What Stanchfield Says

YOU WON'T FORGET ME.

You know that I know everything went right Saturday. Those \$18.00 suits passed out quickly and I was there rightly. I am glad that you visited me on the largest Saturday in the history of my business.

YOU KNOW THAT I KNOW

That those \$18.00 Suits that I passed out was, the best on earth and you see them all around town yesterday. Don't deny it. Your eyesight never fails you. You know that those suits that my fellows wore yesterday, came from the best B. P. O. E. C. You know what this is if you can't get wised up, call on "Stanch."

MY HONOLULU BABY

Says to the tall girl: You are it, but your "glad man" must wear one of "Stanch's" imported Madras Shirts. The best is three for five. We have some others cheaper but the real ones wear the three for five, and that's best. Watch the baseball boys--they may be yours.

WORK STARTED.

Northern Pacific Begins Work on the Removal of Ice Houses.

This morning the long-expected work on the improvements to the yards in this city, which it is expected will include the building of the new passenger depot and is preliminary to the erection of the freight house for which a part of the timber has already been received. At present the crew is engaged in the work of arranging to lay the sidetrack to the new location for the ice houses, which will be in the eastern end of the yards between Fifth and Sixth streets were they extended. This done the ice houses will be removed together with their contents, which include 1,300 tons of ice. The sidetracks on the south side of the main line will finally be connected with the main line between the present locations of the freight house and the temporary passenger depot.

Hit a Dry Spot.

The Valley View seems to have hit a place where the price became a rather serious matter, when it declared that its publisher was the Tom Platt of East Grand Forks, and that he would turn the present school board out into the stubble field if it did not purchase his principles and influence with the price of the public printing. The immediate cause of the billious agitation was the fact that several months ago the said school board ordered from The Evening Times 15,500 worth of printing which was required to be done in an artistic manner. The Evening Times can not help the fact that the school board has not been reduced to a state of nervous collapse because of the threat.

Some Political Winners.

Grafton, who will use this pacer to make the campaign for the office of probate judge. If this East Grand Forks horse can't win the race for Mr. Spencer there are other materials in the city that help mightily as voters--with some.

A Talented Musician.

Miss S. Kluzat rendered some fine piano music and solos for Grand Forks friends on the Dakota side Sunday afternoon. Miss Kluzat has been book-keeper for the Troy laundry in Grand Forks for three years, but finds time to devote to her music and is forging to the front in musical lines.

Will Sing in Choir.

Miss Laura Pendergast of Winnipeg is visiting friends in East Grand Forks and may remain during the summer. She will sing in the choir of Sacred Heart church. She has a charmingly sweet, clear and strong voice.

Will Give a Dance.

Roy Salter, Edward Banek and Fred Cummings will give a dance at Keller's hall on Wednesday evening of this week, which promises to be the best of its kind ever given in the city.

Caught Some Fish.

John Kittleson and Angus Wood returned yesterday from a fishing trip well laden with the spoils of the rod and reel. They went out on Saturday evening.

An Old Time Traveler.

Hans Peterson of Minneapolis, who has been taking orders for farm machinery from the Sullivan Bros. for twenty-five years, was here today after another order.

A Surprise in Store.

Miss Delvina Chavenau went to Argyle yesterday and it is said she has a pleasant surprise in store for her friends, Wednesday being the date set for the happy event.

Mrs. Hoff Better.

Mrs. Ole Hoff, who has been suffering from an attack of typhoid fever, is much improved and will soon be able to be about again.

A Slight Relapse.

Mrs. Ole Miller, who has been sick for some time, was not so well yesterday as usual, though no serious relapse is feared.

A Sunday Game.

The game of ball between the amateur teams of the East and West Sides yesterday resulted in a victory in favor of the East Side of five to three.

Returned to Reynolds.

Miss Mary Hollings, who has been visiting in this city for several weeks, has returned to her home at Reynolds.

CARNIVAL OF CRIME

A Total of Six Robberies Recorded at Minot Arouse Both Citizens and Officials--Mayor Greenleaf and States Attorney Start a Crusade.

