

Wards Off Sickness

You take all kinds of precaution to eat clean food! How about the air you breathe in your bed room, your living room, your home?

Have warm comfortable living quarters. But safeguard your health—insure the right amount of fresh air for your lungs, by properly heating and ventilating your home with a

Warm Air Furnace

Best for Heat—Best for Health

It ventilates. It pours mixed heat and oxygen into the home, drives out the foul air. It makes your home a more comfortable and healthful place to live in.

Cost of installation and operation lowest of any efficient heating systems. Nothing compared to the health it protects. Think it over! FREE Installation Plans.

Come in today and talk things over with us. Let us figure out just the plan you need. No installation—no charge!
