MURDERS MAY BE AVENGED

Pressure Being Brought By Powers To Punish The Serbian Assassins.

OTHERWISE NO RECOGNITION

Conspirators Justify Their Acts Of Barbarism By Introducing Note Of Late King.

London, June 13.—A special dispatch from Rome says a semi-official note published there declares that whoever is made the king of Serbia, the powers will exact punishment of the murderers of King Alexander and Queen Draga, as civilized countries cannot tolerate that administrative and military positions in any country should be occupied by assassins.

A special dispatch from Belgrade says the draft of a bill, with marginal notes, written by the late King Alexander, has been found in the palace. It provided for the proclamation of Queen Draga's brother as heir to the throne. This, the dispatch adds, is held by the conspirators to be complete justification for their action.

SERBIA'S CAPITAL QUIET

Troops Are Not Marching on Belgrade as Reported.

Belgrade, June 13.—At midnight last night tranquility prevailed here. The streets had practically been deserted since 9 P. M., with the exception of small military patrols which paraded the thoroughfares. The palace was guarded by a cordon of infantry, and all the ministerial residences in the vicinity of the palace were closely guarded by detachments of troops.

A general feeling of cheerfulness pervades the city, and, according to reports, the country also.

Former Minister Tudorovic has succumbed to his wounds. Minister of Commerce Genshics, in an interview, said he considered that if there was any republican tendency in the cabinet it was insubstantial. The election of a ruler, he thought, could not occur before Tuesday, but it is almost certain Prince Peter Karageorgievitch will be elected. Prince Mirkovic of Montenegro, has no choice whatever.

M. Genshics was reticent as to the event at the palace early on Thursday morning. The minister added that since his accession the late King Alexander committed constant errors, and lost his hold on the public by his marriage with Queen Draga and the comedy played in connection with the preparations for the birth of an alleged heir. The coup d'etat was fixed for June 11, because on that day Queen Draga wished to proclaim her brother Ninkodem heir to the throne. M. Genshics concluded as endorsing Prince Peter as an honorable man and an earnest well-wisher of Serbia.

Cavalry and infantry continue to patrol the streets during the day. The people remain calm. Notices have been placarded on the walls of Belgrade enjoining the people to observe the laws, and reminding them that meetings of any kind on the day preceding the assembling of the Skuptschina or during its session are strictly prohibited. The war minister has issued a decree dismissing several military commanders and appointing successors to their posts.

VICTIM OF MYELITIS.

New York, June 13.—Pauline Burkhardt, aged 16, has been found by the authorities of St. Luke's hospital to be the victim of one of the rarest diseases, myelitis. It is a form of paralysis, and in two weeks has deadened every muscle in the girl's body below the hips. The girl never had been ill until this disease attacked her two weeks ago.

HERMAN WISE, Sole Agent for Astoria.

JACKSON PEOPLE TERRIFIED.

Witnesses Have Pled and Jurors Are Apprehensive.

Jackson, Ky., June 13.—The prosecution in the case of Jet and White, charged with the assassination of J. B. Marcum, rested early today. It is believed the case will go to the jury next Wednesday. The prosecution was compelled to close without the attendance of a witness whose testimony was wanted to prove the conspiracy involving other than the defendants at the bar. It is considered that some of the witnesses have fled and that others are hiding. It is said they are afraid to testify and there is an impression that the jurors also are apprehensive of the future. A current opinion is that there is not likely to be conviction in the case.

TELEGRAPHERS BOYCOTT.

Order Has It In for the Santa Fe Railroad.

Chicago, June 13.—The Order of Railway Telegraphers has declared a boycott against the Atchison, Topeka & Santa Fe railroad, a circular letter signed by the president and grand secretary of the order having been received by the ticket agents of all the roads entering Chicago. The letter asks the ticket agents when routing passengers and freight to discriminate against the Santa Fe.

