

THE GLASGOW COURIER

VOLUME XIII.

GLASGOW, VALLEY COUNTY, MONTANA, JUNE 8, 1917.

NUMBER 6.

"BUY A BOND" IS LOCAL SLOGAN

Big Drive for Liberty Subscriptions Monday. Personal Canvass.

EXPECT COUNTY TO SET RECORD

Glasgow Alone Has Already Raised Over \$200,000, Amount Set for County to Subscribe. Everyone Urged to Buy Bonds.

HATS OFF TO THEM!

Three subscriptions from Glasgow alone have almost equalled the amount of the Liberty Loan apportioned to this county. Two men and one bank have set the example for Valley County. They are "Doing their Bit." Will you do yours?

The three subscriptions are: Henry Carpenter \$72,000, L. W. Gibson 50,000, First National Bank 50,000. As L. W. Gibson said: "We can't all fight, but we can make our money fight for us."

HATS OFF TO THEM!

Valley county will probably lead the state and if the present pace continues, will lead the nation in the amount subscribed for Liberty Bonds, according to population and wealth. Until Tuesday no concerted effort had been made to dispose of the bonds, but on that day, when the men between the ages of 21 and 30 were registering, the citizens of Glasgow responded splendidly to the call of the government to "Buy a Bond."

Committees made a partial canvass of the city, but owing to the number who subscribed they could not make much headway. Badges were presented to bond purchasers, and hundreds of them are now being worn.

At the recent meeting of the Bankers' association, \$200,000 was set as Valley county's portion of the Liberty Bond issue. At first this amount seemed enormous, but present indications are that the county subscription will more than double that figure.

Glasgow's subscription alone now exceeds the \$200,000 mark, and every effort will be made to have it go over the \$300,000 mark. In case it does, it will mean a per capita contribution of \$100, and this will probably set a mark for any county in the nation to equal.

Every bank in the county is boosting the bond sale and as the time is short for subscriptions to come in, every effort should be made to rush the campaign.

On Monday, June 11, the city and county will be thoroughly canvassed and every person urged to "Do their bit" for their country by buying a Liberty Bond.

While the figures from all the local banks are not available, up until 12 o'clock today \$191,050 had been subscribed through the First National bank alone. Other banks here have taken large subscriptions and the exact figures will be published in the next issue.

The magnificent subscriptions of Henry Carpenter and L. W. Gibson, who took \$72,000 and \$50,000 respectively, is but an example of what Valley county men will do in a crisis. These two men have shown their true patriotism by letting the government have their money to fight with.

Valley county feels proud of them. The First National bank of this city has subscribed \$50,000 in bonds. The list of individual bond purchasers up until today noon follows:

RELIEF HEADQUARTERS NOW OPEN TO PUBLIC

Local Women Undertake Campaign to Make Bandages for Wounded in France.

The room formerly occupied by the Commercial club in the Lewis-Wedum block, was opened yesterday afternoon as the headquarters of the Patriotic Association of Glasgow. Under the direction of Miss Tillman of the Deaconess hospital, several women learned to properly roll a long flannel bandage.

All who volunteered to serve on the workroom committee are urged to meet at the headquarters at 3 o'clock on Monday afternoon, June 11, to arrange a schedule of hours and work. This is important if the work is to go forward, and the women who have little time to give can receive immediate instruction on entering the work room.

On Tuesday afternoon at 3 o'clock material will be on hand for gauze bandages and compresses, and all women are urged to learn to do this work according to specifications. Come to the Tuesday meeting so that the first box from Glasgow may soon go on its errand of mercy.

PARTNERSHIP DISSOLVED.

J. J. Tattan and J. L. Lytle have dissolved partnership and Mr. Tattan has assumed full charge of the Tattan Transfer company of this city. Mr. Tattan advises the Courier that for the time being he will discontinue local hauling, but has a big force of trucks at work hauling between Glasgow and the north country. He will also handle coal of all kinds and already has orders for a large quantity of coal for delivery for next winter's consumption. We understand that Mr. Lytle will devote his entire time to the contracting business and has several large excavating contracts lined up.

GIRL HELD FOR BOOTLEGGING.

