

THE GLASGOW COURIER

VOLUME XIII

GLASGOW, VALLEY COUNTY, MONTANA, AUGUST 11, 1916.

NUMBER 15

ARE ALREADY READY FOR THE POLLS

Candidates are Prepared to Race at Primaries.

VACANCIES ALL FILLED

From Number of Eleventh Hour Filings Being Made No Blanks Will Show on Ballots.

Candidates are as numerous as the proverbial flies about a sugar barrel at the present time. The time has about expired for the filing of petitions and those having aspirations to serve their county faithfully and well, have but a short time left wherein to declare themselves. Three party tickets are practically filled by candidates for the various offices, in some cases there a number of patriotic individuals willing to sacrifice their own personal affairs to serve for the taxpayers in some good office while others are merely after glory.

Some of those who were desirous of holding a county office and filed have since withdrawn leaving a blank at this time. There may yet be some one willing to go into the race for those places left open upon the various tickets, if not, the candidate on the opposite ticket will have no trouble being elected. Only three tickets are represented upon the ballot, the Republican, Democratic and Socialist, and the aspirants for the offices who have filed are as follows:

State Senator
Republican—J. L. Slatery.
Democratic—W. W. Hurd, John Willis.

State Representative
Republican—J. R. Murphy, Jesse L. Hoke, E. T. Phelps.
Democratic—M. Setknan, Dan B. McGovern, A. U. Sand, E. W. Burke.
Socialist—Martin Loftis.
Judge Seventeenth Judicial District
Republican—John Hurly, F. N. Uter.

Sheriff
Republican—C. W. Powell.
Democratic—C. W. Baylor.
Socialist—Arthur Carlson.
Clerk of the District Court
Republican—Stillman C. Moore, Walter Shanley.

County Commissioner—Six Year Term
Republican—Carl J. Anderson.
Democratic—Patrick Connerton, Jas. A. Mead, R. F. Snead.
Socialist—Wm. Boyles.
Unexpired Term of C. W. Baylor
Republican—Julius Waber.
Democratic—Ed Anderson, O. W. Phelps.

County Clerk and Recorder
Republican—W. B. Shoemaker, J. W. Barr.
Democratic—F. R. Arnot.
Socialist—Edward Grammond.

Superintendent of Schools
Republican—Nellie Johannott.
Democratic—Anna Schuster, Grace M. Remore.
Socialist—Eva Grammond.

County Treasurer
Republican—T. M. Patten.

County Attorney
Republican—Carl D. Borton, Ezra N. Hill, John A. Goodrich.
Democratic—Geo. W. Ruffcorn.

County Surveyor
Republican—W. H. Mann, Harvey Booth.
Democratic—M. A. Walker.

Assessor
Republican—Ben H. Cottrell.
Socialist—Wm. Dykstra.

Coroner
Republican—C. E. Peterson.
Justice of the Peace
Republican—G. W. Rapp, Glasgow.
Democratic—L. P. Evans, Glasgow, Sam E. Fezell.

Constable
Republican—Thos. H. Jerrow.
Democratic—N. E. Baynham.

Precinct Committeemen
Republican—No. 4, D. H. Gaasch; No. 7, Arthur Lee; No. 8, E. D. Button; No. 11, T. J. Hocking.
Democratic—No. 2, E. W. Burke; No. 5, J. D. McVee; No. 8, H. A. Yotter; No. 10, John Betz; No. 11, I. P. Evans; No. 12, C. T. Yeatts; No. 6, Noah A. Mann; No. 7, Ed W. Feehan.
Socialist—No. 11, Geo. H. Adams.

LANDS RESTORED TO ENTRY

Notice has been received at the local land office of the restoration to entry of a portion of the land withdrawn under the act of June 17th, 1902, for use in connection with the Malta Survey. On June 26th, 1916, the First Assistant Secretary of the Interior revoked the former department orders of August 18, 1902 and August 26, 1902, in so far as they effect the withdrawals and by his orders such tracts as have not been formally restored and are not otherwise withdrawn, reserved, or appropriated, or covered by existing entries, will be subject to settlement under the public land laws of the United States on and after August 25, 1916, at 9 A. M., and will be sub-

ject to entry, filing or selection September 25, 1916, at 9 A. M. at the local land office.

Persons having prior settlement rights, will be allowed to make entry in conformatory with existing laws and regulations. The land open for settlement is as follows: Township 32 North, Range 33 East: N½, NE¼, Sec. 8, NW¼ NW¼ Sec. 9; S½ SE¼, and S½ SW¼, Sec. 21; SW¼ NW¼, Sec. 22.

