

YOUTH KILLED; 3 HELD FOR CRIME

Argument Over Girl Is Attributed as the Motive

DEATH INSTANTANEOUS

Prisoners Claim That Killing Was Accidental; Begin Investigation

By the Associated Press Staff Wire.

ARDMORE, July 31.—Byrant Hight, Charley Williams and Penny Fowler are being held in the county jail for investigation following the shooting to death of Raymond Gain, 17, at the Mount Zion schoolhouse, about eight miles north of Ardmore Sunday afternoon.

Gain was shot in the forehead and instantly killed while he, Hight, Williams and Fowler, were talking in an outhouse near the school building.

Two shots were fired while the four were in the building, persons on the outside declare. One of the shots went astray, the other striking Gain between the eyes and lodging in the back of his head.

Hight, Williams and Fowler maintain that the shooting was an accident and that Hight, who is alleged to have fired the fatal shot, was a good friend of Gain.

All three told county authorities that they had been on the best of terms with Gain and that the shooting was an accident that could not be avoided. Sheriff Ewing C. London stated that several different stories had been told about the shooting.

According to information gathered at the sheriff's office there had been some trouble between Hight and Gain before the shooting, but as yet no reliable information can be gathered to that effect.

Summers that some difficulty had arisen between the two over a girl, said not be substantiated by officers. Hight, Williams and Fowler will be held for a thorough investigation before a charge of murder will be preferred. Sheriff London stated. The three were arrested by London within five minutes after the shooting. The victim of the shooting was the son of George Gain.

HEART FAILURE—NOT MURDER

Bullets Fail to Hit Man Who Falls Dead in Galveston.

GALVESTON, July 31.—While Tom H. Blackstone, county superintendent of public instruction was being held on a charge of murder this morning, physicians declared that Samuel W. Block died as a result of heart failure. Block, aged 54, vice president and general manager of the Galveston Dry Goods company, died about 11 p. m. Sunday night following an altercation. The school official was later arrested on information furnished by a rent car driver. An abrasion on the forehead and one at the base of the nose were not sufficient to cause death and Block was the victim of heart trouble.

Physicians who examined the body asserted. Two shots fired during the encounter preceding Block's death led to reports that he had been shot. Justice of the Peace R. M. Kuppka held an inquest but is withholding his verdict.
