

### What Our Machine-Figured Statements Contain

Depositors of this bank receive neatly-printed, accurate statements of their accounts the first of each month, instead of leaving their pass books to be balanced.

These statements contain the following information:—

1. The balance of the account at the first of the month.
2. All deposits made during the month, together with the date.
3. All checks drawn (each check marked with a minus (-) sign to show that it has been subtracted).
4. The new balance in the customer's favor at the last of the month.

The statement system makes it unnecessary for

you to give up your pass book (your only receipt for deposits), eliminates the delay of one or more days while the book is being balanced, and affords a much more accurate way of figuring your account.

Giving better service has always been the aim of this bank, and this Monthly Statement System is one of the improvements in service we have been able to offer to our customers.

We believe that you will agree with us that this plan is a big improvement over the method of calling in and balancing pass books.

Sense and Non-Sense About the Plays and Players

The Famous Players company will produce in pictures that famous old play "The Old Homestead."

Helen Holmes, who made "The Hazards of Helen" series famous, is now doing railroad pictures for the Universal company.

Victor Moore, who was last seen here in "Snobs," is to return again soon on the Paramount program in the film version of "Chimmie Fadden."

"The Soul of a Woman," one of the fourth coming features to be seen here later on the Metro program, is breaking all house records throughout the state.

T. C. Penny, the former motion picture magnate of Northern Montana, has recently bought the Liberty theatre at Helena and will conduct that house in the future.

The Vitagraph company dynamited an 85-foot launch worth thousands of dollars for a scene in "The Surprises of an Empty Hotel," one of their forthcoming releases.

Cissie Fitzgerald, the well known comedienne formerly with the Vitagraph company, has quit that company and signed a contract to appear in pictures for the Geo. Kleine company.

The well known comedian, John Barrymore, whose last appearance here in "Are You a Mason," left pleasant memories, will be seen here again soon in a late Famous Players-Paramount production, "The Dictator."

"Carmen," produced by the Lasky Co., featuring Geraldine Farrar and "Carmen," produced by the Wm. Fox company, starring Theda Bara, were both shown in Portland the week of Nov. 1.

The Jesse L. Lasky company is very strong in their denial of the report that Blanche Sweet has severed her connections with that company. They state that Miss Sweet has a long time contract to appear in pictures for them.

"The Orpheum Oracle" made its initial appearance this week, and no doubt will meet with popular approval with patrons of that house. The management expects to issue this each week, giving the program for the week.

Those who failed to see "The Spoilers" on its last appearance here will have the opportunity of seeing it in the near future as it has been definitely arranged to have this great picture play a return engagement here. This picture is conceded to be one of the greatest ever produced and is meeting with larger houses on return engagements than on the first showing. No doubt a great many will go to see it the second time.

The police force of Pasadena awoke to the fact the other day that gambling was being carried on at Busch's Gardens. Mounting their trusty motorcycles the police force sped to the scene of crime. Disguising themselves as eastern tourists they surrounded the gambling tables, and were about to drag the whole assemblage off to jail when they discovered the motion picture camera in the back ground. It was only a scene in one of the latest Lasky-Paramount productions.

Hazel Dawn, the popular stage favorite, whose charms were introduced to Glasgowers in her two previous offerings—"One of Our Girls" and "Niobe," will be seen again soon in her latest starring vehicle, "Clarissa," her most ideal role. "Clarissa" is taken from the famous novel, "Gambler's Advocate," and Miss Dawn's impersonation of the central figure in this absorbing romance of modern society will no doubt advance her popularity as one of the foremost screen stars.

John Barrymore's latest triumph, "The Dictator," will be one of the feature offerings at the Orpheum soon. As in his previous pictures his every appearance on the screen insures a laugh. In "The Dictator," taken from the stage success by Richard Harding Davis, Mr. Barrymore no doubt makes his greatest hit. In order to adhere to atmospheric details a whole company of players were taken to Cuba where the picture was produced. Mr. Barrymore is supported in this comedy offering by the ever-popular star, Charlotte Ives, last seen here in "Clothes."

Charles Chaplin seems to have no trouble in holding his popularity with Glasgow showgoers. He was greet-

ed by two packed houses to see him in his latest picture, "Shanghai'd." The following is what C. D. Crain, Jr., the Louisville correspondent to the Moving Picture World, has to say regarding the Bosworth parable offering "Hypocrites," which will be seen here at the Orpheum Monday, Nov. 29:

"Fears of the timid that the exhibition of 'Hypocrites' in Louisville might provoke agitation in favor of censorship were dissolved with the highly successful run of this feature at the Alamo all last week. The allegorical presentation of Truth, even though involving the use of the figure of an undraped woman, was so artistically done, and carried such a strong moral lesson, that instead of being condemned, it was approved." One of those who placed the stamp of approval on "Hypocrites" was Mayor John Buschmeyre, who said it was not objectionable as far as he could see. The picture ran a whole week to packed houses every day. Newspaper comment of an unfriendly nature was lacking.
