We'll All Go Some July Fourth

What Stanchfield Says

"VACATION TIME IS NOW ON"
How about you? Are you on or off? Well, it's just this way—you had better get on to one of my \$18.00 Blue Serge Suits cut and made to my own order and then you will enjoy your vacation and you can make the Blue Serge do three stunts—Vacation, Business and Dress. What more need you care if you do wait till we get a few more lakes. Maple Lake is a good place and you can see my \$18.00 Suits worn there every day. Why not you?

"FURNISHING BILL OF FARE"
Those \$7.50 Panamas and \$2.50 Milan Straws are what the fellows are eating up now days and they are satisfied when they wear them. How about you does your headache from paying the "other fellow's" prices? Speaking about vacation, my vacation shirts are 3 for \$5.00 and you can look like the ready money and keep cool anywhere. You may ask why! Just because I have them cut and made to my own order just as I say and know that's right.

"BILLY POLKA DOT AND ALICE LONGWORTH GRAY"
Are the new arrivals this a. m. on the Oriental Limited and I have just tied a 50c tag to them to see how fast they can go. They will finish soon because there is not many of them and they're worth 75c.
Roswelle Ha's \$3.00 on The Corner, Broadway Fancy Vests \$2.50. That's easy, Fancy Silk Hat Bands 25 and 50c, Narrow Leather Belts Ditto. Walk down in Crossette Shoes if you want to catch the train.

EAST SIDE

FOR COUNTY SUPERINTENDENT.
Prof. Rystad of Cilmox Will be a Candidate for Nomination.
O. H. Rystad has filed as a candidate for the republican nomination for county superintendent of schools. Mr. Rystad has been a resident of Polk county for the past eighteen years except during two or three terms which he taught in North Dakota. He is a graduate of the Minnesota university and also of the state normal school. Prof. Rystad is now principal of the schools at Cilmox, which position he has held for two years. His education, training and experience in educational work thoroughly equips him for the position of county superintendent. He is the first person to file for a county office, although several have filed for representative of the state legislature.

Needs an Explanation.
The Crookston Times says: Paddy Sullivan came over this morning from East Grand Forks, going out on the Greenbush line. With Brakeman Harrington they waggled their nose makers in the Emerald style that made the Scandinavians go way back.

SHERIFF'S TRIP.
Goes to Washington, Ottawa and Winnipeg Before His Return.
Sheriff Gonyea left last evening with the prisoner Slyoord whom he took to Stillwater to begin serving time on his eighteen months sentence for stealing wheat. Before returning the sheriff will go to Washington, D. C., from there to Ottawa, Canada, and home by way of Winnipeg where he will get the prisoner "Blondy" Morris. This long trip was found necessary to get the necessary extradition papers with which to get Morris. It will be a heavy bill of expense on the county but is apparently unavoidable.

Woods Case Settled.
The case of Woods against the city has been decided in favor of the city. The verdict was just what every citizen knew it would be, for he never has one chance in ten thousand of winning.

Visiting at St. Paul.
Mrs. Fred J. Shyerhorn left this morning for a visit with her parents at St. Paul.

Out of Town Shoppers.
Mr. and Mrs. Peter Sullivan of Key West and Mr. and Mrs. C. Quern of Northland were in the city shopping yesterday.

First Official Shoot.
The first official shoot of the East Grand Forks Gun club was held yesterday. There are four trophies open for contest. One is the loving cup offered by the Peters Cartridge company. Another is the Blue Light loving cup for new shooters. The other two are artistic badges offered by the Hamm Brewing company and the N. C. Olson company.

Will Look Over Buildings.
Superintendent Goveaux of the N. P. is in the city today for the purpose of inspecting the new freight depot and looking after the other improvements of the company at this place.

Doesn't Like Canada.
John Hallen has returned from an extended visit from Edmonton and other western Canadian points. He thinks that country is decidedly over-boomed and that a reaction is bound to come.

Dead Man Identified.
The man who was killed at Hixon's Monday and whose body has been at Sullivan's undertaking establishment, has been identified by Dr. Duggan of Grand Forks for whom he worked for some time. His name is John Kearns, and his relatives are supposed to be rich and highly respectable, though at this time they cannot be located. The body will be held pending an investigation for the purpose of locating them. Undertaker Sullivan deserves considerable credit for ferreting out the matter as he has.

MATRIMONIAL
Grand Forks Young People Separate Themselves From Single State.

Miss Jennie Woods, daughter of Mr. and Mrs. Robert Woods of 501 N. Fourth street, was married this morning to Mr. C. F. Kilgore, also a resident of this city—both popular and well known young people. The ceremony was in the nature of a happy home wedding and was performed at the residence of the bride's parents, Rev. F. E. R. Miller officiating. The bride has been employed for sometime in the book department of the Ontario store, while the groom is in the employ of the Great Northern. The Evening Times joins the numerous friends in the offering of congratulations.

