

CITY IS BALKED IN PERMIT ROW

Patterson Ignores Official Order to Stop His Building

CITY'S NEXT MOVE NOW

Arrest May Be Only Course In Case Left Open to 'Dads'; Permit Fee Refused

It's the city's next move in the A. B. Patterson case, in which Patterson building permit for a machine shop in the city was refused. Patterson was notified Wednesday afternoon to stop operations on his building, having been given written notice by City Building Inspector H. C. Kopp. Kopp also tendered Patterson the permit fee, which was refused and left on Kopp's desk. At that time Patterson declared he would continue building operations.

May Arrest Patterson.
Just what action the city intends to take is problematical, no statement having been issued Wednesday. Those posted on the case say the only legal step left is to arrest Patterson for violation of the building ordinance. It is probable that the mayor and city commissioners will discuss the situation with the legal department today to decide on a definite course.

In refusing to accept the return of his building permit fee, Patterson acted upon the advice of his attorney, John A. Haver, of the law firm of Randolph, Haver and Shirk, and officials of the real estate exchange who assert that he has violated no ordinance because he obtained signatures of owners of 11 lots out of 12 in the block in which the machine shop is being erected. The city contends that as the permit was revoked he cannot proceed until the case is reopened and the decision changed.

Rubber Market, Too, Has Hit the Toboggan

That the general reduction in price has also affected the rubber market is forecasted by the announcement today by the Economy Tire company, local distributor of a 20 to 40 per cent cut in Oldfield tires. Practically all lines of business seem to have become infected and are joining the downward trend in price making, reports show.

DOCTORS USE CALOTABS FOR COLDS AND FLU

Influenza and Grippe, Like Ordinary Colds, Require Calotabs, the Purified and Refined Calomel Tablets That Are Nauseless, Safe and Sure.

Doctors are warning the public that simple colds and mild cases of influenza often lead to pneumonia and other serious complications. They say that early and effective treatment should receive immediate attention and that the first step in the treatment is to make sure that the liver is active. For this purpose, Calotabs, the perfected, nausealess, calomel tablets are the surest, best and most agreeable laxative.

One Calotab at bed time with a swallow of water—that's all, no salts, no nausea, and no upsetting of the digestion and appetite. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please, no danger.

For your protection, Calotabs are sold only in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calotabs and are authorized to refund the price if you are not delighted with them.—Advt.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues slow and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather has got from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water beverage; and because in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advt.

Violators of Liquor Laws Found Guilty by Jury in County Court

David Crouch, a negro who has been held in the county jail since August 14 for trial on a charge of possession of "choc" beer at his home in Hickory, entered a plea of guilty in county court Wednesday when his case was called for trial. Judge Williams fined the defendant \$50 and costs and allowed him a 30-day sentence for the time he has already spent in jail.

Two criminal appearance bonds of \$500 each, made by Dick Levy and his wife for trial on possession charge, were ordered forfeited in county court when the defendants failed to appear for trial Wednesday. Several gallons of "choc" beer were found in their home west of West Tulsa in August.

Registration Books Are Open for Ten Days Only

Voters who desire to exercise the great American privilege of suffrage at the November election, who have not already done so, only have nine more days in which to register. If you do not know what precinct you are in, or want any other information concerning the registration, call Osage 1549.

JIM HARRIS SAYS CHANGE COMING

People Tired of Reign by Old Combination; Want New Era, He Says

Twelve years of a combination that has represented the democratic party in state and nation, composed of C. N. Haskell, Lee Cruise, R. L. Williams, J. B. A. Robertson and Woodrow Wilson, has created the inevitable and brought about a public demand of sentiment for a change, according to James A. Harris, republican state chairman, who was in Tulsa Wednesday.

"That is the reason there was so much enthusiasm over the trip of

Girl's Statement Will Help Tulsa, Oklahoma

Many women will profit by the following statement of one of their sex. "I was afraid to eat on account of stomach trouble. Even rice did not agree. After taking Alder-Ika I can eat anything." Alder-Ika acts on the liver and lower bowel, removing foul matter which poisoned stomach. EXCELLENT for gas on the stomach or sour stomach. Guards against appendicitis. It brings out poisonous matter you never thought was in your system. Buy it, get some, druggists, 113 N. Main street.—Advt.

Senator Harding to the west," said Mr. Harris, "and by the way, that was the most successful campaign venture I can remember in my 37 years of residence in Oklahoma. The only thing that equals Harding's recent tour was that by McKinley." Harris was greatly pleased with the results of the Harding visit in view of its effect upon the mixed and uncertain vote. "Constitutional democrats are going to do a lot in putting Harding over," Harris said.

