Strike is at an End.

So far as the Knight Printing company of Fargo is concerned the printers' strike is ended. The well known printing establishment came to an agreement with the Fargo Typographical Union Tuesday and a formal contract was entered into yesterday for one year. The Knight Printing company agrees to employ only union labor and adopts the eight-hour day. Knight Printing company, Fargo Printing company, Gross Bros., Independent Printing company of Moorhead and the Moorhead Citizen are all union job printing shops. The Call and the Forum are also union shops. Walker Bros. & Hardy, the Porte company and the Moorhead News continue to maintain so-called "open" shops.

A New Theater.

A dispatch from Winnipeg says: "Ground will be broken this morning on the property fronting on South street between Notre Dame and Ellice avenues, for the new theatre to be erected by C. P. Walker, the present lessee and manager of the Winnipeg theater. Messrs. Kelly Bros., Mitchell, Ltd., have been awarded the contract for the excavations and foundations, ready to receive the structural steel. The balance of the contracts will be let as soon as the necessary details and specifications can be gotten out by the architect, H. C. Stone of Montreal and Winnipeg."

Stuck in Snow Bank.

The Great Northern Duluth train did not reach the city until 2 o'clock this morning, being six hours late. The delay was caused by a couple of freight trains stuck in the cut at Benoit. All the trains were more or less late this morning, Train 2 being five hours late. Yesterday morning the Duluth train was run to this city to accommodate the Crookston and eastern traffic as Train 5 was eight hours late.

Will Be Back Soon.

A friend in this city of Henry Heimein, former foreman of the Plaindealer, is in receipt of a postal which bears this inscription: "Like the cat I will be back soon." This would indicate that Henry will return to Grand Forks in the near future. He went west some time ago to look the country over and his postal comes from Spokane, Wash.

An Object Lesson.

Just an object lesson in the virtue of advertising: Two young men were overheard in the following conversation today: "I am going to blow myself for a watch Saturday night. They say that Jeweler Kent on Third street is selling some beauties at \$12.50, let's look them over. Mr. Kent's Challenge Sale ad appears in The Evening Times today."

Back to Iowa.

A. Sargent of Larimore is the guest of his aunt and uncle, Mr. and Mrs. W. Brundage today. Mr. Sargent is on his way back to Iowa where he will visit relatives and arrange for moving his family to North Dakota. He is in the employ of the Great Northern at Larimore but may be transferred to Grand Forks later on.

Enjoyed the Convention.

This morning Rev. and Mrs. J. M. Beadles and the other delegates from Grand Forks returned from the great missionary convention at Fargo. It was the fifth great convention held in the United States this year and was most interesting and instructive from start to finish. There was a large attendance from over the state and the sessions were all of a high order, there being bishops and noted missionaries from all over the world in attendance.

Will Open Bids.

Next Monday Chief Runge and the fire committee of the city council will open bids for the new combination chemical wagon and hose cart. It is a modern and handsome fire fighting machine and will cost in the neighborhood of \$1,500. Chief Runge is a firm believer in the use of chemicals in small fires, there being less damage in putting out fires and it is much more effective in out-of-the-way places than water.

Will Begin Early.

The brickyard to be established this spring by J. R. Poupore on North Third street, just outside the city limits, will be in working order in the early spring. The machinery will shortly arrive and be installed, and the dry sheds erected as soon as possible. Mr. Poupore expects to be in a position to make brick just as early and in just as large quantities as any yard in the northwest.

Is Ready for Business.

The supplies for the new Northwestern National Insurance company have been completed and are now in the hands of the agents. A. L. Woods, who represents the company in this city and who is also a director in the company, has received his supplies and is ready for business. He wrote his first policy yesterday and expects to be very busy at policy writing for some weeks to come.

Schwam Has Big Sale.

Today George Schwam, the South Third street clothier, has inaugurated a big sale at his place of business, 123 South Third street. He is offering some great bargains in men's and boys' clothing and boots and shoes. He is making the sweeping reduction of 25 per cent on this class of goods.

Shriners Will Make Pilgrimage.

Preparations are being made for a pilgrimage to Los Angeles, Cal., from all over the United States to visit the twenty-second annual session of the Imperial council. A cheap fare will be made and as the season of the year is most propitious, May 7 to 11, it is expected that there will be a big crowd. A number are planning on going from Grand Forks and Fargo.

Enjoyable Meeting.

Yesterday afternoon the Ladies' Aid of the Baptist church met with Mrs. Louis Campbell at her home on Cottonwood street. In spite of the inclement weather, there was a good attendance and a very pleasant afternoon spent. Refreshments were served and the usual program carried out.

Will Go to St. Paul.

This evening Judge Templeton will leave for St. Paul where he will take deputation in some insurance matters. The case is that of Torgeson & Eckberg of Hoople vs. the Redfield Insurance company. The action was brought to recover loss on a policy. The case is of long standing.

Fire at Peverly Hospital.

The fire department made a run this afternoon at about 10 o'clock to the