Dean-Schell.
A report which reached the city this morning gives note of the marriage of Mrs. Lizzie H. Dean to Mr. Plummer T. Schell, both of this city, today at Forest River. The bride is a well-known Grand Forks young lady and the groom is an employe of the Benner, Begg & Garvin stores. The usual congratulations are in order.

Rev. Frank H. Hays today joined in marriage Miss Alice E. Bailey, of this city, to Mr. Peter A. Marshall of Jamestown, N. D.

GRAND FORKS GETS THE MASONS FOR NEXT YEAR
The Grand Lodge of the State Selects the Convention City for Next Meeting.

It was decided by the grand lodge now in session at Fargo that Grand Forks is to be the meeting place for the lodge next year. This will bring to this city a large attendance of visiting masons and friends at that time. Grant S. Hager of St. Thomas has been promoted to the head position of the grand lodge in the state at the meeting at Fargo today.

Korea has matrimonial complications in high circles. No young woman of the better class can be married till a consort for the Crown Prince has been selected. For not sending lists of eligibles as ordered, three governors of provinces are slated for punishment.

Knighthood was intended to serve as a mark of distinction for deeds of renown and merit. "Knight" properly signifies a person who, for his virtues and martial prowess, is raised from the rank of gentleman into a higher class of dignity and honor.

THE AFTERMATH OF CONVENTION OF MECHANICS
Evening Session With Banquet and Toasts—Bismarck is Chosen for 1907 Meet.

The first annual convention of the Mechanics Mutual and Benefit association of North Dakota which came to a befitting close shortly before midnight Tuesday at the Commercial club rooms, was a decidedly successful and profitable meeting. As noted in the Evening Times report of yesterday, the attendance was about 125 and twenty-two counties of the state were among those represented.

At press hour Tuesday the convention was engaged in the selection of a committee on legislation and the discussion of ways and means.

The membership fee of the association was fixed at \$5, and the annual dues at \$4 per annum, payable quarterly, the members of the Cavalier county and the Mouse River Loop associations being admitted to membership without the payment of the membership fee.

Bismarck in 1907.
Minot, Grand Forks and Bismarck were candidates for the 1907 convention, and Bismarck was selected largely because of the fact that the legislature will be in session at the time—the first Wednesday in February of each year being fixed as the date for the annual meetings.

Needed legislation in the shape of a mechanics' lien law, similar to that which failed of passage at the last session, was discussed, and it was decided that the members of the association should make it a point to urge the passage of this measure among the members of the legislature from their several districts.

Legislation.
It was also moved that a legislation committee of five be appointed to take charge of this or any other proposed legislation, and President Currie announced on this committee R. Martin, Dresden; Christ Peterson, Dickinson; Jas. Ridpath, Inkster; Robert Melkielehn, Langdon, and F. M. Hayes, Minot.

It was also moved and carried that the president name employment agents, one at Grand Forks and one at Fargo, to whom the members of the association might look to when in need of help. As such agents President Currie named E. Emard, Grand Forks, and Jess Reese, Fargo.

Scale of Prices.
The question of a scale of prices was discussed at the afternoon session at considerable length. The two county associations have such price lists, very similar in regard to charges, and one of the portions of both will be adopted as the scale of charges to be used by the members of the state association. It was announced that these prices were not iron-clad, but that they should be followed as closely as conditions would allow in the various sections of the state.

It was also decided that the association should have an organizer, and M. M. Way, Ray, was selected as such organizer. He will be required to furnish a bond and will be in charge of the work of increasing the membership of the new association, which it is hoped will number every blacksmith in the state in its membership.

There were many other matters of interest taken up and discussed at length, and the meeting was acknowledged one of the best ever held in the organization of any association, and the smiles present showed the greatest interest in the proceedings.

Before adjournment the thanks of the association were extended to the traveling men who were present and who had aided so materially in getting the new association started, and to the firms that have taken a lively interest in the welfare of the proposed association.

The Crowbar, published at Minneapolis, was made the official organ of the association.

The evening session was given over to Mrs. Lizzie H. Dean of the business of the association and the appointment of various committees, the association voting one-half the quarterly dues as the salary of the secretary.

The Banquet.
Sharp at 7 o'clock in the evening a buffet luncheon was served by Caterer A. Logan. The feast was an excellent one and at its conclusion, N. Lafleur, as toastmaster, announced that there would be a season of good-will talks, toasts and stories. Everybody took a hand in including C. P. Ingemanson, who had something to say about feet, also. About midnight the fun broke up with three cheers for the Grand Forks members who provided the entertainment and for the city and state in general for the royal good treatment afforded.

Notes.
The convention was a great success and many were the remarks of astonishment expressed because of the unusually large attendance and interest that was demonstrated. Not all the credit belongs to the delegates. The representatives of the large wholesale houses—dealers in hardware, iron, tools, etc.—did a great amount of executive work to help the cause along. The traveling men had been boosting the convention the several weeks preceding.

Twenty-two counties of the state were represented in the convention. The roll-call late in the afternoon showed an attendance of about 125.

