THE REPUBLICAN HOST

The republican vote between 1896 and 1908 varied a little. In 1896 7,104,779 votes were cast for McKinley; in 1900 he received 7,207,293. In 1904 Roosevelt had 7,623,486 votes, and in 1908 Taft had 7,678,908.

There was also but slight variation in the democratic vote. In 1896 Bryan had 6,502,925 votes; in 1900 he had 6,358,133. In 1904 Parker had only 5,077,911 votes owing to the defection of over 1,000,000 free-silver democrats who did not, however, vote any other ticket, but sulked at home. In 1908 the silver democrats recovered from their chagrin and polled 6,409,104 votes for Bryan about the same as his vote in 1896 and in 1900.

These figures demonstrate that the republicans have had for twenty years a steadily-increasing majority over the democrats. In 1896 that majority was 601,854; in 1900 it was 849,160, when Parker superseded Bryan, it increased to 2,545,575; in 1908 it was 1,269,804, and in 1912, by counting the progressive vote as republican in principle, it was 1,311,444. With the republicans again united, Mr. Hughes is almost certain to be elected by over a million and a quarter majority over Mr. Wilson.

Woodrow Wilson having been elected president by 6,293,019 votes out of 15,042,542—a magnificent and enthusiastic minority of 2,456,504—proceeded to attribute his elevation to Divine Providence and has ever since thought better of Providence for the job undertaken by the reflection that his fellow-citizens do not share in Wilson's good opinion of himself, but are inclined to think that the Lord was off guard at the time, or else that for good reasons He for once permitted the devil to have his way in order to bring the American people to their senses.—Los Angeles Times.

The one man who has done most to assist the farmers of Valley county in the development of the farm values and to attract attention to farm products is Stillman C. Moore, who has announced his candidacy on the Republican ticket for the nomination for the office of Clerk of the District Court. He has, during the past two and a half years worked in-

cessantly not only for the good of the city of Glasgow but has exerted every effort possible to make life worth living for us farmers, and we can thank him for our products winning wide fame throughout the state and every where else, while he has handled the Valley County Fair and the State Fair exhibits of this county.

Last winter he gathered many exhibits of corn from the farmers of Valley county and sent them to St. Paul, where prizes were won and additional publicity and honor brought to this section of the state. He has always shown a desire to improve conditions on the farm and it was his efforts that brought about the cutting down of the Behner hill grade and made it possible for the farmers of the north part of the county to haul their heavy loads over it without difficulty.

The work of Mr. Moore has been such as to make him many warm friends among the farmers and he will be supported by them in the coming primaries.—Contributed.

Property owners in the city should not neglect the weeds growing in the streets and back yards but ought to take pride enough in the appearance of their home to cut them down and see that they do not have a chance to grow rank and spread seed. A little work by each and every resident of the city would make a wonderful improvement in the appearance of our streets and boulevards and not cost any individual any noticeable sum and strangers visiting the city would have a much better impression.

Hon. Chas. N. Pray of Great Falls, has filed his petition for the Republican nomination for U. S. Senator and will enter the lists with Maj. John Edwards at the primaries. Pray needs no introduction to the voters of Montana as his long and meritorious service in Congress has made him familiar to all and he will no doubt make a strong showing. If he secures the nomination and is elected to the Senate, Montana is sure of having its interests in able hands.

Glasgow streets will soon be rid of the dust as the city street sprinkler has arrived and will at once be put into use. This is an improvement long needed and its use will save the merchants of the city many times its cost in the saving of goods damaged by the dust blown into the stores on windy days. No city of the size of Glasgow has ever been so long without the use of a street sprinkler and the city dads are to be commended for the action taken in putting it into service.

Many papers are full of health suggestions at this time of the year. There are exercises recommended to reduce the flesh, and others that are claimed to add pounds to the lean frames all of which is being followed

to a great extent by those dissatisfied with their figures. An exercise overlooked by them all and one that will have about the same effect upon the avordupoise and do a great deal more to promote good health is to SWAT THE FLY.