Mollie Roseblath, a 17-year-old girl, is being held in the Poplar jail on a charge of bootlegging. The authorities say that she acted as messenger for a gang of men who employed her to bring booze on the reservation from Glasgow and Nashville. She was arrested at Poplar Saturday night and 17 bottles of whiskey were found in her possession.

An accomplice was arrested in Glasgow and is being held on the same charge. The girl made a confession implicating several men who employed her as messenger.

ONLY ONE LICENSE.

But one marriage license was issued this week, and the male contracting party was above the registration age, so he was no slacker. The applicants were: Emil Severson and Martina Jacobson, both of Plentywood.

3,000 MEN IN VALLEY COUNTY REGISTER UNDER NEW DRAFT LAW

Registration Figures Almost Five Times Government's Estimate. Shortage of Cards in Every Precinct. Patriotic Spirit Shown Is Commendable.

Three thousand men in Valley county presented themselves Tuesday to be registered and subject to draft for the large army Uncle Sam intends to raise and train for the war with Germany.

The figures are a revelation, not only to those who have kept a tab on the steady growth of the county, but to the entire country. The fact that Valley county registered as many men as counties supposedly many times its size, is proof positive that our county is making great gains in population.

Tuesday, registration day, passed off without a mishap at any of the polling places. Sheriff Powell and his deputies were on the alert for any anti-draft demonstrations, but there were none. The men who are affected by the conscription law, seemed to look upon it as a solemn duty that they present themselves for registration.

Government estimates had placed Valley county's registration quota at 663 and only cards enough for that number were sent here. How far off the estimate was may be seen in the number that actually registered. But a few hours after the registration places opened, the supply of cards had been completely exhausted, and the Courier was appealed to for additional ones. The situation was the same all over the county; the government had underestimated the number and there was a shortage of cards. Sheriff Powell proved himself equal to the emergency and sent automobiles out with cards to the precincts from which calls came.

The day passed without the least sign of trouble and the spirit manifested by those who registered is certainly commendable. There were no

slackers, but all voluntarily presented themselves.

Fine weather materially aided the registrars in their work. From 7 a. m., when the registration places opened, until 9 p. m., the flower of Valley county's manhood placed themselves at the service of Uncle Sam.

In Glasgow, the registration places were busy all day. On the south side, from four to six registrars worked steadily. A khaki cloth tag, bearing the inscription: "I have registered, have you?" was pinned upon each man as he left the registration place. Every other man on the streets seemed to be wearing a tag and they did so with a spirit that showed their true patriotism.

Going over the figures, it will be interesting to note that of the 2964 registered in 30 of the 31 precincts, but 1335 claimed exemptions or were exempt because of their occupations.

The number of aliens registered was small, only 162 coming under the conscription act. Of these 23 are classed as alien enemies, Nashua leading with 4 and Oswego and South Glasgow coming next with 3 each. There were only 13 colored persons registered, all of these in North Glasgow. Of these 7 claimed exemptions and 6 specified no exemptions.

At Barr and Avondale, the supply of cards ran short and, being so far distant from Glasgow, they were unable to get them. At Barr 25 men presented themselves, but could not be registered because of the card shortage, and at Avondale 75 more than the estimate had to be turned away. However, as soon as additional cards arrive they will be taken care of.

BASE BALL SUNDAY.

Nashua vs. Glasgow is the announcement of the base ball game for Sunday. At 2:30 p. m. at the ball

park the teams representing the two towns will clash for the first time this season.

Nashua has practically the same lineup as last year, and are coming here expecting to cop the bacon. The local team is being organized and put in trim for the encounter.

TWO OLD HOMESTEAD ACTS.

The war revives interest in two old acts—that of June 16, 1898, which provided that the service of a homestead settler in the army, navy or marine corps during the existing war with Spain "or during any other war in which the United States (might) be engaged," should be equivalent to residence upon the land claimed, and cultivation thereon, for the same length of time, and that his entry should be protected against contest during the period of his service; and, that of section 2300, revised statutes, which provides that a person who has served not less than 14 days in the United States army or navy during the existence of an actual war may make homestead entry, though he has not reached the age of 21.