Special to The Evening Times. Minot, N. D., May 7.--Minot is at the mercy of a gang of thieves who have been operating in the city during the past fortnight. Four cases of house robbery is the record of the past forty-eight hours, and none of the guilty have been apprehended.

On Saturday afternoon Mayor D. C. Greenleaf and States Attorney G. A. McGee, at a conference held in the mayor's office, decided to issue an edict to the effect that all gambling "joints" and blind pigs in the city must be wiped out, and the police authorities will be given one evening to arrest any persons found at the gambling tables or the frequenters of the pigs.

Both of the above mentioned gentlemen are determined to eliminate all the questionable characters from the city and their campaign against thieves and vice promises to be a most vigorous one.

DECIDED UPON BUILDING

Grand Forks Elks Have Determined to Erect a Two Story Business Block, the Upper Portion of Which Shall be Exclusively for Their Use.

Grand Forks lodge No. 255, B. P. O. E., numbered as one of the most progressive fraternal societies of the state, is, if plans which have been formulated and made ready for execution carry through to completion, soon to have a fine new home. Elks all over the world have a reputation for doing things and the Grand Forks lodge proposes to erect and equip a fine block, two stories and basement, the first floor of which shall be for business purposes and the second floor for lodge room, parlors, buffet, etc., just as soon as the financing can be satisfactorily arranged. It is proposed to issue bonds and sell the same to members. This plan was successfully carried into execution by the Fargo Masonic orders, which now have a \$30,000 temple for their exclusive use.

Plans and specifications for the proposed structure, a site for which has not yet been determined, are already in the hands of the officers of the lodge. They call for a building 130 by 50, and, as previously stated, two stories in height. The building proposition was taken up and thoroughly discussed at a regular meeting of the lodge held Saturday evening. A committee consisting of W. B. Wood, A. G. Schulz, Stephen Collins, B. F. Brockhoff, F. W. Schlaberg, James A. Dinnie and William Spriggs, was appointed at that time to devise ways and means for the construction of the proposed building and for the securing of a site for the same. This committee is to report at a meeting of the lodge on May 19. An endeavor will be made to purchase a site on Third street and to have the Tracy Bangs property adjoining the Collins machinery building will be bought if reasonable terms can be secured.

HILL WINS OUT IN ALBERTA

Railway Legislation in Canadian Province Causes Split in Ministry But Majority Favor Giving the Great Northern What It Asks.

Special to The Evening Times. Edmonton, Alta., May 7.--There is a split in the Alberta ministry over railroad legislation. The southern Alberta members are hot for giving J. J. Hill every possible freedom and encouragement for entering the province, which it is understood he is planning to do with a line from Portage la Prairie and from other points in North Dakota where there are "feeders." Hon. J. Cushing of Calgary vigorously opposed the minister's form of charter application from the south, but nearly all members threw up both hands for acceding to the requests of the southern projecting lines, which they firmly believe are backed by the Great Northern.

Report has been received here from Winnipeg that the Hill interests are also considering for another season the construction of a line of railway northeast from that city into the Hudson Bay country, which it is reported will ultimately become valuable for settlement purposes.

MEMORIAL DAY

Instructions From Gov. Saries and Adjutant Greel. General Headquarters North Dakota National Guard, Adjutant General's Office, Bismarck, May 7.

General order No. 15. The observance of Memorial day should be held sacred by all. It commemorates the valor of the American soldier and sailor, and the ceremonies of the day teach patriotism, respect for our government and the honor of the flag. The commanding officers of the different organizations of the North Dakota National Guard will, on Wednesday, May 30, 1906, parade their commands and report to the commanders of their several local units of the Grand Army of the Republic for escort duty.

The national flag will be displayed on all armories at half mast from sunrise to sunset. At the top of the staff and will remain there until sunset. By command of E. Y. Saries, Governor and Commander-in-Chief. H. M. Creel, Adjutant General.

