

PLAN FOR NEW PARTY

Roosevelt and Supporters Discuss  
Advisability of Progressive Con-  
vention to Be Held in August.

Chicago, June 23.—As illustrating  
the completeness of the break be-  
tween the new party and the regular  
party, plans are being worked out by  
the Roosevelt managers looking to  
a big non-partisan progressive mass  
convention to be held early in August  
at which a nation-wide organization  
can be perfected and a ticket named.  
Unless some action of the republican  
convention now in session calls for  
early action by the progressives, this  
plan will be carried out.

Woodrow Wilson is the man al-  
ready talked of as running mate for  
Roosevelt—assuming that Roosevelt  
will be the candidate of the new  
party—in the event that Wilson is  
not named at Baltimore. William J.  
Bryan is also prominently mentioned.

It is pointed out by George L. Re-  
cord of New Jersey, who is strong for  
this program, that Roosevelt and  
Wilson are really radicals of equal  
degree and belong in the same party,  
and that Taft and Harmon are in  
fact representatives of the same in-  
terests.

The time for the new alignment, it is  
said, has come, and the mass conven-  
tion will be the next big step after  
the bolt from the old line republican  
organization has been worked out.

"It is time to shake Peurose, Crane  
and Root," said Record. "They should  
lead themselves in a party which  
openly stands for special privilege  
and the perversion of the courts. We  
who stand for human rights and for  
equal justice have nothing in com-  
mon with them, and we ought to go  
with clean democrats like Ben Lind-  
sey, Bryan and others of their kind.  
We have faith that the country is  
ready to respond to this call."

The Roosevelt people are encour-  
aged by the choice of Alton B. Par-  
ker as temporary choice at Balti-  
more and are hoping that the con-  
vention there will choose some reac-  
tionary candidate like Harmon or  
Underwood. This would result in  
two conservative candidates with  
Roosevelt as the one progressive.

TESTIMONY HITS DARROW.

Uncle of McNamagal is Mixed Because  
of Lies.

Los Angeles.—George Behm, uncle  
of Ortle McNamagal, who turned  
state's evidence in the McNamagal  
dynamite case, was under cross-ex-  
amination by Clarence Darrow in the  
latter's trial on a charge of jury  
bribery Thursday.

Darrow was unable to get much  
out of the witness, who showed great  
stupidity. His answers were vague  
and had little relevancy to the ques-  
tions put by Darrow.

Darrow finally got Behm to admit  
that he had sworn falsely when ques-  
tioned before the county grand jury  
in regard to his reason for coming  
to Los Angeles to influence McNam-  
gal to change his testimony.

When admonished by Judge Hut-  
ton to stick to the questions asked  
and not bring in outside matters,  
Behm turned to the court and said:  
"I told a lie in so many cases to  
keep him out of trouble that, honest,  
I can't make these stories stick to-  
gether. My God, he's put me in an  
awful hole."

Questioned further, Behm was un-  
able to state on what occasion he had  
lied to shield Darrow.

REPRODUCE VESSEL.

Ship of Columbus Will Appear at Ex-  
position.

San Francisco, June 23.—Word  
was received by the Panama-Pacific  
International Exposition that the  
three caravels, the Santa Maria, the  
Pinta and Nina, which were features  
of the Columbian Exposition at Chi-  
cago in 1893 and which have been in  
the lagoon at Jackson park, Chicago,  
are to be repaired and brought to  
San Francisco by the Knights of Co-  
lumbus of this country.

The Santa Maria is an exact repro-  
duction of the old Spanish vessel  
which carried Columbus on his tour  
of discovery in 1492, and in con-  
structing it the plans that are pre-  
served in the Spanish archives were  
followed. On their arrival in this  
city they will be placed in the yacht  
harbor which will be one of the in-  
teresting features of the world's fair.

#### CUBAN IS ANGERED.

Threatens to Hang Anyone Who Sug-  
gests Surrender.

Santiago, Cuba.—The insurgent  
leader, Julio Antomarchi, who on  
Saturday ordered all the whites to  
leave the vicinity of El Cobre, issued  
a proclamation Monday stating that  
he would hang any person approach-  
ing him with a suggestion that he  
should surrender.

American Consul Holaday has re-  
ported that most of the territory  
about El Cobre has been depopulated  
as a result of the proclamation, and  
there is little opportunity for the  
negro leader to execute his threat to  
attack foreigners.

In view of the fact that the Cuban  
general in command in Oriente has  
distributed about 500 guerrillas and  
soldiers in the danger zone, while  
nearly 200 American marines are en-  
trenched at El Cobre and vicinity, it  
is thought the danger to life has been  
greatly reduced.

