Bella Boner, professional nurse, who has nursed in the Rogue River valley for over three years making Ashland her headquarters, is leaving today for Los Angeles, with her patient, Miss Bess Kilgore, of Bonanza, Klamath county, Ore. Miss Kilgore had a very bad attack of typhoid fever a year ago from which she never fully recovered, her lungs being in a weak condition. Dr. G. O. Jarvis has recommended her taken south, probably to Arizona, after spending some time in Los Angeles where she is going to have her tonsils removed. Bella Boner is not coming back to Ashland though she says she never expects to find such a beautiful place as Ashland unless she is fortunate enough to see the land of her birth, where the three-leaved Shamrocks grow.

Tuesday morning between 6 and 7 o'clock some of the residents of Ashland observed as nifty a house on wheels as one could wish. It was passing through the principal streets of town, the horses prancing merrily along apparently glad that their faces were once more turned eastward to the hunchgrass plateaus of Eastern Oregon. On the driver's seat sat R. W. Leonard and L. R. Coombe, with that wrapt look which even a casual observer knows, betokens visions of pine-clad mountains, rushing streams and emerald lakes. When last heard from they were taking a mid-afternoon rest at Shake, after bivouacking for the night on the ozone-laden summit. But their goal is still ahead, wanderlust beckons and they faint must follow, where she leads.
