Miss Helen Caseberg. After the business of the evening was finished whist was played until supper was ready. The entertainment committee, as follows, served a most bountiful and appetizing supper: Mr. and Mrs. John Hardin, Mr. and Mrs. R. V. Tucker and Vera Gerber. Henry Burger's little children have been quite sick with the whooping cough, also Lange's, Welches, Cornwell's, in fact very few children in that settlement have escaped the whooping cough. Some severe cases are reported but only one death, and that was a little baby, has resulted from that disease.

Mrs. J. L. Byer attended the W. C. T. U. lecture at the First Christian church Tuesday afternoon. She reported it very interesting as well as beneficial. The subject, "How to handle the ballot properly," was brought out in such a clear and concise way, that those present decided it wouldn't be such a terrible task to vote when they got the opportunity, besides they consider it more their duty now to vote.

The Golden Rule store owned by Messrs. Geis and August Templin, is doing an extensive business and is a great help to the community as people come from several miles of here to trade at this store.

A great many people will probably not know where to find Badger. We are located about ten miles west of Opheim and were formerly known as Poverty Hollow, but with the new enterprises coming into our valley, we have decided to change the name now. We are expecting soon to have a post-office under the name of Badger.

SKINNY'S FINISH

Being a little short of material this week we asked the devil to write us a short article against the use of slang. He did. Here it is:

If there is anything that gets our Nanny it is the use of slang. Some guys spill so much of that kind of dope that it is hard to get wise to their spiel. Kids should be put next by their parents that slang is on the Fritz and should ought to be cut out. If I had a kid that couldn't put over straight stuff I would wallop the lining out of the lobster. Skirts are shines, proper, when it comes to slang. They think that mercy, and I should say not are real tough. The Boss is a dish of prunes when it comes to slang. He bawls me out to a fare ye well and I am in Dutch from the time I come on the job till haying time in the evening. This is the first thing I have ever wrote and if it don't show up in the rag I will know it is a flivver proper.

CAN YOU SPELL?

At Kokomo, Indiana, a few days ago the superintendent of the school held a spelling contest. Every person of the city was eligible and six hundred took the test. Of that number only fifty-two made a perfect score.

Newspaper men, doctors, lawyers, merchants, teachers and scholars submitted lists of twenty words each and from that total, twenty words were selected. The complete list with the number of times each word was misspelled, follows: Miscellaneous, 364; calendar, 324; parallel, 273; privilege 270, superintendent 248, principle, 242; niece 223; lose 201; separate, 196; disappoint, 177; disease, 164; principal, 142; necessary 137; business, 130; relieve, 125; receive, 109; truly 85; government, 84; grammar, 79; believe 73.

One woman who made a perfect score, had been a servant for sixty-three years and had only eight weeks schooling. A county official who had been in business all his life, missed every word. Another man only got

one right. One woman missed all but three.

Here are the words arranged in the form of two sentences. Hand this to a friend, ask him to dictate the sentences to you, write down the words and see how many you mis-spell:

"The privilege of separating ninety miscellaneous calendars, arrange in two parallel lines, was against the principles of the superintendent, so his niece, not to disappoint the government, nor cause it to lose business, removed the principal calendars and thus relieved her uncle of a strain which might have brought on a disease. Then she believed it had become truly necessary for her to receive her instruction in grammar."
