## CLUBS MUSIC WOMEN'S WORK

### A Tree.

"I'll plant a tree over I die,  
With its arms held to the sky;  
Plant it firm and plant it deep,  
Somewhere before I fall asleep.

"Should a bird for love's dear sake,  
In the boughs a warm nest make,  
Or a squirrel, blithe and gay,  
Through the silver branches stray,

"I am sure that grateful tree  
Welcome words will give from me,  
For a tree, beautiful and strong,  
Reaches my home-loving song."

W. P. MALONEY.

### Sets Forth Interesting Work.

The following letter, a weekly communication from Mrs. Lela Clark Pearson of Marshall, president of the Oklahoma Federation of Women's clubs, follows:

The National Security league asks school children in the grammar grades to suggest original characters, dramatizations, or pageants to illustrate how the Constitution of the United States guarantees our liberties. Three prizes are offered for each state, a first prize of \$5, a second of \$3, and a third of \$2. The material submitted must include: First—Designation of some particular section of the Constitution chosen for illustration. Second—The names of the characters. Third—Description of the action, if a dramatization, or pageant. Fourth—Suggestion as to costumes. Manuscripts must be clearly written upon only one side of the paper and must bear the name, age, grade and address of the contestant, and the name of the school attended and the teacher's name. Manuscripts should be addressed to "Constitution Contest, National Security League, 17 East, Forty-first street, New York." The contest furnishes an excellent means of serving the cause of good government. It will help familiarize not only the school children but their parents with our Constitution. I wish every club would take up the contest with the school superintendent and teachers and let us have a perfect avalanche of papers submitted by the children of Oklahoma. The first district convention will be held at End, March 22, 23 and 24. The district president, Mrs. J. A. Hich, the district chairman of music, Mrs. West, and other members of her committee met with the local committee at End and planned a most excellent program.

The second district meeting will be held at Alva, April 5, 6 and 7. Dr. Sanger has called a meeting of her executive board to arrange the program for this meeting.

Right here I want to emphasize the need of reports. Every club should send a report to each district chairman at least two weeks before the district convention. If you have done nothing in some of the departments show your district chairman some courtesy by dropping her a card to tell her so. Then immediately following district conventions each district chairman should report to the state chairman.

Remember we hold our annual convention next fall. It comes so soon after the summer vacation that it is always difficult to get reports unless they are collected from clubs in the spring. Our state yearbook has never recorded but a small portion of the work actually accomplished because it has not been reported. Your report may contain just the suggestion some other club needs. Don't you see that if all our 200 clubs report, each may profit by the other 297? Chairmen, too, have a special duty right now. Many clubs are now planning next year's work. The state chairman should furnish the district chairmen outlines of the subjects they wish stressed next year. District chairmen should adapt these to their own districts and pass them on to clubs. The Hugo Prician club sends a most interesting letter. Three things stand out. They have planted 150 trees in memory of the soldier boys. Here's hoping they care for them and keep them growing. I brought a piano teacher to their town, and are co-operating with the other women's clubs in building up a city library.

Miss Daisy Moody, Marshall, has accepted the chairmanship of American citizenship and Americanization. Miss Moody asks that at each district convention an inter-racial

exhibit of cookery and handicraft be held. This will serve two purposes. It will enable club women to reach the foreign born women in their communities, and it will broaden our knowledge of what the immigrant brings to us.

I have received a letter from the superintendent of the Home for White Children at Helena, in which he says the children wish to thank the ladies for being so kind and thoughtful in sending books and all hope that a similar campaign will be conducted next year. May I suggest that if your club sent no books it is not too late yet. Send the books to Mrs. J. R. Dale, state library commission, Oklahoma City, where they will be sorted to suit the needs of the different institutions, and sent on. Don't keep a good book idle on your shelves when they are so badly needed.

## HOPE 'HOOK' HAS REFORMED

By International News Service. OKLAHOMA CITY, Feb. 10.—Of officers who valued their comfort were hoping today that "Hook" Miller had not gone back to his old life.

He said he had not, pleading innocence to a charge of having an illicit still.

Miller, whose real name is George D. Miller, got the "Hook" when he lost an arm in battle with a United States marshal and a posse of cow punchers years ago and substituted for the missing limb an iron hook. "Red" Buck and a second bandit were killed in the encounter.

Miller reformed and was made a deputy United States marshal. He was adept with the rifle, and held his position for a number of years.
