CONSTABLE KILLS FARMER AT SACO

Phillips County Rancher Shot and Killed Sunday Evening, while Resisting Arrest by Constable Lucht

Elam Threlfall, a rancher living south of Saco, was shot and killed Sunday evening by Emil Lucht while resisting arrest. Threlfall, so the story goes, was working a horse belonging to Mr. Eidel, who lives near Hinsdale and on Sunday he went to Threlfall home and after looking the horse over demanded the animal and was refused its possession, being told that he would have to get an officer to get the animal.

Mr. Eidel went to Saco to phone to Malta, but as Saco has no Sunday telephone service it was impossible to get the county officials and Emil Lucht, who is a constable, was sent for the man and animal. Before Mr. Lucht arrived at the Threlfall home he had taken the horse some two hundred yards from the house and killed it and had then left the farm. Lucht and four others waited at the farm when for the return of the owner and when he came in about seven o'clock the constable informed him that he was under arrest, but Threlfall refused to have it that way and made the remark that they would take him dead or not at all. Lucht commanded him to put up his hands but he refused to do this and kept trying to get a gun out of his side pocket, walking toward Lucht all the time. When he was within about ten feet the constable opened fire and shot the man three times before he fell.

The county attorney and sheriff had been called by phone and were on the road to Saco at the time of the shooting and Coroner Tucker was immediately called and went to the scene of the trouble where he held an inquest. At the inquest it came out that the deceased was of a troublesome and quarrelsome nature and that he had been arrested once for the theft of cattle, also that he had threatened the life of anyone who was sent to arrest him. After the killing of the horse it was learned that he returned to the house and told his little daughter that he had killed one of the neighbor children and had thrown her body into the creek. This was soon disproved as the child was not harmed in the least and it was thought that his mind was a little cloudy.

His wife died a few years ago at Rochester and he was living at home with his two young daughters and his housekeeper. The remains were taken to Malta by Coroner Tucker and burial made in the Malta cemetery.

JUDGE TATTAN HOLDS COURT IN OLD DISTRICT

Pioneer Judge of State Term to Visit Son and Hold Court Term for Judge Borton.

Judge John J. Tattan of the Twelfth Judicial district, spent several days in Glasgow the past week visiting at the home of his son, J. J. Tattan, and holding a short term of court for Judge Carl D. Borton, who was disqualified from hearing some civil suits which were on the calendar.

Judge Tattan has served as a district judge in Montana for the past twenty years, having held office continuously since first being elected. The Twelfth judicial district when Judge Tattan first held office comprised practically all of the territory now embraced in the northern and north central Montana districts.

He returned to his home at Fort Benton this morning.

DISTRICT COURT

In district court this week with Judge Tattan presiding, judgment was rendered in favor of the plaintiff in the case of the First State Bank of Opheim vs. Dewitt A. Reddick, et al. In the matter of the hearing on the estate of Ernestina Lang, the judge took the matter under advisement. A decree of divorce was granted in the case of Margaret J. Farrell against Thomas Farrell.

CLOSE SENATORIAL RACE IN DAKOTA

Fargo, N. D., June 29.—Senator Porter J. McCumber's early lead in his contest for renomination on the Republican ticket was being imperiled today by Lynn J. Frazier, Nonpartisan, as rural precincts started reporting on yesterday's statewide primary election.

The Republican nomination of Governor R. A. Nestos of North Dakota, independent, to succeed himself "loomed today as almost a certainty when with nearly half of the total vote cast he had a margin of approximately 23,000," the Forum, independent newspaper, claimed today.

Returns from 615 precincts give: McCumber 36,730; Frazier 29,156. Six hundred and forty-seven precincts give: Nestos 47,233; Baker 25,135.

COL. NOLAN, PIONEER, LAWYER, DIES IN BUTTE

Colonel C. B. Nolan is dead. Pioneer lawyer of Helena occurred at Murray hospital in Butte at 4:25 o'clock Saturday morning. Probably no public man had been held in higher esteem in Montana, and his death has caused universal regret, not only throughout Montana, but throughout the northwest as well. Endowed through life with unusual courage and fortitude, probably no man ever exhibited a more valiant fight for life than did Colonel Nolan. The spirit he displayed in the last few days had so imbued those staunch friends who surrounded his bedside that they would not believe that he had received his final summons. Having known him through life as a successful defender against earthly foes, "Colonel Nolan will live," was the hope expressed, even after attending physicians had announced death was inevitable.

JORDAN MAN KILLED BY FALL OF DERRICK

Herman Wood, 49, residing seven miles north west of Jordan, Garfield county, was struck by a falling derrick on Tuesday morning about 10 o'clock and died shortly afterward, according to information brought into Miles City Wednesday by Earl E. Vance, local aviator.

