

FILL VACANCIES IN NEW CAUCUSES

Republicans Decide to Abide by Selections Made Last Spring

BUILD UP COMMITTEE

Caucuses in New Precincts Will Be Held Monday Evening July 3

All republican committeemen and committeewomen elected in precinct caucuses in Tulsa during the spring membership in the Tulsa county republican central committee will retain the same offices in the precincts in which they now reside, regardless of the recent redistricting of the city. Thus ruled the republican county central committee of Tulsa county in session Friday afternoon in the municipal auditorium. The decision entitles such committeemen and committeewomen to full voice and participation in the conduct of the affairs of the county central committee.

In each of the 18 Tulsa precincts in which vacancies exist at present, a caucus for the election of a committeeman or committeewoman will be held Monday evening, July 3, at 8 o'clock by registered republicans of that precinct. Official call for the caucuses will be at the address at which they will be held, will be issued Saturday by E. O. Lingo, chairman of the county central committee. The places to be filled in the 18 precincts are as follows: No. 4, committeewoman; Nos. 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

It was upon the motion of Frank E. Duncan that the holding of additional caucuses was ordered, voting down a motion to fill the vacancies during the committee's meeting from a prepared list submitted by P. L. Long. If the caucuses are not held before Wednesday of next week, the executive committee of the county central committee was instructed to fill the vacancies in district precincts. It was the consensus of opinion that filling out of vacant places in the ranks of the county central committee should be expedited, so that the committee can function actively in preparation for the fall election and particularly during the registration period, July 11-21.

BOARD'S EFFORT TO STOP TIE-UP FALLS THROUGH

CONTINUED FROM PAGE ONE

Union men to consider assurances given. Grable by Ben W. Hooper, chairman of the labor board. Hooper assured Grable that any time the cost of living advances to a point upon which an advance in wages might be predicted that the labor board will readily consider the granting of a wage increase.

Living Costs Soaring. "I don't mind saying that there has been an upward trend in living costs in the last two or three months," said Hooper, significantly. The advance in living costs occurred since the board made its decision cutting wages of maintenance of way and other railroad employees, Hooper explained.

"The board is not going to close its eyes to any changes in conditions that might require a revision of the wage scale," Hooper said. Hooper then turned to the carriers and asked them if they would not announce that they would withdraw the policy of some roads of farming out contracts.

N. Y. C. "Breaks the Ice." Jacob Aaronson, attorney for the New York Central and subsidiary lines, arose and declared: "In the interests of harmony," and that if "and only if" a strike would be averted the carriers have present would discontinue farming out shop work."

In rapid succession, spokesmen for the Great Western railroad, the Chicago, Milwaukee & St. Paul, the Pere Marquette, the Missouri, Kansas & Texas, Chicago & Northwestern, Chicago & Alton and other railroads announced that the roads they represented would also discontinue the "farming out" of labor. All of the carriers insisted that they had at that time given the law in contracting out their work.

Timothy D. Haley, president of the stationary firemen and others, for whom a subpoena had also been issued, was located shortly after 5 o'clock. His appearance in the hearing room was greeted with a buzz of conversation and laughter. Haley smiled broadly. He at once took the witness stand.

Haley informed Chairman Hooper that they had a strike ballot at which would be returned about July 10. This general committee will meet in Chicago on July 12 to canvass the votes, he added. Strike orders would be issued if the vote called for it, he concluded.

The labor department of the United States is recruiting farmhands in all centers of the country to forest the demand for help in the wheat belt. Employment offices have been opened for the purpose of distributing men.

Phone Operator Stays At Post In Blast

Wrecked Diamond Match Company Plant and Phone Girl Heroine, inset.

Miss Minnie Clark, 15, was the heroine of the explosion which wrecked the plant of the Diamond Match company at Barberton, Ohio, and killed a fireman. After the first explosion Miss Clark stuck to her post and called police, firemen and ambulances regardless that the switchboard was in the midst of a perfect hail of broken glass. She was severely injured.

MARK PIKE TULSA TO HOT SPRINGS ROGERS COUNTY EMULATES TULSA

Official Road Marker to Be Here Saturday for Conference Highway Committee Here to Confer With Local Road Men

F. W. Hockaday, official road marker of the southwest, is expected to arrive in Tulsa Saturday night preparatory to starting in on the last lap of completing the marking of the Albert Pike Highway for Kansas, during the last two weeks on the marking of the highway from Dodge City to Colorado Springs.

Hockaday has been working with R. E. Arnold, vice president of the Albert Pike highway for Kansas, during the last two weeks on the marking of the highway from Dodge City to Colorado Springs. This work has been completed and the signs ordered and the next step will be the inspecting of the stretch of road between here and Hot Springs. This completed, the stretch will be set up on an average of a sign a mile, often when necessary, from Hot Springs to Colorado Springs and Albert Pike Highway will have a complete marking system installed for a cost of a fraction more than \$15,000. The work of inspecting and marking was divided, for convenience, into three parts, Hot Springs to Tulsa, Tulsa to Dodge City and Dodge City to Colorado Springs. E. Bee Guthrie, secretary of the Albert Pike highway, and Hockaday, in the life white official marking car equipped with music box, inspected the stretch of road between here and Dodge City two weeks ago and will, upon instruction from Cyrus Avery, president of the association, do the same place of work upon the Hot Springs-Tulsa road soon.

