

TO AMERICANIZE ALL FOREIGNERS

W. C. T. U. Starts Movement to Uplift the Local Settlements

A movement to Americanize Mexicans, Greeks and other foreigners in the Tulsa Women's Christian Temperance union, their previous interest in Americanization having been aroused to action through the visit here of Miss Theodosia Whiting of San Francisco, national field worker for Americanization. Miss Whiting, too, has become interested in the local situation and instead of departing immediately for Kansas City after the Wednesday afternoon meeting under the auspices of the North Side W. C. T. U., she will remain in the city several days.

Last night Miss Whiting, in company with W. C. T. U. members, inspected the Americanization school in connection with night school. Thursday morning she will lead a committee from the North Side union, composed of Mrs. B. W. Burkhardt, Mrs. W. O. Settle and Mrs. T. Haste, on a trip through the south-western part of the city. This afternoon she will drive to the Hickory mine with a Central union committee headed by Mrs. G. W. Kessell, and will hold a meeting with Mexican women of the mine section. She will meet with the East Side union Friday afternoon to suggest an Americanization program which they can follow.

Miss Whiting told the audience at the home of Mrs. Burkhardt yesterday afternoon that making American out of foreigners is of the utmost importance to reach the mother, as the child is little influenced by school if home influences remain unchanged. A prime need of Americanization, she stated, is the fact that the electorate of tomorrow will be largely foreign if the present birth rate of one child to three families among native Americans and of three children to one family among foreign residents continues.

MUST STAND EXAMINATION

Secretary of Chiropractic Board Says Five Nights Must Go

That a vigorous campaign against unlicensed chiropractors practicing in the state will be made within the next few weeks by the state board of examiners was the statement of Dr. Harry Gallagher, of Guthrie, secretary of the state board of chiropractic examiners, while in Tulsa this week.

Dr. Gallagher was on his way from McAlester where he secured out the complaint resulting in the first arrest in Oklahoma on a charge of violating the law passed by the last legislature prohibiting the practice of unlicensed chiropractors. The man arrested was Ronda Pent Reeves of McAlester, whom Dr. Gallagher says failed to make a passing grade on the state examination in August, but who has continued practicing. Reeves is to be tried Thursday in the county court at McAlester.

He gave information that a number of alleged chiropractors without license are practicing their profession in different sections of the state just as they did in the licensing act was passed by the last legislature," Dr. Gallagher said. "Chiropractors in the state who are really capable in the profession had a hard fight to get the licensing law through the legislature and we expect to see that it is enforced now."

You Tell The World

CURTIS BROWN, who has been ill for the last few days with pneumonia, is reported to be much improved.

MARRIAGE LICENSES issued Wednesday: Victor Russell, 22, and Helen Coff, 20, Jenks; William Hackey, 21, and Lizzie Lockwood, 21, Tulsa; John Erwin Evans, 23, and Pauline Murphy, 23, Tulsa.

DIVORCE PETITIONS filed Wednesday: Joseph C. Whitmond against Alice M. Whitmond; Pauline Tatum against Ira Tatum; Nanette Belle Bowen against C. A. Bowen.

C. E. HURLEY filed suit against Claud Erwin and the Erwin Construction company in district court Wednesday for \$50,000 damages for injuries he claims he sustained January 12 of this year when an auto driven by Erwin ran into a wagon and team which Hurley was driving. The accident occurred at Second and Main. Hurley claims that Erwin was violating several traffic ordinances.

ORVILLE E. ALLEN, R. E. Smith, Henry Grove and George Black, alleged hijackers, waived preliminary hearings which were to have been held Wednesday afternoon before Justice John H. Quarry. The quartet was accused on two charges of contempt robbery. They are said to be the bandits who held up motorists on the Turkey town-ship road last November. Each of the four was placed under a \$5,000 bond in each case.

THE THIRTIETH ESSAY contest being conducted in the schools throughout the city will close on February 23, according to a letter received Wednesday by Mrs. Minnie Hedges, county school superintendent. Closing time of the contest has been extended two weeks. The extension was made, it was explained, because of smallpox epidemics in several sections of the state.

SUDDEN SHOCK PROVES FATAL Officer's Flashlight Causes Death of Aged Citizen.

Special to The World. WID, Feb. 1.—The funeral of A. Hall, 40 years old, who was apparently frightened to death by the light of a flashlight, occurred Monday. No autopsy was held. Mr. Hall was standing near a freight car in the Frisco yards when Special Officer Moten threw a flashlight on him. He looked up, fell fainting and never regained consciousness.

Mr. Hall had lived in Enid for many years and was widely known. On account of his physical condition, he had not been working at his trade of brick mason for a number of years. The doctors pronounced his death due to apoplexy.

British oil interests have given more than \$1,000,000 to Cambridge university to endow a chemical school.

They're Walking to Sunny Clime

Miss Winifred (left) and Kathleen O'Malley, in their walking garb. From the summer resort of Atlantic City to the winter playground of Miami on foot is the trip the Misses Winifred and Kathleen O'Malley, sisters of Bryn Mawr, are planning. They plan to earn funds en route to defray expenses and aid an invalid brother, a war veteran.

