FINE EXHIBITS AT COUNTY FAIR

Excellent Showing of Blooded Stock Entered. State Historical Library. Attractions are good. Exhibits still coming in fast. Ring Day draws small crowd. Races first class.

The Fifth annual Valley County Fair opened in this city yesterday morning. The weather was ideal and a goodly crowd took advantage of the opportunity to take in Northern Montana's greatest fair.

Secretary Moore advises us that the exhibits this year, when they are all in, will far surpass any previous year and that already many record breaking exhibits are one display.

The entries for the dairy herd contest are worthy of special mention at this time. Five herds have been entered, each and every one of them, among the finest in the land.

While the crowds yesterday were not large all in attendance were enthusiastic and record breaking attendances are looked forward to for today and tomorrow.

The free attractions are excellent, the chief regret of the fair management being the fact that Otto W. Timm, the birdman, was unable to fill his contract here owing to a smash up at the Iowa State Fair a few days ago. Up until late Wednesday it was thought that he would be able to be present and fill his engagement but at a late hour Wednesday evening Mr. Timm wired that it would be impossible for him to get here.

The races this year promise to be the best ever witnessed at a Valley County Fair, as some of the best horses in the state are entered. It is safe to say that no fair in the state will offer a better racing card than the one offered here.

KILLED BY MOVING TRAIN

Last Saturday evening Frank Wilson, supposed to be from Pittsburgh, Pa., was badly mangled near the depot at Bainville while attempting to steal a ride on a freight train that was just pulling out. Two companions were with him, I. G. Rockstead of Seattle and E. England of Commerce, Texas. All were I. W. W. men and all were decently clothed as workmen.

Dr. Spooner of Bainville was called and rendered first aid to the injured man, who was unconscious. Wilson was at once brought to Culbertson, his two companions accompanying him. He was taken to the home of Mrs. P. A. Olson, who cares for the county patients, and Dr. Munch was called.

Dr. Munch found the man still unconscious with one arm mashed off

near the shoulder by the car wheel, a severe wound in the back of his head and other wounds and contusions. The arm was hanging by a shred of flesh and skin and Dr. Munch completed the amputation and dressed the other wounds.

During Saturday night Wilson died without regaining consciousness. Judge Coulter interviewed the companions of the deceased and decided that it was a clear case of accident caused the man's own rash act in trying to board a moving train, and decided that a coroner's inquest was unnecessary.—Culbertson Searchlight.

MOE BROTHERS INCORPORATE

The Moe brothers, well known farmers in the vicinity of Archer, just west of Plentywood have adopted a plan of co-operative farming that no doubt later on will be attempted by other farmers to a good advantage throughout some portions of Sheridan county.

Six of these brothers, Emil, Nels, William, Ole, Martin and Peter, own individual farms, but this year they have incorporated under a co-operative plan with a capital stock of \$100,000 for the purpose of conducting co-operative farm work, as well as commercial business incident with farming operations. Under this plan the six farms are leased and operated all under one head, and through that arrangement a great saving is realized in seeding, harvesting, threshing and plowing.

This is no doubt one of the most unique farm plans ever adopted in the state, and no doubt will be followed with great interest by other farmers who may try it next year.

The officers of Moe Bros. Co-operative Farmers company are Ole Moe, president; Nels Moe, vice president; Peter Moe, secretary and general manager; and Emil Moe, treasurer and local farm manager.—Plentywood Pioneer Press.

AFTER NORMAL SCHOOL

At the meeting of the directors of the Glasgow Commercial Club held in the Club rooms on Friday evening there was a discussion relative to the securing of a normal school in Glasgow. It was the general opinion that owing to the need of such an institution, and to the distance pupils have to go from this section to attend a normal, that it is possible such a school could be secured.

The large attendance at the summer school and the numerous demands for that class of education seems to indicate that it will soon become a necessity. Condition and facilities for supporting a normal school that Glasgow offers, show that it would be well attended and successful.

Efforts will be made to have a bill put through at the coming session of the legislature for an appropriation for a normal here.

PRIMARY ELECTION RETURNS COMPLETE

Complete Canvass of Returns Makes No Changes in Results as Published Last Week.

MANY DEMOCRATIC RACES ARE CLOSE

Remore Wins Over Schuster, Mead Over Snead and McMahon Over Ruffcorn. Republicans Poll Heavy Vote Over Entire County.

The complete election returns of the primary nominating election were completed early this week and show but very few changes in the results as published in the Courier last week. Returns from over the entire county shows a remarkable Republican vote the Republicans nearly trebling the democratic votes cast. In another column we publish a complete state and county ticket, practically complete canvass of the state returns showing these candidates to be well in the lead of all opponents.

Following are the results of the Valley county election on complete canvass as reported by Clerk and Recorder Shoemaker to the Secretary of State at Helena:

HOLDUP AT CULBERTSON

About 9:45 o'clock last night a short thick-set man entered Frank Stephens' saloon by the back entrance. He

had a blue dotted handkerchief over his face and a six shooter in his hand. There were six men in front of the bar including Geo. Graham, and two companions from Poplar, Clarence Donohoe, Chas. Clark and an employe of one of the local lumber yards. Frank Stephens was behind the bar. "Hands up" says the bandit, and the hands went up. He lined the men in front of the bar against the wall faces to the wall, and proceeded to secure the mazzama. He started down the line and robbed a couple of the men, then thought better of it and turned his attention to Frank Stephens. While Frank had his hands in the air looking into the muzzle of the gun, the robber reached into his pocket and secured a roll of \$160 in bills, overlooking a roll in the other pocket of \$100. He then robbed the cash register of about \$10.

