

THE GREAT NORTHERN HAS FAITH IN THIS CITY--WATCH GRAND FORKS GROW!

H. J. KEZLEY BOTH PHONES 332 L. J. W. BURGESS GRAND FORKS REALTY CO. INVESTMENT BANKERS SECURITY BUILDING Houses for Sale and Rent, Fire Insurance, Money to Loan

7500—Nice little five-room house on North 5th St. This is a bargain. 11200—Buys one of the best little seven-room cottages in the city. Good well, two small barns, lot 50x140. If you are looking for a snap, let us show you this. 8100—New seven-room house, close in on North 4th St. This house is double plastered, has hardwood floors downstairs and is modern except heat. Lot 50x140. This is the best snap in the North End. 8100—Buys elegant seven-room house on North 2nd St. City water and sewer, nice lawn and shade trees. This property is in an A-1 block and is a snap at this price. Easy terms. 11700—New six-room house just completed on North 5th St. Lot 50x140. If you are looking for a bargain here it is. \$350.00 handles. 8200—Buys a strictly modern seven-room house, including steam heat, gas, city water, sewer and laundry. Nice lot, beautiful shade trees and lawn. Only five blocks from Postoffice. This property will stand the strictest investigation. 11750—Good eleven-room house close in on North 4th St. Little barn, city water. Just the thing for some one wishing to keep boarders or roomers. Investigate. 8250—Buys the best two lots left on North 4th St. These are worth more money and will not last long at this price. Look them up.

We can point you to many cozy homes in Grand Forks which we have been instrumental in securing for people of salary who would otherwise still be paying rent, and we can serve you just as satisfactorily. We would like to know where you can plant your "vine and fig tree" to the best advantage so that you will have a nice neighborhood in which to live and raise your children, and where you will be sure to get a good increase on your investment should you ever want to sell.

Coming Events. June 25—Opening of the summer school at the state university. July 10—Rising Bros. circus. July 30 to August 3—Red River Valley exposition in Grand Forks. July 30 to Aug. 3—Red River Valley exposition in this city. July 30 to Aug. 3—Red River Valley exposition in Grand Forks. Republican state convention—James-crow, July 13. Democratic state convention—Minot, Aug. 24. J. W. Ross, the architect. W. J. Edwards, the other architect.

THE CITY IN BRIEF

Loans. The Hatcher Brothers' Corporation have funds on hand for some good city residence loans, on easy terms. They also have funds on hand for good commercial loans to responsible merchants and dealers in the northwest. Koch Hurdled. Professor Koch of the university, will be a busy man for the next week or ten days. Wednesday he left for Cando where he was to give a speech before the Teachers' Institute that afternoon. In the evening he was billed for a recital in the same city. From Cando a trip of forty miles will be taken overland to Langdon and another recital will be given in the afternoon. That night the university class play is to be presented in Langdon and the brunt of the work in connection with this presentation will fall on Mr. Koch's shoulders. The play will also be presented at Larimore, Devils Lake, Rugby, Leeds, Leeds and Minot.

Crary To Wehe. Last Thursday evening Deputy Sheriff Cavanaugh handed us a nice little package in the way of a summons. Upon reading it we arrived at the conclusion that L. J. Wehe, of this place, has sued us for the modest sum of \$15,000.00 dollars for libel. Being well acquainted with Wehe, we do not take the matter seriously. We know of several heavy damage suits which he has started against people, but we have not heard of his getting anything out of them. At the present time we do not predict and serious results. Who will be the next victim?—E. M. Crary in his Edmore Herald.

Houska Nominated. Charles Houska, one of last year's graduates from the Law school, is doubling in politics out in Towner county at Bisbee, where he is located. He has secured the Democratic nomination for states attorney in that county. "Charley," as he was known at the "U" was very prominent in athletics, having played on the football team and the baseball team. He also was the winner of the Wardrop prize last year, which was given for the best showing in handling a football—that is in punting, catching punts, place and drop kicking.

One on the Engineers. Local Great Northern railroad men are telling a good story on two engineers who ran through here but who make their homes at Larimore. The two men in question spent yesterday in the city and desiring to go home last evening jumped No. 1, with the intention of doing the blind baggage act to Larimore. The conductor ditched the two men at Ojata and they were compelled to "hike" it to Emerado. Both had passes home, but the passes are no good on the Oriental Limited.

