## Film Flickers

Sense and Non-Sense About the Plays and Players

All is not film that flickers.

Neither does all film flicker. There's a reason.

Charles Chaplin has just purchased a new pair of old shoes.

Huh—Now they have Charles Chaplin in the funny papers.

Hughie Mark, the Vitagraph heavy-weight weighs 344 pounds.

John Barrymore of the Famous Player company has just returned to New York from Cuba, where they

produced Richard Harding Davis' famous romance "The Dictator."

Blanche Sweet, the Lasky star is strictly neutral. Her favorite color is plaid.

Harold Lockwood has left the Famous Player company and will appear in American productions in the future.

Speaking of the periscopes, why wouldn't they be a great thing to see over some hats you find in a picture show.

Anita King, "The Paramount Girl" and Victor Moore have just finished "Snobs" which will be seen soon by local show goers.

Our idea of a mean man is one who not only insists on grabbing the end seat in a picture show, but also sticks his feet out in the aisle.

Tom Mix, the Selig star, has left Los Angeles, for Las Vegas, New Mexico where he will produce some big out door western photoplays.

Helen Gibson has been engaged by the Kalem Company to take the place of Helen Holmes in their railroad stories. "The Hazards of Helen."

Thos. Edison and George Kleine, America's two oldest picture producers have joined forces in the making and releasing of feature productions.

Elsie Janis, who was seen here recently in "The Caprices of Kitty" is to appear again soon in another comedy written by herself entitled "Betty in Search of a Thrill."

Kathlyn Williams, who has devoted much of her time since "The Adventures of Kathlyn" series, to feature productions, will be seen again soon in the shorter length pictures.

Hazel Dawn, the poplar musical comedy star, who will be remembered for her clever work in "One of Our Girls" will be seen again soon in Edward Paulton's fanciful comedy "Niobe."

"Captain Courtesy" Featuring Dustin Farnum will be shown here soon on the Paramount program. In this play Mr. Farnum plays the role of the courteous out-law, and is said to surpass his previous efforts.

Twenty thousand people saw the bull fight staged by the Lasky company for its production of "Carmen" in which Geraldine Farrar, the popular opera star will soon make her debut in motion pictures, on the Paramount program.

Blanche Sweet and House Peters, who recently appeared here in "The Warrens of Virginia" on the Paramount program are to be seen again soon in the second Lasky release "The Captive," written and produced by Mr. Cecil B. De Mille, director general for the Lasky studios.

At a pastor's convention, called the Congress of Church Efficiency held recently in Hammond, Ind, it was declared that moving pictures are the greatest medium for vitalizing the go-to-church movement and initial steps were taken for the promotion of a moving picture campaign, along that line

Owen Moore, one of the most popular motion picture stars is now with the Bosworth company at the western

studio, coming from New York to play opposite Elsie Janis, in her new comedy-drama "Betty in Search of a Thrill." In this new photo play Mr. Moore has every opportunity for impressive acting.

"Snobs," a Jesse L. Lasky production to be seen soon on the Paramount program is a clever comedy, and more, it is a keen satire on modern society, or at least a portion of it. The milk man hero of the story, who later discovers he is a Duke, is funny but likable, and the wealthy members of society who fawn upon him while sneering behind his back, are also funny but not nearly so likable. It remains for a girl who really loves him to disillusionize him.

John Barrymore has often been envied and admired but for once in his life he was sincerely pitied. It was during the time he was working on the photo play version of "Are You a Mason" which occasioned his appearing at an antique shop on West 28th St., in front of which stood an old statue of Venus. Mr. Barrymore's "business" in the scene was to, while in a state of semi-inebriety drape the statue with coat, ear muffs, and numerous other unbecoming articles of wearying apparel, sympathetically intended to prevent Venus from catching cold. A well dressed lady accompanied by a dignified gentleman, passed down the street just when Barrymore was at the height of his tenuous efforts, and the lady after a surprised stare at the star remarked: "Why that's Jack Barrymore, just look at what he has come to. The last time I saw him he was acting in "Kick In." And now he is drunk. I suppose it was drink that brought him down to working in this antique shop. Isn't it strange how some stars throw away their opportunities." It is said that Barrymore forgot his lines so far that the picture had to be taken over again.

Usually when people say nice things about a man he is too dead to appreciate them.

### KILLED IN RUNAWAY

Monday afternoon while working in the hay field, F. B. Jackson, one of the most prominent and respected farmers in the Four Mile district, was killed when a team which he was using were frightened and started to run away. Mr. Jackson tried to grab the lines but the rack struck him in the back and knocked him down so that the wagon passed over him and broke his neck from which death resulted instantly.

Fleetwood B. Jackson was born in Hardin county, Ohio, in 1866, where his early life was spent. Several years ago he came to this part of the country and engaged in the stock raising business, at which he was very successful. During the latter part of his life he has engaged in farming and was one of the directors in the Mondak State Bank.

Besides a wife and three small boys Mr. Jackson leaves behind him a host of friends who mourn his untimely death.—Mondak News.
