VOLUME LVII.

ASTORIA, OREGON, FRIDAY, OCTOBER 16, 1903.

NUMBER 11.

Some Men like clothes in the very height of fashion. **SOME DON'T.** That's because tastes differ so. One man wants the most extreme cut, while another wants it thoroughly conservative. **Nothing Old-Fashioned**, mind you; just up-to-date in every way, though rather subdued in style. We cater to both. One kind of taste doesn't make a business, you know, so that's why we keep in stock enough variety to satisfy the dress desires of a good-sized town. Whatever your leaning may be, you can always find it where the garments bear the label of **Crouse & Brandegee, Utica, New York.** Asking for that

is a good way of getting what you want, whether it's something very ultra or just plain every-day stylishness.

CEREMONY PERFORMED ON SUNDAY

Senator Platt and Mrs. Janeway Outwitted the Curious and Were Privately Joined in Wedlock.

Marriage Takes Place at Holland House and Few Relatives Present.

ANXIOUS TO AVOID A CRUSH

Senator Says His Aversion to a Public Wedding Prompted the Quiet Ceremony and Deception.

New York, Oct. 15.—Announcement was made today that the marriage of United States Senator Thomas C. Platt and Mrs. Lillian T. Janeway took place at the Holland house on Sunday last. The Rev. Dr. Drayton performed the ceremony in the presence of some of the immediate friends of Mr. Platt's and Mrs. Janeway's families. The senator said today that he chose a private ceremony to avoid the crush and annoyance of a public wedding. Senator and Mrs. Platt left the city this evening for a short trip. "Will you continue to make your home in this city at the Fifth-Avenue hotel, senator?" This question elicited the startling response:

"Do not repeat it aloud, but it is possible—it is barely possible—that we may go to housekeeping. We will go to Washington shortly after the ceremony and will be at the Arlington there for the winter."

Concerning the romance of his first meeting with Mrs. Janeway when she was a small girl visiting near Oswego, the senator suggested calling upon her at the Holland house. Pleading a press of business and promising to follow the interview later, the veteran political leader planned and executed a coup by arriving at the hotel first in his carriage.

Mrs. Janeway is not flattered by her pictures. She was arrayed in a fashionable street gown and wore a few handsome but unostentatious jewels. She is a pronounced brunette with a wealth of dark hair and eyes between rich gray and hazel.

"As a girl," said Mrs. Janeway, "I was attracted by Senator Platt. On several occasions I was a guest of himself and wife, who were a very dear friend, at the Oriental, at Manhattan Beach, during vacation periods. I am very much interested in politics; and I suppose this was one reason why our engagement was reported long before it existed. We have decided to escape housekeeping this winter, as the senator will be very busy in congress."

"Will you make your home here or in Washington?" was asked. "We will probably live in New York except when the senator is obliged to be in Washington," she replied.

JURY SETTLED FATE.

Chicago, Oct. 15.—A dispatch to the Tribune from Lawrenceville, Ill., says: In the Lawrenceville county court here a jury trying the case of the state against George Ryan, charged with assault to commit murder, could not reach a verdict after being out 36 hours when one of them suggested flipping nickles—heads to convict, tails to acquit. Each juror put a nickle in a hat, A shake, and a toss, and the nickles fell on a table, six and six, necessitating another toss. The second trial showed four heads and eight tails, resulting in acquittal. The court accepted the verdict, but did not know how it was reached until today. The state will get a new trial and the jurors may be indicted.

HARRISON BOYCE'S LIFE.

New York, Oct. 15.—General Harrison Boyce, who died last night from injuries received from being struck by a Broadway cable car, was secretary of the Navy League with which many of the prominent men in this city are affiliated. He was a native of Cleveland, O., and served through the Civil war with the 45th Illinois volunteers. During his residence in California he became a brigadier-general in the state militia. General Boyce had taken part in several Ohio campaigns. His name was also mentioned in connection with the senatorial election at Columbus in 1898.

OUTCOME DEPENDS ON RUSSIA.