A Man of Means Now. Among the visitors in town last evening was H. J. Rustad, formerly in the banking business at Edmore, now about to locate in Tacoma, Wash. Less than ten years ago, Mr. Rustad was a clerk in the local Great Northern offices. He is now rated at close to the quarter million mark. He is on his way to the twin cities to buy fixtures for a new bank in which he is interested.

Going East. B. F. Felton, of Antler, N. D., a brother of M. E. Felton of this city, was a visitor in the city last evening with the latter on his way east to Burr Oak, Michigan, the old home, where he will make an extended visit. Mr. Felton is engaged in the real estate and loan business at Antler.

National Bank Examiner. E. H. Tyler, of Fargo, one of the national bank examiners for the North Dakota, was a visitor in the city last evening.

A Noted Woman Here. Miss Mary B. Fleming of Ellendale is spending a few days in the city and attended the university commencement exercises. Miss Fleming will be remembered as the young lady selected by the students of the university at the request of President Hill to christen the great ocean liner, "Dakota." She was received with every mark of esteem by the people of the east and was the guest of some of the most distinguished families, and she became popular as a typical representative of the intellectual and energetic western woman.

Will Distribute Flowers. Mrs. Bancroft will be at the hospital flower garden tomorrow afternoon at 2 o'clock for the purpose of furnishing the flower growers with pansy plants. She will also distribute the chrysanthemum plants to those of the children who have not received them. Mrs. Bancroft is desirous that each child receive these plants so as to have a special chance of winning the prize, which is now attracting so much attention among the children of the city.

Quite a Scheme. A Grand Forks lady has evolved or rather discovered a scheme for mending broken dishes which, if as successful as claimed, is the real thing. Her scheme is to take the broken parts and temporarily stick them together, then place in boiling milk and leave an hour. The broken parts weld so snugly together that it is impossible almost to tell that there had ever been a fracture.

Bunch of Bankers. Quite a bunch of North Dakota bankers visited in the city last evening, among them the following: Geo. D. Page, cashier of the bank of Westhope at Westhope; E. W. Winters, formerly in the business in Rolette county, now with the Union Investment Co. of Minneapolis; and H. Rustad, formerly in the banking business at Edmore.

Wedding Couples. Mr. and Mrs. J. P. Power and Mr. and Mrs. A. Heapy of Langdon were in the city last night. Both couples are on a honeymoon trip, and while no rice nor old shoes would be found, it was evident that they were among the happy victims of the god of the bow and quiver.

The Musical Comedy "The Umpire." Possibly the most important of the musical comedy attractions that will visit Grand Forks next season is Mr. Harry Asklin's production of "The Umpire," whose marvelous run of 315 that are marking the long run of "The Umpire" in Chicago.

A Farewell Spread. George DeLair, who is soon to leave the city for Green Bay, Wis., where he will take charge of the Sherman cafe in company with a brother, will give a farewell spread to his gentlemen friends on Monday, June 18, at the Hotel Antlers.

Livery Resumes Business. Smith & Sinclair announce to the public that they are prepared to furnish livery teams of every kind to the trade. They may be found at the old stand. Telephone 293, East Grand Forks.

See Brother Graduate. Harold, son of Mr. and Mrs. R. McCoy, left last evening for Chicago, where next week his brother, Lawrence McCoy, is to be graduated from Highland Park Military school. The two will return to Grand Forks the latter part of next week.

Quits Territory. B. J. Munn who for some time has been the representative of the Cudahy Packing house, has been transferred to a position at the house at St. Paul, and will not cover this territory any more. He is succeeded by A. W. Hanson.

Further Delays. Unexpected delays have made it almost impossible to move into the new federal building before July 1. It had been expected to change locations at least by the middle of June.

At Work Again. M. P. Delaney, who owing to an injury has been enjoying a few quiet days off duty, came in last night from St. Paul and left immediately for the west.

Johnson Gets Big Contract. E. H. Johnson has been awarded the contract for painting the Ontario block, and has already commenced work on the priming.

