

What Stanchfield Says

"WE'LL ANCHOR BYE AND BYE"

Now what's the use "stalling" any more "you fellows" that have not got in the game yet "You know" "I know" that you are only just knocking yourself and the first thing you know "Peculiar Julia" will discard you in the cold deck and try to "get along" with "Mr. Who Hulahan"

"HUL'S" "A GOOD FELLOW"

He used to buy his clothes from the "other fellow" but he said that the "labels cost" too much down there, and he never did care anything about the letters on them "nohow," he'd rather see the "spots" and now he wears "A LONG 3 BUTTON BLUE SERGE SACKSUIT" with a light weight Alpaca lining. He paid me \$18.00 and I have got some more to sell, and am selling them too, at that. The "other fellow" don't "deal out," "MY KIND."

"SAVE IT FOR ME"

That's what "The Fellows" say now when I get a new "BUNCH" of "ROSSELLE HATS" I do and save them \$2.00 at that. Just got a "New Bunch" of Madras Shirts" Yesterday and I will save them for "you" if you say so. How about 2 or 3 new Ties?

Yours for "WHATEVER'S RIGHT,"

STEPHENS FOR GOVERNOR

Club Being Formed in Crookston to Push Candidacy of Well Known Senator and Banker of That City.

"Andy" Stephens, cashier of the Merchants' National bank of Crookston, has announced his candidacy for the republican nomination for governor of Minnesota. His boom was launched last Saturday night when about forty of the citizens of that city gathered in the mayor's office for the purpose of organizing the Andy Stephens club to push the Crookston banker for the governorship. The club was organized with James Montague as secretary. Prof. J. C. Sathre of the Crookston college is obtaining signers to the enrollment and has about three hundred names.

PAIN AND HUNGER

Torture an Eden Town Homesteader who Lies for Four Days With a Broken Leg and Without Food.

A tale of suffering and torment seldom equaled in its intensity comes from the town of Eden, where, helpless and without food, Ole T. Lund lay in his homestead dwelling for four days suffering with a broken leg and at the same time without a morsel in the house to eat. His terrible experience of those four lonesome, frightful days can only be faintly imagined and many less courageous and determined would have lost their mind under like conditions.

It appears that Mr. Lund met with the accident by which his leg was broken while carrying an armful of wood into his house Thursday of last week. Unable to bring assistance through calling as his home is some distance from his nearest neighbors he finally crawled into the house, where, unfortunately, he had failed to provide a supply of food, expecting to procure some necessities later, when the misfortune occurred. All that sustained him from that time until the following Monday was the coffee that he had previously prepared. Lying upon his bed he was able to reach his precious coffee and its drinking stimulated his weakening self to wait-

SHERIFF'S FEE CASE.

Case Is Compromised by Return of Money Collected. The sheriff's fees case, which has attracted much attention throughout Folk county, was settled yesterday. The case arose over the construction of the law governing the fees in justice court cases. In 1893 a law was passed which gave the sheriff the same fees in these courts as in courts of record. Under this law the sheriffs retained all the fees, but according to the decision of Judge Grindland the sheriff act repealed this law and they were only entitled to 75 per cent of these fees. The suit was brought by Sheriff Conyon to recover the full amount of the fees. When the trial court decided the law was repealed, and appeal was taken, but this is now dismissed, as it has been found upon an exhaustive examination of the law that the law authorizing the full amount to be retained had been repealed, as held by Judge Grindland. The appeal was therefore dismissed and ex-Sheriff E. J. Sullivan and Sheriff Conyon will pay to the county the money received by them before the law was construed as prohibiting them from being entitled to the same. All that remains is for the county commissioners to have the amounts ascertained and they will be paid over.

FOR FIELD MEET.