CIVIL SERVICE EXAMINATION

The Civil Service Commission announces a forest and field clerk examination to be held in Glasgow, August 19th, to fill vacancies as they may occur in the Forest and Reclamation Services. The usual entrance salary is \$1,100 to \$1,200 per annum. A knowledge of stenography, typewriting, and bookkeeping, and at least one year's experience in a business office is required. Both men and women will be admitted to this examination. Persons who desire to enter the examination should apply to the Local Secretary, board of Civil Service Examiners, at the post office, this city, for application blank, Form-1371, and information for applicants.

AUTO ACCIDENT ON THE VIADUCT

Backs Through Railing, Falling Nine Feet to the Ground.

An accident that might have been fatal occurred on the viaduct Monday evening when a Dodge car occupied by six persons backed down through the railing, falling about nine feet to the ground below. Fortunately the occupants escaped with nothing more than a few bruises.

Dr. F. W. Richardson of Malta owned the car and it was occupied by himself, Jack Mullins, and four young ladies who were stopping at the Shannon Hotel. They were waiting for No. 3 to come in and deciding to ride around the city started over the viaduct. Just as the car reached the top of the viaduct, the engine stalled, the car started to back down the grade and the emergency brake failed to operate.

When the car reached the lower portion of the grade, it swerved and before anything could be done to prevent, it went over the side of the viaduct landing on the top and pinning the occupants underneath. Witnesses of the accident came to their assistance and soon had the car right side up and were surprised to find that no one was seriously injured. Dr. Richardson received a cut upon the right forearm, and a slight cut upon the head, while the balance of the party suffered nothing more than a severe shaking up. The car was taken to a local garage for repairs.

JEANETTE RANKIN COMING

On August 17th Miss Jeanette Rankin, candidate for Congress on the Republican ticket will be in Glasgow accompanied by Miss Florence Leech who will organize a local campaign. Miss Rankin will speak at the court house on that date both afternoon and evening. The afternoon meeting will be devoted to a talk to the ladies of Glasgow upon the situation, and in the evening she will appear before a general meeting and make another address.

BAYLOR RESIGNS

At the regular August meeting Commissioner C. W. Baylor tendered his resignation to take effect immediately and Peter Peterson, of this city, has been appointed to fill the vacancy, until another commissioner is elected at the coming general election. Julius Waber of Hinsdale, has filed for the Republican nomination to fill the unexpired term. Mr. Waber is well and favorably known throughout the county and will prove a popular candidate at the primary and general elections.

HAIL DAMAGED GRAIN ON BENCH

Storm Breaks Wednesday Doing Large Amount of Damage

HEAVY WIND AND RAIN

Strip of Farming Country Four Miles Wide On North Bench in Path Of Storm.

Hail and rain in the vicinity of Glasgow Wednesday afternoon at about 3:30 p. m. destroyed a large amount of standing grain, doing more damage than has been suffered in many years. The total loss will amount to several hundreds of dollars.

Following three days of intense humidity with the heat of midday Wednesday extremely disagreeable, the storm came up from the west, rain falling in torrents and the hail being driven by a severe wind that caused it to cut down standing grain almost as completely as could have been done with a reaper. The storm traveled in an almost easterly direction, varying a trifle after passing over the city to directly east. West of the city a few stands of grain were struck by the hail doing a great amount of damage, but by the time it reached the bench land north and east of Glasgow it reached its most destructive aspect and the path of the storm

could be very plainly followed.

Among those who suffered heavily from the hail were Wm. Leonard, who estimates his loss at about 60%. Henry Osterberg and John Todd whose loss will be nearly 90%. H. L. Sprague and his two sons, J. J. Hagen, E. D. Button and L. P. Evans, suffered practically a total loss of all grain not cut when the storm struck them; Fred Johnson will lose about 60%, Frank Huston 40%, F. L. Belzer, nearly 50%, H. B. Keagy, E. J. Snyder, and Elmer Hake also lost a large portion of their standing grain. Chas. Marshall and Hinelin west of Glasgow had all their grain completely destroyed by the hail and many others will only harvest a portion of their fields.

In the city, many gardens were ruined as was also a large number of flower beds upon which the owners had spent innumerable hours developing. Small trees were stripped of their leaves, as was all vineing plants. Potato plants were cut level to the ground, tomato plants were completely ruined leaving the owners without garden products of any kind.

While the destruction by the hail was most severe yet it covered a small district as it did not exceed four miles in width. At Cherry Creek there was no hail and but a little rain and north of there no rain at all. The hail storm was of very small duration not exceeding 15 minutes passing from the time of beginning to the end of the storm.

WONDER PHONE IN LOCAL CAFE

Model Bakery to Install Latest Music Marvel.

FIRST ONE IN MONTANA

Progressive Firm of Hubbert & Buffton Will Place Latest Entertainment Wonder in Local Cafe.

