IMPORTANT NEWS FROM THE NATIONAL CAPITAL IN OUR WEEKLY LETTER FROM WASHINGTON, D. C.

The principal topic of discussion in Washington, as in the rest of the country, is the resignation of Secretary Bryan from the cabinet.

There are a great many who share Mr. Bryan's views in regard to the advisability of American citizens taking passage on ammunition laden ships also his view in regard to arbitrating all disputes, but there are very few who approve of his action, coming at the time it did, when it was necessary for the country and the administration to present a solid and undivided front.

Now that the new note to Germany has been made public, the action of Mr. Bryan in refusing to sign the note becomes more inexplicable, in view of the fact that he signed the former notes which made demands and took a position exactly similar to the present note.

The President, while in good physical condition, is beginning to look careworn and to show the strain of the heavy responsibilities which have been placed upon him by our unpleasant foreign relations.

Quite a scandal has been unearthed in regard to the United States Naval Academy, at Annapolis, Maryland. It is found that a number of midshipmen have obtained the examination

questions in advance of the examinations, which made passing a comparatively easy feat for them. Two have already been dismissed from the Academy, and a number of others are under arrest awaiting the outcome of the investigation into the matter, and it is thought that about 100 in all will be involved.

Secretary of Interior, Franklin K. Lane, who, upon assuming office organized the government employees in the departments under his control into a club known as the Home Club, is now anxious to see the club have a handsome club house of its own with all the equipment and comforts of an up to date club. The great obstacle in the way of such an undertaking is the financing of the club, and a committee has been appointed to look into ways and means of accomplishing this.

The June crop report of the Department of Agriculture has just been issued and indicates that the wheat crop this year will be a record breaker. The estimated yield will be 950,000,000 bushels, which exceeds last year's record crop by 59,000,000 bushels. If anything like the present prices prevail, the farmers should be the most prosperous portion of our population.

Stopping Fitzgerald
An Irish drill sergeant was instructing some recruits in the mysteries of marching movements and found great difficulty in getting a countryman of his to halt when the command was given. After explaining and illustrating several times he approached the recruit, sized him up silently for a couple of minutes, then demanded his name.

"Fitzgerald, sir," was the reply.
"Did you ever drive a donkey, Fitz?"
"Yes, sir."
"What did you say when you wished him to stop?"
"Whoa!"

The sergeant turned away and immediately put his squad in motion. After they had advanced a dozen yards or so he bawled out at the top of his lungs: "Squad halt! Whoa Fitzgerald!"

"What's the matter with you?" asked his friend.

Pat's countenance beamed satisfaction. "Shure, I've been riding on this road fer tin years, and I've got the best of the company fer once in me life."

"How's that?"
"I've just bought meself a return ticket, an'," lowering his voice to a whisper, "bejabbers I ain't comin' back."

Reward of Writers.
Writers of nonfiction today seldom fare more handsomely than did Chief Justice John Marshall, who, 110 years ago, received \$80,000 for his life of Washington. After Stevenson's death the royalties on his books amounted every year to ten times the sum he had received a few years before.

Ford Cash Refund

\$50.00 GUARANTEED

90,359 FORD CARS SOLD IN PAST TWO MONTHS
WHICH GUARANTEES CASH REFUND TO PURCHASERS

In the last two months the Ford Motor Company has produced the enormous total of 90,359 cars, this including 43,849 cars in March and 46,510 cars in April. This not only insures the completion of the production of 300,000 Ford cars, between August 1914 and August 1915, barring the totally unforeseen, and the rebating of all Ford purchasers within that period, but it means that the goal will undoubtedly be reached before the promised time, August first. In fact, the 300,000th car will probably leave the Ford assembly early in July and the production pace will continue almost unabated, so tremendous is the demand this year, the world over, for Ford cars. Then on August first will begin the task of rebating about \$15,000,000 to Ford-purchasers in accordance with the terms of the Ford profit-sharing announcement. Each of the 300,000 or more Ford purchasers will be mailed, of course, an individual check, probably of \$50. The postage alone on this huge mail means at least \$6,000.

AS LOCAL AGENTS FOR FORD CARS WE WILL PAY

A REFUND OF \$50.00 CASH

to any purchaser of a Ford car since August 1, 1914, for his profit-sharing certificate, or will allow \$50 to the purchaser on the purchase price of any Ford car that we have in stock.