Ads. Warren, Thief River, Red Lake and the East Forks Combines. Crookston Journal: According to all indications there will be a big

Valley field meet in the latter days of this month between the prominent high schools of the Minnesota side of the river. Professor Thoreson of the high school in this city, received communications recently from Prof. Chamberlain of Red Lake Falls, inviting this school to take an active part in the development of the meet and the matter is now before the Athletic association of the high for consideration. The field meet as proposed will be held between the six high schools of Crookston, East Grand Forks, Ada, Warren, Red Lake Falls and Thief River Falls. The sports will be held in Thief River owing to the central location that that town affords for such. In the field meet all the athletic sports will have an event and the best talent in the valley will immediately appear. There has been nothing of the kind among the high schools in the Valley for years and the formation of a good healthy meet will be a best good for all concerned. The Crookston High thinking it useless to get a meet have already dropped all efforts along the line of field sports and will probably be brought face to face with much difficulty in getting ready in the short time. But the school will be on deck. The high school has formed an athletic association which will be devoted to the maintenance of the high school sports of all kinds. The association was formed some time ago with the following officers: Irwin Hyde, president. Albert Benoit, vice president. Ray Ross, secretary and treasurer. Harry Burkhardt, custodian. The yearly dues for membership are 50 cents for the boys and half rate for the young ladies who will join. The association is expected to take an active part in the formation of a field meet proposed by the northern city. The association has appointed different committees to look after the interests of the various sports of the year football, baseball and other branches of sport in order that each

Field and Track League.

Prof. Burnett is in receipt of a communication from the superintendent of schools of Red Lake Falls in reference to the formation of a field and track league, to include the schools of Crookston, Red Lake Falls, Thief River Falls, Warren, Hallock and East Grand Forks. While the matter is somewhat in the air as yet, it is probable that the arrangement will be perfected.

REPORT OF STATE HISTORICAL SOCIETY

Expenditures of Society for Year Past and Results of Work.

Partial report of the State Historical society made at the meeting of the board of directors April 16, 1906, at Grand Forks, N. D. To the Board of Directors: The secretary desires to call your attention to the following summary report of expenditures of the society from the last meeting of the board, May 13, 1905, to April 15, 1906: Historical survey of state, summer of 1905..... \$ 304.04 Expenses of E. R. Steinbreck for work on the Mandan collection..... 407.49 Railway transportation and other traveling expenses..... 77.26 Office rent (including type..... \$22.85)..... 112.91 Book and newspaper collection..... 230.15 Museum specimens (including collection of bones, shells, etc.)..... 125.52 Camera and supplies..... 92.30 Postage, stationery and printing..... 59.01 Freight, drayage and express..... 16.35 Miscellaneous supplies and other..... 38.30 Total..... \$1,648.46

The revenues of the society to meet these expenditures for the same period have been as follows: Annual appropriation from the state of \$1,250 amounting to \$2,500.00 From sale of books for 1905..... 99.00 By the society..... 55.00 Previous balance in treasury..... 89.32 Total..... \$2,723.32

Balance for remaining disbursements of year..... \$1,977.36 Your attention is further called to the following results of the work of the society during the same period:

- 1. A membership of one hundred and thirty-seven, a large number of whom are taking an active part in the work of the society.
2. A preliminary historical survey of the purpose of locating for future use the archaeological and historical materials in which North Dakota is so rich.
3. A valuable collection of books, documents and pamphlets, manuscript materials and photographs, historical relics and Indian specimens for the library and museum of the society at Bismarck.
4. The newspaper collection. The volumes are now being bound preparatory to placing them in the room of the society at Bismarck. The collection contains a file of every paper in the state, with duplicates for clipping, over 26 in number, and nine papers outside the state, mostly from Canada. The papers cost the society nothing but the filing and binding, and will in a few years become one of the most valuable possessions of the society.

The best collections which are to be placed in the museum and which are to be purchased as fast as there are funds available for the purpose. The owners of these collections are Geo. H. Bingenheimer of Mandan, whose collection is largely of the Sioux tribe, and Mrs. Charles Hoffman of Shell Creek, whose specimens are chiefly Gros Ventre.

In the preparation of the forthcoming volume of collections, the secretary has been very fortunate in getting the confidence and securing the co-operation of a large number of representative Sioux, Chippewa, Mandan, Ree and Gros Ventre tribes of the state. These gentlemen have come into the possession of the society valuable specimens, tribal myths and ceremonies, photographs of individuals in full dress, and other records of the old life which are now so rapidly disappearing at this time and which, once lost, can never be recovered. Rev. C. H. Hall, missionary at Ellsworth, from his knowledge of several Indian languages and his long experience on the Ft. Berthold reservation, has been of the utmost assistance to the society in their work among the Mandans, Gros Ventres and Rees.

