Reversed Again.

There was another change in the White fund question yesterday afternoon when the action taken by the conference in the morning session was reversed. Now the question is just where it was when the discussion yesterday was commenced.

It was thought when conference convened yesterday afternoon that the administration of this fund had been settled by a motion made by Dr. H. P. Rev. C. E. Vermilya, providing that the income of the fund be turned over to the board of trustees to be used for the benefit of conference claimants rather than be hoarded.

Rev. James Anderson of Valley City precipitated the afternoon discussion when he addressed the conference saying that immediately after the noon adjournment he had received from W. H. White a check for \$7,059 as the income from the land owned by the conference. He thought that this was not the intent of the motion but that the intent was to use the interest from now on. The ball having been started rolling, the discussion continued. Mr. White said that he was ready to turn over the deed for the land to the conference and that as far as he was concerned the matter was closed. Dr. Robertson read from the minutes of some years ago and declared that the conference had entered into a contract with Mr. White by which this money was turned over to him and the conference had no right to take it out of his hands. Dr. Cooper said that he, as the mover of the original motion, desired to speak to him and the conference had already been made to reconsider, and moved a substitute motion that the matter be postponed until the following morning for a more opportune time. This motion was carried. Dr. Danford, who declared that the whole discussion was most unfortunate, and that the conference had acted hastily, that no distrust of Mr. White's integrity was expunged and he moved to rescind and examine all action so far taken. This motion prevailed.

Announcement was made today to the effect that the Devils Lake Chautauqua Transfer company holdings had been sold to the Stotlar Investment company and with such change there will come a change in the method of operation that will result in the line being made an electric system instead of a steam line.

The service will be established by the new company from Devils Lake to Greenwood, the Devils Lake Chautauqua park, and the Rock Island military reservation.

J. H. Stotlar, who heads the organization, is a former Grand Forks resident, being engaged in the railroad business here at one time. He also was on the Minot division at one time.

The new company will be one of the biggest of its kind in the state. The line is to be made up to date in every respect, and information has already been given out to the effect that equipment has been purchased.

VELVA THE ONLY OTHER CITY THAT CONTENTED FOR HONORS

ALEXANDER KARR AGAIN HEADS FUND

Proposes That Work Be Concluded in Year—Reverse White Action

Williston was chosen as the meeting place for next year at the session of the Methodist conference this morning following an executive session lasting for two hours in which the conference claimants' fund matter was thoroughly thrashed out.

When Bishop McIntyre asked the question, "Where will the conference go next year?" Rev. Frank S. Hollett was on his feet and answered, "Williston." The applause which greeted the answer indicated that the "city of opportunity" was in favor with the ministers. Rev. Benji Babcock presented an invitation from Velva and in an interesting talk told of what Velva had and would do for the conference.

Mr. Hollett then read telegrams and letters from the mayor of Williston, the secretary of the Commercial club and finally presented the key of the city. On the vote Williston was the choice of all but a few of the conference members and the choice was made unanimously.

Karr Reappointed.

The executive session was called immediately after conference convened in the morning and the report and recommendations of the board of trustees was given by Judge Pollock as representative of the board. Rev. James Anderson of Valley City, treasurer of the fund, reported. After an interesting discussion Rev. Alex Karr was reappointed as secretary, the movement to stop further additions to the fund was introduced and addressed the most unanimous vote. Harley Grover of Lisbon was appointed treasurer of the fund. On Secretary Karr's suggestion the motion was adopted that will mean the termination of the work of collecting the fund at the next conference of the church.

DR. W. S. RICE WAS SPEAKER

Address on "The Higher Appeal" Was Very Interesting to University Audience

The convocation speaker at the university this morning was Dr. M. S. Rice, pastor of the First Methodist church of Duluth, who addressed the students on "The Higher Appeal." The address was a clear and forceful presentation of an important subject. The higher appeal, said Dr. Rice, was the call of the world for the voluntary sacrifice of the strong. At the present time, said the speaker, the powerful use their ability to make the weak serve them. All the sacrifices are made by those who are least able.

The speaker said that the remedy for the social and industrial conditions was laid in the awakening of the strong to the realization of the fact that they should serve rather than be served.

A meeting of all the athletic, literary, musical and dramatic organizations of the university was called by President McVey this afternoon. He said that the student should look at the benefit he can do his university and not merely his own gain.

T. T. Quirk was called upon to speak for the men's glee club and Miss Bertha McKechney to speak for the girls' glee club. Both emphasized the need of more students trying for places. H. E. Moore spoke on behalf of the university band.