Hubbert & Buffton, proprietors of the Model Bakery and Cafe are showing their thorough progressiveness and that they are right up to the minute in everything pertaining to their business by installing a Wonder Phone for the entertainment of their patrons. The Wonder Phone is a new invention by which music, either vocal or instrumental may be transmitted to any number of places at one time or all at once.

The Wonder Phone will be installed in the Model Bakery and Cafe within the next few days. It has been ordered and shipped and is expected to arrive at any time. Mr. R. G. Shrader of Seattle, Vice-President of the Universal High Power Telephone Co. of that city is in Glasgow and will superintend the placing of the necessary equipment. When completed music can be had at the tables in the booths or in the large dining room by the patrons as they desire.

The method of distributing the service consists of carrying it to the desired location on wires which are connected with the Wonder Phone transmitter. This can be connected with a phonograph or attached to a piano or can be so arranged that it can be spoken or sung into and the sound will be carried to any of the distributing points. The Model Bakery and Cafe will have connections made with all booths, where switches will be placed at the tables so that diners may turn on or off the music at will. In the main dining room there will be placed a large lighting chandelier and to this will be attached the distributing horn from which music will be distributed. This will be under control of a switch at the cashier's desk.

This new invention has been in use a little more than two years and wherever installed has given most excellent service. It was used at Tacoma in 1915 during the big automobile races, by which all announcements to the grand stand were made with better results than had formerly been derived through the use of announcers with megaphones. It has been installed in most of the better hotels and cafes of the western coast and all who have used it declare that it has been a means of not only increasing business but has been a source of additional pleasure to the patrons.

It speaks well for the firm of Hubbert & Buffton, and demonstrates that they are not overlooking anything that will be additional service to their patrons, in placing the Wonder Phone in the Model Bakery and Cafe. They are of the aggressive, live wire, hustling kind of business men that make a city grow and Glasgow is fortunate in having them here.

The Model Bakery and Cafe have also installed a telephone service to each booth as an additional convenience to the patrons. Anyone desiring to call up from the booth has only to ask a waiter for the phone and it can be plugged in without delay.

STATE LAND SALE HERE

October third there will be held a sale of state land in Valley county according to announcement made by Sidney Miller, Register of State Lands at Helena. Land sold will comprise such as has been applied for by those desiring to purchase. Anyone wishing state land should make application to purchase a particular piece of with the Register of State Land Office as no land will be offered except such as has been applied for.

Application for State land should be made early enough so that the parcel of land desired can be advertised in the papers at least four weeks prior to the date of sale. All information covering the method of procedure may be had upon application to the Register of State Lands.

NEW POOL HALL OPENS

Sierts and Hall opened up their new pocket billiard hall in the Ulrich building last Saturday and the patronage was most pleasing to them from the moment the doors were opened. The fixtures of the place are of the very latest design combining convenience and sanitation with per-

fect service. The tables are the latest design and are of the best material with a lighting system which gives perfectly clear vision from every point. The boys are well known and are assured of a very fine business.

HAIL AT OPHEIM

A young hail storm hit Opheim and vicinity yesterday morning and for a time it looked like there would be great damage to the crops. The storm lasted only a few minutes, however, and little damage was done. The storm struck about a mile west of Opheim and traveled east and slightly north. It is probable that the rain which accompanied the hail was of more benefit to the crops than the hail was detrimental.—Optimist.

NO SUNDAY TRAINS

A decision rendered by R. Lee Word enjoins the Montana Railway Commissioners from enforcing an order made by them some months ago whereby the Great Northern Railway was instructed to furnish Sunday passenger service on all their lines.

The ruling of the court is to the effect that the temporary injunction obtained some time ago by the Great Northern against the enforcement of the order of the Commissioners will be continued until the case is finally determined.

AIRMAN SIGNED BY FAIR BOARD

Will Loop the Loop Every Day at the Fair Grounds.

Another thriller has been added to the attractions to be furnished visitors at the Valley County Fair September 7-8-9. The Directors have completed arrangements with one of the greatest airmen in the United States to appear on each day of the fair, giving the very latest stunts in up side down flights as well as looping the loop, the spiral glide, banking and the death drop.

The Board of Directors have been planning all the year for this addition to the fair and were only waiting to be sure the harvest season would be far enough advanced to give the farmers an opportunity to attend the fair. As everything now points to the harvest being well out of the way by the time the fair dates arrive the aeroplane contract has been signed up and this great attraction is now assured.

Timms, the aviator, who will appear each day at the fair has made a great reputation for himself in the east during the past two years where he has made successful flights in all kinds of weather and under every adverse condition. He is a man who makes a contract to positively fly or else forfeit all claim to any fee. It is a case of no flight, no pay and it is up to him to go up each day or else lose time and money. Under such a contract the fair board feels safe in stating that a real aeroplane flight will be staged at the fair grounds each day.

