GLASGOW, VALLEY COUNTY, MONTANA, FRIDAY, JULY 23, 1915.

NUMBER 11

LOCALS LOSE

To State Historical Library

Win One Game and Lose Two in Series With Havre Team.

PLAY HAVRE NEXT WEEK

Return Games Will be Played at Local Park July 31st and August First

In a series of three games played at Havre Sunday and Monday, the Glasgow team came out second best, winning but one game of the series.

According to the schedule previously arranged there was to be a game on Saturday, Sunday and Monday, but a heavy rain on Saturday made it impossible to play on that day. Sunday afternoon the diamond had dried out sufficiently to play the first game, although there were a number of soft spots which made it difficult for the fielders.

A fair sized crowd attended to see the game and a lively tussle was expected when it was announced that Willford, the crack Big Sandy southpaw would do the twirling for Glasgow and that Needham, Havre's new slab artist, imported from the Northern League, would be on the mound for the Collegians.

The game, which ended 16 to 4, with Glasgow on the 4 end of the score, was remarkable for the heavy hitting of both teams and the errors by the Glasgow players, in the pinches. The game started disastrously for Glasgow, Havre getting four runs in the first inning and three in the second. In the second inning Glasgow started on Havre's trail and two runs were brought in on Benson's smashing two bagger up against the hills in right field. Glasgow added another in the third and one in the fourth and had numerous opportunities to score but were unable to hit when hits meant runs. Willford was touched for fifteen safe hits and these coupled with fielding errors, gave Havre their big score. In the seventh inning of this game, Willford was derrick after a home run and a single had been cleaned off his delivery with none out, and Ike Slette took the mound, and held Havre down with one hit, striking out two men in the eighth inning and causing the other to foul out.

Monday afternoon the two teams played a double header, Benson and Ingersoll doing the mound work. In this game also, the Goddess of Fortune deserted the Glasgow boys and bunched hits and errors gave Havre a big lead, the game ending 11 to 0 in favor of Havre. In this game Hurly was forced to leave the game in the second inning with a bruised finger, Motz, finishing the game behind the bat.

In the second game Glasgow partly redeemed their lost laurels when they came out at the long end of neck and neck game, winning by a score of 9 to 8. Navarre, the crack Chinook pitcher, did the hurling for Glasgow and Duffy performed for Havre. Both pitchers were hit hard but Dame Fortune smiled on the local boys in this game and they played closer to their true form than in any game of the series. In the eighth inning with the score 4 to 3 in Glasgow's favor, the locals scored five runs, most of these being due to Ingersoll's errors on second base. Stone the Havre catcher, had been forced to leave the game with a broken finger and Conway, the fast Havre second baseman went in behind the bat and Ingersoll was put on second. During the short time he was in that position Ingersoll made six errors and practically lost the game for Havre. In their half of the eighth Havre got to Navarre for five runs, but were still one behind when the game ended.

The Glasgow management and team speak in highest terms of their treatment during the three days there and appreciate the many courtesies extended them by Mr. L. W. Pierson, Mr. McClintock and others of the Havre team management. Monday evening the Glasgow ball team was taken out in automobiles to the gas well which was lit for their benefit.

The box score of the games will be found on page 7.

LARGE PACKAGES BY MAIL

According to advices received from Washington, the postmaster general has ordered that the size limit of packages for parcel post shipment be

increased. The enlargement is from 72 to 84 inches and will permit of the mailing of standardizing fruit and berry crates. The change does not affect the weight of the package but only the size, adding one foot to the combined girth and length.

The receipt system has also been authorized by the department similar to that used by express companies, except that the sender must fill the receipt out in full. The cost of the receipt is one cent.

"The new regulations," says a department statement, "provide that on payment of one cent, the postmaster at the mailing office may give the sender of an ordinary parcel of fourth class mail a receipt therefor. A postage stamp to cover the charge for the receipt will be affixed to the parcel and the name and address of the addressee shall be written on the receipt of the sender."

Inasmuch as the sender can insure for four cents, the insurance charge on any package being five cents, the reason for the one cent receipt is not clear, and it is not probable that it will be much used.

FAIR PRIZES FOR LADIES

There will be unusual opportunities for the ladies to display their ability in household activities at the Valley County Fair in September. Many valuable premiums have been offered by the business men of Glasgow aside from the regular awards of the Fair Association. The premiums are such as naturally appeal to the women folks and should be the means of filling the exhibit hall set aside for them to its capacity.

