The gentlemen say that while there is no state law compelling a test of the gasoline that they wish to satisfy themselves and the general public and if it is found that there is and thing wrong with the gasoline they will make it known. There are many here who believe that in most instances the explosions have been caused by carelessness. It is known that Mr. Mackoff claimed no fear from the use of it and even said that he was not afraid to boil gasoline. ## ADDITION TO THE FARGO LAND OFFICE

Five Tiers of Townships Set Over From South Central Part of State.

By E. C. Snyder.  
 Washington, March 24.—The president has issued an executive order setting over from the Bismarck land district five tiers of townships running through Wells, Eddy, Foster, Kidder and Stutsman counties and attaching them to the Fargo district. It was originally intended to set over five townships from Logan and McIntosh, but an examination of the situation showed that the people of the two latter counties would be better served by remaining in the Bismarck district. The object of the change decided upon by the president is to give to the Fargo district sufficient additional business to continue the Fargo office for a time, and at the same time relieve the business of the Bismarck land office.

## BLACK FIENDS PAY PENALTY FOR CRIME

Negroes Who Murdered Maiden Lady in New Jersey Are Hung Today.

Associated Press to The Evening Times.  
 Mount Holly, N. J., March 24.—Rufus Johnson and George Snull were hanged at 10:30 today. The crime for which the men, both colored, were executed was the murder of Miss Florence W. Allison, who was assaulted and killed in a barn near Moorestown, N. J., on Jan. 18. Miss Allison lived in a small cottage on the Strawberry farm, her only companion being Bessie Walker, a little girl whom she had adopted. On the afternoon of Jan. 18 her body was found in a barn by an oil dealer who was informed by Bessie Walker that a colored man had been in the house. There were evidences of a desperate struggle in the barn. The woman's head had been crushed by a blow with a club. Her assailants had torn a strap from an horse blanket and bound it tightly around Miss Allison's neck.

## SPENCER ARRESTED FOR THREATENING HIS WIFE

Prominent St. Paul Restaurant Man Taken in By Chicago Police.

Associated Press to The Evening Times.  
 Chicago, March 24.—H. H. Spencer of St. Paul, Minn., was arrested today charged with having threatened to kill his wife. Mrs. Spencer told the police that she was compelled to leave her husband who then came to Chicago to persuade her to return to St. Paul with him. Failing in this, she asserts, he threatened her. She called a policeman and it was with difficulty that the officer restrained the crowd which gathered when the man was arrested from attacking him.

**Arrested St. Paul Restaurant.**  
 St. Paul, March 24.—H. H. Spencer, arrested in Chicago, was formerly the owner of a large restaurant on Sixth street. He was divorced from his first wife and when his second wife left him he tried to prevent her from returning that he had a clash with his wife's brother at the union depot which ended in the police court.

**Settled.**  
 "I was in a German barber shop the other day," remarked a traveling man, "when a nervous and excited fellow dropped in to be barbered. He was very nervous, indeed. I suspected that he was wanted to catch a train. At any rate, he was so nervous that he couldn't keep his seat. He began pacing up and down the floor, waiting his turn, and as this did not seem to calm his nerves he stepped outside and began pacing up and down the sidewalk. He came back in a moment and discovered, much to his horror, that someone had got in ahead of him and had taken the first vacant chair. The nervous man stalked up to the head barber blusteringly and said: "If a man comes in and goes out, has he went?"

"The head barber looked at him searchingly and replied with dignity and emphasis: "He has, but he ain't!"

"Whatever that meant, it ended the dispute quite effectively."—San Francisco Chronicle.

## BIRTHDAY OF THE BLIND HYMN WRITER

Miss Fanny Crosby Beloved By All Celebrates 86th Birthday.

Bridgeport, Conn., March 24.—Miss Fanny Crosby, the blind hymn writer, whose inspiring works are treasured wherever the Methodist church is known, was eighty-six years old today. She lives in this city with her sister, Mrs. C. W. Ryder. In a sunny, well-furnished room, whose very atmosphere is one of cheerfulness and which is part of a small suite, Miss Crosby welcomed many friends who called and congratulated her upon her birthday.

