GRADE CROSSING OVER TRACKS

Officials Say that if City Insists, Crossing Will be Put In.

WILL BE NO IMPROVEMENT

Council Meets and Decides Crossing is Necessary. Other Business Transacted.

Glasgow will soon have a grade crossing through the Great Northern yards. In a letter to the city council, Vice President J. M. Gruber of the Great Northern stated that the matter of putting in a crossing had been taken up with the executives of the road, but as the cost was too great considering the other improvements the company was making here this year, they decided not to put it in. But Mr. Gruber stated that if the city insisted on a grade crossing, the Great Northern would put one in here.

After a discussion, the Council decided that a grade crossing through the yards was absolutely necessary, and so informed the officials of the Great Northern.

The crossing will probably be put in this summer, while the new warehouse is being constructed and other improvements in the yards are being made.

Other important business came up at the meeting of the Council Wednesday night, the report of which may be found in the minutes of the meeting which follows:

The building will be 30x60 feet, with concrete walls, and constructed along the lines of the building occupied by the Cash Grocery.

P. E. Kent has the contract for the construction of the building and Jay Lytle is doing the excavating. The building will be completed by the first of September.

LOT SALE A SUCCESS

The sale of lots in the towns on the Fort Peck Indian reservation was held last Friday morning in the Orpheum Theatre and was very successful. Judge McPhaul of Washington conducted the sale. Practically all the lots sold were in the residence districts of the towns and the total proceeds of the sale amounted to about \$10,000.

HAUGE LEAVES ON AUTO TOUR

With Complete Outfit Journey is Begun. Will Travel Through Many States.

Monday morning, T. A. Hauge left this city on an automobile tour that will take him into almost every state in the union and will occupy some six months time. He will travel east to the Atlantic coast, and then south to New Orleans and thence to the Pacific coast, returning to Glasgow in the fall.

His equipment consisted of a big Overland six and a trailer specially constructed for this trip. On the trailer are all the camping tools and utensils, so that Mr. Hauge can stop anywhere along the road and camp or cook meals.

On the hood, painted in yellow was a sign reading "Otto M. Christinson Land Co. Ask me for Literature." Mr. Hauge also had a big supply of advertising matter on this section of the country and Glasgow and will spread these through the territory which he traverses.

In the party were Mr. and Mrs. Hauge and their two daughters and G. A. Hauge, Mr. Hauge's father, who will travel as far as Grand Forks, N. D.

Everything in the outfit has been thoroughly tried out and Mr. Hauge before leaving demonstrated that he could stop anywhere and have the camping outfit up and everything ready to retire in twelve minutes.

HUGHES HEADS THE REPUBLICAN TICKET

Colonel Roosevelt Declines Progressive Nomination and Paves Way for United Party.

PROGRESSIVES TO SUPPORT HUGHES

Bull Moose Leaders Throughout the Country Urge Roosevelt to Support G. O. P. Nominee. Leaders Predict Sweeping Victory at Polls.

Hughes and Fairbanks! This will be the battle-cry of the united Republican party at the election this year. And the wave of sentiment that is sweeping over the country, augurs well for the election of Hughes by the biggest vote ever given a candidate for President.

By declining the Progressive nomination, Colonel Roosevelt paved the way for uniting the factions of the Grand Old Party, and made possible the coming into power of the party of Lincoln and the expounding of the principles which spell peace and prosperity for the country.

Progressive leaders throughout the nation have already pledged their support to Hughes, and advices from the east are that Roosevelt is to take an active part in the campaign to elect Charles Evans Hughes.

Republican leaders are in accord in the belief that the national campaign will be one of the most bitterly contested in the history of American politics. They are satisfied that Hughes will win but they do not intend to approach the task on the theory that it is all over but the shouting and will center their attack on the administration's foreign policy, and the dangers they believe may menace the country's interest in

the days following the war, should the Democratic administration be continued in Washington.

