## IMPORTANT NEWS FROM THE NATIONAL CAPITAL

IN OUR WEEKLY LETTER FROM WASHINGTON, D. C.

President Wilson attended the opening ball game here Wednesday and, following an established custom, tossed out the first ball to be used by the Washington team. The President appears to be quite a base ball fan and enjoyed the game thoroughly.

Mr. E. B. Thomas, president of the Lehigh Valley Railroad, has written a letter to President Wilson correcting a misrepresentation in a reported interview in which he was made to appear to criticize the President. Mr. Thomas denies that his interview was in any way a criticism of the administration and, further, informs the President that the business of his road is improving to such an extent that they have awarded contracts for equipment amounting to \$1,000,000, and expect to increase this amount in the near future.

The Census Bureau issued a report yesterday which shows that most cities in this country are living beyond their means, the expenditures far exceeding the incomes. Only in the District of Columbia, New Hampshire, Rhode Island, Indiana, Illinois, South Dakota, Utah and Wyoming, were the receipts of municipalities, as a whole, equal to or greater than the expendi-

# REASONS WHY?

The Typewriter you use should be the MASTER MODEL ROYAL No. 10. Before you invest your money in a typewriter which is to do service for the next eight or ten years would it not be advisable to ask your neighbors what machines they are using and what success they are having with them and what features they possess.

We are pleased to give you this information relative to the No. 10 Royal typewriter and will ask you, before purchasing any machine, to call up the following persons and firms:

The Johnson Farm Loan Company, using Royals almost exclusively in transcribing work for Phillips county. Phone 57 and ask them WHY.

W. B. Shoemaker, Clerk and Recorder of Valley County, now using Royals. Phone 65 and ask him WHY.

The Glasgow Public Schools, using Royals for Instruction Work. Ask the instructors how they like the No. 10 Royal.

We could continue referring you to Glasgow and Valley County users of Royal machines indefinitely, as we sold over 30 No. 10 Master Model Royals in this city last year and have so far received not a single complaint relative to the machines.

The many points of superiority in Royal typewriters have been a revelation to all buyers of Royal machines. The Royal is distancing all competition and taking the lead in the business world, overcoming prejudice and preconceived likings for other makes of machines. There is a reason for this and that is its pre-eminence as a machine for all purposes ease of operation and stability.

You can try one as long as you like by calling up Phone 44