SOME REAL ORATORY Foul Play Evidence Is Brought to Light; Find Man's Skeleton

Rotary Luncheon Was Turned Into a Free-for-All in Interest of Nominees for President

The Rotary club luncheon at Hotel Tulsa Wednesday noon came near being a political convention. There are four candidates for president, and their campaign managers Wednesday noon took turns at presenting the virtues of their favorites. Apparently none of them possessed voices—at least no one disclosed them.

L. N. Ewing spoke in behalf of Joe Mitchell. To draw the crowd's attention to his candidate, Ewing "threw" a band of fellow supporters to "ballyhoo." Instruments used by the band were two tin flutes, a toy drum with gapping holes in both sides, a policeman's whistle, and a tin canister horn.

Claude Hough sponsored the candidacy of J. Burr Gibbons. Dr. Koppin dramatically and oratorically appealed for support for J. W. Woodford and A. L. Farmer, depicting the tendency of other stump speakers to "throw mud," held Rotarians spellbound while he discoursed on the unequalled ability of Ralph Talbot to fill the presidential chair, assuring them they "could not select a worse candidate."

The stump speeches were interrupted vociferously and repeatedly by wild cheers and prolonged applause. In fact, the "stumpers" experienced much difficulty in making themselves heard above the uproar.

Rev. W. A. Roach of Clinton made a short talk on Rotary. About fifty members of the Tulsa club expect to attend the Seventeenth District Rotary convention at Muskogee. Most of them will make the trip to Muskogee in automobiles because of the excellent condition of the Tulsa-Muskogee highway. C. S. Avery announced that all this road except about ten miles is hard-surfaced.

FUGITIVE BROKER ARRESTED. PHILADELPHIA, Feb. 1.—Edwin E. Kohn, fugitive head of the bankrupt firm of Kohn & Co., broker, was arrested here today. He was held in \$35,000 bail by Magistrate Renshaw. He was discovered hiding in a house near his home in West Philadelphia. Losses of the company are estimated at \$1,800,000 by the receivers.

SUCCESS OF TANLAC DUE TO MERIT ALONE

Personal Recommendation of Celebrated Medicine by Persons It Has Restored to Health Is the Chief Reason for Its Tremendous Sale

Not a day passes but what thousands of people ask the question: What is Tanlac? Why its phenomenal success? The answer to these questions is not difficult.

Tanlac, Nature's Medicine, is a wonderful Reconstructive Tonic and body-builder. It is purely vegetable and is made from the most beneficial roots, herbs and barks known to science. The medicinal properties are readily taken up by the system, thereby aiding digestion, stimulating the appetite and assisting the food into nourishing elements that build up tissue and nerve strength. There is probably not a single portion of the body that is not benefited by the helpful action of this remarkable medicine.

The system, besides being purified and strengthened by Tanlac, is toned up and invigorated. It quickly overcomes indigestion, non-assimilation of the food, nervousness, headache, backache, general debility and many other complaints that are so common to the thousands of half sick, depressed men and women.

Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, as stated above, it is a powerful Reconstructive Medicine, for it naturally follows that any medicine that builds up proper assimilation of the food and the thorough elimination of waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system.

Probably eighty per cent of all diseases originate in the digestive organs. Dyspepsia, or what is more commonly known as indigestion, is not only one of the most prevalent,

but is one of the most difficult to treat of all present-day diseases, and has for years baffled the skill of leading specialists. It is almost always followed by a complication of diseases. One of the first is torpid liver with biliousness, followed by headache, coated tongue, dizzy spells, pain in the back, palpitation of the heart, and other distressing symptoms. Soon other organs of the body become involved and various diseases develop and become chronic if not checked in time. The first symptoms of stomach disorder, such as gas, sourness, constipation, flatulence, fullness after eating, pains in the stomach, headache, tired-out feeling, lack of energy, should be the signal for prompt and decisive action.

Tens of thousands of men and women of all ages and in all walks of life, afflicted with stomach and liver disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse, have testified publicly that they have been fully restored to the enjoyment of perfect health by taking Tanlac. Tens of thousands have not only been relieved of the most obstinate forms of dyspepsia and indigestion by Tanlac after other remedies had failed, but many of them have reported a remarkable and rapid increase in weight along with their return to normal health and strength.

That is the reason Tanlac continues year after year, to have the largest sale of any medicine of its kind in the world. Tanlac is sold in Tulsa by the Quaker Drug company and by leading druggists everywhere. — Advertisement.

CHAMBER ELECTS ITS NEW OFFICERS

Name All Except President; Peters and McClure Contending

Either Charles E. Peters or H. J. McClure will be elected president of the Chamber of Commerce for 1922. It appeared after a caucus of directors in the Chamber of Commerce rooms Wednesday night. The meeting was held to select officers and present their names for confirmation at a regular weekly meeting of directors at Hotel Tulsa Friday noon.

