

SENATOR HARRELD REGAINING HEALTH

Sits Up Few Minutes for First Time Following Operation

SLATED FOR CHAIRMAN

Senate Impatient Over Retention by Curtis of Indian Affairs Control

WASHINGTON, Dec. 1.—Senator John W. Harreld of Oklahoma, who is recovering from an operation at Walter Reed hospital, will be removed to his apartment at the Raleigh hotel within a week or ten days, it was said at his office today. Senator Harreld sat up for a few minutes yesterday for the first time since the operation was performed more than three weeks ago. It probably will be January 1 before Senator Harreld will be able to return to his office. The senate shortly after convening next week will be called upon to choose a chairman of the senate Indian affairs committee.

Has Too Many Jobs. Although Senator Curtis of Kansas was elected chairman of the senate rules committee more than a month ago, thus forfeiting the Indian chairmanship, no chairman has been chosen and Senator Curtis is at all intents and purposes still chairman of the Indian affairs committee and his clerks are looking after its business. Senators have begun to chafe at the delay. They say Curtis really is chairman of the important rules committee, is holding on to the Indian portfolio, is whip of the senate, vice chairman of the republican caucus and retains his membership on the powerful finance and appropriations committee, thus giving him more power than any senator has ever held in the history of congress.

W. T. Ward, secretary of Senator Harreld of Oklahoma, returned to his desk today. He has been in Oklahoma city since a recent operation.

"NIGHTY NIGHT" TONIGHT

Those Who Are Looking for a Long Laugh Will Be Rewarded.

With its all star cast headed by Harry Stubbs, "Nighty Night," the famous New York Princess theater success, that has been making office records in every city, plays tonight at Convention hall with the entire production as presented in New York and Chicago during the long runs in those cities and on its epoch making coast to coast tour last year.

This is the latest and best of the Princess theater successes to date, and for those who are looking for a good long laugh, it will be long remembered as the most enjoyable play presented in years. Soliform has a play sprung into success and popularity more spontaneously than did "Nighty Night." The evening that it opened in New York the audience was on its feet cheering and the critics hailed it as the funniest play ever written. This success has followed it on tour, in many of the cities the theaters are entirely sold out before the company arrives in town, for contrary to what its title suggests, "Nighty Night" is not a bedroom farce. It is a scream of merriment from the audience, and the great charm of the play is that the audience laughs without shame, for there is nothing objectionable to the finer sensibilities.

STILL CLAIMS NEW VICTIMS

Sentences Operator of Apparatus That Ousted Okmulgee Sheriff.

OKMULGEE, Dec. 1.—The mystery still of Okmulgee county, which caused the downfall of Lon Kuhn when he was ousted from the sheriff's office as having been connected with its operation, brought the wrath of the law upon the heads of two more today. Whittaker Kirkman and John Davis were sentenced to serve 90 days in jail and pay fines of \$200 each for having whiskey in their possession. It was the testimony of those two men at the Kuhn trial, who by admitting that they were the operators of the still, sought to clear the name of Mr. Kuhn that convicted them.

CORN STILL KING IN U. S.

Heads List of 29 Leading Crops With Value of Over Three Million.

WASHINGTON, Dec. 1.—Corn still is king of American farm products in point of money value. The census bureau in a statement tonight placed corn at the head of a list of leading crops, of 1919 with a total value of \$2,957,737,132 out of an aggregate value for the whole list of about \$13,729,000,000. Next in order of value were: Hay and forage, \$2,523,000,000; cotton and cottonseed, \$2,453,000,000; wheat, \$2,074,000,000 and oats \$455,000,000.

HAS TO HAVE SPECIAL CHAIR

Republican Alderman Transacts Business in Motor-Order Furniture.

NEW YORK, Dec. 1.—The seats of the city fathers will be dwarfed by the motor-order furniture when Frank J. Dolner, republican alderman-elect from the Sixth district, arrives with his specially constructed furniture next January 1. Dolner lets his motor-order furniture at \$400, pounds, and finds it necessary to take with him his own private chair, which has a seating capacity of one square yard. The city had the chair built for him several years ago when, upon his election to the board of aldermen, it was discovered that he could not squeeze into the regular seats. Dolner bought it for \$1 when he retired, because the city was short of storage space.

Cripples in Drove Seek Aid of Dr. Lorenz

It was necessary for the police to serve to keep the cripples in line at the Hospital for Joint Diseases, New York city, where hundreds sought treatment from Doctor Lorenz, famous Austrian surgeon. Above, Dr. Lorenz is operating on Morris Rothberg, 75, for a knock-knee. Below, the throng in front of the hospital and another large crowd in famous Austrian surgeon. ON WAY BACK TO 'OLE VIRGINNY'

Nine-Year-Old Picaninny Left Home on Tramp Last Christmas

William Henry Jones is on his way to "ole Virginny."