GARAGE BEING REPAIRED.

The Overland garage is under process of re-construction and will be completely restored in a few weeks. A large crew of men are tearing out the burned and damaged portions of the building and putting a new roof on the structure. The entire building will be changed and a big display room will occupy the front end. The shop will also be enlarged.

DEATH FROM KICK.

John Wiese, a twelve-year-old boy, living in the vicinity of Caldwell, was kicked in the head by a horse last Monday. Death resulted, and the funeral was held Wednesday at Caldwell.—Malta Enterprise.

WILL RAISE FUNDS FOR ARMY Y. M. C. A. WORK

O. P. Hovind Made Chairman of District to Secure Contributions. Work Outlined.

As it has taken the lead in every movement to aid the government and the boys at the front in the present war, Glasgow will also do its bit toward raising funds for the maintenance of the army Y. M. C. A.

At a meeting at the Chamber of Commerce Monday night P. J. Corbin of Billings gave a brief outline of the work and a county organization was formed with O. P. Hovind as chairman for the counties of Phillips, Valley and Sheridan.

Similar organizations will be formed in Phillips and Sheridan counties and an effort made to raise funds and aid the soldiers at the front in other ways.

The army Y. M. C. A. is one of the best institutions that was ever established and has done wonders for the boys at the front.

The local company of Montana National Guard saw the work that the Y. M. C. A. was doing on the border and they all will testify as to its worth.

WILL START NEW BANK.

The Farmers-Stockmen's bank at Rogers, Montana, is the newest financial institution in this part of the state. It will open for business about the first of July with Miss Katherine Klockow, now assistant cashier at the Milk River Bank, in charge. Miss Klockow has resigned her position and expects to leave for Rogers some time after the 15th of June.

Twitchell and Selway, prominent stockmen and directors of the Milk River bank, are establishing the new institution.

BEHNER BECOMES PARTNER IN HARDWARE FIRM

Charles E. Behner, of the Behner-Runyon company, has enlarged his business interests in the city and is now a partner of Glenn Maris in the hardware business.

Mr. Behner is now devoting his time to the hardware store, and with Mr. Maris, expects to make the business grow even faster than it has in the past.

Under the management of Glenn Maris the hardware store has enjoyed a prosperous patronage.

I. O. O. F. MEMORIAL SERVICE.

Members of the local order I. O. O. F. and Rebekah lodges are earnestly requested to meet at the Odd Fellows hall next Sunday evening at 7:00 o'clock sharp. Short services will be held at the hall and from there members will repair to the Congregational church where memorial services will be held.

It's getting to be a fright the way some of these modern parents talk back to their children

CELEBRATION ON FOURTH OF JULY

Glasgow to Be Host at a Valley County Farmer's Picnic on Independence Day.

THE ENTERTAINMENT WILL BE FREE

Program Now Being Arranged. Ball Game, Auto Races, Bowery Dance and Fireworks Will Be Big Features of Celebration.

Glasgow is going to entertain the county on the Fourth of July.

Arrangements are now under way for the biggest patriotic demonstration that was ever held in this part of the state. It will be a picnic and a play day, not only for the people of Glasgow, but for all of Valley county and northeastern Montana.

Glasgow is going to be the "host" in free fashion. The entertainment, refreshments and all that goes to make a successful celebration will be free.

It is Glasgow's treat and the entire county is invited. It will be a "free" picnic in the true sense of the word. The sports and program will be free; free lemonade will be served; the automobile races at the fair grounds will be free and the local people will furnish automobiles to haul people back and forth, free. The fireworks and bowery dance in the evening will be free, and with it all will go the hospitality and good-will of every citizen of Glasgow.

The celebration will be under the auspices of the Chamber of Commerce and agriculture and committees have been appointed to make the final arrangements.

It has been definitely decided on to have an automobile parade in the morning, and every automobile owner in the county is urged to be represented in it. There will also be a ball game and other sports. An auto race is also being considered.

A big display of fireworks has been ordered and will be shown during the day and evening.

It is going to be a "free" show in the true sense of the word and Glasgow is going to stand the expense. You are invited.