Although other names may be suggested from the floor at Friday's meeting it is probable this privilege will not be exercised, as more than 20 of the 33 directors attended Wednesday night's meeting and they are not likely to change their votes. Peters appears to be leading McClure for the presidency. Peters came to Tulsa several months ago from Lawton, Okla., and shortly afterwards paid \$200,000 cash for the E. W. Sinclair home. He has already become one of Tulsa's leading citizens and is considered by directors well qualified to lead the Chamber of Commerce. That he will be their choice is a likelihood.

For first vice president J. W. Woodford and for second vice president Col. C. E. Lynch and A. L. Farmer.

To the new officers will fall the duty of selecting a new manager for the Chamber of Commerce, an office that has been vacant since the resignation of Col. Ira L. Reeves.

Alva J. Niles, president of the Chamber of Commerce, who retired Friday, expects to make an address at that time which will include a summary of Chamber of Commerce accomplishments during the past year.

RED CROSS ON JOB AT ONCE

Theater Disaster Well Handled, According to Reports Received

Immediate assistance by American Red Cross was rendered the survivors of the Knickerbocker theater disaster in Washington on the night of January 28, and relief and rehabilitation measures will be continued by that organization as long as necessary, according to an official communication just received from headquarters by W. F. Stahl, chairman of the Tulsa county chapter of the American Red Cross.

Within an hour after the roof of the theater caved in the Red Cross workers from the District of Columbia chapter and national headquarters had relief measures under way. Warm gloves, blankets, woolen socks and sweaters were collected on Sunday for the use of the firemen, policemen, soldiers, marines and other workers, and a canteen service was set up in the rear of the theater under the direction of the District chapter.

For Old and Young.

Tutt's Little Pills act as a blood-purifier, and as a tonic for the system. They are the most delicate and effective pills of any age, as upon the vigorous man.

Tutt's Pills

Give tone to the weak stomach, bowels, kidneys and bladder. To those organs their refreshing quality are wonderful, raising them to perfect health.

An All-Legionnaire Orchestra Organized

An all-legionnaire orchestra made its first bow at the social session of Joe Carson post Wednesday evening in the Municipal auditorium. Though the eight members of the impromptu musical organization had never played together before, only those individuals in the crowd who had had advance information knew it. Their efforts were not only simultaneous but pleasing and created an admirable musical background for dancing by legionnaires and their wives or girl friends. An orchestra which will perform at all legionnaire social affairs may develop from last night's successful start.

CHURCHES TO OBSERVE WEEK

Programs for Father and Son Week Announced at Committees' Meet.

Churches which have so far announced their intention of holding father and son dinners during the Tulsa observance of the week, February 28-29, are the First Presbyterian, Second Presbyterian, Bulliet Presbyterian, First Christian, Episcopalian, Methodist, First Methodist, Grace M. E. and West Tulsa M. E. It was announced at the meeting of the father and son church committee.

Know how it feels to get up feeling fit for the day's work!

Get rid of constipation through the use of Kellogg's Bran, cooked and krumbed, and you'll be another and healthier, happier person. The action of Kellogg's Bran is natural—but it is wonderful. If you will eat at least two table-spoonfuls each day you will free yourself from constipation permanently. Chronic cases should eat as much more as necessary for results.

Kellogg's Bran, cooked and krumbed, is one of the simplest but one of the most remarkable nature foods. Kellogg's Bran, while delicious as a cereal or with your favorite cereal, sweeps and cleanses and purifies. It clears the intestinal tract in an easy and natural but positive way without irritation or discomfort.

Kellogg's Bran must not be classed

Find "JAKE" AT DRUG STORE

Police Seize 18 Bottles of Jamaica Ginger in Raid Wednesday.

Further steps to rid Tulsa of alleged jake lotes were taken by the police Wednesday following a raid made by detectives Ned Gritts and D. B. Mondier on the Lee Helm drug store at 516 West First street. Following the raid in which officers say 18 two-ounce bottles of Jamaica ginger were seized, Helm was released under \$250 bond on a city charge of possession of intoxicating liquors and an information sworn out and a warrant issued for his arrest by county authorities.

NEW YORK, Feb. 1.—Influera reached the epidemic stage in New York today when more than 1,000 new cases were reported.

Idle Men and Idle Dollars—

AN idle man does not stay long on the pay roll and an idle dollar soon finds its way out of the pocket. Most people would save these idle dollars if they felt sure that saving money persistently would actually lead to financial independence. "Achieving financial independence," says a prominent financier, "is, after all, a simple thing. One need only insist that the idle dollar shall be no longer and that more dollars shall be put to work with him as the result of self denial, good sense and an honest desire to save money. It is surprising how quick dollars earn dollars when placed where the interest paid is exceptionally high."

This is particularly true of money placed with Tulsa's Oldest and Largest Building and Loan Association—the logical place for your savings. Here you have safety—permanence; your funds are tax free and your savings earned from 6 to 9 1/4%.

Phone us at Osage 5254 and our representative will call and explain our plan of operation and the benefits that await you here.