Minnesota Crack Coming. The champion tennis player of Minnesota, George K. Belden, has written to the secretary of the tennis association and signified his intention of entering the tournament on August 6 in this city at which time the \$500 cup will be hung up for first prize. The Crookston tennis enthusiasts are also very jubilant and as soon as the weather is favorable expect to take a trip to this city and trim up the Grand Forks bunch. The Grand Forks team has a good line-up to pick from with many old players in reserve. Some of the locals are Fred Willison, Dr. Bates, Will Raymond, Harold Corliss, Dr. Whitcomb, Alvin Clifford, Daniel Bull, Will Dickenson, George Elton and John Ogren.

Expert mixers from New York, Parker and Richardson, at the Dacotah Pharmacy Saturday.

Tonight at Langdon. The members of the cast of the university class play were passengers this morning for Langdon where the play is to be presented this evening in the opera house. Langdon people are very enthusiastic over the play and a crowded house is almost an assured fact. From Langdon the play moves to Larimore for a one night stand and from there west to Devils Lake, Rugby, Leeds and to Minot.

The up-to-date place. Experts in all departments. Dacotah Pharmacy. A Successful Tournament. The state five tournament at Minot closed last night after a week of busy attractions. The tournament was one of the most successful ever held in the state and many complimentary remarks have been passed concerning the city of Minot and its hospitable people.

Saturday special at the Dacotah Pharmacy. W. C. T. U. Supper. The ladies of the W. C. T. U. will serve supper tomorrow evening in a tent in the rear of the N. W. telephone building. The public in general are cordially invited to have their supper here instead of going home. The price will be 25 cents.

Adding a New Department. The Wolf has just installed a first-class fur repair shop. Mr. Chas. Vogel, the well-known furrier, is in charge. We store and insure your furs, repairing neatly and reasonably done.

Has Bought a Launch. Al Logan has purchased a beautiful launch of Henry Piets of Bemidji and will use it on Maple lake during the summer.

Music Saturday afternoons and evenings at the Dacotah Pharmacy.

PERSONALS

George DeLair went west this morning. Fred G. Wells left last evening for Crookston. H. O. Olgard of Lakota, was in the city last evening. C. G. Kenyon of Ardock is a business visitor today. Peter Nelson is a visitor in the city today from Fargo. N. C. Beckwith and wife of Doyon are shopping in the city today.

Architect Smith went to Langdon on professional business this morning. W. R. Decker of Crystal was among those who spent last night in the city.

W. J. McAllen of Osnabrock is here for a combined business and pleasure trip. Mrs. C. D. Lord of Park River is spending a day with friends in the city.

Miss Lizzie Hashler of Cavalier is visiting friends in the city for a few days. J. N. McDonald of Grafton, was a prominent visitor in the city over night.

Mrs. Charles Beil of Crookston is the guest of friends in the city for a few days. H. P. Cooper and Harry F. Cooper, both of Drayton, are spending the day in the city.

E. A. Tucker of Wheatland, was among the prominent visitors in the city yesterday. Wm. MacKenzie and G. N. McCabe of Grafton are among today's visitors from the north.

Evans Howard is a visitor in the city from Pembina, where he is in a large drug store. Mrs. J. J. Weeks of Bottineau arrived in the city last night for a brief stay with friends.

There will be a dance in the Woodman hall at Merrifield Saturday night. Everybody welcome. Owen Hatcher left last evening on a business trip to Winnipeg. He will be gone a day or two.

Pearl Curtis of St. Thomas will leave tonight for Fargo, where she will visit for a few days. Geo. McCabe, superintendent of the McCabe Elevator Co., was an arrival from Grafton last evening.

Attorney Butler Lamb of Towner, was a visitor in the city last evening, leaving for home on No. 1.

E. J. Lander and son, Miles, left home in Rockford, Illinois. They will return home probably on Sunday.

Miss Pearl Curtis arrived last evening from St. Thomas for a visit with her sister, Miss Frederica Curtis.

Gertrude Beers left last night for her home in Platteville, where she will spend the next three months.

O. G. Hansen, a candidate for the office of sheriff of Grand Forks county, is in town from Northwood today.

Elle Onlon was a passenger this morning to Inkster. She has been taking in the commencement exercises.

John Orchard and son of Fargo have been visiting in the city for several days and this morning left for Winnipeg.