Mr. Wood with the aid of his stepson, Carl Woodman, was moving the well derrick from one location to another when the accident occurred. Physicians called arrived too late to be of any assistance.

RINGLING SCHOOL TEACHER COMMITS SUICIDE BY POISON

Della M. Michilson, 26 years of age, supposed to be originally from Detroit, Mich., but who has lately been teaching school at Ringling, Meagher county, committed suicide by taking poison at a rooming house in Lewistown Saturday night, her body being found Sunday morning. A bottle that had contained poison was near her and on the table was a glass containing a little poison. She left a note with instructions to notify L. C. Quinn, of Fargo, N. D., in case of accident. After an investigation, Acting Coroner Fred Skalicky announced it was a clear case of suicide and that no inquest would be necessary.

R. L. SCHOOLEY DIES AT LOCAL HOSPITAL

R. L. Schooley, who resided at Bowdoin, but who had been a patient at the Deaconess hospital for ten days, died at that place the latter part of last week from cancer.

At the time of his death Mr. Schooley was 53 years of age and had been a contractor at Bowdoin and Malta for the past two years, being well known and highly respected at both places. He is survived by his wife, who has the sympathy of this community in her loss.

Rev. William Pippy, of the Glasgow Methodist church, officiated at the funeral services which were held at Peterson's undertaking chapel, Friday morning. Interment was made in Highland cemetery.

The case of the state vs. Henry Fenner, of Opheim, who was arrested some time ago on a statutory charge, was dismissed in Judge Rapp's court this week, the evidence failing to show that Fenner was guilty of the alleged crime. The defendant was about sixty years of age.

Burlingame Calls On Local Republicans

James M. Burlingame of Great Falls, candidate for the Republican nomination for congress in the second congressional district, was a visitor in Glasgow Wednesday morning in the interests of his campaign.

Mr. Burlingame served three terms in the state senate, representing Cascade county, and during his service held places upon some of the most important committees of the upper legislative body of the state. At the last session he was chairman of the judiciary committee.

Few men in Montana have taken a more important part in the development of the state and in its political activities. He came to Montana from Minnesota where he was born at Owatonna, June 6, 1868, and has lived in the Treasure state since 1890.

In 1900 he served as secretary of the Republican state central committee. For several years he was a member of the state central committee from his home county. In 1912 he was a member of the executive committee in charge of the campaign.

In 1900 he was appointed a deputy collector of internal revenue and in 1902 he was made register of the Great Falls land office, a position to which President Roosevelt reappointed him. During the time he was in the land office the business grew until it was the largest transacted by any land office in the country. Over 14,000 homestead filings were made in the fiscal year ending June 30, 1910.

After receiving his grade and high school training in the town of his nativity Senator Burlingame read law and was admitted to the bar by a special commission appointed by the district court, receiving his certificate on his twenty-first birthday. Later he attended the University of Minnesota and received his bachelor of laws degree in June, 1880. He came to Montana the same year.

For some time he successfully followed his profession, but it being too confining, he returned from the law to form a partnership with W. S. Frary in the insurance, investment, loan and real estate business. The firm is now

one of the largest in Montana and has loaned hundreds of thousands of dollars to assist in the development of northern Montana.

He is the dean of the legal profession in Great Falls. He also is prominent in Masonic and Elk circles in the state.

BREWERY WILL BE GIVEN TO OWNERS

Great Falls, June 28.—The plant of the Montana Brewing company, valued by its owners at \$200,000, seized by the state under a search warrant June 9 for alleged violation of the prohibition law, will be restored to its owners and confiscation proceedings against it dismissed under an order signed by Judge J. B. Leslie Wednesday afternoon. The court held that testimony introduced at the hearing which started Monday did not warrant confiscation.

The order for dismissal was based principally on the analyses made on Tuesday night by Dr. Thomas F. Walker on order of the court, because of the "hopeless confusion" of testimony as to the alcoholic content of the beer previously analyzed by Dr. Walker for the state and introduced as evidence at the opening of the hearing.

Six bottles of beer taken from the brewery by a deputy sheriff in the presence of witnesses for the state and the defense, tested less than one-half of one per cent, Dr. Walker testified on the witness stand, with the exception of one bottle which contained .53 per cent alcohol. While this bottle represented a technical violation of the statute, Judge Leslie held that it was too trivial to warrant the confiscation and destruction of the brewery.

HINSDALE GARAGE ROBBED

On last Saturday night some party or parties forced an entrance into the Standard garage through a rear window, broke open the office door and rifled the safe, obtaining \$150 in cash. In some ways the act looks as though it might have been local talent and in other ways it does not. Nevertheless, the person that committed the act knew what he was doing. The combination was forced from the safe with a chisel and the bolt was driven back into the safe, thus enabling him to open the door easily.

Mr. Olson was on a drive to the north country and didn't discover his loss until Sunday morning.—Hinsdale Tribune.