#### TWOHEY BROS. RESUME WORK.

Completion of Central Point-Medford  
Highway Now Under Way.

After several months layoff, Two-  
hey Bros. resumed work Thursday on  
that section of the Pacific highway  
between Central Point and Medford  
and it is understood the work will be  
pushed to early completion.

The work was well under way last  
fall, but on account of the rainy sea-  
son coming on, work had to be sus-  
pended until spring.

The contractors request the travel-  
ing public to take notice that the road  
will be closed until the work is com-  
pleted or that it will at least be in  
a condition unfit to travel. The public  
therefore is requested to avoid that  
road for the present, as well for their  
own comfort as for the convenience  
of the workmen.

#### ATHENS UP TO DATE.

An Historic City Pillaged by Robbers  
of Many Races.

When we consider her checkered  
career, her long, long centuries of  
defeat, oppression, pillage, destruc-  
tion by the most barbarous nations  
of Europe and Asia, we cannot won-  
der that Athens is today chiefly cele-  
brated for her ruins; that not a single  
temple is still intact.

Yet here is today a modern city  
of some 150,000 inhabitants, sup-  
remely interesting to the student  
because of its history, to the artist  
because of rare fragments of sculp-  
ture, to the archeologist because of  
its majestic ruins, stately even in  
their decay.

In the modern city of Athens there  
are two squares which from the two  
foci of the city radiates. One of  
these is Constitution Square, to  
translate the Greek and French  
names by which it is usually called  
Place of Concord. Around Constitu-  
tion Square cluster the leading hot-  
els, while to the east it is flanked  
by the great bare marble palace of  
the king, and behind it a botanical  
garden.

From the Place de la Concord radiate  
various electric car lines to dif-  
ferent parts of the city, and the two  
squares are connected by the Street  
of the Stadium, a busy thoroughfare  
about half a mile long. Other prin-  
cipal business streets are the Street  
of Hermes, the Street of Eolus,  
Athens street and Pierus street. In  
all these and some others are good  
shops, filled with the latest importations  
from London, Paris and New  
York. The student of the classics  
will be interested to note that many  
of the streets are named after the  
ancient worthies, Homer and Soerates,  
Eschylus and Phidias, and is  
thankful to the city fathers of Athens  
for putting up at every street corner  
a marble tablet with the name of the  
street in plain Greek letters, a cus-  
tom which many of our American citi-  
zens might well imitate more exten-  
sively.—Christian Herald.

#### PARKER FOR CHAIRMAN.

Democrats Choose Former Candidate  
Over Bryan's Objection.

Baltimore, Md.—Alton B. Parker  
was on Thursday elected temporary  
chairman of the democratic national  
convention on the second ballot in  
the committee on arrangements  
shortly after 3 o'clock. On the first  
ballot he needed only one vote to be  
elected.

On the first ballot Parker received  
seven votes and Ollie James of Ken-  
tucky six. On the second ballot the  
chairman of the committee voted  
with the Parker forces, electing him.

The second ballot resulted: Par-  
ker 8, James 3, Henry of Texas 3,  
Kern of Indiana 1, O'Gorman of New  
York 1.

Parker was bitterly opposed by  
William J. Bryan but had the support  
of Leader Murphy of Tammany Hall.  
The plans to prevent Bryan from  
capturing the convention are now  
well under way, according to the  
Murphy followers.

Place for sale? House for rent?  
Want anything? A few lines in the  
Tidings' want columns will do the  
business.

Nothing jolts an egotist like the  
refusal of people to pay any attention  
to him.

#### WILL BUILD AT ONCE.

William Sproule Says Willamette-  
Pacific is Assured.

In an interview with William  
Sproule, president of the Southern  
Pacific, who had returned from a  
conference in the east with Mr. Lov-  
ett, Mr. Sproule makes the statement  
in the San Francisco Examiner that  
"the Willamette-Pacific Railroad  
will be built right off." He says  
further that F. X. Wendling and a  
number of associates in San Fran-  
cisco are prepared to cut 1,000,000-  
000 feet of lumber along the Willam-  
ette-Pacific as soon as the road is  
completed.

L. A. Whereat, local engineer of  
the Southern Pacific on Coos Bay,  
who returned recently from Portland,  
said he heard nothing that would in-  
terest those who believe the railroad  
news of late is not encouraging. Mr.  
Whereat has not been to San Fran-  
cisco, as reported in a local paper,  
but has spent two days in Portland  
conferring with the Southern Pacific  
officials.

The general feeling of pessimism  
which has prevailed for some time  
past is brightening over the recent  
news and it is believed that Mr. Tink-  
ler's arrival will be almost coinci-  
dent with the commencement of work  
on the Willamette-Pacific.