William Henry is a coal black picaninny whose jig wise feet fairly flew up the steps of a Frisco train Wednesday evening and whose eyes almost jiggled with joy meanwhile, all because he was homeward bound. The train conductor, who paternally took him in charge from the hands of Mrs. C. L. McConnell, humane society worker, little suspected how equivocated a traveler was the 9-year-old darky before him.

The little picaninny was probably 8 years old at his journey's beginning, though he remembers only that it was before last Christmas that he left his home in Richmond, Va., with a colored blind couple for whom he collected money by singing and dancing. His mother gave him permission only to remain with them a short time, but the couple would not let him return and used him as a "provider" in a wide swath through southern states.

At Sapulpa William Henry ran away and boarded the first train at hand, hiding under the seat and eluding detection until just before Tulsa was reached. Turned out at the station, he eventually came to the humane society offices, where several days thereafter were changed to come a bulletin from a community bureau in Richmond and vertebrae for a blind colored couple who had run away with a little boy. An interchange of letters put the humane society into touch with the lad's mother, Mrs. Katy Jones, who supplied a part of his carfare home. The humane society provided the rest of the money and started him home, the happiest little darky for miles around.

MAY ENJOIN GUARDIANSHIP

Supreme Court Asked to Prevent Judge From Controlling Estate.

MUSKOGEE, Dec. 1.—Application for an injunction to restrain Judge Enloe V. Varner of this county from hearing suits to appoint a guardian for Peggie Gibson Sewell, wealthy Creek freedman girl, was filed with the state supreme court at Oklahoma City today. The guardianship case is set for hearing here tomorrow. The application for the injunction alleges the girl is a resident of Creek county and is not under the jurisdiction of the court here. Appointment of a guardian last September was declared illegal by the district court here a few days ago on the grounds that efforts had not been exhibited to bring the girl into court.

10 DEER HUNTERS KILLED

Annual Toll Taken in Michigan Woods by Careless Sportsmen.

DETROIT, Mich., Dec. 1.—Ten hunters lost their lives in Michigan during the 29 days deer season which closed yesterday. Two others are reported to have been severely wounded. These hunting casualties bring the total for the year to 22. The proportionate death rate for the 1921 season exceeded that of any recent year, owing to the smaller number of hunters going into the north woods. It is estimated that not more than 20,000 persons participated in the deer hunting. The deer kill is believed not to have exceeded 4,000 due to the "one buck" law and other hunting restrictions imposed by the legislature.

HAS TO HAVE SPECIAL CHAIR

NEW YORK, Dec. 1.—The seats of the city fathers will be dwarfed by the motor-order furniture when Frank J. Dolner, republican alderman-elect from the Sixth district, arrives with his specially constructed furniture next January 1. Dolner lets his motor-order furniture at \$400, pounds, and finds it necessary to take with him his own private chair, which has a seating capacity of one square yard. The city had the chair built for him several years ago when, upon his election to the board of aldermen, it was discovered that he could not squeeze into the regular seats. Dolner bought it for \$1 when he retired, because the city was short of storage space.

REALTORS SUPPORT BOARD

Motion by Whiteside That Exchange Give Free Service Carried.

At its weekly meeting at Ed Woods' cafe Thursday noon the Tulsa Real Estate Exchange passed the motion of Clark Whiteside offering its hearty support to the nonpartisan water commission in carrying out the Spavinaw project. The motion included a clause that members of the exchange will serve without pay on any appraisal committee needed in connection with the condemnation of land for the pipeline, dam or Mohawk station.

While condemnation proceedings are conducted by the courts in the counties in which such condemned land is located, the figures will be rechecked by the water commission and the services of the exchange may be sought in this matter.

The exchange voted to attend Billy Sunday's meeting at the tabernacle next Thursday night. Homer Rodeheaver will be invited to address the exchange next Thursday noon.

Four More Mine Trouble.

PITTSBURG, Kan., Dec. 1.—Trouble was feared in the Kansas coal fields today. Striking miners, the "red" faction supporting their deposed and imprisoned leader, Alexander Howal, charged that mine owners have broken their agreement and are importing men to work in the mines. The defiant miners declare that the district is being filled with men sent from Kansas City and measures were being taken to combat this new development in the strike situation.

Removal Sale of Furniture

25% Discount For Cash 25%

WE ARE giving big discounts in this sale that we may close out our present stock of goods before we move into our new location.

Why not spend some of your Christmas money for a piece of furniture that will brighten your home? Our present stock is high class, from the best factories, but not high price. It is always expensive to move furniture to a new location, so we would rather cut the price and move the furniture into your homes, even at a loss.

Only 20 Shopping days before Christmas

25% Discount

Few-Hurt FURNITURE CO. 209 S. Boston

We are prepared to furnish your home complete with everything that goes in the home.