STRANGE THINGS IN POLITICS

One week ago last Monday court was called to issue naturalization papers to some forty applicants. Each party wanting his final papers is required to appear in court together with two witnesses and in a great many cases they are forced to bring the witnesses a number of miles and pay their expenses. The judge failed to put in his appearance here until Tuesday about noon and the parties were forced to remain in town on expense. While this is not a burden on the taxpayers as a whole it is on the few who want their papers. Just what Judge Utter was doing that he failed to keep his appointment and disappoint the people is unknown.

Here is another instance where all tax-payers are interested and should be corrected at the polls as that is the place to show your approval or disapproval. The two cases, one of Walter Sizer and the other of Emil Kromioi were to have been tried to a jury and twenty-three jurymen reported for duty and were dismissed by Judge Utter, who said he was not feeling well enough to hear the cases, but he was feeling well enough to attend the picnic at Lovejoy—the same day where he made a talk on politics and spent the greater part of the night at the dance. The jurymen on the Sizer case cost the county \$185.00 and the witnesses \$106.00, the other man to be tried entered a plea of guilty. The cost of the jury and witnesses was not all in the Sizer case as Phillips county will now be forced to board him at a cost of 75c per day until the next term of court in October.

Sizer was ready for trial as was also the attorneys for both the state and defense. If the taxpayers want a man as district judge who will handle the justice to be dealt out in this manner Judge Utter is the one to retain on the bench but if it is speedy work without favoritism John Hurly would be the logical candidate and the man deserving of your support.—The Malta Enterprise.

Readers of the Courier may see some difference in its appearance this week and it is hoped the issue will be up to the usual standard. It is being edited during the absence of T. J. Hocking by S. C. Moore, who is a candidate for the Republican nomination for Clerk of the District Court and the necessity of dividing attention between the race and the newspaper, results in our living a strenuous life.

From the number of petitions for nominations being filed with the Coun-

ty Clerk by candidates of all parties there is every indication of the voters of Valley County having a glorious time of it at the primaries selecting his favorite.

With plenty of moisture in the soil to mature crops no doubt exists as to the size of the yields of grain this year. All that is bothering the farmer now is where he will store his grain after it is threshed and what make of automobile he prefers.

FARMERS' AUCTION SALE WAS GOOD

Saturday Sale of Col. Jacobs Was a Great Success.

The farmers auction sale held at the Hall Livery Barn last Saturday, by Col. E. F. Jacobs, the well known auctioneer of the north bench, was the most successful of any held this year. About \$1,500.00 worth of stuff was disposed of consisting principally of cattle and horses. There was some machinery and household articles sold and all brought very good prices. Col. Jacobs worked hard, and all who disposed of articles were well pleased with the returns, and the purchaser was satisfied.

These sales are of great benefit to the farmers as it brings the purchaser and the seller together in a most congenial manner, giving those who want machinery or live stock an opportunity to meet those who have these for sale. Transactions are made in quick succession as Col. Jacobs is one of those men who does not allow a minute to pass in idleness but keeps the goods moving fast. He has the faculty of keeping everyone in good humor as well so that the pleasant rivalry of the bidding is followed with keen interest.

Glasgow can consider these auction sales a great benefit for they are the means of bringing a large number of men to the city on one day. It shows the thorough modernness of the man who has instituted these monthly auction sales and will prove of much usefulness as time goes on. The next sale will be held within a few weeks.

CHAUTAUQUA MAN HERE

Merwyn E. Paget, from the management of the western chautauquas, after a thorough investigation of the chautauqua situation here, gave out the following statement this morning: "Your organization is compact and representative. The enterprise thus far shown points to good team work in putting the chautauqua across. Your co-operation combined with the gigantic advertising campaign conducted by the western chautauquas this year is bound to win."