The trouble between the telegraphers and the Santa Fe is of long standing. In 1890 the telegraphers and station agents became dissatisfied with their pay and working conditions and sent a committee to Chicago to make demands and after many conferences a strike was called. The officers of the order say that the company by a subterfuge, induced the men to resume work at the end of 17 days and they also say that those who took part in the strike have been discriminated against ever since by the Santa Fe and some other roads.

The Santa Fe has not been employing members of the order for some time.

IMPORTANT TRAFFIC MOVE.

Canadian Pacific Railroad Takes Over Navigation Company.

Tacoma, June 13.—The Canadian Pacific railroad has absorbed the Canadian Pacific Navigation company, with headquarters at Vancouver, and has taken over its 14 steamers plying between Victoria, Skagway and other points. The new condition is an important one to all parts of the Northwest as it gives the Canadian Pacific a through line from its Eastern connections to Alaska and leaves it in a position to be a dictator in a certain class of freight rates.

As yet there is no change in the Alaskan tariff, but local lines expect that when any large amount of business is opened to competition, the Canadian road will be a formidable rival.

LEAGUES MAY CONSOLIDATE.

President of the Nationals in Favor of Joining Americans.

New York, June 13.—H. S. Pulliam, president of the National Base Ball league, who said yesterday he knew nothing of the reported negotiations for a consolidation with the American league, today is credited with a statement as follows:

"If the majority of the National league club owners desire a consolidation of the interests with the American league, it meets with my hearty approval and as this can be brought about only by the election of President Johnson as head of the combined organization, I will gladly co-operate to that end."

On receiving an affirmative reply he whipped out a revolver and fired. The bullet grazed the consul's head. The sailor was overpowered and arrested. He gave the name of Pietro Allney.

HOMELESS CARED FOR

East St. Louis Continues In Helpless Condition—Vast Area Is Inundated.

WATER MAY REMAIN WEEKS

Every Effort Put Forth To Relieve The Suffering of Unfortunates—Search For Bodies

St. Louis, June 13.—With 19,000 refugees to feed and shelter, East St. Louis is still battling against the flood. The city is entirely surrounded by water and two-thirds of its territory is under water. The river stage continues to fall, but the back water which inundates East St. Louis, remains stationary and it will probably be weeks before it is gone.

Diligent search has failed to reveal any bodies from the flooded houses, and it is now believed that all the inhabitants of the south side have escaped. Business has not resumed to any great extent and soldiers are still aiding the local police in preserving order. Dikes are being constantly patrolled and when a weakened place is found, it is speedily remedied by volunteers. The paid laborers have received their wages and have been dismissed.

The total financial loss in East St. Louis is estimated \$2,000,000.

DEFENDED HIS MOTHER.

Young Man Shot His Father After Being Badly Injured.

New York, June 13.—In defense of his mother, Charles Muchfield has shot and seriously wounded his father. Mrs. Muchfield and her son left their apartments in New York two months ago because of the father's alleged ill treatment. The son is an electrician and with his mother established a home in Jersey City. Muchfield walked in upon them suddenly and immediately set upon his wife with an umbrella. The son interfered and was knocked down. Although several ribs were broken and he was in great pain, the lad procured a pistol and as his father rushed at him the second time he fired. The wounded man was taken to a hospital and the son surrendered to the police.

DIED IN DEPOSIT VAULTS.

After Confessing to Embezzlement, Young Cashier Ends His Life.

Chicago, June 13.—Having confessed to an embezzlement probably amounting to \$4000, Ernest Naorajal a native of Ceylon has shot and killed himself in the safety deposit vaults of the Prairie State bank, where he had taken his employer to reimburse him as best he could with the small savings he had there. Naorajal was cashier for Edward Reub, a commission merchant. He was 28 years of age and came to Chicago from Ceylon six years ago. Naorajal asserted that all the money, together with that received from abroad, had been lost in gambling.

A CITY'S RUINS FOUND.

In the Midst of Mexican Forest Great People Once Lived.

