

The Young Man's Fancy

is supposed to turn to love in the spring, and we might add—to thoughts of clothes of brighter hue and more stylish cut than in the fall.

The Smart-Sac Three Button Sack

exemplifies what the swell C. & B. tailoring does for the nobby young man of to-day who has a cultivated taste for dressing well.

Custom Tailor Style

as seen in the metropolitan cities. What does it cost to dress so well? CROUSE & BRANDAGE, Manufacturing Tailors, Utica, N. Y., answer that question with garments that make possible the wearing of clothes of individual effect at fair prices.

THE BEE HIVE

PRESIDENT ROOSEVELT WAS MUCH DISPLEASED

Disapproved of the Disfiguring of Giant Trees in California, and Said So, With Immediate Results.

One Great Tree Will Be Named After Him—Detective Pickering Arrests a Suspicious Character Who Had Written An Unusual Letter to the President.

San Jose, Cal., May 11.—President Roosevelt today gave the people of the country, an object lesson on the evils of vandalism. While at Santa Cruz this afternoon he was taken to Big Tree grove. Almost the first sight which greeted his eyes as he entered the park was one of the huge trees with thousands of business and personal cards tacked on it.

to the tree, the president said he did not want to act churlish in the matter and if the committee really desired to name the tree after him he would not object. He stipulated, that the card bearing his name, that was to be placed on the tree should not be more than three-quarters of an inch and an inch and a half in diameter.

ANARCHIST ARRESTED.

Man Thought to Have Designs on the President.

San Jose, Cal., May 11.—Clay Taylor, alias Professor Plutte, was arrested by Detective Pickering this afternoon for supposed designs upon the life of the president. He has served three terms in prison. It is alleged that he wrote to the president advising him not to come here. He is also accused of recruiting anarchistic utterances.

BOARD OF ENGINEERS.

In Session in Portland on Subject of Columbia River.

Portland, May 12.—The special board of United States army engineers consisting of Colonel Hear, Major Marshall and Burr and Captains McKinstry and Gill left, arrived in this city today for the purpose of investigating the Hart's plan for removing obstructions to navigation of the Columbia river between the Dalles and Celilo. The board held its first meeting today in the office of Major Langfitt, resident engineer, and will continue its sessions during the week. Tomorrow a trip will be made to Celilo for the purpose of inspecting the rapids at that point.

HAD GORGEOUS FUNERAL.

Canine Actor With a Record Is Buried in High State.

New York, May 11.—Lying in a rosewood coffin, his head resting on a pillow of flowers, the body of Tyras, a Harlequin great dane dog was borne away to the dog cemetery at Scarsdale, followed by a procession of nine automobiles with about 40 mourners.

Tyras belonged to an actor and character impersonator. The dog, 13 years old, had appeared on the stage in nearly every country of the world. He had been twice around the globe, had played before the czar of Russia, the empress of China, the mikado of Japan and at the time of his death wore a beautiful collar given him by Cecil Rhodes.

The dog was presented 10 years ago by Prince Charles of Denmark to his owner and in the actor's presentation of "Great Men of the Past and Present," he always had the dog by his side in his impersonation of Bismarck, as Bismarck for years was always accompanied by his reichshund.

While returning from Australia last January with his master the dog became blind while the ship was crossing the equator. Arriving in New York he was taken to a hospital where he died of Bright's disease. A large granite monument will mark Tyras' last resting place.

CROPS WILL BE RUINED.

Topeka, May 11.—Rain has been falling in many parts of Kansas last night and crops are being ruined.

WANTS NO MORE DOGS.

A Lady Badly Mangled by a Pair of Fierce Bulldogs.

Syracuse, N. Y., May 11.—Mrs. Thos. B. Leonard is at her home in a precarious condition as the result of an attack made upon her by two ferocious bulldogs. Mrs. Leonard tried to separate the dogs, which were fighting on the piazza of her house, when she was knocked down and almost chewed to pieces by the animals. The dogs attacked her simultaneously, one burying his teeth in her throat and the other seizing her by her left arm. They bore her to the steps and gnashed her with their teeth disfiguring her face and arms in a terrible manner. She will probably carry the marks for life.

