

DEWEY IS MISTAKEN

GEN. ANDERSON'S VERSION OF BATTLE OF MANILA.

Asserts There Was No Occasion for Correspondence With Aguinaldo.

CHICAGO, July 11.—General Thomas M. Anderson has addressed a letter to the Record-Herald giving his version of the surrender of Manila, in which he differs materially from the statements made by Admiral Dewey.

National Soldiers Home, Erie county, July 9. "To the Editor—Admiral Dewey is quoted as saying in his evidence before the senate Philippine commission that when Manila was surrendered it was in pursuance of a definite understanding between him and the Spanish governor-general.

"We differed very much from the beginning."

"Admiral Dewey is a great naval officer. He did the state great service. Yet I must say with all deference, that he is mistaken in his statement in relation to the surrender of Manila. So sincere is my regard for the admiral that I would not make this assertion but for the fact that such statements, when uncontradicted, pass into history.

"Several days before the assault made on the 13th of August Father McKinnon, the Catholic chaplain of the First California, was permitted to pass our lines and go into Manila. He saw the archbishop and the governor general and when he returned he reported that the latter told him he could not and would not surrender without a fight, as he had to fight for the honor of Spain.

"The admiral is reported to have testified that the Spanish authorities offered to surrender to him the day he destroyed the Spanish squadron. No written proposals have come to light and the probabilities are that he was deceived by the misrepresentations of the foreign consuls, who were endeavoring by all means in their power to prevent the bombardment.

"I now learn for the first time that my correspondence with Aguinaldo was not approved by the admiral. Permit me to remark that he had no occasion for a correspondence. When he took possession of the Cavite navy yard he doubled the wages of several hundred Filipinos working there. That did not require any correspondence. Nor did it require any correspondence to induce Aguinaldo to start his insurrection. It is not difficult to induce men to do what they wish to do. I wrote some letters to Aguinaldo, which seemed necessary at the time. He had arrested some of our officers for entering the town of Cavite without his permission. He had forbidden his people to supply us with lighters to land our men and materials. We required land transportation and he hid all the carts. We could only buy fuel and forage from him. Finally he forbade us to land on the sacred soil of Luzon. We did not pay any attention to this last impertinence, but in regard to the other disagreements I thought a correspondence was a justifiable expedient. If, however, I had known as much about him, then as everybody seems to know now, I might have arrested him then without correspondence.

"Referring now to my original statement, that Admiral Dewey's statement in reference to the surrender of Manila was misleading, I wish to say that no doubt the admiral and General Merritt both thought that they had made an agreement with the Spanish authorities by which the city could be taken without bloodshed. Yet the fact remains that Captain General Augustin was relieved because he was willing to make such a capitulation while his successor refused to do so. As to this, both the admiral and the commanding general must have been misinformed. Speaking for the second division of the Eighth army corps, permit me to say that its attack on the defenses of Manila was not in the nature of an opera bluffs demonstration. THOS. M. ANDERSON."

MORGAN IN LONDON.

Rumor That He is Considering Unification of Turkish Debt.

NEW YORK, July 11.—Although J. P. Morgan went to London Wednesday night, says a Paris dispatch to the New York American, the Bourse, the clubs, the banks, the chamber of deputies, the senate, the fashionable cafes, every place where men of money and those desirous of having it, congregate, still resound with name of the American financier.

The cause of the fresh outburst is the belief that Mr. Morgan is planning a financial scheme far more reaching than anything he has yet achieved. Rumor has it, that he is considering the unification of the Turkish debt. No one here can speak with authority, but it is certain that Mr. Morgan has received long and important communications over the amount involved in this yet most momentous undertaking because he who unified this debt will hold Turkey in the hollow of his hand. The Sultan knows this, hence he will not treat with the Deutsch bank, the Credit Lyonnais or the Societe Generale. He thinks safer hands are those of the Americans whose country can have no designs upon the Ottoman Empire.

The German emperor is a good friend of Turkey and may have talked over the matter with Mr. Morgan. The Ottoman debt is 1,100,000,000 francs. Turkey proposes to have five per cent bonds of 1886 converted into four, payable not at 525 as now but at 500; to contract for the construction of 14 ships from 500 to 1500 tons, and will guarantee it by concessions on the Bosphorus.

Preference will be given for the exploitation of the mines, the forests, the tramways, the waterways and electric railways and transports. During Mr. Morgan's stay of two days in Paris, his hotel lobby has been crowded with picture dealers, sellers of Greek-Roman art works. He did not buy, however.

