

EXPENSE CUT FOR
COUNTY OFFICIALSDeficit of \$184,497 Is
Threatened; Budgets
Must Be Reduced

Tulsa county has \$1,139,320.36 for its expenses during the fiscal year 1932-33, while the estimated needs during the fiscal year total \$1,323,817.50, showing a deficit of \$184,497.14. The county's expense account for the fiscal year, according to a report submitted to the county board of commissioners Thursday by Ed Cassidy, special deputy state examiner and inspector, who has been auditing the county books for the past several weeks.

The sum that Tulsa county will have on hand for its running expenses during the fiscal year is based on the general fund which is derived from the \$2 mill levy allowed by law. The estimated needs of the county is based on the township and county budget made up by the estimated needs of the different county departments for the fiscal year, including their help and office equipment.

The deficit shown in the budget will necessitate the cutting down of a large number of county officials' salaries and the necessary accomplishment of this work by the officials themselves, was the belief of Cassidy. It will also necessitate the laying down of a large part of the expenses entailed by buying extra office equipment, such as desks and tables and the utilizing of the supply on hand. It was also generally believed.

The detailed needed expenses for Tulsa county for the fiscal year in the different departments are as follows: County attorney, \$25,000; county sheriff, \$73,300; county clerk, \$16,200; county treasurer, \$28,100; county assessor, \$29,200; county superintendent, \$8,800; county commissioners (estimated only), \$8,760; county court, \$12,800; district court, \$33,320; county clerk, \$15,500; justice of the peace, \$2,650; board of health, \$20,340; charitable institutions (estimated), \$78,727; general government (estimated), \$57,000; farm demonstration and free fair, \$41,671; road bridges and county road construction work, \$429,000; separate schools (based on 1 mill), \$140,000.

DARING ROBBERY
OF BANK HALTEDKansas Youth Admits
Crime to Sheriff at
Pawnee

Special to The World.
PAWNEE, July 20.—"I guess I'm in for it, all right." This was the laconic statement tonight of Paul S. Burgett, of Sedan, Kan., held in the Pawnee county jail here for the robbery of the First State bank at Quay at 8:20 a. m. today.

Burgett not only admits breaking into the Quay bank, by crawling in through the transom, after he had thrown a stone through the window, so he could release the latch, and waiting inside until the bank officials showed up for work this morning, but he confesses further that the automobile, which he drove to Quay had been stolen at Sedan.

B. F. Spruill, city marshal of Quay, is given much credit for the capture of Burgett after the 26-year-old youth had robbed the cashier and clerks of nearly all the cash that was in the bank, approximately \$4,000.

Burgett held up the employees as they appeared, and when F. L. Clark, the cashier, walked in, Burgett directed him to open the safe after the time-lock had registered.

As Burgett backed out of the bank, he turned and ran sharply to the front of the bank where he had left his car. He stopped short, for the automobile was missing, having been seized by Marshal Spruill as a "hot" car, and in its place stepped forth Spruill, who placed him under arrest and turned the money over to Clark.

The prisoner was brought to the county jail here and will be formally arraigned early next week.

FORD HAS NO ANSWER

Henry Considers Senate Committee's
Charge "Old Stuff" and Will
Stand on His Proposition.

DETROIT, July 20.—Henry Ford has no answer to make to the seathing charges contained in the senate committee's report on his offer to buy Muscle Shoals. From sources close to Mr. Ford, it was stated, Mr. Ford considers the charges "old stuff" and intends to "stand pat" on his original offer to take over the electric project.

Mr. Ford's position today was declared to be substantially the same as that expressed in a letter to Julius Kahn, chairman of the house military committee on May 21.—In this letter, Mr. Ford declared only congress had the power to accept or reject the proposition and warned that rejection would mean only the beginning of a more determined fight on his part to "save Muscle Shoals for the public."

Political Troubles and Disorders Are Increasing With Strike Danger.
ROME, July 20.—Italy was without a cabinet today while strike trouble disorders are arising between the Fascists and socialists.

According to well informed political circles, former Premier Orlando probably will succeed Signor Fascista as premier.

Signor Bonomi is generally regarded as the next foreign minister. Signor Mussolini, leader of the Fascists, said it was doubtful if a government would be formed which would have the support of that organization.

The general strike which was called in the Piedmont district in protest against attacks by the Fascists has spread to Milan.

The Fascists is an extreme nationalist organization composed chiefly of ex-soldiers, formed to combat communism and socialism.