SATHRE GETS BAYLOR-AVONDALE MAIL JOB

The contract for carrying the mail from Baylor to Avondale has just been awarded to Bennie Sathre, of Avondale. The new contract calls for the mail to start from Avondale on Monday, Wednesday and Friday at 7 a. m., arriving at Baylor at 12 noon. On the return trip the carrier is to leave Baylor at 1 p. m., arriving at Avondale on the same day, permitting mail from Avondale to get to Glasgow the day it leaves that office. Passengers desiring to travel with the carriers can make the same connections. This change goes into effect July 1.

Albert E. Kelsey	028755

JOHNSON LANDS BIG SCHOOL CONTRACTS

Elmer Johnson returned Monday evening from Ray, N. Dak., where he succeeded in landing the plumbing contract for a new \$45,000 school building which will be erected there this summer. Mr. Johnson now has a large crew of men at work on the plumbing contract for the new \$50,000 school building which is being built at Bainville.

WILL HAVE DAY NURSERY FOR THE MOTHERS' CAMP

For the convenience of all the mothers in Glasgow and the surrounding towns, Mrs. Ira B. Tourtelotte is opening her home as a day nursery. The Deaconess hospital is supplying nurses to take care of the children. All of the town women are urged to attend the lectures given at the Baptist church during the Mothers' camp.

REBEKAHS HOLD MEET AT SACO

Prominent Glasgow Women Attend Northern Montana District Meet as Delegates of Local Lodge.

An event of importance in fraternal circles was the all-day district meeting, held at Saco on Thursday, June 22, in the form of a school of instruction of the work of the Rebekah lodge. The meeting was formally opened by the district president, Mrs. T. A. Hauge, of Glasgow, and Mrs. W. B. Shoemaker, grand president of the Rebekah lodge for the state of Montana, and Mrs. Miller, of Saco, grand trustee, were presented according to form.

Mrs. J. K. Bell, of Saco, then gave the address of welcome to the visiting delegates, the response being made by Mrs. Margaret Hanson, of Hinsdale. Mrs. Emily Whitbread was next called upon and addressed the meeting in behalf of the I.O.O.F. Home, which is situated at Helena. An open forum was then held in which questions were asked and answered and general instructions for the Rebekah given. The election of district officers was then held, the following being selected for the various offices: Mrs. Katherine Partridge, Malta, president; Mrs. A. W. Ames, Hinsdale, vice president; Mrs. Carl Ackerman, Glasgow, secretary and treasurer; Mrs. Mullins, of Saco, conductor, and Mrs. Margaret Hanson, Hinsdale, warden.

At the close of the afternoon session the delegates were escorted to the home of Mrs. J. K. Bell and were the honor guests at a splendidly appointed banquet served at six o'clock. The Saco Rebekah lodge beautifully exemplified the ritualistic work at the evening session which was followed by a delightful dancing program.

The delegates in attendance were Mrs. Martha Lang and Mrs. Katherine Partridge, Malta; Mrs. Margaret Hanson, Mrs. L. W. Ames, Mrs. Kaul, Mrs. Rowe and Mrs. Pilgrim, Hinsdale; Mrs. W. B. Shoemaker, Mrs. Emily Whitbread, Mrs. Carl Ackerman, Mrs. T. A. Hauge, Mrs. J. A. Shambaugh, Mrs. C. C. Taylor and Mrs. Jacob Pattison, Glasgow.

NO MORE FREE VACCINE

The government will distribute no more free blackleg vaccine to stockmen, says Dr. Howard Welch, veterinarian of the Montana Experiment station. In recent years the government has distributed from 150,000 to 200,000 doses of the free vaccine in this state alone. Now the supply will have to be purchased by the stockmen themselves. Dr. Welch recommends Aggressin as the only vaccine that is truly efficient in prevention of blackleg.

POTATO EXPERT VISITS FARMERS OF VALLEY

Is Optimistic Over Potato Raising Prospects of Milk River Valley. Will Write Up Section.

Farmers in the Milk River valley adjacent to Glasgow are being visited this week by Jack Dickey, potato expert and field man for the Northwest Potato exchange, Kalispell, who is here to lend his aid to farmers who have contracted acreage for the raising of potatoes to be marketed through that organization. Mr. Dickey has a territory covering the valley between Malta and Nashua.

"It is my prediction," said Mr. Dickey, Monday, to a Courier representative, "that the Milk River valley will eventually become famous for its potatoes. The soil, climate and ready access to transportation facilities afforded by this district, assure it a place alongside of the Flathead and other now famous potato raising valleys. Furthermore, the spirit of enthusiasm in the Milk River valley, in the face of several years of hardships, is the finest I have ever seen, and this is a tremendous factor for success."

Mr. Dickey is a man of penetrating observation and wide experience in the potato game, and when the talks