SOUFFRIERE VOLCANO PEALS OUT

ST. THOMAS, D. W. I., July 11.—On Wednesday there were three loud detonations from Soufriere volcano on the island of St. Vincent, between 8 and 10 o'clock. Advances from Barbadoes say that the loud detonations were heard there Wednesday night from the westerly direction.

FIND HEADLESS BODY

BELIEVED TO BE THAT OF LATE CAPT. WARD.

Lost in Wreck of Steamer Rio de Janeiro at Golden Gate Harbor in 1901.

SAN RAFAEL, Cal., July 11.—A headless body which was found today on the beach near Far-I-Baker is believed to be the body of Captain Ward of the steamer Rio de Janeiro which sank in the entrance of Golden Gate, February, 1901, causing the loss of many lives. A gold watch found on the body has been identified as that of the captain's.

people of the city for the kindness in entertaining the delegates. The next speaker was John Hamilton, of Pennsylvania. Mr. Hamilton is dean of the University of Pennsylvania and one of the most prominent delegates to the convention. He said that he had once visited the West, some years ago, and that on his return home he had been branded as the prince of liars because of the stories he told of conditions in the West. Then when Mr. Bailey went East and told the pure food people what great things he would show them if they came West, he was put down for a bigger liar than Mr. Hamilton. Mr. Bailey is said to have told them that the people out here used horses to pull fish out of the river, whereas he was pronounced a wonderful liar. But yesterday, while the Potter was bringing the visitors down the Columbia, Mr. Bailey pointed out to them the operation of the seiners, and on bending knees the delegates had prayed forgiveness for their lack of confidence. "And so the blot upon the character of both Mr. Bailey and myself was effaced," continued Mr. Jones, "and we were vindicated even to the extent of showing the skeptics that your people actually used horses to catch fish."

Dr. Shepard, of South Dakota, was also called on. He said that he had come half way across the continent to get a fish dinner, and he was so well pleased with it that he would come the entire way across had it been necessary. Dr. H. L. Henderson made the concluding address. He referred to the general skepticism of Easterners regarding Western life, and assured the diners that all the stories told them were true. "Why, everything is real in the West, even to the ladies' complexion," said the doctor, amid much applause.

After dinner the delegates to the convention held a brief meeting at the Occident. President Jones presided. Several committees were to have reported, but were given further time. The resolutions committee reported in part recommending that a committee of five, to include the president, be appointed to draft a new constitution and by-laws, which had been lost. The committee is made up of the following gentlemen: President Jones, Messrs. Sherwood, McConnell, Hamilton and Allen.

Today the delegates will be taken to Seaside, where they will spend several hours. They will dine here on their return and depart for Portland on the regular train.

SYMPATHY FOR ENGLAND.

In the recent disaster at St. Vincent the United States was among the first to extend sympathy to England and also to offer assistance to the fortunate survivors. Giving sympathy is a very appropriate way of showing our feelings for those in distress, but the person who is unable to eat or sleep on account of a weak or disordered stomach needs more than sympathy. He wants a medicine that will cure him. Then Hostetter's Stomach Bitters is needed, because it positively cures loss of appetite, belching, flatulency, indigestion, dyspepsia, insomnia or nervousness. Every sufferer should therefore try a bottle of it at once. Don't accept a substitute. The genuine has our private stamp over the neck of the bottle.

RAIN CAN'T TOUCH

The Oregon Home Society desires to find homes for three boys, very desirable ones, and one girl, also a girl of 15 years and boy of 10 years. Mr. I. F. Tobey, superintendent of the home, is now in Astoria and any communication for him may be left at this office. The children may be taken on a three months' trial.

NOTICE FOR BIDS.

Bids will be received by the county court of Clatsop County, Oregon, until Monday, July 21, 1902, at 10 o'clock a. m., for the construction of an 80 foot span bridge 12 feet wide across the Necanicum river in section 24, township 5 north, range 10 west, in Clatsop County, Oregon. Said bridge to be constructed on a site about one mile east of Carl Johnson's place.

RECEIPTS NOT SO HEAVY.

Police Court Revenue Somewhat Below That of Last Year. Police court receipts for the first six months of the present year aggregate \$2506, or \$72.50 less than the receipts for the first six months of last year. Last year was an exceptional one so far as police court receipts are concerned, and the receipts this year show a decrease over those of 1901 for every month. However, this year's showing is ahead of that for 1903 and 1899, and as the year advances an improvement is shown.