THE HEAT WAVE IN THE WEST

The entire country watched the fight against infantile paralysis in New York City yet few of us realize that in Chicago at the same time the latest heat wave was killing people at the rate of one in twenty minutes.

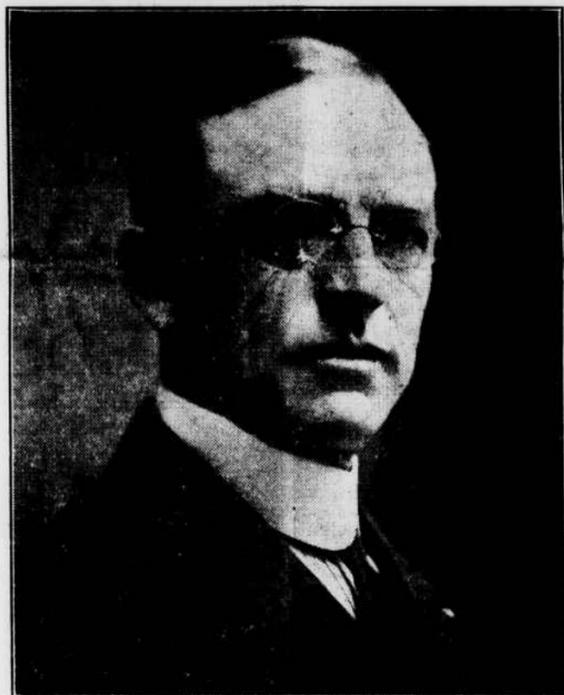

Throughout the middle west the inhabitants were sweltering under excessive temperatures and where the lakes were available hundreds of thousands sought relief from the torrid heat in the waters.

The loss of life was by no means confined to Chicago for other places in Illinois, Indiana and Iowa added to the list of dead in proportion to their population. The highest temperature was 109 degrees but prostrations and deaths in Chicago were caused by a temperature around 95 degrees.

FRANCE MAY PAY MOTHERS

A bill is before the French chambers to establish a system of birth bounties after January the first. The state is to pay, under this proposed scheme, \$100 for each of the first two children, \$200 for the third, \$400 for the fourth and \$200 for each one thereafter. This bounty goes to the mother. Fathers who support four living children are entitled to a bounty of \$400. The funds for these bounties are to be obtained by taxing those of either sex who for any reason are childless or have only one child.

Don't fail to attend the Chautauqua.

FRANK B. LINDERMAN

Frank B. Linderman, candidate for Congress on the Republican ticket was a Glasgow visitor on Wednesday and made a whirlwind campaign among the voters in his own behalf.

Frank is one of the men who has been in Montana so long that he has become a familiar figure throughout the state. His popularity, sterling

qualities, and well known "Americanism" make him a most formidable candidate for anyone to oppose and his success at the primaries appears to be most certain.

As a real man he has no peer, and this combined with his ability to fill the Congressional position with honor to himself and satisfaction to the state is reason enough why he should be returned a winner.

Big Chautauqua Program Commences This Evening

The people of Glasgow have been anxiously awaiting the first number on the Ellison-White Chautauqua, beginning with the Junior Chautauqua, Friday 9 a. m. The afternoon program has been changed from 2:30 to 3, in order to accommodate the teachers attending the Tri-County Institute in Glasgow, about 90 per cent of whom have bought season tickets.

The Ellison-White Chautauqua System has grown the last four years from 9 to 210 Chautauquas appearing on the Pacific coast and the western states, Glasgow being the farthest east the company has yet appeared, and the last in the Montana circuit this year. Their programs are made so pleasing and the management so agreeable that they have no trouble in coming back next year.

Hear the program the first day and you will want to hear all the other numbers of this great program, but be sure to hear VICTOR MURDOCK Saturday evening, the Royal Hungarian Orchestra, Monday evening and the

Hawaiians with Mr. Halton in an illustrated lecture the last evening.

Daily Program
Glen J. McCaddam, Superintendent.
Miss Minnie Berry, Junior Supervisor.

PROGRAMS BEGIN PROMPTLY
Junior Chautauqua 9:00 a. m. Admission 15c.
Afternoon Concert 3:50. Evening Concert 7:30. Afternoon Lecture 3:00. Evening Lecture 8:15.

Friday
Morning—Junior Chautauqua—Organizing King Arthur's Court.
Afternoon—Opening Exercises—Important Announcements—Superintendent. Concert—Ionian Serenaders. Readings—Ruth Meeker. Admission 35c.
Evening—Concert—Ionian Serenaders. Impersonations—S. Platt Jones, Humorist. Admission 50c.

Saturday
Morning—Junior Chautauqua—King Arthur's Court.
Afternoon—Prelude—Gullotta Trio. Popular Lecture, "The Seen and Unseen" (Continued on page 12.)