This wonderful woman, who has written more than 6,000 hymns, certainly appears far from old, despite her years. Her voice is clear and her words are bright, and she never neglects an opportunity to say something pleasant.

Miss Crosby has been deprived of her sight since she was six months old. Her affliction was due to the application of hot poultices to her eyes during an illness, the poultices destroying the optic nerve. At 15 she entered the New York institute for the blind, and for ten years she was a teacher there. Her first hymn was written for William B. Bradbury.

Among the best known of her hymns are "Jesus, the Water of Life Will Give," "Jesus, Keep Me Near the Cross," and "Safe in the Arms of Jesus." In addition to her thousands of hymns she is the author also of many successful songs and a number of poems. It has been reported several times of late years that the aged hymn writer was without means, but these reports have always been promptly denied by Miss Crosby and her relatives and friends.

## EAST SIDE NEWS

## PLANNING BIG BALL PARK FOR THIS CITY

High School and City Team Will Try and Unite in Effort to Build a Park.

Last evening an enthusiastic meeting of boys of the local high school was held and measures taken for an important move which will mean much to this city and its advancement. The meeting was called for the purpose of organizing a high school team and Prof. Burnett was elected manager and treasurer, while Hugh McIlraith was chosen captain. Following this part of the business the matter of securing a place to play in was brought up and many plans and suggestions were offered. After considerable discussion Prof. Burnett decided to take some decisive steps in the near future and try to get the business men here interested in the project of enclosing a piece of property near the gun club grounds and fitting it up for general athletic work as well as for baseball. There are several different ways of carrying the project through. One of them is having the business men contribute and the other of having the school board loan the money until a sufficient amount was gotten from attendance receipts to repay it. The high school will endeavor to get the town teams interested and if they succeed the plan can be carried through with ease. A movement is also on hand to get East Grand Forks into a league composed of the principal teams in this section of the country and if the locals get into the league it will be necessary to have enclosed grounds, and this is one of the reasons the high school is trying to carry their project through. The proposed enclosed grounds are a long felt want and necessity here and the business men here should do all in their power to help the project along. Something definite will also be done within a short time and it is hoped that all will take an interest and help the park along.

**Trying to Get in Meet.**  
 The local high while holding their baseball meeting last night also brought up the subject of getting into the North Dakota field meet which is to be held sometime in May. While this is not in North Dakota they may get in on conditions and the directors of the meet will be approached as soon as possible. The local high has not a very large number to pick from, but will endeavor to make their opponents in our sister state go some if they succeed in getting into the meet.

**Wilkinson Gets Job.**  
 C. R. Wilkinson of St. Paul will publish and distribute a new edition of the revised statutes after the present edition of 3,000 copies has been exhausted. Wilkinson is allowed the use of the old plates, but is required to make all typographical corrections ordered by the state, and he must sell copies at \$3.50 a volume the same price as charged by the state for the first edition. It is understood that a new set of notes is being prepared for the second edition. The copyright is turned over to Wilkinson's use, but he is required to follow the same specifications in getting out the volume that were agreed to by the present contractors. Wilkinson is a son of Colonel R. A. Wilkinson attorney for the Great Northern.

**Craig Returns.**  
 Alderman Craig returned this morning from a five weeks' trip to the scenes of his boyhood in Ontario, and he is much pleased with his trip. On his return he spent some time at Mount Clemens and in the cities. He is looking hale and hearty and while he denies the soft impeachment, there is something in his looks which indicates that a new house may be built in the city.

**Arose From the Dead.**  
 John Dunn is a firm believer in the resurrection of the dead. This morning he imbued too freely of his first love and fell into the arms of Morpheus. Some friends bent on a practical joke, placed him in a dead box and left him to waken up. When he did so and discovered that he was being prepared for burial he thought he had arisen from the dead.

## MUST HANG FOR HOLLISTER MURDER

Associated Press to The Evening Times.  
 Chicago, March 24.—The case of Richard Ivens, charged with the murder of Mrs. Bessie Hollister was given to the jury shortly after noon. The jury later returned a verdict of guilty and he