THE SCHEDULE OF GAMES

Announcement of Games for Teams of Northern-Copper Country League, Season of 1906 Announced--Grand Forks to Play Fifty Games at Home.

After a long delay the schedule committee of the Northern-Copper Country league has made its report, which shows a total of 105 games for the season. The first games are on May 17 and the season ends September 2. Grand Forks, as previously announced, will open at Winnipeg. She plays in all 50 games on the home grounds and 55 away from home. Director Stanchfield was particularly fortunate in securing concessions as to places of playing on holidays. The opening series at Winnipeg, if the weather is auspicious ought to bring into the coffers of the local management from \$1,500 to \$1,800, all of which will help--some. The following is the schedule complete:

Table listing game schedules for Duluth, Grand Forks, and other teams from May 17 to September 2.

A FINE LINE

W. A. Fox Showing Some Elegant 1906 Models of Automobiles.

The Evening Times takes pleasure in calling attention to the elegant line of 1906 model automobiles which W. A. Fox, the "Oughto Man" of 517 DeMers avenue, is displaying here.

Mr. Fox has the Grand Forks agency for the Maxwells, the Fords and the Carter cars. The Carters are a particularly fancy car, and incorporate the latest in automobile improvements. The old style gearings are done away with and the entire machine is controlled with a friction clutch. These cars have a carrying capacity of five and are decorated in a handsome combination of red and black colorings. The acme of construction science in touring cars is to be found in this machine.

The public needs no introduction to the Fords and Maxwells, but those who are contemplating the purchase of a machine will certainly find it to their advantage to talk with Fox, the "Oughto Man" before consummating a purchase anywhere else. He also employs a first-class repair man, who can fix the "chugs" so they won't bother any more.

BUILD CUTOFF FIRST

Men and Teams Start Grading for the Schurmeier Cut Off Which is to be Built as Soon as Possible--A. Guthrie & Co. of St. Paul Have Contract.

The Great Northern Winnipeg trains will be running by way of Grand Forks Junction and the Schurmeier "cut off" by the end of June, according to a statement made The Evening Times today by a prominent official. By way of confirmation comes the further news that Guthrie & Co., the St. Paul contractors who have in hand the work of making most of the Great Northern's surfacing improvements here, this morning started crews of men and teams to work on the grade for the Schurmeier short line, which is to be rushed to completion. Speed is necessary because the company desires to tear up the "Y" near the round house in order to make room for trucks to the site of the new freight depot. As it is now the north bound trains have to use the tracks to get into the depot. After the completion of the cut off, trains will all run from Schurmeier to the Junction and thence to the city.

PEG THEATRE FINE ONE

Walker Bros. to Open Bids Today for Construction of \$175,000 Steel, Fire Proof Playhouse at the Canadian Metropolis--Another at Brandon.

Among visitors in the city Sunday evening were C. P. Walker and J. F. Walker of Winnipeg and F. A. Walker of Brainerd, Crookston, Fargo, Grand Forks and Winnipeg, and also members of the well known Fargo firm of Walker Bros. & Co., who they are to build at Winnipeg this summer. The new playhouse is located on Smith street near Grace Methodist church and will cost complete \$175,000. The structure will be of steel, fire proof, and with a capacity of 2,000 persons. H. C. Stone of Montreal, Canada, is the architect.

The Walkers also stated that they will soon add another playhouse to the circuit this season--at Brandon, Man. They promise some excellent attractions booked for the coming season, but they will not be announced for a few weeks yet. During their stay in the city the gentlemen visited with Gus Meyers, manager of the local theatre. They left this morning for Winnipeg.

Theo. Sanders Helps Dig Five of His Friends Out of Ruts.

The facts concerning the San Francisco earthquake are now coming to the surface and disclose a condition of affairs ten fold worse than had at first been supposed. Dr. Orr Sanders of this city is in receipt of a letter from his brother Theo. Sanders from which the following excerpts are taken. They tell their own story:

STATE M. D'S TO MEET

Nineteenth Annual Session of North Dakota State Medical Association to be Held in Fargo May 15 and 16--Swell Banquet to be Served.