Who can afford to miss hearing: Victor Murdock, national figure; S. Platt Jones, America's foremost humorist; Witepakie's Royal Hungarian Orchestra; Mrs. Gill's wonderful harp playing; Leila M. Blomfield in her splendid lecture on New Zealand; Ernest J. Sias; Elliott A. Boyd; Boston Lyric Opera Company; Ionian Serenaders; Kekuku's Hawaiian Quintet and the accompanying lecture on Hawaii by Fred J. Halton; Fay Morvilius, accompanied by the Royal Hungarian Orchestra; each of the musical numbers appearing twice, all for a season ticket at \$2.50.

Lyle will pitch against the Regulars Sunday, for the Pick-Up team.

CHAUTAUQUA TO COME IN AUGUST

Victor Murdock Back From Trenches to be Chautauqua's Feature.

The attention of Glasgow people is drawn to the chautauqua program for 1916. It is a winner.

In looking over the splendid staff of lecturers, interest is especially enlivened at the prospect of hearing Victor Murdock, the fiery insurgent from Kansas, who is today a central figure in our national politics. Another man who gives a man sized twist to things in general, and to community development in particular is Ernest J. Sias, the home-town advocate. Frederick Vining Fisher, chief of staff of the lecture bureau of the Panama Pacific International Exposition, one of America's most eloquent platform speakers, delivers to chautauquans an illustrated lecture brilliant in its idealistic Americanism. Mrs. Harriette Gunn Roberson, the platform's premier lady lecturer will prove one of the most interesting of the lecture course. Elliott A. Boyd, co-worker with Dr. Gunsaulus of Chicago, is a man of practical and inspiring idealism.

The musical and entertainment numbers challenge comparison. Witepakie's Royal Hungarian Orchestra; Madame Morvilius, mezzo-contraalto accompanied by the Royal Hungarians; The Gullotta Trio, vocal and instrumental concert, featuring the renowned concert violinist, Vincenzo Gullotta; the Boston Lyric Opera Company, popular and classic selections, presenting the comic opera, Martha, in costume, Elizabeth de Barrie Gill, Harpist, contraalto, and clever impersonator; The Ionian Serenaders, entertainers de luxe who play the accordion with an artistic individuality, sing, mimic and impersonate; S. Platt Jones, himself, and Kekuku's Hawaiian Quintet, featuring Joseph Kekuku, the originator of the celebrated steel method of guitar playing. The chautauqua dates are August 11 to 16 inclusive.

WEATHER REPORT

Weather conditions for the past week have been very favorable for all crops. Plenty of rain and lots of warm sunshine have caused everything to make rapid growth. Haying is going on with good yields and prices ranging from \$10 to \$14 per ton. There is a good demand even though hay is plentiful. Sheep shearing will be practically completed by the end of the week. Rainfall for the week amounted to 2.01 and the highest temperature registered was 90.56 on the 18th. On this date the greatest rainfall was registered 1.70 during the 24 hours.

BIG ROUNDUP AT CHICAGO

Chicago is to have a big roundup August 19 to 27 at which the very best riders of the world will show their prowess and ropers of every description will display their dexterity. The big attraction will be pulled off at the old Cub base ball park and many of those of the east who have never witnessed the real twisting of a bucking broncho will enjoy this privilege for the first time. Cow girls as well as cow boys will be there in all their regalia and the promoters are planning to give the best show ever staged in the windy city.

HAWAIIAN ENTERTAINERS HERE

The Orpheum management has secured for its attraction Saturday, July

22nd, the famous Hawaiian Troubadors. This is without doubt the best Hawaiian show appearing before the public today. They came very highly recommended from the Strand Theatre Seattle, where they have just closed a three months' engagement. In fact every town in which they have appeared on their trip east has been loud in their praise. The Great Falls Tribune pronounced it as being the best Hawaiian show that ever played that city. In their concert, which is composed of both American and Hawaiian songs and instrumental solos, is the celebrated Hawaiian air Aloha Oe. This is the native air which made such a hit with the public in the big musical comedy "The Bird of Paradise." This is the big musical treat of the season and merits the patronage of all lovers of good music.