The state chairman is optimistic over the opportunity for the state republican ticket and predicts Congressman J. W. Harrell candidate for senator will lead it by 10,000 to 15,000 votes. Harris left here last night for his home in Wagoner where he still spend today, returning to Oklahoma City Friday where he will remain until election.

Every R. P. be at Castle Hall tonight.—Advt.

MASONS HOLD CEREMONY

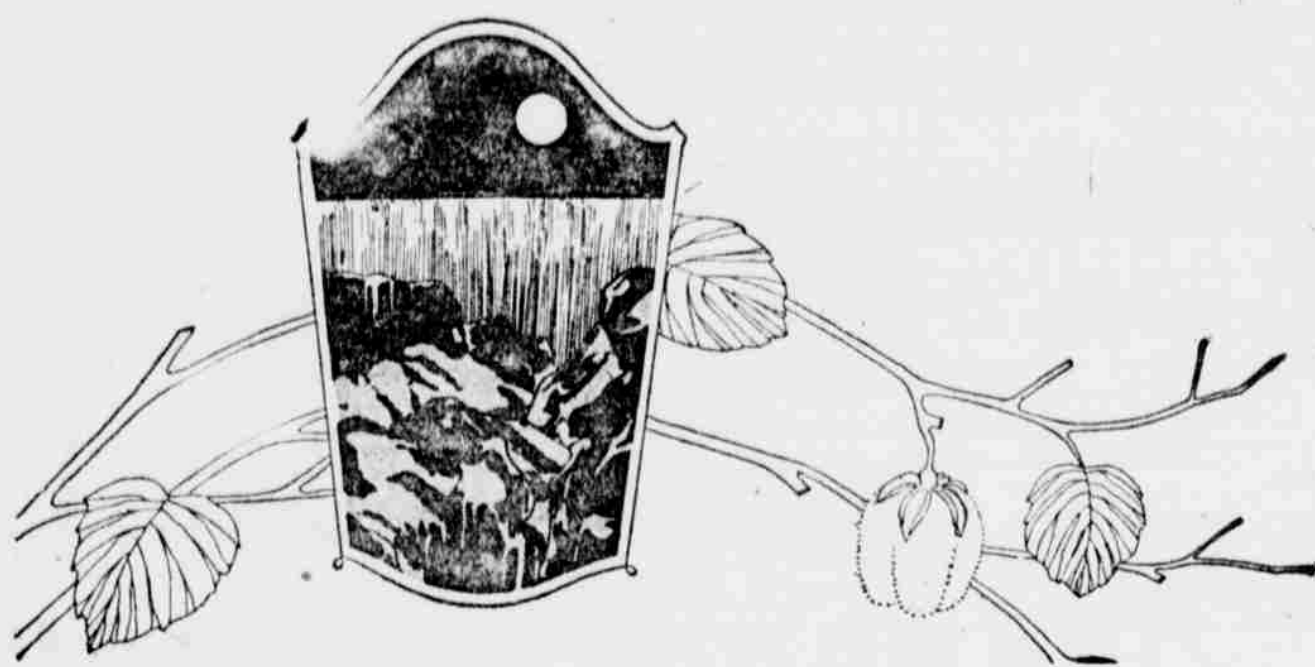

Lay Cornerstone of Building at Norman Dedicated to Use of Sons of Masons Studying There.

One of the most recent triumphs of Oklahoma Masonry, according to Tuleans who wear the sign of the square and compass, was the laying of the cornerstone at Norman for a building being built by the Indian consistory of McAlester to be at the disposal of Indian boy students at the university, sons of Masons. The building is being constructed at a cost of approximately \$750,000. Oronzo Conner, past grand master, officiated, with Frank Craig, Hal Muldrow and C. R. Teeter, members of the building committee. Five thousand master Masons were in line, headed by the student body, according to those who attended the ceremony. It is planned to build a similar edifice at Norman for use of girl students.

Accounting Course Begins Monday, Oct. 18

If you have not already made arrangements to begin your course in Public Accounting and Auditing at the TULSA BUSINESS COLLEGE, be sure to do so immediately. New classes will be organized Monday, October 18, in both our day and evening school. Our course is thorough, practical and up-to-date. It will qualify you for an accounting position and enable you to pass the C. P. A. examination. See us at once, Telephone Osage 1429 for an appointment. 109-11 E. Third St.

TULSA BUSINESS COLLEGE

Does Poor Sleep Ruin Digestion?

