

FORD

Purchasers Will Get \$50 Back

This is the most important advertisement I ever caused to be published. Read every word and then marvel.

A large eastern agent visited Henry Ford this month and broached the subject of a possible August 1st rebate (The Ford Motor Company announced last year—as you will remember—that if their total sales reached 300,000 cars between August 1, 1914, and August 1, 1915, each purchaser during that period would receive back a refund of \$40.00 to \$60.00).

"Mr. Ford," he suggested, "is there anything I can say to our people with regard to the Ford Motor company's 300,000 car rebate plan?"

"We shall sell the 300,000," was the quiet reply; "and in 11 months—a full month ahead of August 1st!"

"Then a refund is practically assured?"

"Yes, barring the totally unexpected. We are 50,000 to 75,000 cars behind orders today. Factory and branches are sending out 1,800 daily."

He then said to Mr. Ford: "If I could make a definite refund statement we would increase our local sales greatly."

"You may say," was Mr. Ford's deliberate and significant reply to this—"You may say that we shall pay back to each purchaser of a Ford car between August 1st, 1914, and August 1st, 1915, barring the unforeseen, the sum of \$50. You may say that I authorized you to make this statement."

What can I add to the above? \$15,000,000 cash coming back to Ford owners! And to prospective Ford owners up to August 1, 1915, it actually means—Ford Touring cars for \$550—less the \$50 rebate. Ford Runabouts for \$500.00—less the \$50 rebate. These prices are for cars delivered in Glasgow. What is there left for me to say?
