Scores of Youths Attend  
Luncheon Given by  
Tulsa Club

## PLAN LADIES' NIGHT

Formation of Baby Club at  
Okmulgee Discussed at Yes-  
terday's Luncheon

Yesterday was boys' day at Civitan club. From the shining-eyed, excited baby boys who were flushed with pride at coming to town with dad, to those sophisticated youths who wore the messenger uniform and who had been "adopted" for the time being, there were all ages and kinds of boys who were guests of the club. Rev. O. E. Raymond, retired minister of the Methodist Episcopal church and father of H. S. Raymond, a Civitan club member, was the principal speaker at the luncheon devoted to boys and their days in observance of Father and Son week. The three smallest boys attending the luncheon, kids who boast that they are "4 years past," were Robert Poundstone, son of M. L. Poundstone, the club secretary; Robert McClure, son of J. J. McClure, and Junior Baker, son of C. E. Baker. There was about forty per cent of the club members who had sons of their own to bring to the luncheon; the others brought other men's sons and one or two detached messenger boys from the street en route to the hotel and gave them a red letter hour to remember.

Doctor Bradley, president of the Muskogee Civitan club that was organized more than a year ago by the Tulsa club, was a guest yesterday and discussed plans with the local organization for the formation, in the parlance of International Civitan, of a baby club at Okmulgee. Muskogee and Tulsa plan to co-operate in its organization within the next two or three weeks.

Civitan is planning to hold its first annual "ladies' night" week from Thursday night at the Hotel Tulsa and plans for the dinner were discussed at yesterday's luncheon.

## CASE OF SHIPPING TRADE

Peninsular & Oriental Co., Reports on Existing Handicaps.

Discussing, at the annual meeting of the Peninsular and Oriental Steamship company in London, the unfavorable conditions in the shipping trade, the chairman stated that "many of our voyages have shown adverse results. Outward freights have been scarce, homeward rates of freight to a great extent unremunerative. Operating expenses have continued far in excess of the prewar level. The strike of ship repairers, ended by acceptance of the master's terms, involved the company in serious difficulties and she had consequently to go to sea with dirty hulls or in some cases, to be docked and overhauled at Continental ports, where money was paid in labor and material, instead of in London.

Poland's Gold Reserve Pledged. It is stated that in connection with the currency reform project of Poland the entire reserve of 31,500,000 gold marks and 44,100,000 worth of silver at gold-market value has been set aside as cover for the loan which is to be raised.

## NEEDS CHILD CLOTHES

Mission of Redeeming Love Appeals for Garments as Winter Approaches

Tulsa churches employ various measures to bring boys and girls into the Sunday school but probably the only institution which clothes children in order that they may be able to attend Sunday school is the Mission of Redeeming Love, 187 South Broadway. Many of the Bible pupils of the mission are from homes too poor to clothe the children properly.

Cold weather and constant demands have caused the mission's supply of children's garments to run low. Indeed, the superintendent, Miss Minnie H. Hiland, had to sit up until midnight recently turning a fat man's shirt into a shirt for a runaway boy from Springfield, Mo., whom a police officer brought to the mission that evening for her care. Monday she could outfit only partially a little boy who had been attending Sunday school regularly at the mission until the present month and pointed to his bare feet and legs in silent explanation when she met him on the street yesterday and questioned him about his absence from Sunday school.

So Miss Hiland is asking those who have unneeded children's clothes to send them to the mission or notify her.

## OPEN PAVING BIDS TODAY

Splitted Bidding Expected on street work to cost sum of \$250,000.

Fortuna of the following streets are covered under the proposed contracts: East Tenth, Fourteenth place, Zuni, Xanthus, North Main 600 feet north of Pine, Boston place, Cincinnati, East Brady, East Haskell, East Fifth, Twentieth, Seventeenth, Seventeenth place, Victor, East Fourteenth and Troost.
