 Taken from the Files of the Valley County Gazette of Nineteen Years Ago.

Ernest Lewis is in Malta this week. Chas. Hall purchased a new team this week.

Ben Durrel, of Nashua, was on our streets Thursday.

Oscar Cutting has been acting as deputy clerk the past week.

Al Watkins of Nashua, was among the visitors in Glasgow this week.

Sid Willis purchased a saddle horse from a horse outfit that passed through here this week.

Plas Price was in Glasgow yesterday and gave the monkey in Lemmer's drug store quite a long audience.

Willie Mabee is now supplying the market with vegetables from his ranch which are said to be far superior to those shipped in.

Frank Jones is building a large stone oven in the rear of his restaurant and will run a bakery in connection with his short order house.

Sky Small made a trip to Saco this week. During his absence Dan Sullivan is administering liquid refreshments in his stead at the Coleman Hotel.

Frank Falvey of White Earth, who was hit below the belt at the last election in Valley County, was renewing old acquaintances in Glasgow on Sunday.

Jack Colwell of Oswego, was in Glasgow the first of the week. He is intending to sell out his cattle interests and enlarge his general store this summer.

John and Bill Enos were up from their ranch the first of the week. They brought up a small bunch of cattle that they disposed of to E. D. Coleman.

Senator Hurd and Chas. E. Hall returned Sunday from the democratic state convention. If there was any enthusiasm at the meeting they failed to absorb it.

During the year 1895 there were twenty people naturalized in Valley county as follows: England 4; Canada 7; Germany 2; Norway 2; Ireland 3; Sweden 1; Russia 1.

M. E. Milner is making arrangements for the shipment of a large consignment of Hereford bulls from Idaho. He will turn them loose on his range in the vicinity of Saco.

Dan Sullivan expects to open up the old Enright saloon about the 1st of July. The establishment will be a home for the sons of brotherly love where they may commingle spirits.

For the past three days Glasgow has been infested with renegade Crees, who are drifting toward Dakota, in hope of escapink the cavalry who are rounding them up preparatory to deporting them to Canada.

Los Blackman's wagon camped on Cherry creek a few miles north of town Thursday. Among the boys that visited Glasgow from the outfit were Buck Ellis, Geo. Young, Ben Rose, Jack Taylor, John Parrent, Kid Miller and Los Blackman.

Dr. Montrose and Charles St. Clair visited Hinsdale last Sunday. The doctor called for the purpose of securing a horse he had negotiated with Mr. Lund for. He secured the animal but never got as far as Glasgow deserting him on the flats above Buggy Creek.

Sheep shearing has been going merrily on for the past ten days in Glasgow. A crew of twelve men have been engaged and the shearing pens have been the scene of great activity. Yesterday the shearers completed Chas. Hall's band and that about ends the shearing at this place.

Sunday night there was a cloud burst on the south side of Milk River between Tiger Butte and Willow creek. The water filled the creeks and made them impassable for a couple of days. John Enos, from Nashua, reported that the river had raised over two feet at that place on account of the rain.

Two trainloads of two-year-old steers from Milford, Utah, were unloaded at the Benton stockyards yesterday, for feed and water. The outfit which comprises about 1,200 head, belongs to P. O. Brewster and will be turned loose on the Muddy river range at Culbertson. Another train load belonging to C. W. Price went east to Malta this morning.—River Press.

Several bunches of horses passed through Glasgow this week. In one band was a horse raised from a mare mule and the only one living today in the U. S. Statistics show that they breed only one in ten thousand. The animal had the head, neck and shoulders of a mule with a mule's gait and the legs, feet, tail and body behind the withers were those of a horse.