Chicago, June 13.—A dispatch to the Inter-Ocean from the City of Mexico says: The ruins of a large city have been discovered in a remote part of the state of Puebla by Francisco Rodriguez, an archaeologist, who has just made a report of his find to the government authorities here. The city contains large pyramids and extensive fortifications. It is situated in the midst of a dense forest and a large amount of excavation will be necessary to learn its true extent and importance.

A commission will be appointed by the government to explore the ruins.

BRITT FIGHTS A DRAW.

Second Battle With O'Keefe Unsatisfactory to Him.

Butte, June 13.—Jack O'Keefe of Chicago and Jimmy Britt of San Francisco fought twenty rounds to a draw here this afternoon. The fight was fast and furious. Britt had a shade the best of it, but O'Keefe was favorite with the crowd, as the 'Frisco boy had been accused of fouling repeatedly. The sheriff jumped in the ring in one round and warned Britt that if he did not fight fair the battle could not go on.

YACHTS NEARING NEW YORK.

CONCERNED ABOUT CANAL.

Colombian Government Annoys Roosevelt by Its Tardiness.

Washington, June 13.—The president today sent for William Nelson Cromwell, attorney for the Panama Canal company, to confer with him on the situation.

It is understood that the president is much concerned over the canal outlook. He is not disposed to be impatient with Colombia and is willing to allow a reasonable time to execute its obligations, but he regards the obligations as more binding than those of the original treaty and cannot admit the right of the Colombian government to recede from them. If not carried out by ratification of the treaty by Colombian congress at its meeting this month the United States hopes Colombia will find some other means of executing its obligations to this country.

FORGED MONEY ORDERS.

Much Advertised Thief Captured in Eugene.

Eugene, Ore., June 13.—J. C. Coggins, who is wanted by the postoffice department for the forgery of money orders throughout the country, was arrested here this evening by officers while trying to pass a bogus money order for \$50 upon Hamilton Bros. clothing store of this city. When confronted by the officers, Coggins faintly away.

Circulars have been sent out describing the forgers who was recognized by a local postoffice employe by his picture. He was detained at the store by the employe until the officers were notified. On his person was found a complete outfit for stamping orders addressed to himself, together with four money orders for various sums. At the jail the prisoner broke down and confessed his guilt.

Coggins' method was to purchase money orders in small amounts, usually less than \$1, and by means of chemicals erased all writing from the money or stamp of the order and then fill out the order to suit himself. He then substituted an impression of the rubber stamp.

Lornand, bound from Norfolk, Va., to Portland, Maine, was wrecked during a gale on Stratton island and is very rapidly breaking to pieces. The crew were reported safe at dark, although huddled together in the forward part of the vessel, the stern having broken away.

THEY FOUGHT OVER FENCE

Silly Dispute Between Sacramento Neighbors Ends In Commission Of Murder.

MAN KILLED, WIFE MOUNDED

Little Son Rushed To Defend His Father But His Pistol Proved Useless—Arrest Follows.

Sacramento, June 13.—A bloody battle occurred this afternoon between neighbors in Slater's addition near Sacramento river. W. F. Lockwood shot and killed John Gould, an employe of the Southern Pacific. Lockwood then shot Gould's wife in the side, but disclaims any intention to harm her. The 13-year-old son of Gould raised his father's pistol at the assassin, but the cartridges had all been exploded.

The trouble arose over a fence. There was a board out of Gould's fence, through which he permitted pedestrians to pass. He stopped Mrs. Lockwood from doing so and had feeling resulted between the two men. The met on the street and a fist fight ensued. Pistols were later secured by both and shooting began. Lockwood, who was unharmed, was arrested.

Voorhes of Tacoma, formerly of Detroit, Mich., and possibly fatally injuring Geo. F. Bulen, local manager of the Griffin Car Wheel company. Mrs. C. H. Forner was so seriously injured she died within thirty minutes. The party was observing the work of a construction crew and escaping steam of the engine prevented them from hearing the runaway train.