The society is fortunate, also, in being able to command the services, just now, of several college men who are donating their work freely, in conjunction with the secretary, to preserve and record the early history of the state. Among the most efficient of these contributors are Prof. H. C. Fish of Marshfield, Wis., graduate of the University of Wisconsin; Prof. John M. Gillette of Valley City normal, graduate of Chicago university, and Rev. G. L. Wilson of Langdon, graduate of Oberlin college. It is highly desirable at this time and it would be of the greatest assistance to the Secretary if all those having anything worthy of publication in the first volume of Collections would send it in at once. The State Historical society belongs to the citizens of the whole state, and its publications are freely open to all contributors, save every line of special or general interest. -O. G. Libby, Secretary, Address, 1021 University Ave., Grand Forks, N. D.

MAYOR DUIS SWORN IN

City Auditor—Will O'Connor. City Attorney—Scott Rex. City Engineer—J. J. Smith. Engineer Pump House—A. J. Roddy. Waterworks Superintendent—John Lunneth. Police—J. W. Lowe. Police Captain—John Sullivan. Fire Chief—A. H. Runge. City Health Officer—Dr. Woutat. Street Commissioner—M. E. Durlek. City Electrician—E. Fitzgerald. This afternoon Mayor Duis took the oath of office before City Auditor Brown and will enter upon the discharge of the duties of his second term. It was rather a peculiar coincidence that a Times reporter was the only newspaper man present when the inaugural address will be delivered before the council tonight. Asked as to the appointments the mayor stated that those whose names appear at the head of this article would likely constitute the official family. The mayor believes in the motto "the victors belong to the spoils" and he has certainly carried it out in his appointments.

ATHLETIC PARK TO BE DISCUSSED TONIGHT

Sunday Ball Has Its Opponents—Amicable Settlement of Differences Anticipated.

The Commercial club committee on "Athletic Park," which has from time to time adjourned, either because of unfavorable weather, or for other reasons, following the precedent again last evening and adjourned to this evening. At 8 o'clock tonight it is expected that a final decision will be arrived at. The Evening Times has it from a reliable source that the question of whether or not there shall be Sunday baseball this year has entered into the considerations and deliberations of the committee, some of whom have had strong pressure brought to bear on them. It is believed, however, that an amicable adjustment will be brought about tonight.

If there isn't and those who oppose Sunday games determine not to give the athletic park scheme their endorsement, it is given out on authority that other means for accomplishing the desired end will be evolved. It is not at all the desire to antagonize those not favoring Sunday playing, but it is the experience of those who have in the past managed the Grand Forks ball clubs that it would be altogether impossible to conduct a team of Sunday playing eliminated. This is for the simple reason that hundreds of people who have to work through the week and are unable to attend week-day games, look forward to Sunday as the only day upon which they can hope to see the national game excited. The crowds that attend Sunday exhibitions are always double that at the week-day contests and consequently the financial burden is lessened.

Notwithstanding any opposition which may exist on account of this regular annual issue, it is asserted by those in a position to know, that Grand Forks will have an athletic park and also a ball team this season.

A TRIP TO THE FATHERLAND

Trio of Prominent North Dakotans Will Visit Norway—Trip Abroad Will Take Up Three or Four Months and Enjoyable Time is Anticipated.

Al Sather, the big merchant of Starkweather, State Senator Andrew J. State of Devils Lake and Goodlow Torrenson of Benson county, comprise a jolly trio bound for a visit to their native land of Norway. These gentlemen are past the middle age of life, and are wealthy bachelors—and mighty good fellows. They will visit Washington and other eastern points and will sail for Christiania about May 10, and will be absent four or five months. These distinguished North Dakotans will call upon King Hankon and give him a few pointers on how to run Norway—and some needed lessons in practical politics. Among the festivities planned in honor of the visitors is a court ball at which the nobility of Norway will be present and Sather and Sather, being social leaders in their respective communities, will be their element at
