Capital Will Take Precaution and Also Guard Lives; to Ask Consular Fees.

WASHINGTON, Aug. 4.—American property owners along the border between California and Mexico have appealed to the state department for protection against possible damage to the great irrigation canal which serves the Imperial Valley. The canal passes through a portion of Mexico and it is feared that it may be damaged in the threatened conflict between Mexican federal forces and those of Governor Cantu of Lower California.

The situation has been laid before the Mexican government by the American embassy and Miguel Covarrubias, in charge of the Mexican foreign office, has replied that the Mexico City authorities will take all precautions to guard the canal and also to protect the lives and property of Americans along the international border.

The American consul at Mexicali, Mexico, advised the department today that the de la Huerta consul at Calexico, Cal., had announced that the Mexican government would request payment to him of all consular fees for certificates of invoices for Lower California and that under the laws of Mexico the government could require the payment

### ELKS READY FOR DANCE TONIGHT

Jazz Leader Has Trombone All Greased and Filled With Melody.

Everything is in readiness for the big "block party" to be given by the Elks tonight. Boulder avenue will be closed to traffic between Third and Fourth streets this evening. The pavement will be thoroughly washed and scrubbed and it is rumored the street repair department will be on hand with a crew of repair men, in case any of the "high kickers" should knock a hole in the street.

The lawn on the south side of the Elks' club house has been groomed until it feels like a velvety Brussels rug underfoot. Tables will be arranged on the lawn to serve refreshments. Incidentally, the refreshments will be up to the usual high standard and there will be an abundant supply, according to "Jack" Giffand, the handsome and popular young chairman of the entertainment committee.

Lastly, but not least, it is said "Jack" Robinson has his trombone greased to perfection, and will be on hand early with his famous jazz orchestra. Festivities will begin at 9 o'clock, and will be for Elks only.

# Your Druggist

When you call in a doctor, you want the best one you can get. When you send his prescription to be filled, you need a first-class druggist. You may get sick on second-class foods, but you can't get well on second-rate drugs.

The same light of science that guides the physician at your bedside sheds its rays upon the trustworthy pharmacist at the prescription counter. Your confidence in your druggist is doubly justified if he uses Meyer Certified products—drugs of tested and proved purity from the laboratories of the Meyer Brothers Drug Company, the world's largest drug house.

Your druggist—if he serves you with Meyer Certified Drugs—has behind him as the source of his supply this institution of 67 years proved integrity, 67 years devoted to the perfection of purity in drugs.

More than 15,000 druggists are extending to the public the services of Meyer Certified Drugs—a service of public security—a prescription of accuracy and dependability.

## Do You Love Your Family?

An absurd question you say. Yet there is one act which answers it completely—Has your will been drawn, making proper provision for your loved ones? Does it name a corporate executor and trustee? Has it been tested on all points, executed according to law and filed in a safe place where it can be secured when needed?

Resolve. Act now. Do not let the inevitable overtake you without having done your duty.

Our officers will be pleased to talk this matter over with you.