Captain J. T. Macgenn of the  
Breakwater said that W. S. Cham-  
bler was in Portland when the ship  
left there and he intended coming  
to Coos Bay on this trip, but was  
delayed. He told the captain he  
would accompany him on the next  
trip, however, and said he thought  
the Southern Pacific entry through  
Marshfield would be arranged for be-  
fore next week. Captain Macgenn  
also saw General Manager J. P.  
O'Brien when in the city and was in-  
formed by him that Mr. O'Brien con-  
templated a trip to Coos Bay this  
summer. Mr. O'Brien told Mr. Mac-  
genn the railroad would soon be un-  
der way and construction would not  
be long delayed.—Marshfield Record.

#### SOME OFFICIALS GUILTY.

Land Fraud Cases Being Prosecuted  
in California.

San Francisco.—"Some prominent  
officials of the Southern Pacific Rail-  
road Company are guilty of actual as  
well as constructive fraud in connec-  
tion with the location of oil-bearing  
land in California," said Willis M.  
Mills, special assistant to United  
States Attorney General Wickersham,  
on his arrival here from Washington.  
Mills is here to further the prosecu-  
tion of the government's civil suit  
against the Southern Pacific for hav-  
ing patented, allegedly by fraud,  
6,100 acres in the Elk Hill district  
of Kern county. The land has proved  
to be oil bearing and is said to be  
worth \$20,000,000.

"We will not be able to prosecute  
the railroad officials criminally,"  
added Mr. Mills, "because the fraud  
was committed prior to December 12,  
1904, and the time necessary to make  
effective the statute of limitations  
has expired. We are, however, going  
to get at their books and show the  
fraud in all its details in the pending  
suit for the restoration of the land  
to the public domain."

The schools of Albany have added  
manual training and domestic science  
to their curricula.

The Y. M. C. A.'s of the northwest  
are now in session at Columbia  
Beach.

#### HORN BROOK NEWS.

Mrs. Traub of Beawick visited her  
mother, Mrs. Dr. Phinell, of this  
place for a few days. She came last  
Sunday and returned to Beawick  
Thursday. She took advantage of  
the lovely cherries around Horn-  
brook and laid in a supply.

Judge Chambers, from Montague,  
was in Hornbrook Wednesday.

Mrs. Tubs of Hill was in town  
Wednesday.

Next Sunday the Hornbrook base-  
ball boys and the Ward team are to  
have a clash at Hornbrook. The  
Hornbrook boys have so little prac-  
tice that it is not surprising that  
they lose a game once in a while.

Mrs. Carvin of Klamath Falls has  
come to visit her mother, Mrs. Lowe,  
of this place. She expects to stay  
two or three weeks.

Hettie Clauson came from Duns-  
muir Sunday.

Mrs. Dick Stalcup is visiting Ash-  
land for a few days.

Howard Tyrrel of Hornbrook,  
hostler helper of the round-house,  
has been advanced to night hostler.

E. J. Fowler has finished his con-  
tract at Beawick and returned home  
Tuesday, June 18.

W. A. Fowler was in town with his  
famous ox cart that has been shot  
at by every camera in the country.  
It surely is an interesting sight.

George Sherman was drowned  
while swimming in the Klamath river  
near Crox. He was a good swim-  
mer, but the Klamath river can  
claim as its victims the best and the  
brightest. The lives of our boys are  
too precious to be risked in its wa-  
ters. The body has not been found.

Winnie and Ethel Heavingham of  
Gazelle are visiting friends in Horn-  
brook. Such news is very interesting  
to our young men.

The father of Mrs. Herbig of this  
place returned home after a pro-  
longed visit to Weed. He stopped  
over a few days at Yreka. Mrs. Her-  
big went to Yreka to meet him and  
to be with him on his return.

Hazel Stough returned from Duns-  
muir, where she has been visiting  
for three months. She will make her  
home in Hornbrook.

Lewis Miles, Joe Niles, Henry Wal-  
ters and Edna Mae Walters made a  
pleasant call on Angelo Yago, the  
noted Italian harpist. Angelo has  
a large Italian harp and is an expert  
player. He used to play for dances  
in this community, but it is now a  
rare treat to hear him play.

J. Jacobs, who got his arm broken  
and who was jammed up generally  
several weeks ago by falling sixteen  
feet from the Horn company's ditch  
trestle, is improving. He is im-  
patient to get the harness off. He is  
only a boy grown old and cannot  
stand restraint with any degree of  
patience. He is in the early seventies  
and his escape from death was a mir-  
acle, as he fell on a bed of rocks. He  
is able to walk to and from town.

Mrs. Simmons, from down the riv-  
er, was in town Wednesday.
