The first barge load of redwood taken from the French bark Henriette arrived here yesterday. While there is no difficulty in getting the lumber from the vessel, yet it is reported to be difficult to handle on account of having been made slippery by the pumps which sucked considerable mud from the bottom. The exact injuries to the vessel cannot be ascertained until the cargo is removed.

Timber cruisers representing Bradley & Collins, a wealthy lumber firm of Wisconsin, left Astoria yesterday for the Lewis and Clark country to cruise about seven thousand acres of timber lands upon which the firm recently purchased an option from the Astoria Abstract, Title and Trust Co. The timber constitutes one of the finest belts in Clatsop county, and if the present cruise is as satisfactory as former cruises the sale will be consummated at once. While the price to be paid has not been made public it is generally known that it will be one of the largest transactions of the kind ever made in the county.

The secretary of the Japanese Benevolent Society at Steveston values the fishing gear owned by the Japanese on the Fraser river at \$150,000. They had 250 boats worth \$90 each; 160 skiffs at \$70 each; and 950 nets at \$80 apiece. There were 20 boat-builders who turned out 200 boats a year. There are about 3000 Japanese fishermen in the business. A cannery is owned by them exclusively. According to the customs returns export of dog salmon to Japan had grown from 75 tons, valued at \$1,077 in 1896, to 3000 tons worth \$97,066 in 1900.—Trade Register.

The South Bend Journal in the following item may give a new clue to the uses to which the steamer Callender is to be put, as she was purchased by George S. Cram: It comes to the Journal on good authority that George S. Cram, of Aberdeen and Portland, and who has bought fish here several seasons, is financing the opposition boat which Captain A. W. Reed will run on Willapa Harbor and carry the mails from South Bend to Nahcotta and way points, beginning next July. The contract for building a new boat for the run is said to have been let to an Astoria boat-builder and she will be 80 feet long or five feet longer than the steamer Cruiser, and have about one and a half times as much power. Her deck will be completely housed in. She will draw about six feet of water.

Peter Nufer, a well-known business man of Astoria, died at half past 1 o'clock yesterday after a brief illness. Mr. Nufer was taken in the early part of the week with a severe cold which later developed into pneumonia, causing his death. He was a native of Switzerland and 38 years old. He came to Astoria in 1896. He was at first employed as head brewer for the North Pacific brewery and afterwards resigned this position and engaged in business for himself which he had followed up to the time of his death. A wife and three daughters survive him. He was a member of the Sons of Ilermann and the Improved Order of Red Men. He also had many friends socially, being of a disposition that made him friends everywhere. The funeral will take place next Monday at 1:30 p. m. from the late residence of deceased, and the place of interment will be Greenwood cemetery.

The British bark Torrissdale, Captain Nickels, arrived in port yesterday, 105 days from Cape Town. The captain reports fair weather until New Zealand was reached, but when off the coast of that island his vessel was becalmed for 14 days, making only 150 miles in that time. From latitude 25 north to this port the weather was variable and unsettled, low barometer and very heavy westerly swell prevailing most of the time. Q. D. Lynch, a seaman on the vessel lost his life two weeks ago yesterday. He accidentally fell from the gaff across the spanker boom to the deck, a distance of 30 feet and struck on his stomach, receiving mortal injuries. He only lived 18 hours after the accident and his suffering is reported to have been intense. He was buried at sea. Deceased is reported to have been an educated man, having been for a number of years engaged in teaching school at Penang and Singapore. The men were closely inspected by Dr. Barthe, health officer, upon the arrival of the ship and were found to be in good health.

BOWLING NOTES.

Postmaster Reed broke the bowling record on the Commercial Club alleys the other evening, making the splendid score of 1 pin in 10 frames.

A number of bowlers in the Commercial Club talk of challenging the first team for a game for the oysters. Such a game would prove interesting and create a whole lot of friendly sport. The Commercial Club is full of good bowlers.

Herman Wise, one of the originators of the Commercial Club, has offered three fine buttons to the members who will make the highest total in 100 games. Handicaps will be given, so that new beginners may have a chance to win.

Last Thursday (ladies' night on the Commercial Club was a record breaker, there being between 15 and 20 players on each side. Messrs. Laws and Sovey bowled exceptionally well, each averaging over 50.

Messrs. Cooper and Wise, the two old men bowlers, have invented some new wrinkles. Mr. Wise wears a bandage over his lame wrist and Mr. Cooper has a sticking plaster over his right shoulder blade, and some fly-paper on his left foot.

Grandpa Dean has been bowling in great form lately. He rarely makes less than 40, and his average is at least 45.

The three team tournament is a success. The Boxer team generally wears badges made out of shingles, and the Can-Can brigade sport large tin buttons. Cooper's team will wear striped hose next week, embroidered with gold watches.

NO MORE WARS.

Many prominent people of this country and England profess to see the realization of their hopes for universal peace in an Anglo-American alliance. Their plan is to settle all future differences by international arbitration. This news will be joyfully received by everybody, but especially by the soldier who is at present engaged on some foreign battle-field. The news that Hostetter's Stomach Bitters will positively cure stomach, liver and bowel complaints will also be gladly received by every sufferer from sick-headache, dizziness, flatulency, indigestion, constipation or biliousness. Do not suffer any longer, but try the Bitters at once. It is backed by a record of 50 years of cures. Beware of counterfeits when buying. Our private stamp is over the neck of the bottle.