The buffet luncheon, served by Logan, seemed to "hit" the right spot and the way the boys "went in" was indeed a caution. The spread was the work of the Grand Forks members of the craft.

The Kelley-Howe-Thompson Co. of Duluth, wholesalers in hardware, had four representatives present and boosting things along. They were Napoleon LaFleur, H. W. Higgins, J. H. Bobbers and Chas. Smith—all good fellows and well met.

Vice President Turner has a way of saying and doing things that shows his heart is in it for the success of the association. President Currie admits that he is no orator, but he is a general favorite with his fellow craftsmen and knows the business from A to XYZ.

SORLEY LOSES
His Former Partner Gets Verdict for \$937.44—Other Court Notes.

After an exhaustive trial, complete arguments and a consideration of three hours by the jury, that body returned a verdict for plaintiff of \$937.44 at 5 o'clock last evening in the case entitled H. A. Bergman vs. John Sorley. This, it will be recalled, is a suit by a former partner of Sorley's for \$1,200 claimed as his share in an action had under the partnership.

Skulason & Skulason appeared for the plaintiff and Bangs, Cooley & Hamilton for the defendant.

Consent to a Suit.
The action brought by A. Cunningham against the Western Union for \$500 damages, claimed because of the alleged failure of the defendant to deliver to him a certain message notifying him of the death of a relative, was tried and adjourned until tomorrow at 2 o'clock when the arguments will be made and the case given to the jury.

Maltreatment Alleged.
Following the Cunningham case the suit of Alex. Turney against E. P. Cook & Co. of Jamestown for \$5,000 for alleged malicious prosecution, was taken up. This is a suit in which the defendant is alleged to have unlawfully attached the plaintiff's stock just as he was about to leave for Canada. Wherefore plaintiff now asks damages. Geo. A. Bangs for plaintiff and J. H. Bosard for defendant.

Graman vs. Davis.
This suit, an action for \$3,200 damages for alleged failure on the part of defendant to carry out the terms of a certain contract, will be taken up as soon as the preceding one, just noted, has been disposed of.

With Landsford.
A report from Kenmare notes that Ben Forde of this city is now playing the baseball at Lansford, N. D., with the team at that place.

THE LAKESIDE
Opening of New Hotel at Maple Lake to be Very Swell Affair.

The formal opening of the new Lakeside hotel at Maple Lake, A. I. Logan proprietor, has been set for Friday evening, June 29, when a big ball and dance has been arranged. The Grand Forks string orchestra, Frank O'Rourke leader and director, has been engaged for the occasion and a large crowd from Grand Forks is expected to be present, in addition to many Crookston society people. A large number of invitations have been issued but these have run short and the management wishes it announced that the invitation to be present and participate in the festivities, is a general one. Buses will be on hand to meet all trains and those who go from here can return Saturday morning in time to resume their work.

SPECIAL DAYS
Wednesday, July 25 Grand Forks Day at State Fair at Fargo.

Monday, July 23.
Tuesday, July 24.—Woodmen Day.
Wednesday, July 25.—Grand Forks Day.
Thursday, July 26.—Commercial Travelers Day.
Friday, July 27.—Fargo Day.
Saturday, July 28.—Moorhead Day.

Special to The Evening Times.
Fargo, N. D., June 27.—The officials of the state fair association have designated each day except the first during the fair week as indicated above. It is probable that the first day will be given to some city in the state but just which one has not yet been determined upon.

The Woodmen are making elaborate preparations for the entertainment of visitors to the fair on the second day. On Wednesday, however, it is expected that the big crowd will be on the fair grounds. Remembering the great crowd from Fargo at the state fair in Grand Forks last year on Fargo Day, the Grand Forkers are planning to outdo us and it is predicted that about half of the people in Grand Forks will be here on Grand Forks Day.

Secretary Wilson has received word that Treadwell Twichell owns two cow buffaloes and Frank Lynch a buffalo bull. Mr. Lynch and Mr. Twichell have offered to allow the buffaloes to be exhibited at the fair grounds and the offers have been accepted. Special pens are being erected at the fair grounds for the entertainment of the buffalo. The animals are said to be excellent specimens.

It has at last been positively decided to hold automobile races during the fair week. The races will occur in the evening but the exact date has not yet been decided upon. Local automobile owners are taking a great interest in the proposed races and great sport is anticipated.

THE CANAL BILL IS READY FOR THE PRESIDENT

Associated Press to The Evening Times.
Washington, June 27.—The house today without debate passed the bill providing for the construction of a lock type canal across the Isthmus of Panama, Hepburn of Iowa moving that the senate bill be substituted for the house bill.

No further action by the senate is necessary and as soon as the bill is signed by the presiding officers of the senate and house it will go to the president.

Suits Against Railroads.
Washington, June 27.—Attorney General Moody has directed that suits be filed against a large number of railroad companies to recover penalties for violation of the safety appliance law through failure to keep their equipment in proper condition. The largest number of violations attributed to any railroad is 62 against the Atlantic Coast Line Railroad company.