Burt DeRoche was a passenger to Maple Lake today. He expects to spend a good portion of the summer there.

Mary Collinson and mother returned today to Devils Lake. Miss Collinson has just graduated from the university.

Leo J. Hartnet, of Minot, a real estate man, was a visitor in town last evening enroute from Dubuque, Iowa, to Minot.

Emmet Dougherty expects to leave today on his return to Park River, where he is engaged in the automobile business.

Stephen Westcott, a former resident of this city, and Lew Mellen, both of Bottineau, were arrivals in town last evening on No. 6.

Bernard Sandile took the morning train for Lakota, where he expects to spend the vacation, returning to his college work at the university next fall.

E. C. Cooper returned this morning from Fargo, where he has been attending the annual meeting of the North Dakota Sportsmen's association.

S. Friedman returned to the city last night after an extensive trip to the east. While away he visited in many of the large cities—New York, Chicago, Philadelphia and others.

Miss DeLore returned today from Forest River, where she has been attending to the needs of Mr. Woods, who has been seriously ill with appendicitis. He is now almost entirely recovered.

James Blacklock and John F. Major, of Wahalla, were over night visitors in town on their way home from the State Farmers' Association at Minot. The first named gentleman is chief of the Wahalla fire department.

Mrs. Scott Rex and the younger children left last night for Wooster, Ohio, where they will spend a greater part of the summer with relatives. The city attorney and his older daughters will keep house the meantime.

R. S. Dewar, formerly superintendent of the Devils Lake city schools, but now largely interested in Canadian land matters, having his headquarters at Winnipeg, is in the city interesting some of the local people in opportunities for getting rich across the line.

Fred Larson, a graduate from the university law school two years ago, has been in the city for the last few days and left today for Leeds, where he will visit for a few days. From there he returns to his practice in Turtle Lake, one of the new towns in the western part of the state.

A Little Money Goes a Long Way

Toward the purchase of a lot on which to build a home and we believe that we can make your dollar bring more property than you can yourself and for that reason suggest that when you are in the market for a lot, or a house and lot, that you come in and see us. We will always give you the very best deal we can, and just now we have some mighty good propositions for the family that has hopes trending towards a HOME.

\$2100—B-789. This is a six-room house, new and complete, never occupied before. The house has city water sewer and bath, has also a good bricked up cellar. 60x140 ft. lot. Located in a very good locality. If you want a good new clean house, here it is. The price is very low and we can fix the terms so you can handle it with a very reasonable cash payment. Let us show it to you. Possession can be given immediately.

\$1900—B-789. Here is another new good house. Seven large rooms. 40x140 ft. corner lot. A very good bargain. Reasonable terms can be arranged for.

\$2000—B-788. A seven-room house in the South End. The house is in good condition and situated on a 50 ft. lot.

\$2500—B-788. A 10-room house in the North End. Good condition. Beautiful lot with large shade trees. Good barn on premises. City water. \$1,000 cash handles it. Splendid proposition for a rooming house, or for a large family.

\$700—B-787. A small house on a 50 ft. lot. \$100 cash. Balance \$15 per month. This property rents for \$7 per month. Good proposition if you have a little money for investment. Equally good for a home.

\$75—Close to school, etc. This locality is building up rapidly, and buying property here at present prices will prove a very wise thing to do. \$10 down, 45 per month. We sell our lots so anybody can buy.

We Loan Money When you are in the market for a loan, come in and see us. We may be able to save you a little money. on City Property