A week from tomorrow there will convene in Fargo the nineteenth annual session of the North Dakota State Medical association, at Frie's hall. The first meeting of the house of delegates will be held on the first day at 2 p. m., and the annual banquet will be served Wednesday, May 16, at 9 p. m. The invocation at the opening session will be made by Rev. H. G. Leonard, the address of welcome by Mayor Johnson and the response by Dr. J. A. Rankin of Jamestown. Following these formalities Dr. Paul Soroknes, president of the association, will deliver his annual address. The papers scheduled for the first day will follow the opening formalities and the first one will be on scarlet fever, by Dr. J. E. Countryman of Grafton. The proceedings will close with a paper and discussion on appendicitis. The railroads have made a rate of a fare and a third for the found trip on the certificate plan and delegates are urged not to forget their certificates.

FARGOANS ARE SKEPTICS

Think That Independent Oil Concern Which is About to Establish Headquarters in Grand Forks is Not Bona Fide--Left Fargo to Come Here.

Among the informed in oil circles there is a tinge of skepticism relative to the reported invasion into Grand Forks of a firm at St. Paul who call themselves independent oil dealers says The Fargo Forum. It is questioned whether they are bona fide "independents." The point is raised that nearly all of the independent oil companies, which finally turn out to be the Standard in disguise, are generally concerned with small capital, but a good grade of credit rating with the mercantile companies an dthat is just the position with the St. Paul firm which promises to invade the Forks. During the last fall and winter there have been a dozen or more representatives of "independent" oil concerns at the office of the commercial club where they have talked and gathered all sorts of statistics and that is the last heard of them--it was queer, too, they all knew of the contemplated coming of the Complanter Co., and that the latter have tanks here which were unloaded on a site many moons ago. Dealers say it is a question whether there will ever be an independent concern here or elsewhere in the state.

A GOOD ANSWER

When William Jennings Bryan was in London, a guide, showing him over an arsenal, said with a malicious chuckle, as he pointed to a pair of rusty cannon:

"I suppose you know where we got those?"

"No. Where did you get them?" Mr. Bryan asked.

"Why," said the guide, "we took them from your Yankees at Bunker Hill!" Mr. Bryan smiled.

"I see," he said. "You've got the cannon, but we've got the hill."

SASH FACTORY COMING

Minneapolis Firm to Locate a Large Sash and Door Factory Here--Will Employ From a Hundred to a Hundred and fifty Men.

Though some effort has been made to keep the matter quiet, The Evening Times has it from a reliable source that arrangements have practically been concluded within the past fortnight, whereby one of the largest sash and door plate glass factories and warehouse in the northwest is to be located in Grand Forks during the coming summer.

T. S. Walker, representative of one of the largest lumber concerns in Minneapolis, which owns and controls a number of yards scattered over the state, was a visitor at Grand Forks during the week just ended and it is understood that his visit here was for the purpose of arranging for a site.

According to the information at hand the new factory will be a building of four stories and will employ a hundred men and possibly as many as a hundred and fifty men. In addition to the factory there will be constructed a three story brick ware house in which will be carried a full line of stock, glass, hardwoods, such as oak, birch and maple.

HE EMBEZZLED FUNDS

Great Northern Express Company's Agent at Rugby Goes "Wrong" to the Extent of \$700--Plead Guilty to Charge of Embezzlement.

Special to The Evening Times. Rugby, N. D., May 7.--Thomas P. Grace, who since last July has held the position of manager of the local office of the Great Northern Express company, has been arrested upon evidence furnished by the company's detectives and charged with embezzling funds to the amount of about \$700. The accused was arraigned Saturday night and plead guilty to the charge. The information at hand alleges that Grace stole a part of the money to invest in a local sporting house and that gambling and association with fast women is in reality the cause of his downfall. The accused's father was formerly agent for the Great Northern railway at Grafton but was relieved several months ago. The arrest and confession of young Grace caused something of a sensation here. He will be sentenced probably in the course of a few days.