If present plans are realized, the Republican ticket will be supported this year by the most distinguished array of spellbinders ever assembled in one organization. Its personnel will include two former Presidents, and two men who have had service in the office of Secretary of State.

That Mr. Taft will go on the stump for the ticket is known for a certainty. Few Republicans doubt that Mr. Roosevelt will tour the country for Hughes. Elihu Root and P. C. Knox, each having served as Secretary of State will uphold the Republican cause in many states.

Weeks, Burton, Sherman, Cummins, Lodge, Borah and Willis, all of whom had supported the convention are expected to take part in a campaign that the Republicans say will be waged with vigor by all concerned.

The list of Republican speakers will be well balanced for appeals to both factions of the party. Taft, Root, Knox, and Lodge, are likely to spend most of their time in the conservative East. The Progressive west will be addressed by Roosevelt if he goes in. He will be assisted by Senator Cummins and Senator Borah.

MISS McCORMICK TO GIVE SONG RECITAL

At Orpheum Theatre, Tuesday Evening, June 27th. Fine Program.

Once more the Altar Society has the opportunity of offering the public a song recital by Miss Marie McCormick of St. Paul, accompanied by Mrs. Maurice Reuler of Glasgow. This entertainment will be given at the Orpheum, June 27th, at 8:30 p. m.

These ladies have appeared before the people of Glasgow for two successive years and each time have been met by very appreciative audiences.

The following is a clipping from the St. Paul Pioneer Press with reference to a song recital given by Miss McCormick during the past winter:

"Miss McCormick has a voice as fresh, as true, as spontaneous as that of a bird on a May morning. In fact, at her recital last evening one was constantly reminded of young, spring-like and beautiful things. It is not often that so admirably instructed a voice and one that is employed with such intelligence preserves a quality so original. With one's eyes shut it now and then suggests the pure, cool tone of a boy soprano.

"Her program included songs by Mozart, Schubert, Brahms, Strauss, the cycle of gypsy melodies by Dvorak as well as several selections by English composers, and it was throughout sung with a musical refinement, a delicacy and skill that was unusually charming."

A partial list of the songs she will sing appear below:

- "An die Musik".....Schubert
- "Aria from La Traviata".....Verdi
- "Saeterjentens Sondag".....Ole Bull
- "The Swallow".....Dell'Acqua
- "A June Morning".....Willeby
- "Flower Rain".....Sehneider
- "The Fairy Pipers".....Brewer
- "Now Sleeps the Crimson Petal".....Brewer
- "Like the Rosebud".....La Forge
- "The Star".....Rogers
- "Day is Gone".....Lang
- "The Years at the Spring".....Beach

NORVAL CASE ENDED

After a trial lasting nearly a week, Jack Norval was fined \$500 and given a sentence of six months for shooting Harley Martin last fall. The court suspended sentence. There was considerable local interest in the case and many witnesses went to Glendive from here.

by U. S. soldiers with victory for Old Glory. Other big acts are the burning of settler's cabins, lynching the horse thief, the pipe of peace, etc. The cowboy band will give two free concerts on the street and in the big tent. Positively not a picture show. The tent will be on the corner of 8th St. and 3rd Avenue.

BIG LIVESTOCK PRIZES

Livestock in Valley County will come in for exceptionally fine premiums at the Valley County Fair in September. There will be the usual premiums offered by the associations, all large enough to induce competition and a change is made in Class B, providing for four instead of three winners.

Aside from this the association will hang up a Fifty Dollar cash prize for the best exhibit of a herd of dairy stock, the herd to consist of Bull, cows, heifer and calves. The prize will be awarded \$25.00 first, \$15.00 second, and \$10.00 third. This should bring out good exhibits from many well known herds of the County.

J. L. Truscott offers a sweepstake prize for the best draft stallion, registered, pure blood, of \$15.00 cash, and \$10.00 cash, for the best colt exhibited, any breed, and not over twelve months old.

