THE BEE HIVE

Planned to Assassinate

Oakland Police Have Unearthed a
Plot That Would Have Tragically
Ended President's Tour

Chief of Police Has a Letter in His Possession Which
Implicates Two Old World Assassins and Possibly
John Czolgoz, Brother of McKinley's Senseless Murderer.

stating that two men, named Charles Girado and Antonio Polivino, the latter an Italian, who tried to kill the emperor of Austria before St. Stephen's church in Vienna on May 13 1897, had agreed to meet at Girado's house to discuss the killing of the president. The writer said:

"I heard that Girado was in correspondence with Czolgoz at Los Angeles."

The letter was referred to the chief of police, who declines to discuss the matter.

Oakland, May 15.—The extreme diligence which was exercised by the local police department in guarding President Roosevelt during his journey through and the brief visit in Oakland, was the subject of much comment yesterday. This extraordinary precaution is now explained by the fact not heretofore known to the public, of a plot which, if carried out, would have meant the assassination of President Roosevelt in this city.

Late Wednesday night Mayor Olney received a communication signed K. S.,

WILL BUILD TO EUREKA.
Independent Line to Connect Humboldt County, Cal., With Frisco.

San Francisco, May 15.—The California Northwestern Railway company took the first step toward the extension of its line from Willets, in Mendocino county, to Eureka, Humboldt county, A. W. Foster, George A. Newhall, G. A. Pope, J. P. Overton and Jesse W. Lillenthal, who constitute the present board of directors of the California Northwestern, have organized a new company to be known as the San Francisco & Eureka Railway company. It has a capital stock of \$10,000,000 and is brought into existence for the avowed purpose of building a road from the California Northwestern's terminus at Eureka, a distance of 200 miles or thereabouts. This company is entirely disassociated from any plans which the Southern Pacific and Santa Fe may have for obtaining a foothold in Humboldt county and has been incorporated in furtherance of an independent plan for extending the California Northwestern northward to Humboldt county metropolis.

NO GROUND FOR COMPLAINT.

S. P. Officials Say Their Shopmen Have No Reason to Stop Work.

San Francisco May 15.—The threatened sympathetic strike of the boiler-makers of the Southern Pacific grows out of the troubles on the Union Pacific a year ago. Efforts are now being made to draw the Southern Pacific shopmen into a sympathetic strike on the alleged ground that the corporation is assisting the Union Pacific by loaning locomotives.

The Southern Pacific officials say: "As our shopmen are perfectly satisfied with their treatment, rate of pay and working rules we were careful to do nothing that could be remotely construed as aiding the Union Pacific. Therefore they have absolutely no grounds for stopping work."

SLEEPS IN THE OPEN AIR

For the Second Time During the
Tour Roosevelt Is Away From
His Shouting Admirers.

Wawona, Calif., May 15.—President Roosevelt for the second time since he left Washington on his present trip is cut off from communication with the outside world. He is camping in the big tree country and will remain secluded until Monday morning.

His special train arrived at Redmond early this morning. A detachment of the Ninth cavalry, which is stationed at the station to meet him and acted as escort in the big tree country. As soon as the president had finished his breakfast he left his car and mounting the platform of the store across the street made a short speech to the large crowd. The president and his party then boarded the stage and started on a 44 mile ride to the big tree country where night was to be spent. The day was warm and the dust thick and the ride had not progressed far when the members of the party resembled individuals clad in khaki. The whole drive was made in record-breaking time.

An exciting incident occurred during the ride from Ahwahnee to Big Tree grove. A small forest fire was raging close to the trail causing a heavy pall of smoke to obscure the road. The trail at this place runs along the steep side of the mountain. The driver never faltered. He lashed the horses and the president was soon out of the fire.

The president will spend the night in Big Tree grove sleeping in the open air wrapped in blankets. He is pretty well fired out after the strenuous program in San Francisco and is looking forward with a great deal of pleasure to the quietude he expects to enjoy for the next two days.

HARRIMAN HAS APPENDICITIS

Enroute to New York With Physician in Attendance.

Chicago, May 15.—A dispatch to the Record-Herald from Omaha, Neb., says:

E. H. Harriman of the Union and Southern Pacific railways arrived here late last night from the west sick and being himself afflicted with a serious attack of appendicitis. Before his train reached Omaha, Dr. Sammers of the Union Pacific medical department had been called in and is now traveling with him to New York via Chicago.

The first news of his illness became known when representatives of the striking machinists called upon him to arrange the projected conference between the Union Pacific and its men. Mr. Harriman could not see them.

Jews Tortured by Russia's Hirelings

Unheard of Barbarities Inflicted Upon
Helpless Men and Women Are
Just Coming to Light.

Kishinef Scene of the Butchery—Some Victims Have Become Raving
Maniacs While Others Suffered Untold Torture Before
Death At Last Relieved Them.

London May 15.—The Standard this morning, publishes a letter from Kieff, European Russia, describing the pitiful scenes witnessed there daily which arise from the operations of the expulsive edict against the Jews. This edict affects 37,000 persons. The Jews were given six months' grace, but hoping for a respite a majority of them remained in Kieff until the end of this time, when they were obliged to sell their property at ruinous prices and depart hurriedly.

These Jews will distribute themselves (though the various centers in southern Poland. The cities and townships, however, are yearly becoming more and more seriously congested.

"Hence," concludes the writer of the letter, "the ever-increasing emigration, especially to the United States, which the emigrant aid societies represent as a land of promise."

New York, May 15.—Dr. Doroschewski, the head physician of the National Hospital at Kishinef, after examining the dead and wounded has given the following specific instances of hideous cruelty, says a dispatch from Kishinef to the World.

A Jewess named Sara Fonarschl was brought here with two nails, seven inches long, driven into her brain through her nose.

One Jew was brought in with one hip both ankles and wrists broken, his severed hands and feet dangling by the skin.

A Jew lost his upper and under lips, after which his tongue and windpipe had been pulled out through his mouth with pinchers.

The ears of a Jew named Selzer had

been cut away and his head battered in 12 places. He was a raving maniac.

A carpenter was surprised at work and both his hands were sawed off with his own saw.

A Jewish girl was assaulted by several brutes who then cut her eyes out with a pocket knife.

One woman, after trying to defend her children, was thrown upon the pavement, disemboweled and feathers and horse hair from her bed were stuffed into her body.

Small children were flung out of windows and trampled upon by the mob.

Forty-seven were killed on the spot, 30 died of their injuries and 200 are under treatment.

Four thousand Jews are without food or shelter and it is impossible for them to get away.