"I DON'T OFTEN BUY JOBS"

Whenever a traveling man starts talking "bargains" I always get away from him, but last week the

"Allen A" underwear man slipped up on my blind side and before I knew it he took me for 50 dozen athletic union

suits. They are the same numbers that I had earlier in the season, which had to bring \$1.50 and \$2

and when they came in yesterday I examined them for the "joker" but there wasn't any. They have the same

fine texture and workmanship, the same ocean pearl buttons and the identical smooth finish at the seams

and button holes as characterize all their products, and would you believe it, they are being offered

this morning for the paltry sum of a dollar and a dime. There are neither "skip" sizes or "skimp" sizes in this

shipment, they are all full regular cut sizes, 34s to 50s.

FLAGS ONE AUTO, HIT BY ANOTHER

Unidentified Man Run Down and Fatally Injured

An unidentified man was run down and fatally injured about 4:30 o'clock Friday afternoon just outside the city limits on Federal Drive. According to M. K. Queenberry, manager of the Constantin company's filling station at Fifteenth street and the Midland Valley tracks, whose car struck the man, the accident was unavoidable. His statement was corroborated in detail by S. G. Estell, 217 South Victor, and A. J. Harmon, who were driving east along the road at the scene of the accident.

According to their statements, the man, who was seated behind a clump of bushes, ran into the road as the cars driven by Estell and Harmon approached and attempted to flag them for a ride. As Estell swerved to avoid hitting the man he deduced directly in front of the car driven by Queenberry, who was coming toward the city. He was removed to a local hospital where he died shortly afterward. The body was taken to the Stanley-McCune morgue, where it is being held for identification.

3 Unmasked Hi-jackers Rob Carlton Drug Store

Three unmasked bandits shortly after midnight Thursday entered the Carlton drug company, 310 West Admiral and after backing the proprietor and two customers against a wall at the point of guns grabbed two sacks of money, the day's receipts, and fled. A total of \$48 was obtained by the hi-jackers, according to a report filed with police headquarters. The checking up of the day's business had just been completed and the money was in two sacks on one of the counters when the bandits entered the store brandishing their entrance with the click of revolver hammers.

Since 1904

Beauty Durability Economy

An easy way to hosiery economy has been found by millions of women who are wearing Holeproof hosiery. The months of wear that each pair gives are sure to please you. VACATION BIBLE SCHOOLS CLOSE

Releases 500 Children for an Untrammelled Summer Vacation

Daily vacation Bible work closed Friday in all of the churches of the city in which it has been conducted except the Second Presbyterian church and about 500 children were thus released for an untrammelled summer vacation.

That the schools have been markedly successful is the belief of church workers who are already looking forward to establishing the schools on a still more extensive scale next summer. Though the attendance did not average more than half of the total enrollment of 1,000, workers considered this attendance excellent in view of the departure of many families on vacation trips. Rev. E. H. Owen, city missionary for the Tulsa Baptist union, under whose general charge the schools were conducted in the First, No. 10, No. 11, No. 12, No. 13, No. 14, No. 15, No. 16, No. 17, No. 18, No. 19, No. 20, No. 21, No. 22, No. 23, No. 24, No. 25, No. 26, No. 27, No. 28, No. 29, No. 30, No. 31, No. 32, No. 33, No. 34, No. 35, No. 36, No. 37, No. 38, No. 39, No. 40, No. 41, No. 42, No. 43, No. 44, No. 45, No. 46, No. 47, No. 48, No. 49, No. 50, No. 51, No. 52, No. 53, No. 54, No. 55, No. 56, No. 57, No. 58, No. 59, No. 60, No. 61, No. 62, No. 63, No. 64, No. 65, No. 66, No. 67, No. 68, No. 69, No. 70, No. 71, No. 72, No. 73, No. 74, No. 75, No. 76, No. 77, No. 78, No. 79, No. 80, No. 81, No. 82, No. 83, No. 84, No. 85, No. 86, No. 87, No. 88, No. 89, No. 90, No. 91, No. 92, No. 93, No. 94, No. 95, No. 96, No. 97, No. 98, No. 99, No. 100.

Baptist churches and missions, dominated the schools a pronounced success, Friday. "Workers and parents are satisfied. The children were delighted with the schools and did not look upon them as real work, yet there were taught many things, such as good habits, Bible and missionary stories, dramatization, Americanization, good citizenship, use of the Bible, Bible memory and other things that will live in the life of the child in years to come, thus mounting an impression for making character. The craft work was also enjoyable and instructive."

All the Baptist schools had a combined demonstration and exhibit Friday evening in the First Baptist church. Individual demonstrations and exhibits were held by the First church last Sunday evening, by the Immanuel Baptist church Monday evening, Trenton mission Tuesday night, Kendall Wednesday night and No. 10 Avenue Thursday night.

Centenary Methodist daily vacation Bible had their last classes Thursday morning and spent Friday morning at Sand Springs park picnicking with their parents and teachers. About 200 attended. The children left on a special car at 10 o'clock in the morning and did not return to Tulsa until late afternoon. Attendance at this school averaged about 100 daily. There were six on the teaching staff.

The First Presbyterian school has a picnic at Sand Springs park as a special program for Sunday evening. The program will include dramatization, Bible drill, music and Bible geography and will form the entire Sunday evening church service. The number of children who answered present each day averaged in the neighborhood of 115. An employed faculty of teachers was in charge.

The Second Presbyterian church will not close until July 7, a demonstration before parents and church members being set for next Friday evening.

AMAZONS QUIT THE FIGHT
Extra Precautions Taken at Mines, However, to Halt Any New Attack.

By the International News Service.
HENRYETTA, June 30.—All was quiet at Blackstone mine this morning following an "Amazon" march participated in by more than one hundred women, mostly wives of striking miners, but extra precautions were taken for protection today.

The women marched upon the mine, which had been allowed to run to serve public utilities, and were going to mob the workers. After much persuasion the superintendent of the mine induced the women to leave.