Only 20 Shopping days before Christmas

25% Discount

Few-Hurt FURNITURE CO. 209 S. Boston

We are prepared to furnish your home complete with everything that goes in the home.

25% Discount

Few-Hurt FURNITURE CO. 209 S. Boston

We are prepared to furnish your home complete with everything that goes in the home.

Only 20 Shopping days before Christmas

25% Discount

Few-Hurt FURNITURE CO. 209 S. Boston

We are prepared to furnish your home complete with everything that goes in the home.

TERM 'REALTOR' BADGE OF HONOR

Only Members of Local Boards Have Right to Use This Title

"Although the word 'realtor' has come into general use, there is some confusion as to its origin and correct meaning. Clara Whiteside, vice president of the Tulsa Real Estate Exchange, explained yesterday.

He said, "The word 'realtor' is defined on page 88 of the address of Webster's international dictionary as a real estate broker who is a member of a local board having membership in the National Association of Real Estate Boards, an organization incorporated in 1897 for the advancement of the interests of real estate brokers and the protection of the public from unprincipled agents or brokers."

"The exclusive rights of members in local boards affiliated with the National association is one that this was confirmed by judicial decision in a case in which the National association and the Minneapolis real estate board brought joint action against the N. W. Telephone exchange company and 23 individual defendants in this district court of Hennepin county, Minn. The telephone company was accused of discriminating against a realtor in its telephone book who was not a member of the Minneapolis Real Estate board. All the accused admitted to that decision. The word is not copyrighted.

It was coined by Charles N. Chase, former president of the Minneapolis Real Estate board, and former vice president of the National Association of Real Estate Boards, and was adopted by the National association in 1912. The word realtor signifies more than merely local and national association membership. The realtor, as someone of a former National association president, is a man of high ideals, he is one that has made the code of ethics of the National association a part of his personal code of honor and would rather lose a record breaking commission than violate his own conscience. He appreciates the heavy obligation he owes his community, his clients, his profession and himself. He realizes, as few laymen do, the intimate nature of the confidential relationship which exists between the realtor and his client, who may be obliged at times to reveal to his realtor embarrassing details of family differences and financial distress.

New Minister From Greece Arrives

His excellency, Johannes Gennadius, photographed with his wife upon their arrival in this country aboard the steamship Gothic. He is the envoy extraordinary and will act as the minister plenipotentiary of Greece to the United States.

While in the teacher class we are here to help others. Well, what are the others here for? Connectedness is the leading feature of a new three-wheeled electric sedan intended for winter, combining a handsome car and covered by doors in front.

ANOTHER ILLINOIS SCANDAL IN SIGHT

Charge Attempt to Corrupt Grand Jury That Indicted Governor

SPRINGFIELD, Ill., Dec. 1.—Illinois' newest political sensation—reports of alleged attempts to corrupt the grand jury which indicted Gov. Len Small last July—probably will be laid before a future Sangamon county grand jury for investigation, State's Attorney Mortimer said today.

William B. "Buck" Evans, member of the grand jury, was accused today by C. H. Jenkins, director of public welfare, of offering to trade damaging information against the prosecution for a job under the Small administration.

Key Part of Plot. Reported that Mortimer planned an investigation of alleged attempts at jury fixing were circulated, Jenkins and the governor said, by the governor's political foes as part of a plot to ruin Small.

Mortimer hurried back a reply in which he said he told the governor's attorney three weeks ago of his information but he would take no immediate action on it because he did not want to be in the attitude of prosecuting the governor's present position.

Jenkins accused Evans in a public letter to Governor Small. The public welfare director said Evans made frequent visits to the statehouse with his offer and was refused. Rumors of alleged attempts at grand jury fixing followed, Jenkins said.

In his letter Jenkins said he was informed that he was the "real" alleged to have attempted to bribe members of the grand jury. That Mortimer will sift the Evans charges before a future grand jury in an effort to get to the bottom of all reports seemed certain tonight.

Financially Speaking. The humor—A girl no longer marries a man for better or worse. This friend—Indeed! Bachelor—No; she marries him for more or less.

Advertisement for "Wear-Ever" Aluminum Stew Pan. Features a large image of the pan with a lid, and text describing its benefits: "Get this pan and cut YOUR fuel bills", "Because of the EXTRA thickness, extreme hardness and great density of the metal used in 'Wear-Ever' utensils, 'Wear-Ever' aluminum stores up a larger quantity of heat and retains it for a longer time than is possible with the soft, thin metal used in ordinary utensils. As a result, 'Wear-Ever' utensils heat evenly all over and, once heated, they maintain a cooking temperature over a reduced flame." Price: 59¢ for a LIMITED TIME only (Regular price \$1.45). Includes a 2-quart capacity label.
