THE FIRST NO-HIT GAME OF THE SEASON

Grand Forks Bunch Let Down by Winnipeg Pitcher With-out a Single Hit.

Harold Bond et al—alias the Winnipeg Maroons—defeated the Grand Forks Browns at Athletic park yesterday afternoon in the second game of the present series, presumably as an evener for the defeat which was suffered on Monday at the hands of Tuesday's defeated.

With the locals it was a clear case of an overdose of Bond, whose medicine was so mixed the ex-Tigers, now the Browns, could not stand the dope. For five short semesters the game waxed glad and the row of zeros adorning the score-board reminded one of setting time in the gander yard, but in the sixth which has come to be something of a hoodoo for the home aggregation, the Peggerville artists fell upon Bushelman and did smote him. When the tracks in the mud had been counted the score keeper found that he had no further use for zero to infinity and hung up the Roman numeral "2" instead.

During all this period, and both before and after, the locals had been wildly ramming the aforementioned Hudson Bay breezes, without effect other than to lower their respective batting averages. To make a long story short Harold Bond for the Canucks let the locals down without a single safe hit in the entire nine innings. The nearest the locals came to securing one was in the last half of the ninth, when Luderus drove into the left field back of third base. Tacker happened to be playing in close and after a long run stooped and barely got his hands under the ball. He dropped it, however, in attempting to recover his equilibrium. Ordinarily a fielder would not have gotten close enough to have even made an error.

Once only in the nine frames were the home batters in danger of scoring, though a man was on Zelder's corner three or four different times with two out, and that was in the third when the Maroons bunched errors. Bond, however, held the key to the situation and there was nothing doing—for Grand Forks. That nine men at bat for a total of 30 times should be unable to make one single safe hit, seems rather peculiar. If it does nothing else it evidences a great need of batting practice on the part of the Browns.

The final score was 2 to 0. Altogether the game was an interesting one and the small coterie of fans that braved the elements enjoyed themselves between the thaws and freezes.

seventh was responsible for the third score made by the Maroons. He was also slow in covering in the inning previous. Piper's one-hand catch of Luderus' sharp drive between center and right field was a peach and won applause from the stands and bleachers. Piper was formerly a circus performer and was simply reverting to his previous vocation.

Ott's hoodoo is still following him. He had one of his fingers disjoined in the fourth and was unable to complete the game. Manager McNeil, who is no novice in the catchers' position, donned the mask and caught the remaining five innings.

One of Piper's hits was a scratch, the ball rolling slowly toward third outside the line and then hitting a chunk of mud, rolled into the diamond, thereby becoming a fair ball. It was too late by then for Harris to make an out.

One thing very much in favor of the local players is that they play ball all the time and avoid disputes with the umpires. Duluth and Winnipeg teams, which are the only ones yet seen on the home diamond, both evinced a determination to chew the rag with the arbiter.

The game which was to have been played at Fargo today between the university and agricultural college ball teams was called off on account of too much rain. It was storming in Fargo last evening when the A. C. management phoned and suggested that it would be better to postpone the contest.

To Harold Bond, the ex-Tiger, belongs the honor of pitching the first no-hit game of the season in Northern-Copper Country league, and so far as can be discovered, in any league in the country. A peculiar note in this connection is that Bond stated to Capt. Zelder just before the game that he was feeling out of repair and desirous of giving way to another member of the staff.

NEWS AND NOTES OF SPORT.

Perry Werden is playing first base for the Vicksburg club of the Cotton States league.

The Houston and San Antonio clubs of the South Texas league played a sixteen-inning game recently and not a run was scored on either side.

Tom Shevlin's defeat in the Harvard-Yale dual game was a great surprise to the Yale followers who had picked Tom to eat up everything in sight at Cambridge.

The pennant race in the Three-I league has been getting interesting with Dubuque, Springfield, Peoria and Cedar Rapids doing the in and out stunt for first place.

The annual Decoration day regatta takes place today on the Harlem River, New York. A number of clubs from Philadelphia, New Jersey and the metropolis are entered.

Tommy Murphy, the little Gotham fighter, is slated to mix it up with Matty Baldwin tonight at Chelsea, Mass. Efforts have been making for a long time to get these two together and the result of the meeting is

awaited with interest by the Boston fight fans.

"Billy" Lush reconsidered and did not jump the Philadelphia Nationals.

The Derby, the greatest of the world's annual turf events, is to be run at Epsom today. King Edward has two colts entered which are regarded as having a look-in for the coveted prize.

It is said that Steve Griffen, who jumped the Baltimore club last season, has been playing this year with the Mt. Clemens team of the Michigan State league under the name of Stevens.

At the present time it looks as though the ball clubs of New York, Philadelphia and Chicago, in both leagues, have a look-in for pennant honors. Two teams in the same city to win championships would be something new.

Tokalon, the winner of the Brooklyn handicap at 25 to 1, ran the course in 2:05 3-5, which was within a fifth of a second of the record established by Irish Lad three years ago.