Premium books are now being mailed out and any farmer or scholar desiring one can secure it by calling on the Secretary at the Commercial Club rooms or by writing for it.

FARMERS WARNED

A letter from A. G. Scholes, State Dairy Commissioner to S. C. Moore, Secretary of the Glasgow Commercial Club bears the information that unreliable persons are working thru the state promoting and building creameries. The promoters are selling the creameries to farmers and make glowing predictions of their success, also promising impossible returns to their victims which cannot be fulfilled.

An effort is being made by the Dairy Commissioner to forestall these men in their operations and has asked that his office be informed of any attempts to sell creameries in any part of Valley County. Every one is warned to be on the look out for these parties.

THE LOCAL WEATHER

The report of the local observer shows that higher temperature during the past week has made a marked improvement on vegetation. Spring work is about finished and a number of farmers are plowing for fall seeding. Range and stock are in excellent condition. Favorable weather conditions now existing point toward bumper crops for this section this year. The total precipitation for the week was .31 of an inch.

LAUNDRY UNDER NEW PROPRIETOR

Hawley Sells His Interests to S. C. Woody. Many Changes Contemplated.

S. C. Woody is now the sole owner of the Glasgow Steam Laundry, having purchased the interests of David Hawley in the firm.

Mr. Hawley expects to leave Glasgow and will take his family to the mountains to stay until fall, when he will embark on some business venture.

In taking over the control of the laundry, Mr. Woody expects to make it the best in the state. Since the business began, less than a year ago, it has experienced a steady growth, and with the changes and improvements contemplated by Mr. Woody, the increase will continue.

The laundry is already equipped with new and modern laundry machinery for doing the very best work, and Mr. Woody expects to have every customer satisfied with the work turned out. Among the new additions to the service now rendered will be the repairing of torn clothes and the sewing on of buttons. This will especially appeal to the bachelor element in the community.

SWITCHMAN KILLED

Fred LaReese was accidentally killed while doing his work of switchman in the Havre yards last night. He leaves a wife and two children.

LOCALS DEFEAT NASHUA TEAM

Opponents Trounced in Bat-Fest by Score of 14 to 4.

SPAULDING FANS SIXTEEN

Heavy Clouting of Locals Feature. Bardill Starred With Stick. Movold Got a Home Run.

Fourteen runs and sixteen hits was the gentle reminder given Nashua Sunday that Glasgow has a "real ball team". The Nashua boys never had a look-in and the demon clouters on the local nine caused the humiliation of two pitchers.

In the first inning Dr. Burgess was introduced to the Glasgow boys, and pre-game reports were that he was "some" pitcher. But Lefty Reynolds took little stock in this and poled out a neat single. Movold got on safely and Herstrom got hit between home plate and the grandstand. Jobst followed with a single and there was a brief respite when Thrasher struck out, but Bardill picked out one for a double, Spaulding hit a sacrifice fly, Hocking singled and Hurly doubled, netting five runs. Reynolds batting for the second time in that inning got a walk and Movold went out, Puckett to Bricker.

After four or five Glasgow clouters had landed on his offerings for hits, Burgess put out the distress sign, and Puckett came in from right field and finished the game.

The locals added two runs in the fifth inning, three in the sixth and four in the ninth, while Nashua had to be content with getting one in the third and three in the fourth.

Although pitching against a heavy wind, John Spaulding hurled one of the best games of the season. Only two safe bingles did Nashua get and sixteen batsmen were sent back to the bench talking to themselves.

Of the swatters, Bardill got the most hits, getting four safeties in five times up. One was for three bags, two doubles and one single, and they all came when hits meant runs. Spaulding also poled out some long hits, getting a double and a triple in three times up, and he was robbed of a sure-enough home run in the sixth when Bland made a circus catch of his long fly. Movold got the longest hit of the day for a home run.
