W. L. Eagleton Chosen As Post C. O.; Three to Act As Vice C. O.

DISCUSS WATER ISSUE

Post Goes On Record As Favoring Revision of Charter; High Rent Talked of

Officers for the coming year were elected at the meeting of Joe Curran post of the American Legion last night in the municipal auditorium.

W. L. Eagleton was chosen post commander. He succeeds John Rogers, who has piloted the post during the past year. T. C. Hopkins, J. B. Johnson and Lee Price were elected vice post commanders. Walter L. Ditter was re-elected post historian and Don K. Spellman was elected post chaplain. Fred Johnson was made finance officer and L. C. Murphy was chosen post chaplain.

The Y. M. C. A. extended the legion an invitation to attend the opening week which will be held next week. Wednesday night has been set aside as legion night and each legionnaire was invited to attend with his wife, sweetheart or friend. Good eats were provided.

The recent rise in rents in Tulsa brought forth much criticism at last night's meeting. The legion went on record against the rent hike and favored an investigation into the high rents which are charged here.

SERVICE TODAY FOR HI TEACHER

Father Hearing to Hold Mass At Catholic Holy Church

Funeral services for Miss Mary Jane Bennett, 26 years old, who died Tuesday at the home of her brother, L. C. Bennett, 616 West Seventh, will be held at 10 o'clock this morning from the Holy Family Catholic church. Rev. John G. Heiring will hold requiem mass.

Miss Bennett had been a teacher of foreign languages in the high school for about four years and an active member of the faculty and student body may attend the services which will be dismissed from 9:45 o'clock until noon today.

She had been ill for several weeks with typhoid fever which she had contracted shortly after returning from Eureka Springs, Ark., with her brother Robert, who died August 25 after a long illness. Another brother, Charles, had died in France in 1918 and it is believed that the loss of her brother Robert proved too much for her strength.

She is survived by her mother, Mrs. Mary A. Bennett, a sister, Mrs. E. A. Shaw, and her brother, J. C. Bennett, all of Tulsa. She also leaves two other brothers, J. G. Bennett of Drumright and E. L. Bennett of San Antonio. Interment will take place in the Holy Family cemetery.

CITY CONSIDERS ELECTION CALLS

Continued from page 1. The decision of the supreme court has only served to whet the appetite of Tulsaans for Spavinaw water. They're bound to obtain it. All that is necessary is holding the elections, and we are with the city in calling these elections just as soon as it is lawful.

Bankers and business men interviewed yesterday declared without a dissenting voice that they want Spavinaw water as quickly as possible.

The city recently appointed a special water committee composed of E. R. Kemp, G. R. McCullough, S. R. Lewis, J. M. Berry, C. F. Hopkins, John Simmons, A. L. Farmer, T. J. Lewis to act in an advisory capacity. It is probable that most of the members of this committee will attend the meeting of chamber of commerce directors Friday and discuss the water issue.

Harding Names 12 Cardinal Points To Make Government Aid Business

- MARION, Ohio, Sept. 15.—In his speech to the delegation of business men who visited him recently, Senator Harding outlined his program of reconstruction under government direction or impulse. This includes: 1.—Wipe out executive orders and laws which serve only to confuse and darken. 2.—Readjust the tariff. 3.—Readjust internal taxation, especially the excess profits tax. 4.—End bureaucratic control and futile experimentation. 5.—Establish closer co-operation between government and business by protecting business at home and upbuilding it abroad. 6.—Build up the merchant marine. 7.—Insure a national budget. 8.—Restore the postal service to efficiency. 9.—Extend the merit system in the choice and promotion of federal employees. 10.—Lay off useless jobs, while rewarding efficiency. 11.—Eliminate department duplication and group functions now scattered. 12.—Consultation of experts for administrative improvement.

Man Offers Self as Slave On Open Market at \$5,000

NEW YORK, Sept. 15.—"For sale—a man, slave white in color, 22 years old, common school education, several years training in American navy, good mechanic, price \$5,000, at terms \$3,000 cash and balance in deferred payments, apply Jack Hardy, 28 West Thirty-seventh street."

That is the self-written advertisement furnished the International News Service by Jack Hardy, who declared today he would be perfectly willing to obey every command of his purchaser and master.

"I owe a great debt of honor and gratitude—not a legal obligation—to a woman who has been almost a mother to me," said Hardy. "She has been my guide and benefactress practically all my life. My own mother died when I was a baby. No matter how hard I might work, I could not hope, even in years, to save enough to repay my godmother.

"Hence my decision to offer myself for sale. It seems the only way out. I am perfectly willing to go to any part of the world—China, South America or Africa—it's all the same to me.

"There are no strings to my offer—except that what I am asked to do must be within the law and honorable."

"I can operate drill presses, know something of electrical work and carpentering, have made up payrolls and am ready to tackle anything.

"This is not a scheme to catch an heiress—although if some lonely woman wants me for a husband, why I guess that would be legal and come within the terms of my offer."

United States Menaced By Epidemic of Plague

SAN FRANCISCO, Sept. 15.—With five seaports of the United States already reporting the presence of bubonic plague, there is now a serious and immediate danger of a spread of the dread disease over the entire country, Dr. W. H. Kellogg of San Francisco declared in an address this afternoon before the 49th annual meeting of the American public health association.

SAD PLIGHT OF HOMELESS GIRLS

Sorrowful Tales of High Living Cost Told by Salvation Army

Demands upon the Salvation army to take care of homeless young women are becoming so frequent that establishment of a temporary boarding home is considered, Mrs. O. T. Johnson said yesterday.

"Rarely a day passes that there are not several calls for rooms by girls stranded here, girls seemingly without friends or relatives who arrive here almost 'broke' and can not find work immediately, and other girls who have very little money left when they pay high room rent out of a small salary," Mrs. Johnson said.

"It is impossible and manifestly improper for us to give a girl a room here, even temporarily, as this is a men's building. We face the necessity of renting either a home or a few rooms, to relieve the situation. The rooms could be rented and held for emergency use."

Requests for rooms for girls are made not only by girls themselves but by welfare organizations and the police matron. Mrs. Johnson declared. Girls turned over to our care by the police department are often good girls who have been involved in wrong situations or who are stranded here. A waitress brought to us recently had been wrongly accused of theft. The charge was proved false, but the girl was left without a job and without funds so we took care of her until she found a new position. Another

young woman working in a private home was mistreated and when she gave up her place did not have enough money to return home on or to stay here while looking for a new place."

An elderly woman who came to the citadel Tuesday said that she could not find a room within reason on the salary she received as housekeeper "by the day," and requested that the Salvation army purchase her a tent. She said that she would pitch it on some vacant lot.

time when she feels she must have a new life.

"Who's Who" says of Mr. George: "He was born in Paris, March 20, 1882, educated in Paris and Germany. He was educated successively as an analytical chemist, an engineer, a barrister, a soldier and a business man having proved a failure at all these things, he took to journalism about 1907. He has contributed to the most of the London publications on topics ranging between the art of the troubadours and the finance of the railways. He is especially interested in feminism and its autolative marriage and divorce problems. He is a votary for women and sex questions generally. In politics he is an aggressive pacifist, an opponent of the idea of nationalism, and a republican. He has been special correspondent of various papers in France, Belgium and Spain. He served in the French army during the war as assistant section officer in the ministry of munitions.

Hardin played a 9-hole golf game Saturday with only one adviser, Aunt Ma. I ask to see an around again as the doctor says she may live many years if she stays at home on Sundays.

Home again from a very successful Post Graduate Course, which I learned the art of the troubadours and the finance of the railways of the five last years and then.
