## Clipless Paper Fasteners

How they save the price of the clips and pins you now waste

"Stand" Clipless \$3.50

Save Your Pins-and-Clip Money

Independent of any foreign substance Clipless Paper Fasteners bind your letters, papers and carbons more securely, more economically and quicker than any other binding device. Clipless Paper Fasteners bind ten sheets as easily as two sheets. Simply utilize the waste corners of your correspondence, etc. Save time as well as money. A simple hand stroke operates the Clipless. You couldn't even pick up a clip or pin in the same time.

Save Much File Space

If you are now using clips or pins you know they make your correspondence bulge to about twice its natural size. This means a big waste of valuable filing space. Clipless Fasteners will double the capacity of your files if you now use clips and pins. They eliminate this waste of space--don't add a half's breadth in bulk to the papers they bind. Save time as well as money. A simple hand stroke operates the Clipless. You couldn't even pick up a clip or pin in the same time.
