The Astorian guarantees to its advertisers the largest circulation of any newspaper published on the Columbia River.

AGAIN has woman defeated man and the ends of justice to boot. A New York saloon keeper's wife deposited a liquor tax certificate in her stocking. When the sheriff came to the house to obtain possession of the certificate for a brewing company that claimed ownership the plucky woman informed him just where it was, saying that she regarded her stocking as a safe place of deposit and one that all the star spangled sheriffs in creation dare not invade.

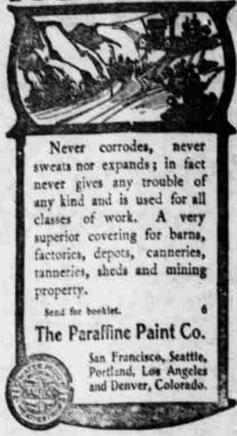

BINGER Hermann has promised the First District people to work for an appropriation for Yaquina Bay harbor. "It will be hard to secure," he says, "but I intend to agitate the matter continually." And he must agitate strenuously and effectively, if he would show his good works before the next republican convention of his district.

PROF. A. A. Cleveland again appears in print in the quarterly issue of the State Historical Society with an instructive article on the "Social and Economic History of Astoria." Prof. Cleveland is doing some splendid work for the city in this particular line.

IT is now time to purchase material for decorations. Regatta headquarters are full of flags and bunting, and many a good idea can be obtained in the matter of decorations by calling there.

ENCOURAGING GOO-GOO-EYES H. G. Van Dusen, fish commissioner, came in on the steamer on Wednesday, and, of course it will be in order for any of our citizens to go trout fishing after dark while that gentleman is buzzing around, although by doing so they help the salmon industry, for it is well known that salmon trout have a wonderful appetite for salmon egg and devour thousands of them in our rivers. We could never see the sense of the state legislature appropriating money for the propagation of salmon and a law protecting the greatest enemy salmon have after entering fresh water to spawn, so if Mr. Van Dusen is wise he will wink his left eye when he hears of persons fishing for trout out of season or at no-turnal hours. Mr. Van Dusen went up to the hatchery on the Wilson today and is to hope that they will meet with better luck on that river this year than they did last year.—Tillamook Headlight.

The Morning Astorian has been sold to Walter Lyon, formerly private secretary to Governor Geer, and Otis G. Patterson, formerly editor of the Hesperian Gazette, and recently register of the land office at The Dalles. Both gentlemen are competent and thorough newspaper men and will no doubt out the Astorian on a paying basis. The Herald welcomes the two gentlemen to Astoria and believes that there will be a better understanding and more hearty cooperation under the new management with the press of the city than heretofore. The Astorian has in the past pursued a reckless policy and has antagonized the best business element of the city. It has been the most unpopular paper ever published here and the change in the management will be welcomed by everyone who will gladly support a morning daily run in the interests of the business men and people and not a personal organ for a cannery or a church. Mr. Elmore, former owner, is a gentleman, and had been a practical newspaper man and in a position where he could control all departments of the Astorian it would have been different, but there were too many strings attached to the office, all of which were antagonistic to the best interests of Astoria and Clatsop county.—Astoria Herald.

Washington, Aug. 15.—The high officers of the army held their first meeting in General Corbin's office today and discussed matters pertaining to the new state of affairs in the army. The machinery of the general staff seems to have been in good working order for the business of war and the department proceeded today as it had done heretofore.

THE PALACE BATHS

Palace baths include a first-class barber shop and Turkish and Russian baths. Best of service in every department. T. H. Davies, proprietor, 539 Commercial street. Hours for Turkish and Russian baths, 2 p. m. to 3 a. m.

Four chairs at the Occident barber shop. No use to miss everything waiting for a shave. First-class artists and by the way, this is the place to get a bath. Everything the very best.

Yesterday's Big Record

Where They Went—No Abatement In Piano Buying at Eilers Exhibition Sale.

One of the most costly pianos now owned in Astoria is a most exquisite masterpiece of the famous Vose factory of Boston, which was selected by Miss Maude Stockton at Eilers Piano house and delivered at the family home on Exchange street yesterday.

It is a beautiful Orchestral grand size in elegantly hand carved case of English Mottled walnut, "a thing of beauty and a joy forever."

ANOTHER WORK OF ART.

Mr. Charles Verschueren stepped into the Eilers Exhibition Sale and secured the elegant Hadorf cample piano that has won so much praise and admiration from all who have seen and heard it. This is one of the fine new makes that will undoubtedly win most enthusiastic recognition in highest musical circles everywhere on account of its sterling musical qualities, and uniqueness of case design and construction.