The Glasgow Cash Grocery Co. has offered one case of Rust-Park Fancy Tomatoes to be awarded to the woman making the best exhibit of jellies. The fact that jellies are a favorite with nearly every lady in the land and all are more or less expert in preparing them should make competition for this premium extremely exciting. Another premium offered by this firm consists of ten pounds of Schillings Best Coffee, a brand worth 45 cents per pound, to be given to the woman making the best display of pastry at the fair. There are no better pastry cooks anywhere than can be found in Valley County and this will be demonstrated at the fair in the competition for this good premium.

All rules governing the entries for premiums are found in the Premium Book now being mailed out. If you have not received one write S. C. Moore, Secretary, at Glasgow.

"DU BARRY"

George Kleine's "Du Barry" featuring the original cast of the famous stage play, is said to be the most magnificently set and richly caparisoned picture in the history of the silent drama. It is reasonable to suppose that the enterprise and business initiative which actuated George Kleine in gathering together a company of professionals of the caliber of Mrs. Leslie Carter, Hamilton Revelle, Campbell Gollan and Richard Thornton would not fail in those other essentials of the master-picture. All Europe was rummaged to obtain hangings, furniture of various kinds, equipages and what-not, correct as to period. Even the long forgotten arms of DuBarry are embroidered on the beautiful coverlet of Mme. Du Barry's bed, which the casual, French student will readily translate, "boutez en avant" (to step forward or make progress). In these details "Du Barry" is without peer or precedent in picture making. "Du Barry" comes to the Orpheum theatre on Wednesday, July 28th.

\$15,000,000 TO FORD OWNERS

Detroit, July 17.—The Ford Automobile Company announced yesterday a refund of approximately \$15,000,000 to the owners of Ford automobiles who have purchased their machines since August 1, 1914. On August 1, 1915 the company announced that if the ensuing year, each purchaser 300,000 automobiles were sold during would receive a refund from \$40 to \$60. The 300,000 mark was reached Friday afternoon. The company says the refund is strictly in the nature of the profit distribution policy of the company.

An Electric Fan is a sure cure for sleeplessness these hot nights. Phone 9J.

COUNTY'S WEALTH SHOWN IN ASSESSMENT FIGURES

Growth of County Plainly Visible in List Compiled by County Assessor. Marked Increase in Livestock.

PHILLIPS COUNTY DIVISION LOWERED VALUATION

Creation of Phillips County Considerably Lessens Assessed Valuation of County. Much More Taxable Land.

The assessed valuation of property in Valley County amounts to \$3,771,836 according to the assessment list for the year 1915, just completed by County Assessor Barton H. Cottrell. This is exclusive of the railroads which last year were assessed at \$1,646,399, and if there is no change this year, it will mean the total assessed valuation of property in this county will be \$5,418,235.

The assessed valuation in 1914, after the Board of Equalization had made its changes on the rolls, was \$7,756,446. In February of this year the Phillips County election was held and a large piece of Valley County was cut off.

That part of Valley county which was cut off to form a part of the new county of Phillips, was valued by the Board of Appraisers, who met in March at \$2,732,290, and was supposed to leave in Valley county a valuation of \$5,024,156. The total valuation as compiled by the assessor totals \$5,418,235.

The Assessor is of the opinion that the increase should have been a great deal more than this, and believes that Phillips county got a good deal more valuation than they were charged with.

This year's assessment list shows a decrease in a large number of items, this decrease being due to the loss through county division. In 1914 there were 9,742 range horses in old Valley county, while this year's list shows that there are 7,695 in the county. There is a marked increase in the number of two and three year old cattle. Even with the west end cut off, which was itself a great stock country, the number of horses, cattle, sheep and hogs is almost as great as last year.

The automobiles in the county are assessed at \$20,894, farming utensils \$39,197 and machinery at \$46,304.

The valuations on the various classes of property are as follows:

	No. 1914	Valuation 1914	No. 1915	Valuation 1915
Thoroughbreds & Grade Horses.....	246	\$ 49,000	125	\$ 24,865
Range Horses	9,742	350,035	7,695	269,508
Work Horses	6,711	522,541	5,459	284,690
Bulls and Oxen	60	2,400	14	690
Yearlings	1,479	29,580	1,839	27,570
Two Year Olds.....	12,038	73,080	13,394	94,575
Three Year Olds.....	732	26,560	1,035	35,156
Stock Cattle	8,929	312,525	6,091	178,151
Stock Sheep.....	135,790	271,580	65,803	164,493
Lambs	31,184	46,776	26,334	52,668
Rams	822	4,110	342	1,710
Hogs	1,649	8,245	1,412	7,107
Total Value of all personal property		3,082,707		1,804,728
Real Estate, farm land.....		1,162,554		970,948
Improvements on same.....		136,120		122,510
Improvements on Government Land		234,649		148,214
City Lots		377,247		269,037
Improvements on same.....		628,395		420,730
Telegraph lines		16,772		12,512
Telephone lines		18,566		8,794
Total value real estate & Imp'ments		2,606,318		1,958,314
Total valuation		5,689,025		3,771,836
Railroad		2,367,168		1,646,399
Total valuation 1914.....		8,056,198		5,418,235
Total No. acres assessed in 1914.....		307,599		276,930

