

WILL PROBE PLAN TO RAISE PRICES

Department of Justice Is Busy in New Angle of Profiteer Scheme.

WILL SHUTDOWN FAKE

Will Enforce Full Effect of Lever Law Against Conspiracy.

WASHINGTON, Aug. 2.—Howard E. Figg, special assistant to the attorney general in the enforcement of the Lever law against profiteering, charged today that manufacturers and jobbers of wearing apparel were attempting through carefully prepared propaganda, to "stampede" retailers and the public to a renewed "fictitious" demand for clothing and thereby force prices higher.

"The department of justice," said Mr. Figg, "is fully advised of the several phases of this carefully planned campaign and it only remains to fix personal responsibility before applying the criminal provisions of the Lever law."

In a formal statement, Mr. Figg charged that the manufacturers and jobbers were circulating propaganda "similar to that used to mulct the public during the recent speculative condition."

"This speculative market," Mr. Figg continued, "toppled by its own weight last spring when the public refused to or did not buy at the unreasonable prices asked for wearing apparel."

"Manufacturers and jobbers are even going to the length of guaranteeing the retail trade against a declining market," Mr. Figg said.

"These guarantees are being given very generally and seemingly in furtherance of a concerted plan, despite the wording of the Lever law imposing severe penalties for conspiracy to exact excessive prices for any necessities."

Mr. Figg called attention to instances where mills have been closed for the reason, he charged, of justifying market conditions on the plea of under-production.

LEOPARD CANNOT CHANGE SPOTS

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone, which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.—Advt.

SHE ONLY WEIGHED NINETY POUNDS

Takes Tanlac and Now Weighs Exactly One Hundred and Fifteen Pounds.

"When I first began taking Tanlac I only weighed 90 pounds, but I now weigh 115," said Mrs. J. J. Straw, of 719 Crocker street, Des Moines, Iowa.

"I really thought I was not going to ever get well," she continued, "my wonderful recovery has made me one of the happiest women in Iowa and I believe Tanlac saved my life."

"A year ago I had influenza which left my kidneys all cut of order and my stomach in such bad condition I could not eat without suffering terribly afterwards. I also had neuritis so bad in my right shoulder that I had not been able to comb my hair for six months. I tried everything to get built up again but got worse all the time and to add to my troubles my nerves gave away; I could not do any of my housework and had to spend most of the time in bed.

"When I began taking Tanlac I had been in bed three weeks, but before I finished the first bottle I was up and about. Now I have taken seven bottles and every one has been worth its weight in gold to me. The stomach trouble, neuritis and nervousness are entirely gone and I am so strong I do all the housework without the least trouble. In fact, I am enjoying the best of health and I can't praise Tanlac enough."

Tanlac is sold in Tulsa exclusively by the Quaker and Puritan Drug companies.—Advt.

MOTHERHOOD WOMAN'S RIGHT

How Lydia E. Pinkham's Vegetable Compound Helps to Make Women Normal.

Washington, Ind.—"I was in such a condition that I never expected to have children, and my aunt advised me to take Lydia E. Pinkham's Vegetable Compound. It improved my health and restored a normal condition of my system so that I now have a fine baby. Until she was about a year old I was very nervous, and all the time thinking something terrible was going to happen. If I heard any one coming, my heart would beat fast and I wanted to run. So I took the Vegetable Compound again and it helped me wonderfully. You may publish my letter, as the medicine is surely great."—Mrs. Iva BANTA, R. R. No. 4, Box 24, Washington, Ind.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is its ability to correct sterility in many cases. This fact is well established as evidenced by the above letter and hundreds of others we have published.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.
