EXPECT LARGE CROWD

Many Delegates From Surrounding Towns to Attend Employed Boys Conference Here Saturday

Large delegations from surrounding towns is expected when the Older Employed Boys conference is held in Tulsa Saturday.

One of the largest delegations expected, Goff stated, was from Sapulpa, Okla.

Goff stated that one of the primary objects of the agenda club was to bring together all the employed boys organizations...

"We know that these things can be done," Goff said, "and with the co-operation of the employed boys here and elsewhere over the state I know we will be able to accomplish the things we set out to do."

Attack County Farm Oil Lease

Jennings Wants to Supplant Wallace as Taxpayers' Attorney

Jennings has filed a motion to supplant Attorney Wallace as representative of the taxpayers in the case, with the motive of conducting a new trial and attempting to return the valuable poor farm oil lease...

Jennings charged that Wallace had failed to present the rights of taxpayers and that he failed to introduce sufficient evidence and law at the trial...

Continuing Jennings' move, which threatens to hinder oil production on the poor farm and which might cause the lease to be reverted to the county, opponents have filed a motion in district court...

Beginning next Sunday, April 30, a standard training school for Sunday school workers and teachers will be conducted by the Methodist church, South here.

O. D. Creamer, now under arrest in Osage county oil fields, is charged with having given a worthless check for \$180.50 in part payment for an automobile...

Elzie Mead, arrested here a few days ago by police for investigation of the steel case when searched at central station, evidently saw his way to liberty late yesterday.

Police believe that Mead was arrested in his escape by Roy Connor, arrested last night as a vagrant and who is thought to have slipped Mead another way after being placed in a cell near the fugitive.

Mead is said to be wanted for an escape from the penitentiary at Lansing, Kan. Early today he saved the bars of a window in his cell, enabling him to pass through into the engine room of the fire department.

FIFTY TO TAKE WORK

Knights of Pythias Order Will Initiate Large Class of Candidates Thursday Night

Ritualistic work proceeded by a big banquet will mark the entrance of one of the largest classes of neophytes ever to be initiated by the local Silver Plume lodge, No. 183.

All three ranks of the order will be conferred in the same night. The three degrees are usually conferred one at a time each weekly meeting, but Thursday night the candidates will get all three ranks together.

Large delegations from surrounding towns are expected to attend the conferring of the ranks, including visitors from the Evergreen lodge in West Tulsa, the K. of P. lodges in Sapulpa, Drumright, Sand Springs, Jenks and other towns in the vicinity of Tulsa.

"We know that these things can be done," Goff said, "and with the co-operation of the employed boys here and elsewhere over the state I know we will be able to accomplish the things we set out to do."

Sonnakolb in Tulsa Recital

Local Musician Electrifies His Audience Wednesday Night

Fifty years of association of brain and fingers is the story that may be told about Franklin Behyler Sonnakolb, pianist and composer, who gave a brilliant recital last evening in the auditorium of Central high school.

His recital was a masterpiece of technique of the old and modern school sufficient to play a Liszt rhapsody, such Chopin numbers as "Adagio Sprano" and "Polonia Brillante" for the very first time...

The artist's own "Lament of the Sea" was a lovely bit of tonal coloring, as delicate and exquisite as could be, and equally as lovely were "My Red Rose Debonaire," dedicated to Miss Evelyn Meek of the city.

Many there were who praised Sonnakolb for his difficult and beautiful interpretation of the Wagnerian opera, "Magie Fire," from the opera "Waider."

Mr. Sonnakolb proved himself a master of technique in every number and a satisfying exponent of that musicianship portrayed by Rubenstein, under whom he studied in Europe. His residence here for more than two years has made for him numerous appreciative friends.

NEGLECT FRUIT CROP

Bartlesville Citizen Believes Oklahoma Can Equal California as Fruit Raising District

There is no doubt that Washington county can produce more of the greatest fruit raising sections in the state, declares Dr. J. J. Smith, an old resident of this city and who has spent nearly two years in the real estate business in California.

"If we would only capitalize our natural resources the way the western growers do and give our crochets one-half the care, we could easily surpass them. We have the natural climate and what is more vital the necessary amount of rainfall.

MAY LOSE U. S. ROAD FUNDS

Washington County Objectors are Worried District May Lose Aid

Those who object to the \$700,000 road bond issue may be required to file bond to reimburse this county for any loss of federal aid which might occur on account of their objection to the bond issue.

Large delegations from surrounding towns are expected to attend the conferring of the ranks, including visitors from the Evergreen lodge in West Tulsa, the K. of P. lodges in Sapulpa, Drumright, Sand Springs, Jenks and other towns in the vicinity of Tulsa.

"We know that these things can be done," Goff said, "and with the co-operation of the employed boys here and elsewhere over the state I know we will be able to accomplish the things we set out to do."

SCOTT BACK TO OKLAHOMA CITY

Still Has Ambitions to Become Candidate for Governor

Doctor Scott returned to Oklahoma City last evening after a three-hour attack on the pending tariff bill today in the senate.

Senator King, who attacked the tariff bill today in the senate, declared that it was his deliberate judgment that the measure was "fraught with more danger to the people of the country and the institutions under which they live than any bill which ever passed the threshold of this chamber."

COLLECTED 1,500 TRUCKS OF TRASH

Clean-up Committee Recommended That City Continue Work

More rigid enforcement of the trash collection ordinance is recommended to the city commission and to the public in general by the public health clean-up campaign committee in a report made public Wednesday.

The committee recommends a solution of the conditions as they exist that the city enforce rigidly without fear or favor, the ordinance regarding trash, and compel the cleaning up of private premises.

The committee recommends that the city provide for and maintain as soon as possible a trash collection department equipped with at least two trucks to work out the trash situation.