A colored man went to her assistance and dragged both animals away. A large piece of flesh was torn from her lower lip, part of her cheek is torn away, her left arm is torn and mangled and her right arm is almost completely covered with prints of the dog's teeth. The attending physicians say Mrs. Leonard will live.

WOULD MURDER.

THREE HUNDRED Leaders of Highbinders Being Arrested on Serious Charge.

San Francisco, May 11.—Four of the 11 presidents of the See Yup society have been arrested for the conspiracy to murder the 300 members of the Chinese Society of English Education, and two of them, Gee Hong On who is not only the president of the On Yick Highbinder tong, but of the See Yups; and Lee Ying, president of the Bow Leong Tong, have made complete confessions to the police. The other seven presidents are in hiding, but will be arrested as fast as they can be found upon charges of conspiracy to commit murder and it is believed the evidence already obtained is sufficient to send all of them to the penitentiary for long terms. The men under the ban of the See Yup society were suspected of giving the authorities information regarding gambling under police protection in Chinatown.

WILL DISCUSS LABOR QUESTIONS

Havenmeyer Will Pay the Expenses and the Unions Will Put Up Their Best Men.

Yonkers, N. Y., May 11.—The challenge made recently by John C. Havenmeyer to the labor unions of the city in which he offered to propound various questions for labor union speakers to answer at a public meeting, the ex-

penses to be borne by him, has been officially accepted by the local branch of the Federated Union. The vote to accept the challenge was unanimous. There were delegates present from 15 of the locals. It was at first deemed expedient to confine the speakers to Yonkers men, but the point was raised that Mr. Havenmeyer would in all probability have the support of a great many wealthy men of the country and for that reason the ablest labor speakers in the country are to be obtained to answer him.

RAILROAD COMPANY IS INCORPORATED.

San Francisco and Northwestern Filed Articles Yesterday.

San Francisco, May 11.—The San Francisco & Northwestern Railway company filed articles of incorporation today in the office of the county clerk in this city. By articles filed it is evident that the railway is a branch of the Santa Fe system. The corporation starts with a capital stock of \$15,000,000. The route of the road is from Alton, Humboldt county, thence in a generally southerly direction to Point Richmond, the terminus of the Santa Fe. The estimated length of the railway is 300 miles.

It is reported the Southern Pacific has arranged to compete with the Santa Fe in the redwood freighting business. The proposed plan of the Southern Pacific contemplates the building of 200 miles of railway between Willets and Eureka and connecting the road at Eureka with the line of the A. B. Hammond, the Eureka and Klamath river railway.

SCARLET FEVER ON SHIPBOARD.

Crowded Sailors in Quarantine Threatened Mutiny.

New York, May 11.—Scarlet fever has broken out upon the receiving ship Columbia at the Cob dock, New York navy yard. There are over 512 sailors on board. Three of the crew have been taken down with the disease within a week. The first case came to the notice of the ship's physician on Thursday last. The sailor was at once sent to the naval hospital. The strictest quarantine is to be placed upon the ship.

The Columbia has accommodations for 500 sailors only. At present they are herded together and, it is stated, are on the verge of mutiny.

FRIENDLY FEELING FELT.

Samoans Celebrate the Raising of the American Flag.

Washington May 11.—Commander Underwood, in charge of the naval station at Tutuila, reports that the Samoans celebrated April 17, the third anniversary of the raising of the American flag on Tutuila, as a public holiday. He says in his report: "The feeling in this district toward the government is of a friendly character."

STRUCK ARTESIAN FLOW.

Drillers Discover Great Boon for Irrigation Purposes.

Walla Walla, May 11.—An artesian flow of water was today struck on the Blalock fruit farm at a distance of 550 feet. The water runs 50 gallons per minute. This accomplishment means much for irrigation in this section, as the drilling will now likely become general all over the semi-arid belt of eastern Oregon and Washington.

MOVE TEN THOUSAND GRAVES

New York Water Supply to Be Protected by Expensive Operation.

White Plains N. Y., May 11.—The biggest contract ever undertaken by the aqueduct commissioners to prevent the pollution of New York's city water shed is now under way and consists of removing more than 10,000 bodies from three cemeteries and cutting timber and clearing grounds on the Croton division of the Croton reservoir. The entire work must be completed by October 1, 1904.