While this was going on a lad named Thomas Hamilton stepped into the front door. He was held up at the door, but finally beat it down to the Plance Saloon and gave the alarm. About this time the bandit left by the back door, firing two shots as he left the saloon.

In a few moments guns were secured and several men, including Marshall Cary, were on the hunt but the bandit had made his get-away. The bandit was recognized as a man who had been around town for several days named Emil Fredgeze. The sheriff was notified and Deputy W. Matthews arrived here early this morning. The hunt is still on and neighboring towns have been notified. It is not thought possible that the robber can avoid arrest within a day or two.—Culbertson Searchlight.

REPUBLICANS MEET

The Republican county central committee met Tuesday evening at the Courier office in this city and elected officers for the ensuing two years. Practically every precinct in the county was represented at the meeting. E. D. Button of Glasgow was unanimously elected as state committee man and Roy T. Gordon, of Nashua, editor of the Independent, received a solid vote for county chairman. C. A. Parker of this city was elected secretary.

Chairman Gordon will call another meeting a short time after the state meeting at Helena to which all candidates on the Republican ticket will be invited and plans laid for the fall campaign.

SHERIFF BUYS HOME

A deal was consummated this week whereby C. W. (Puck) Powell takes over the J. P. McIntyre residence on Fourth Avenue South. Mr. McIntyre has rented apartments in the new Ruml building where he will move his family as soon as the building is completed. The purchase of the Powell residence gives Sheriff Powell one of the prettiest homes in the city.

A large number of people from the neighboring towns are attending the fair.

GREAT FALLS TO SEND SPECIAL

To Arrive in Glasgow Wednesday, September 13th.

GLASGOW WILL ENTERTAIN

Local Club Plans Trip Through Agricultural District On North Bench. Black Eagle Band Coming.

Report has just been received from A. J. Breitenstein, Secretary of the Great Falls Commercial Club that the "Shake-hand Get-acquainted" tour of the Great Falls business men is scheduled to stop at Glasgow on Wednesday, September 13th. The trip was to have taken place on the 7th but due to the possible railroad strike it was postponed until next Wednesday.

The trip is similar to the one that was taken by the Minneapolis Trade Tour and the train will arrive in Glasgow at 1 o'clock and depart at 3:30. During the time that the tourists are in Glasgow the Glasgow Commercial Club will entertain them with an auto ride.

The visitors are accompanied by the Black Eagle Band which will give a concert at the corner of the First National Bank at 1 o'clock. From 1 to 1:30 addresses of welcome and greeting will be given by local and visiting speakers. At 1:30 the autos will take all of the visitors that care to go for an auto ride through the surrounding agricultural district, returning at 3 o'clock.

There will be about seventy business men and representatives from Great Falls on this tour.

Montana Militia Will Soon Be Called Home

Helena, Sept. 5.—That the Montana troops, encamped at Douglas, Ariz., guarding the Mexican border, are to be ordered home September 15th is the message brought yesterday to Helena by Corporal Sloan of Sidney, Corporal Harmke of Columbia Falls and Corporal Richards of Saco. The men, having dependents who need their assistance, came here for their discharge papers.

Official information to establish this report was lacking, the men state but at Douglas it is persistently rumored that the land upon which the Second Montana is camping is to be turned over to its owners on September 15th, and that 40 railroad coaches have been requisitioned for September 15th. The coaches were at Douglas when the Helena visitors left Monday morning. Army officials in Helena yesterday knew nothing of the report, stating that their latest advices were that the troopers were preparing to spend the winter in camp.

Recently letters from the Montana boys stated that preparations were being made for an all-winter stay. The Montana quarters have been erected with a view to permanency

and are considered the best along the border. The dining rooms have been screened and the boys are now building sleeping houses for winter.

Corporal Sloan of company L stated that the camp now is in first class shape, the militiamen working over two months on improving camping conditions. The Second Montana, Sloan said, is reputed to have the cleanest and most up-to-date camp on the border. The Montana regiment is the only militia organization assigned to outpost duty.

Whether college students in the militia are to return in time to enter the educational institutions this month is creating considerable comment on the border, the returning officers said. There are about 50 college men in the Montana regiment and most of these are desirous of getting back to school. The Montana regiment now is 600 below the desired quota and commanding officers want to keep the ranks as full as possible. On several occasions the college men, it is said, have applied for their discharges and transportation home, but this far nothing has been done.

Millions of Acres Public Lands Are Still Open

There are 16,649,725 acres of surveyed and unsurveyed government lands in Montana today, a large proportion of which is of such character as to be suitable for settlement by home builders. But if the rate at which this government land was taken in the year ending July 1 last continues for five years at the end of that time there will be none. The total open for settlement now is 3,000,000 acres less than it was on July 1, 1915.

Dawson county contains the largest body of government land, 2,085,974 acres. Other counties within whose borders there is more than a million acres of unappropriated land are Beaverhead with 1,129,561 acres, Custer with 1,323,840, Fallon with 1,293,280, Phillips with 1,896,964 and Valley with 1,516,188.

The county having the smallest amount is Ravalli, with 3,461, while Lincoln has only 4,270 acres.

The total in the different counties, surveyed and unsurveyed is as follows:

Beaverhead	1,129,561
Big Horn	321,830