MOST people do not grasp the significance of sleep. They do not realize that "getting a good night's rest" constitutes the very definite procedure of getting back strength, energy, tissue and cells which have been previously reduced to a state of exhaustion from daily effort of mind, body and nerves.

If your mattress develops those vague phases of discomfort so detrimental to the body's repair functions during sleep, the digestive processes will likewise become impaired. Poor sleep means lowered vitality; the digestive organs are therefore not sufficiently fortified to fully perform their functions.

The Sealy Sanitary Tuftless Mattress gives the body precisely what it must have to aid the vitality renewing functions of sleep—freedom from pressure, freedom from tension. It merits the consideration of every person desirous of maintaining a normal status of sleep, digestion and health.

Undulating Comfort a Requisite of Sleep

The pronounced undulating properties of the Sealy meet the imperative needs of the body in sleep.

Its flexible surface "gives" with such ease of resistance under the hips and shoulders where the body rests heaviest, as to remove that sense of undue pressure so often experienced with other mattresses.

Likewise it soothingly rises to "fill in" the arches of the back providing uniform support and thus removing a cause of physical tension.

A Single Cotton Batt Inseparably Interwoven

The Sealy Sanitary Tuftless Mattress consists of a single giant batt of long fibre cotton inseparably interwoven by the Exclusive Sealy Air-Weave Process.

This high, soft, fluffy batt stands five feet high when completed. It is then gently pressed down, inserted into the covering and released to the generous depth and softness of mattress. Neither time nor use can impair the soothing qualities of long fibre cotton thus woven.

Old Fashioned Quality Rigorously Maintained

The custom, inaugurated by the Sealy Mattress Company nearly a half century ago, of using only the highest grade cotton available is today rigorously maintained.

Sealy-Made Tufted Mattresses

Where a Tufted Mattress will suffice, better values than the Sealy-Made Brands listed at the right cannot be had. Like the Sealy each is made exclusively of new materials and bears a label guaranteeing the character and quality of its contents.

Continuing the Silk Hosiery Sale

The Remainder of a Special Purchase of

1692 Pairs-Plain Weave, Pure Silk Pointex Heel—Full Fashioned

Practically all of them are pure silk throughout, but we are including a relatively small number of pairs with hile tops and feet so as to make the assortment as large as possible.

They are slightly imperfect—stockings that have barely failed to pass the very rigid inspection of well known makers. We believe their wearing qualities are as good as ever. They are offered in almost all sizes in browns, blacks, whites and grays. Particular women who like to be thrifty will find them very acceptable.

Exceptional Tailored Suit Values

Splendid suits of Tricotine, Velours, Veldyne, Duvet de Laine and wool check in the most desirable colors, such as Suchow, twilight, pineneedle taupe, Malay and navy—carefully chosen garments that are high grade in style, trimmings, materials and fine tailoring. They are to be had in the various wanted modes. Prices are conservative and within a range that meets the needs of practically all pocketbooks.

—39.50, 59.50 to 124.50

Beautiful Plaid Wool Skirts Priced 15.00

They are pleated styles—side pleats, box pleats, knife pleats—in bright colors in types for wear with the new fall sweaters and the more subdued tones to go with the smart sports coats. They are nicely tailored with careful attention paid to the little details of finish that mark garments of the better kinds. Selections are good.

This Season You'll Find One of the Most Desirable Complements of Dress to Be

Fur Chokers

The fur choker tends to heighten the effectiveness of the cloth suit; coat or dress that is without a collar of fur, be it plain tailored or elaborately embellished. It is a practical, too, for it affords protection to the neck and throat against wintry winds. We show quite a number of chokers, among which are:

- Choker of one-skin Stone Martin in a lovely quality. Priced, 49.50.
- One-skin Baum Martin choker, large and fluffy. Priced, 89.50.
- One-skin choker of fine Mink in dark shade. Priced, 25.00.
- Two-skin choker of Fitch, rich and dark. Priced, 49.50.
- Two-skin Baum Martin choker, beautiful. Priced, 150.00.
- One-skin chokers of Hudson Bay Sable of fine quality. Priced upward from 125.00.
- Chokers of squirrel, Kolinsky, fox, Scotch mole and other furs of dependable quality in a good selection and reasonably priced.

New Styles in Lovely Georgette Blouses

The new suits and new separate skirts call for—yes, they invite—new blouses of instant appeal. Such are the blouses we have just recently hung in the show cases in the blouse section. But they will not remain long, they are just so attractive and the values are so good. To be had in the more desirable of the season's colorings and in over-blouse, tie-on, over-blouse and conventional styles.