WILL PROVIDE FOR LOST REGISTRATION CARDS

Helena, Mont., June 7, 1917.

The following copy of a telegram from the provost marshal general is sent by direction of Governor Stewart, for information and guidance:

Washington, D. C., June 6, 1917. Governor of Montana,

Helena, Montana. Cases in which registered persons have lost their registration certificates have come to the attention of this office. In such cases the registration board, which has the card of such person should, upon application, verify the fact of registration and upon proper evidence of good faith give a written statement signed by the clerk setting forth the fact of registration, the name of the person registered, the date and number of the registration card, and a statement to the effect that evidence has been submitted proving the loss of the registration certificate.

This course seems preferable to issue of duplicate certificate. Please give widest publicity and inform registration board by mail.

(Signed) CROWDER.

FLAG INSULTER JAILED.

A laborer named Morrissy was arrested last week by Sheriff Jack Bennett at Medicine Lake for insulting the American flag.

Morrissy is an I. W. W. and while on a spree started to tell everyone what a punk country the United States is. The sheriff was notified and the desecrator of the flag was put in jail to recover from his hallucination.

RAIN UP NORTH.

A heavy rain is reported to have fallen in the north country yesterday. A telephone message from Ed Combs brought the news that Ophelm was having a fine rain which appeared to be general in that part of the country.

CHILDREN'S DAY SERVICE.

There will be a special Children's day service at the Congregational church next Sunday, June 10, at 10 o'clock in the morning. All are cordially welcome and parents are especially invited to attend with their children.

JOE GETS PATENT.

Among the patents granted to citizens of Montana recently is one to J. P. Starnhagan of this city for a flat-fire signal.

We Are at War

Your lives have been peaceful, sheltered, disturbed by only trivial things since babyhood. You have never experienced the awful shattering devastations, the black horrors, the stunning blows to all you have builded, the blasting of hopes, all the gigantic, overwhelming disasters which WAR has always brought from the dawn of history.

To you WAR is only a word of three letters which may mean something unpleasant to very remote people, but not to you.

Be warned! Awake! Arise! The flames are lit! The Horror is loose! And you must stand at the gate and summon all your strength to keep the Wolves away.

You think we are safe from invasion—that no foe can come thundering over our borders with awful engines of destruction which could turn your homes into smoldering ruins in an hour. You think no hostile aircraft can float noiselessly above you while you sleep, dropping bombs that would shatter your houses to matchwood and crumbled stone and your bodies to quivering fragments of bloody meat.

Is there an anti-aircraft gun here to drive them away? No! Or a mighty searchlight to spy them out among the midnight clouds? No!

Dou you want this protection? Then help pay for it. Awake! Arise! We are at WAR!

Who knows what a month may bring forth? Who foresaw the kaleidoscopic changes in Europe? The Russian Revolution?

What new nations may be brought into this world conflict? And how near our borders may the danger be? The world is aflame—and we are at WAR and still unprepared.

Awake! Arise! The call has come! Your banks, your business men, your city-builders, men of careful thought and wide information, have given the ALARM to pass on to you.

Our hearts are stout, our courage proved, our minds are clear, our cause is just. It is in our deadly, wicked indifference, our false security, our blindness and our SLEEP that danger lies. Awake! Arise!

Famine goes hand in hand with war. We must have no famine here, nor need we.

Black disaster to business as well as lives, families impoverished, homes lost, lives drained away by want, those we must not have, nor need we.

But we must work—you must work—and we must work with intelligence, with united effort and with desperate earnestness.

We must arm. We must prepare! We must arm the nation with all the costly scientific new discoveries of warfare. We must feed millions now fighting for us in the field. We must provide the money—we must subscribe the Liberty Loan.

The call has come. Arise! You will be called to act on a committee or to actively work at securing bond subscriptions. Answer with joy and pride and answer AT ONCE. And as you work give thanks that you are so called and are not called at midnight to step forth in a blinding blast of death from the skies to see all those you love gasping for breath in quivering heaps—for an instant, before you, yourself are blown into a mangled shapeless thing.

The call has come! Awake! Take part—and put your BACK to it. Arise!