CANADIANS SKIP OUT

There have been several Canadian homesteaders in this vicinity, says the Plentywood News, looking for work haying or any other thing that would support them. They live just across the line and left their Canadian homes to avoid being drafted for service in the British army. In some instances they are former Americans who do not feel the call to help out England in the present war. They are not cowards or men who would not be willing to fight if their own country was at stake.

BIG FIRE AT CHINOOK

A \$25,000 fire at Chinook Friday morning destroyed several buildings and but for determined fire fighting of the Chinook firemen would have proved very much more serious.

The fire started in the Adams' garage and was discovered by Night Marshall Gaines, who heard an explosion in the garage. The flames from the garage spread rapidly to the Ryan Livery Barn, and several buildings adjoining this were damaged by fire and water. Ten head of horses were burned to death in the livery barn and two automobiles, machinery, tires and motor supplies were lost in the Adams garage.

GOPHER TAIL CONTEST

Boys throughout the county who bring in the largest number of gopher tails to the Valley County Fair this fall will win some big prizes.

The Coleman Hardware Co. has offered two special prizes, one Winchester 22 repeating rifle as first, the other a 22 single shot rifle for second, for the highest number of gopher tails brought in. The same rules will

apply this year as last year and as there seems to be plenty of gophers everywhere it ought to be easy for any boy to win in this contest.

These prizes are specials not included in the premium book but offered by Mr. Leo B. Coleman to encourage farmer boys to help in eliminating the gopher pest from Valley County.

Get in boys everyone of you and see who can show the best results at the fair. Enter the contest now, by sending your name to the office of the Secretary of the fair.

R. R. COMMISSION HERE

NEXT WEEK

The Montana Railroad Commission will be in the city next week to hold a hearing on the petitions that have been circulated by farmers in this vicinity asking for the erection of a grain loading platform in the local yards.

The County Commissioners have granted the use of the courtroom to the commission in which to hold the hearing and every signer of the petitions should be present, when the hearing is held, on Tuesday, July 27th.

BIG FARMERS' PICNIC

Midway, Montana, has again decided to celebrate and another big farmers' picnic will be held there on Tuesday, July 27th. A fine program of sports and entertainment has been arranged and everyone who attends will be assured of having a good time. Mr. Jones, the genial host of the Half Way House at Midway will leave nothing undone to make the day a memorable one to the hundreds of North Country and Glasgow people who attend.

There will be all kinds of races, a tug of war and other sports, with good prizes in each event. The main feature of the afternoon will be a tall game between a picked team from the north country against Glasgow. The towns of Opheim, Baylor and Glentana will send their best men for the game and they are determined to make Glasgow go some to beat them. A fine outdoor pavilion has been erected and there will be a big dance in the evening. It will be a red letter day for Midway and the North Country and with favorable weather should be a tremendous success.

GUN CLUB TO MEET

Members of the Glasgow Rod and Gun Club will meet in the Commercial Club rooms next Saturday evening, July 24th, at 8 p. m. Already a large number of the sportsmen of the city have placed their name on the membership roll and many more are expected to do so. The meeting on Saturday evening is open to everyone and especially those who might be interested in hunting, fishing, trap shoot and like sports.

Game laws will be considered also and it is possible the local club will draft a new law adding control, now not satisfactory to the game warden department, whereby more protection can be given some of the game animals.

The Club also expects to develop a five man trap team to enter in the state shoot this fall, at Great Falls. If the club members show the class expected, Glasgow will, no doubt, carry away many valuable premiums from any contest entered.

CO. G ENCAMPMENT

Monday morning July 26th, Company G will leave for Saco where they will spend a week in camp. An ideal site has been secured for the camp, and the company will go up there with full equipment prepared to put in a week of strenuous training. The camp has been named "Camp Greenan" in honor of Adjutant General Greenan, commander of the National Guard of the State. Besides the excellent training the officers of the company will be able to give the boys, Lieut. Hoffman of the Regular army will be at the camp to assist in instructing the company in the manual of warfare. A fine program of instruction and entertainment has been arranged for the company. A ball team is being organized to play the Saco team at Saco during the week and a dance will be given at the camp Saturday evening.

