highly explosive nature of the contents.

Shipments, it is alleged, were made from Kiefer, Cushing, and Drumright to Port Arthur, Texas. It was alleged by the government that the refining company profited by the sale of the oil of shipment by labeling the product as naphtha.

Trial was begun April 13 and 100 witnesses were subpoenaed who were heard. The case was watched by a number of attorneys for other companies and railroads, who intended to institute suit upon the result of the trial, if the government lost, claiming that they were entitled to refunds.

Chemical experts were heard and the nature of the product was gone into at length.

Following instructions delivered by Judge R. L. Williams yesterday afternoon, the jury retired and did not return until 10 o'clock last night. This case, in which 100