Boston is one of the few places on the map where cycle racing still holds out. Memorial day without a cycle race would not be Memorial day in the Hub. Following custom a race meet is to be given at Revere today with Bobbie Walthour and Hugh McLean to meet in the principal event.

Fargo a Winner.

Duluth, Minn., May 30.—Fargo won a farcical game from Duluth here yesterday, bunting hits on Ferguson in three innings. The weather was bitterly cold and the fielding dumb, although five fast double plays were worked in. Duluth's errors were very costly, while Fargo's came when they did not count. The score:

Fargo 2 0 4 0 0 3 0 0—10 9 5. Duluth 2 0 0 0 0 1 3 0 0—6 11 6. Batteries: Fargo, Finnegan and Stripp; Duluth, Ferguson and Adams. Umpire, Anderson.

Calumet Again.

Calumet, May 30.—Schurch, Lake Linden's star pitcher last year, arrived yesterday and went into the box against Calumet. He was wild, giving three bases on balls and hitting three, and through them he lost the game. Larson, the local man, pitched good ball for the Aristocrats and was well supported. The score:

Lake Linden 1 0 0 0 1 0 0 0—2 7 2. Calumet 4 0 1 0 0 0 0 0—8 6 7. Batteries: Lake Linden, Schurch and Kurke; Calumet, Larson and Leahy.

Michigan Elections.

Municipal elections were held in Michigan City Monday and the result was as follows: Mayor—J. H. Ferrett. Aldermen—J. P. Lamb, A. H. Smart, Oliver Knudson, Keith G. Gordon. Treasurer—M. F. Scarff. Police Magistrate—W. H. Smith. City Justice—Robert Milligan.

CHANCE FOR A DULL PUPIL.

Educational Experiment Which Has Solved Most Vexing Modern Problem.

The superintendent of the schools of Batavia, N. Y., has apparently solved one of the most vexing questions which have to do with modern education. It is a realization of the Pestalozzian theory that each pupil has a right to be educated personally for what he can best achieve. For many years it has been charged against the public school system that the standards were set for the clever pupils to the detriment of the backward and dull ones. If the "Batavia experiment," as it is called, proves after long trial to do what it is hoped it will then primary education will be infinitely bettered.

Mr. Kennedy, the originator of the scheme, proposed to the governing board of Batavia to procure the services of an extra teacher for each room whose duty it should be not to listen to recitations, but to help and encourage any pupils who were falling behind the class. It was to be entirely a work of sympathy and demanded great tact and discernment. The plan was tried in a single room and the result was so marked in both pupils and teachers that the experiment has spread rapidly and is being introduced in all the better schools in the United States.

Its value can not be overestimated. The teachers are stimulated to do less nagging, while the pupils themselves are relieved from going beyond their ability and strength. And the effect on health of the children was also marked. No books were taken home for night study and six times the number of pupils remained to graduate from the high school.

The Prophecy Came True.

Jingle—I knew that fellow Storms, the comedian, would come to the front.

Weller—And he has, has he not?

Jingle—Yes. You remember he used to play the part of the hind legs of the elephant in the pantomime?

Weller—Yes.

Jingle—Well, now he is playing the front legs.—Royal Magazine.

Overheard at the Garage.

"Yes," said the polite demonstrator, "here is an automobile intended for long tours. Why, here is even a place for knives and forks."

"Ah, indeed," said the caller. "And what would you call that little machine over there just built for two?"

"Oh, that's a place for spoons."—Chicago Daily News.

His Wit Broke Loose.

"This close confinement," said the long-faced prison visitor, "must distress you greatly."

"Yes," replied the facetious convict, "I find the prison bars glaring."

"Ah! life to you is a failure."

"Yes; it's nothing but a cell."—Tit-Bits.

Albert de Luse, the French champion defeated Gould at tennis, 8-6.

Flying Across the Continent.

Across the continent in less than three days, which has just been accomplished by Railroad President Harrison, is a record which makes the hair of oldtimers to stand on end. It comes so close to Puck's pride of times to see that one has to blink a few times to see if this is an age of fact or only of oriental fancy. There are still living many of the argonauts of 1840, men who braved every danger to reach the gold fields of California. Six months used to be a good time limit for the trip to San Francisco. Now it is only 71 hours. Yet we must not forget that it was the men of courage and persistence who made the six months' trip that eventually built the road that makes a tour to California a mere pleasure trip instead of the event of a lifetime.

Sad Mistake.

Some men think the only way to reaven this world is to retire to heaven and try to wash it with the rain of their tears.

Naming the Baby.

"You've got a good collection of works of fiction, Smithers."

"Pretty fair. My wife bought them to look for a poetic name for the baby."

"And what did you call her?"

"Susan."—Tit-Bits.

Only One.

"There's one thing I can't understand, don't you know?"

"Then what Jack Huger said about you is true?"

"Aw-er—what was that?"

"He said you were not such a fool as you looked."—Houston Post.