QUARANTINE LIFTED

By issuing a proclamation which became effective July 15th, Governor Stewart ended the quarantine relating to the foot and mouth disease and which will permit shipments of stock into Montana under certain conditions.

The document states that the importation of cattle, sheep and other ruminants and swine into Montana from any state not under federal quarantine for foot and mouth disease, and also from the free area of any state as indicated by the orders of the secretary of agriculture so far as the foot and mouth disease is concerned.

It also required that all shipments of livestock must be accompanied by certificates of health in accordance with the requirements of the laws of Montana and the regulations of the State Live Stock Sanitary Board.

WILL HOLD BIG SALE

Ninety head of fine general purpose cows and heifers will be sold at public auction at Glasgow on Saturday, August 28th. This fine bunch of stock is being put on the market by Jesse Hoke, of Vandalla, who but recently returned from the Missoula country where he purchased the cattle. The sale will undoubtedly be of great interest to hundreds of farmers in the county who desire to stock their farms with a good grade of cattle.

The services of Col. K. L. Kirkhart, of Bitter Root, have been secured to officiate at the sale.

FORM SHERIDAN FAIR ASS'N.

The Sheridan County Fair Association of Poplar, with capital of \$5,000, has been organized at Poplar and last week filed its articles of incorporation with the secretary of state. The incorporators are Dana M. Easton, J. M. Stewart, and George T. Kelly.

MARRIAGE LICENSES

Hermo Felland and Elizabeth W. Marcy, both of Glentana.

TWO PRIMARIES NEXT YEAR

Choose Presidential Candidates at Separate Election.

FIRST PRIMARY IN APRIL

Two Laws on Statute Books Fix Different Dates for Nomination Conventions.

Montana must hold and bear the expense of two primary nominating conventions next year, according to a ruling by Attorney General J. B. Poindexter today. The reason two such elections must be held is because the voters put on the statute books one law providing that a primary nominating election for state and county officers, United States senators and members of congress must be held on the 70th day preceding the general election, and another providing that the primary nominating election for candidates for president, vice president, delegates to the presidential convention and of presidential electors must be held on the 45th day before the first Monday in June.

The Reasons Why.

Secretary of State A. M. Alderson raised the question and asked for a ruling. The attorney general says:

"Inasmuch as the primary law relating to state and county officers fixes the date of that election, and the presidential primary did not, or could not amend that law, it necessarily follows that the date fixed in the first of these primary laws for the nomination of state and county officers must govern as to these officers, and that the time for holding the primary nominating elections, named in the presidential primary law, has reference only to the nomination of candidates for the offices named in that act. It may also be observed that by the provisions of Section 23, Article V. of the state constitution, the subject of all bills shall be clearly expressed in the title, and if any subject shall be embraced in any act not expressed in the title, the act as to such subject shall be void. The title to the presidential primary law does not make any reference, directly or indirectly, except to candidates for president, vice president, delegates to presidential conventions and presidential electors.

Not Broad Enough

"There is nothing in this title that would apprise any voter of the fact that he was voting for a measure which would in any manner amend or change the provisions of the law relating to candidates for state and county offices. Measured by this provision of the constitution, the title to this bill is not broad enough to sustain the act, as an amendment, changing the date of the election named in the other initiatory measure."

ELECTRIC ROAD UP NORTH

Having decided that there is no hope of a railroad building into this section in time to handle the immense crop of grain that will be marketed this winter, says the Opheim Optimist, the farmers and business men of the north country are discussing the proposition of building an electric line from Opheim and Glentana to Nashua, via Baylor to connect with the Great Northern.

It is estimated that there are at least 30,000 acres in crop in the country tributary to Opheim, and with a bumper yield now assured, there will be a million bushels of grain to haul out to the railroad. The proposition of solving this marketing problem by means of an electric line to connect with the Great Northern was first proposed at a meeting of the Equity Society at Glentana last week. The plan met with instant favor and has been widely discussed since then, with the result that a meeting of the farmers and business men of the North Country has been called for next Saturday at the Opheim Hall to discuss ways and means.

The expense of building 50 miles of electric line would be much less than for a steam road. The right of way would cost the company nothing, as the farmers along the way will gladly donate sufficient land for that purpose to such a line, and the expense of grading will be only a small fraction of that required for a steam line. The proposed route from Opheim to Nashua follows a water grade the whole distance.