THE HIGH SCHOOL LOST.

A debate was held last evening at the Debating society between the Debating society represented by P. J. Pye and P. C. Hutchinson, and the Astoria High School represented by Alvin Campbell and Laurid Lauridsen. The discussion was over the question: "Resolved That the American Form of Government is More Democratic Than That of England." The high school chose the negative of the question as they were also allowed to choose the proposition for debate. Chas. Hough acted as judge, and decided the merits of the debate in favor of the affirmative. Mr. Hough is an Englishman by birth, so no partiality was shown in his decision. Prof. H. S. Lyman is on the program for a lecture next Monday evening.

SHAMROCK III IS A WINNER

Beats the Old Boat Easily Though the Latter Was given Every Advantage.

SAILS ALL 'AROUND HER

The Challenger, After Beating Her Opponent, Returns and Again Beats Her.

Gourock, May 11.—Shamrock III's windward work today was little short of marvelous and even more so was the manner in which she carried away while going about. Sailing on the weather bow of the old boat she practically kept pace with her opponent with light winds and through smooth water. The Shamrock III easily passed the older boat in a steadier breeze.

Below Ducon, the boats started afresh on a beat out to windward and the challenger made better work than she had yet shown. In half an hour of fair sailing she left the Shamrock I a quarter of a mile behind. As the wind strengthened the Shamrock III further improved her position. At the end of the windward turn the challenger had a lead of about four miles, which was considered to be an extraordinarily brilliant performance, even allowing for aggregate of the wind. Returning the Shamrock I was to windward, on the weather bow of the challenger, but the latter caught up and passed her going clear through her lee, reaching home, off the Gourock club house, one minute and 35 seconds ahead.

PIONEERS ELECT OFFICERS.

The Pioneer and Historical Society of Oregon held its annual meeting and election of officers yesterday in the room of the chamber of commerce. The election resulted as follows: F. J. Taylor, president; C. S. Wright, vice-president; S. D. Adair, recording secretary; R. N. Carnahan, corresponding secretary; Jas. W. Welch, T. B. Morrison and C. J. Trenchard, directors; James W. Welch, marshal.

SURPRISE PARTY.

At the close of their meeting last evening a number of the members of Seaside lodge No. 12 A. O. U. W. surprised Pacific lodge No. 58, D. of H., taking with them baskets well filled with cake and other good things, and slathers of ice cream. After the delightful lunch was served, there were a number of short addresses by both lodges and all felt the gathering was pleasant and profitable, tending to promote fraternity.

A GENEROUS EMPLOYER

A good spirit was shown by C. C. Masten in his manner of caring for the unfortunate logger who was fatally injured in his camp last Saturday. Mr. Masten shut down the camp, chartered the steamer to bring the wounded man to the hospital, and paid all expenses connected with his treatment and burial.

THEY HEED MARK HANNA

Senator Requests That Threatened Strike Be Postponed for Fifteen Days.

AND IT IS SO ACCORDINGLY

Boilermakers Delay Action and Will Confer for a Settlement.

New ork, May 11.—Ralph M. Easley, secretary of the civic federation, announced that he had received a telegram that the Southern Pacific's threatened strike had been postponed 15 days to give time for a settlement.

The boiler makers on the Southern Pacific were to have gone on a strike today in sympathy with the striking Union Pacific machinists who have been out for about six months. Senator Hanna, acting for the civic federation, asked that this sympathetic strike be postponed, pending efforts of the federation to bring about a settlement.

Earlier reports say that the strikers had informed Mr. Hanna that his request came too late, but Mr. Easley says that these reports were unfounded and that the assurance had been received that a delay of 15 days had been granted. The executive committee of the National Civic federation will meet in this city Wednesday and the question of reaching a settlement in the Union Pacific matter will come up.

IN BONNIE SCOTLAND.

King and Queen Receive Warm Welcome on Arriving at Edinburgh.

London, May 11.—The king and queen arrived at Edinburgh this evening and were enthusiastically received.

SENATOR MITCHELL RETURNS.

Seattle, May 11.—Senator John H. Mitchell paid a visit to Seattle today, returning home to Oregon from Washington, D. C.

Base Ball Scores.
