## GRAND PARADE TO OPEN EXERCISES

All Military Organizations in City Will Have a Place

## DECORATE ALL GRAVES

Citizens Requested to Show the Proper Respect for the Colors

In memory of the sailors who went down to watery graves during the Civil war, the ceremony of scattering flowers on the water will be enacted by Ladies of the G. A. R. Tuesday evening at Owen park. Those petals will be flung on the bosom of Owen park when the ceremony begins at 7:30 o'clock and during the impressive little service, hundreds of petals and many beautiful individual blossoms and bouquets will be cast forth on the surface. The service will duplicate on an enlarged scale that which the local organization has observed for a number of years, and will be open to the public.

**Mayor's Proclamation.** This will be but one of the ways in which Tulsa will remember its soldier and sailor dead on Memorial day, 1922, as a legal holiday in the city of Tulsa, and urge all citizens to co-operate in making it a splendid tribute to our soldier dead.

**Colonel O'Neil to Speak.** The union exercises of the day, as planned by a general committee, will begin with a parade Tuesday morning. Forming at 9:30 o'clock at Ninth and Cincinnati, the marchers will be national guard foot troops and mounted organizations, G. A. R., Confederate veterans, D. A. R., Spanish-American war veterans, etc.

Whereas, fitting ceremonies have been arranged for showing due homage to those deceased heroes, on that day, I hereby proclaim May 30, 1922, as a legal holiday in the city of Tulsa, and urge all citizens to co-operate in making it a splendid tribute to our soldier dead.

## HAS SOCIETY FOR EVERY OBJECT

London the Center for Variety of Uplift Leagues

LONDON May 26.—The seat of a far-flung empire harbors the headquarters of a greater variety of local, national and international orders, associations, missions, alliances, leagues, societies, unions, funds and bands than may be found in any other city in the world.

More than 3,000 of them are cataloged in the new postoffice directory, the "Who's Who and What's What" of London. In a benevolent, protective or prohibitive way they pertain to almost every field of human activity, interest or need. An examination of the list suggests that nowadays there is nothing from deep sea fighting to higher thought that has escaped the attention of organizers.

A more painstaking perusal might prompt the notion that it would be perfectly safe for human or beast parents, reared with or without to be born in London, with or without parents, reared with or without guardians, masters, education or training, stay out of prison or in—

There would be agents of an organization of some sort waiting with help or advice at each turn of life's pathway.

Even at death the individual would appear to be adequately safeguarded, for in the list is enumerated "The Society for the Prevention of Premature Burial."

It would be safe to assume that each has a definite reason for being, a specific function to perform, but while most of the official titles of this organized miscellany make their aims obvious, there are others that, to the uninformed, sound quaint or ambiguous.

Here's a Few of the Titles. Such organizations, for instance, as "The Society for Providing the Poor With Bread and Coal in Winter," "The Coal Smoke Abatement Society" and "The Institute of Journalists Provident Fund" proclaim their objects in admitted fields of usefulness.

Some others are the Mothercraft Training society, the British Rainfall association, the London Fish Friers' association, the Large Black Pig society, the Out and Out mission, the Order of the Golden Age, the National Baby Week council and the Barefoot mission.

Brewers' and personal rights associations are listed cheek by jowl with a variety of tariff reform leagues, the committee to secure state purchase and control of the liquor trade, the Inebriate Reformation association and other organizations of reformative or prohibitive character.

The styles of several might warrant fear that their memberships have set out on rather difficult missions. There is for instance the National Anti-Sweating league.

Among the diversified and unique societies for the propagation, promotion, advancement suppression, prohibition encouragement or preservation of this or that are found the Crutch of Kindness league, the Society for the Promotion of Employment of Women and the National Council for the Unmarried Mother and Her Child.

## SCOUT CAMP IS IN PROGRESS

Boys Determined That Rain Shall Not Break Up Plans.

STROUD, May 26.—Stroud Boy Scouts are all set to entertain their guests at the intercounty athletic meet Friday and Saturday, the rains two weeks ago having forced the meet to be postponed to this date. Thursday evening found the tents in fine shape, the army tents all up and the Boy Scout band rearing to toot a welcome.

A. R. Collins and Lloyd Roberts, scoutmasters, have spared no pains to make the guests comfortable and the meet a success. Seven hundred boys were expected. Meals are served by the ladies of three congregations.

Man Who Said He Shot William Taylor Fails to Make Story "Stick"

POUGHKEEPSIE, N. Y., May 26. A man, who described himself as "Mac," and later established his identity as Frank Doran of Chicago, was held by authorities here today upon his boast that "I'm the guy that shot William Desmond Taylor in California."

Doran made this statement to a taxi driver, Herman Bernhardt, at Fishkill, after forcing the man to drive him to the point of a revolver to a point near Naugatuck.

According to Bernhardt, his fare told him "I was in a hot of a fix" and didn't care whether he was "bumped off or not."

Local authorities are inclined to doubt the man's story, but are holding him until word can be had from Los Angeles authorities.