The decrease in receipts is due to the fact that many of the Chinese gambling games have been closed this year," said Chief of Police Hallock yesterday. "Last year the Chinese were not steadily employed up to the middle of July, with the result that their games were running all the time. This year the Chinese colony is busily engaged at the canneries and there has been little gambling. There are almost twice as many Chinese as white gamblers ordinarily, but now only a few Chinese games are being conducted. The situation, from the revenue point of view, is becoming better, and we expect to collect almost as much this year as last year."

The receipts for the year 1899 were \$6118.50 for 1900, \$6462; for 1901, \$2566. Receipts are always greater during the last six months of the year than during the first six months, and it is estimated that about \$8000 will be collected during 1902. It costs \$50 monthly to maintain the police department or \$600 per year, so that, even if the receipts for the next six months do not exceed those for the first six months, the department will have been self-sustaining. A comparative statement of the receipts for the first six months of the past four years follows:

PROGRESS.

Some time ago there was a notable automobile procession in the city of Buffalo, N. Y. It was notable for its size, and also for the fact that it was entirely composed of automobile wagons (like that in the cut above), built to distribute the advertising literature of the World's Dispensary Medical Association, proprietors and manufacturers of Dr. Pierce's medicines. In many a town and village Dr. Pierce's automobile has been the pioneer horseless vehicle. These wagons, sent to every important section of the country, are doing more than merely advertise Dr. Pierce's Remedies—they are pioneers of progress, heralds of the automobile age.

And this is in keeping with the record made by Dr. Pierce and his famous preparations, which have always kept in the front on their merits. Dr. Pierce's Golden Medical Discovery is still the leading medicine for disorders and diseases of the stomach and digestive and nutritive systems, for the purifying of the blood and healing of weak lungs.

Women place Dr. Pierce's Favorite Prescription in the front of all put-up medicines specially designed for women's use. The wide benefits this medicine has brought to women have been well summed up in the words "It makes weak women strong and sick women well."

The reputation of Dr. Pierce's Pleasant Pellets as a safe and effective laxative for family use is international. It may be asserted without fear of contradiction that no other firm or company engaged in the vending of put-up medicines can rank with the World's Dispensary Medical Association, either in the opinion of the medical profession or of the intelligent public. The Invalids' Hotel and Surgical Institute, which is connected with the "World's Dispensary," is alone sufficient to prove this supremacy. Here is a great modern hospital, always filled with patients, where every day successful operations are performed on men and women whose diseases demand the aid of surgery. No hospital in Buffalo is better equipped, with respect to its modern appliances, or the surgical ability of its staff. Dr. R. V. Pierce, the chief consulting physician of this great institution, has associated with himself nearly a score of physicians, each man being a picked man, chosen for his ability in the treatment and cure of some special form of disease.

The offer that Dr. Pierce makes to men and women suffering with chronic diseases of a free consultation by letter, is really without a parallel. It places without cost or charge the entire resources of a great medical institute at the service of the sick. Such an offer is not for one moment to be confounded with those offers of "free medical advice" which are made by people who are not physicians, cannot and do not practice medicine, and are only saved from prosecution by artfully wording their advertisements so that they give the impression that they are physicians without making the claim to be licensed.

Those who write to Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., may do so with the assurance that they will receive not only the advice of a competent physician, but the advice of a physician whose wide experience in the treatment and cure of disease, and whose sympathy with human suffering leads him to take a deep, personal interest in all those who seek his help and that of his associate staff of specialists.

Dr. Pierce's Medical Adviser (in paper covers), containing 108 large pages, is sent free on receipt of 21 one-cent stamps, or 31 cents for the cloth-bound volume, to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

SUITS OUR CLIMATE.

The rapidly increasing use of shingles as covering for the walls of buildings, both to keep out the weather and for ornamental purposes, makes a great demand for a shingle stain which preserves the wood, prevents moss, and retains a fresh, handsome appearance. Particularly is such the case in damp climates. The need is well met in a perfect article made right here in Astoria. Cutbirth's Creosote Shingle Stains are persistent, preservative, handsome and durable. They are put up in eight colors and every package guaranteed.

NOTICE FOR BIDS.

Bids will be received by the county of Clatsop, Oregon, until the 21st day of July, 1902, at 10 o'clock a. m., for the delivery in the court house yard of 25 cords of wood, bids to state kind of wood to be furnished; the same to be of sound quality, full cord lengths, and delivered on or before the 1st day of September, 1902.

The right is reserved to reject any and all bids. By order of the county court. J. C. CLINTON, County Clerk.