The first piano of this make in Astoria was secured several months ago by Mrs. Otto Heilborn, our most capable orchestra leader. In referring to her piano in a recent letter to the house Mrs. Heilborn says:

"The Hadorf piano I purchased from you gives me entire satisfaction. Its tone is remarkable for purity, power and sweetness."

(Signed) Mrs. Otto Heilborn.

A DOLL FOR MISS JONES.

Late in the evening a superb orchestral grand upright Jacob Doll piano was secured by Miss M. L. Jones, of Duane street. The Doll is one of New York's leading pianos, and may be found in hundreds of the finest homes in Portland, where it is highly esteemed for its great durability as well as for its sweetness of tone and the evenness of its scale.

It was late in the evening when Miss Jones made her decision, but she was of course anxious to have the piano for over Sunday, and accordingly the instrument was finally strapped on the delivery truck and rolled up the sidewalk to the residence.

"We don't like to deliver our pianos after dark," said Mr. Smith, the general manager, in mentioning this occurrence as it may deprive our anxious would-be competitors the opportunity

OVER 600 LIVES LOST.

Full particulars were recently received from the Samoan islands in regard to the terrible hurricane which visited those islands and in which over 600 lives were lost. Such a loss is appalling, but after all is not to be compared with the number of persons who have lost their lives from indigestion, dyspepsia and constipation and other stomach troubles. The number has, however, been considerably reduced since the introduction of Hostetter's Stomach Bitters, 25 years ago, because it positively cures all such ailments. Your life and health are too precious to experiment with, therefore try this famous remedy first of all and be cured at once. It won't disappoint you. The genuine has our private stamp over the neck of the bottle.

Medical Lake Ointment

Seal Up the Avenues of Ill

by the employment of remedies which are truly nature's own—MEDICAL LAKE'S specialties are Nature's Own Remedies direct from the hand of the Great Creator. Compared to these, man-made nostrums usually fail. The waters of Medical Lake have absorbed their virtues through subterranean springs from the best in nature. The Indians recognized these virtues and deemed them magic. We know better, and reason that in nature's laboratory the components of Medical Lake water, each a distinct standard of great merit, have been subtly compounded to form a remedy unequalled in man's pharmacopoeia. There is no malady of the blood which will not permanently succumb to its ministrations.

It is small wonder that MEDICAL LAKE OINTMENT (or cream) possesses healing power which seems marvelous. This preparation is an Ideal Skin Food and beautifier and is the quickest and most agreeable remedy for Sunburn, Eczema, Burns, Bruises, Chapped Hands and Face, and all Roughness and Irritation of the Skin—is the most beneficial in its effects of all emollients and is an article which cannot safely be dispensed with in any household. Medical Lake Ointment (especially immediately after washing) will allay all soreness and assure a soft, velvety surface to the skin. 25c. a box at druggists.

DISAGREEABLE REFLECTIONS

The mirror never flatters; it tells the truth, no matter how much it may hurt the pride or how humiliating and disagreeable the reflections. A red, rough skin is fatal to beauty, and blackheads, blotches and pimples are ruinous to the complexion, and no wonder such desperate efforts are made to hide these blemishes, and cover over the defects, and some never stop to consider the danger in skin foods, face lotions, soaps, salves and powders, but apply them vigorously and often without regard to consequences, and many complexions are ruined by the chemicals and poisons contained in these cosmetics.

Skin diseases are due to internal causes, to humors and poisons in the blood, and to attempt a cure by external treatment is an endless, hopeless task. Some simple wash or ointment is often beneficial when the skin is much inflamed or itches, but you can't depend upon local remedies for permanent relief, for the blood is continually throwing off impurities which irritate and clog the glands and pores of the skin, and as long as the blood remains unhealthy, just so long will the eruptions last. To effectually and permanently cure skin troubles the blood must be purified and the system thoroughly cleansed and built up, and S. S. S., the well known blood purifier and tonic, is acknowledged superior to all other remedies for this purpose. It is the only guaranteed strictly vegetable blood remedy. It never deranges the system or impairs the digestion like Potash and Arsenic and drugs of this character, but aids in the digestion and assimilation of food and improves the system.

Some two years ago I suffered great deal, caused on account of be blood. Small rash or pimples broke out over my body and kept getting worse day by day for over a year. Being S. S. S. advertised in the papers and having heard also it had cured several people in this city concluded to give it a fair trial. After using the medicine for some time, taking in all six bottles, I was entirely cured.

EDWARD C. LONG, 1020 Clay Street, Paducah, Ky.

Being a blood purifier and tonic combined, the humors and poisons are counteracted and the blood made rich and pure, and at the same time the general health and system is rapidly built up and good health is established, and this, after all, is the secret of a smooth, soft skin and beautiful complexion.

If you have any skin trouble send for our free book, "The Skin and Its Diseases." No charge for medical advice. Write us about your case.