E. J. Lander & Co.

GOVERNMENT CROP REPORT FIGURES INDICATE A CROP OF 715,000,000 BUSHEL FOR THE UNITED STATES Wheat Will Have to Go to an Export Basis Before the Old World Will Take Our Enormous Surplus. Oats Are Booming on the Prospect of 120,000,000 Shortage in the Next Harvest and the Strong Cash Situation. PACKERS HAVE VIRTUAL CORNER ON PROVISION SUPPLY The foreign crop situation shows the same excellent prospects for large yields as is so apparent in this country. Russia being especially favored in this respect and cables say that the only apprehension now being felt by the farmers in the southeastern and central parts of this country is the likelihood of being unable to get labor to harvest their unusually large crop. Germany expects to enter the ranks as an exporter this year instead of being an importer. Argentine cables have been a favorable tenor for the past month and the weather there has been excellent for all kinds of farm work. They are developing into a very formidable competitor of the United States for the continental wheat trade. They being favored with cheaper lands, cheaper labor and lower ocean rates, are able to undersell us at present prevailing prices for the American wheat. Their exports since January the first total 62,540,000 bushels against only 61,000,000 bushels for the same period for 1905. Our surplus wheat after deducting current needs up to July the 31st will be something over 51,000,000 bushels. With the present fine promise for a bumper crop, wheat will have to go to an export basis, which would mean about a 6 cent decline, as we will be dependent on foreign markets to take our surplus supply of our hands. We see nothing in the present situation upon which we could advise purchases, but, we do believe that there is real merit in the short side and would advise our friends to sell wheat short at prevailing prices for material profits. The government report on wheat indicated a crop of 715,000,000 bushels against last year's crop of 692,000,000. The condition of the spring wheat on June the 1st was given as 92 and this has been the average for this date for the past ten years. This June the 12th gave the condition of growing wheat in that state as 95, which is the highest condition ever shown in the state at this time of the year. Reports from the threshing crews in Texas say that the yield there is running from 15 to 25 bushels per acre and the quality is excellent. This is the largest yield that Texas has ever enjoyed. A reliable authority, who has been uniformly accurate in his estimates, says that Oklahoma and Kansas will raise 20,000,000 bu. more wheat this year than last and says that the yield will be of excellent quality. Harvesting will be in full blast in these two states inside of the next two weeks. A car of new wheat was received in St. Louis yesterday from southeastern Missouri that weighed 62 pounds to the bushel and was of very good quality. This car was said to be a fair sample of the wheat in the community from which it was sent. The northwestern crop outlook was never better at this time, with the possible exception of a small strip in the lowlands of the Red River Valley, where the moisture has been too plentiful for seeding. Canadian advices say that the acreage seeded to wheat in that territory this year exceeds last years by 12 to 15 per cent. The fine sunny weather after the early rains has given the crop the finest kind of a start and the stands are now from 10 to 18 inches high and the promise was never better for record breaking yields there. Prices for corn have been very steady and somewhat higher on damage reports claiming insufficient moisture. Our advices for the past few days lead us to believe that all danger on this score is now past, and that the fine weather, following the liberal rains has put the growing crop in the best possible shape. The demand for cash has been very light and the export demand is practically nothing, eastern shippers absolutely refusing to follow the advance in the options. The largest holders of the long stuff have dumped their holdings and are now playing for a good reaction on the short side. There is nothing to merit corn selling above 35 cents. The acreage planted to corn this year far exceeds any previous acreage and the weather is ideal for growing. Sell short on every little upturn and you will not go far wrong and will be in a fair way to reap big profits. The Government report made the acreage for this cereal only 27,678,000, a decrease from last year's acreage of 288,000 acres and it gave the condition of the growing crop at only 86. This with the best possible kind of weather and conditions from now on would make our harvest about 125,000,000 bushels smaller than last year. The buying that has been attracted to this commodity since this report was issued has been of the best possible character. The orders have poured in from all parts of the country to buy and have carried prices up with a rush. All indications point to a continuation of this movement. Cash demands are excellent. Stocks at all receiving points are about exhausted and are only about enough for current domestic needs and with any pronounced export demand we would indeed be in a sorry fix. We believe that purchases of September or December oats made now will show very big profits before the end of the summer. Prices for these commodities while not active have been very strong and show material gains since their little setback caused by the Chicago packing house exposures. All the selling of consequence has been by speculators and small longs and the packers have been the buyers, they now have absolute control of the market and can buy at \$1.05 advance as compared with year ago figures. The hog crop is undoubtedly a short one and farmers will not sell their short crop at the prevailing low prices. This is especially true where the farmers have to buy feed at the prevailing high quotations. Meat and lard shipments show enormous increases when compared with last year. Stocks of meat and lard in this country and Europe are nearly exhausted. Receipts are falling away below last years average. These and numerous other adverse conditions, will force prices up considerably from their present levels and we would advise the purchase of provisions at present levels.