London, Oct. 15.—Japan's view, says the Morning Post, discussing the Far Eastern situation, is that Korea is of vital interest to her but that Manchuria is not and she is not inclined to pull the chestnuts out of the fire for Great Britain and the United States by issuing an ultimatum or taking action with regard to Manchuria except in co-operation with other powers whose interests are equally involved. It is believed that neither power desires war, not only on account of financial difficulties, but because of the doubt as to what course China would take in such a war. The correspondent of the Morning Post at Chefoo, telegraphing under date of October 14, says that the rumors of an impending war continue, but it is impossible to obtain authentic information. In the event of an outbreak the opinion in Chefoo is unfavorable to the success of the Japanese navy. It is believed that the newly equipped Chinese troops would ally themselves with Japan in any campaign against Russia which she might undertake in Manchuria. Large imports of arms, adds the correspondent, have been made by China during the past nine months and warlike munitions continue to be imported. A small Japanese steamer which is lying off Chefoo with dynamite and ammonium has been prohibited from landing her cargo. The Russian torpedo flotilla far exceeds in actual number any official admission. Many of them have been completed and equipped at Port Arthur. A dispatch from Shanghai to the Daily Telegraph says the Russo-Japanese situation is uncertain and the outcome depends entirely on Russia's willingness to make concessions.

TORPEDO BOAT FLOTILLA Will Go to Manila Making Six Months Cruise.

New York, Oct. 15.—Preparatory to sailing on a cruise of 16,000 miles to the Philippine Islands as an escort of a torpedo boat flotilla, the first of the kind ever sent out from these shores on such a voyage, the cruiser Baltimore will leave the New York navy yard today under command of Captain Briggs. The Baltimore has been out of commission since she returned from Manila, where she participated in the great battle under Admiral Dewey. It is figured that six months will be required for the torpedo flotilla to reach Manila. Five boats, the Decatur, Bainbridge, Barry, Chauncey and Dale, will go. A remarkable course has been mapped out. A straight course will be taken past Hatteras to Bermuda. Then the Barbados will be made and continuing south by east the northern shore of South America will be hugged. From Brazil a course will be steered back over the equator for the open sea. The flotilla will proceed up the west African coast and past the Cape Verde group to the Canaries. The next stop will be made at the Madeira Islands. Thence the course will be set for the Mediterranean and the Suez Canal.

AN UNPROVOKED SHOOTING.

Chicago, Oct. 15.—James Expapas, keeper of a restaurant in Wells street, last night shot and killed John Cassar, a teamster, who, he asserted, refused to pay for a meal and attacked him. Eye witnesses declare that the shooting was unprovoked. The anger of the crowd in the street was excited when Expapas, according to the police, when he was shot, fell to the ground and lying on the sidewalk. Theater and lying on the sidewalk. Theater were heard in the crowd as it rushed toward the restaurant and the man ran inside and locked the door. By this time three policemen had arrived. They had to use their clubs to drive back the crowd and secure entrance to the restaurant. The officers forced the door and seized Expapas, who stood in the middle of the room hiding a revolver. The young man was pale and as the policemen started towards the door, outside of which the crowd was still shouting for revenge, he fainted and fell to the floor. Later he was revived and taken to the police station.

TRYING TO SETTLE STRIKE.

Victor, Col., Oct. 15.—Negotiations are pending for an amicable settlement of the miners' strike in this district, according to a persistent report that has gained currency. A committee has gone to Colorado Springs to confer with representatives of the Mineowners' Association and Manager MacNeill of the United States Refining and Reduction Company. The strike here was inaugurated in sympathy with the millmen employed in the plants of the latter company and if an adjustment of the existing differences between the United States Reduction & Refining Company and its men can be effected, there will be no further cause for the miners of the district remaining out.

BELMONT STILL ON TURF.

New York, Oct. 15.—It has been learned that August Belmont, chairman of the Jockey Club, does not intend to retire from the turf as intimated a few weeks ago when the sale of his horse in training was announced. He has retained four good runners which will be reinforced by colts from his own breeding establishments. His stable also will be organized as to management and a number of American bred colts will be added to the racing establishment in England.

DIED FROM NATURAL CAUSES.

San Francisco, Oct. 15.—The coroner's jury in the case of A. L. Kohn, the Chicago millionaire, who died under peculiar circumstances, returned a verdict today that deceased died from natural causes.

NATURALIZING ITALIANS.

New York, Oct. 15.—Under an organized system, Italians newly arrived in the United States, have been supplied with false naturalization papers for registration purposes, according to Deputy State Superintendent of Elections Maher, who has caused the arrest of five men. Maher alleges the prisoners confessed they had never been in the court which purports to have issued the papers upon which he charges they were registered as voters last week. All the men are employed by the city, in street work. The superintendent says he already has evidence of 50 similar cases among the Italians.

JURY ACQUITS J. H. TILLMAN

Man Who Murdered Editor Gonzales Goes Free.

Lexington, S. C., Oct. 15.—James H. Tillman, charged with the murder of N. G. Gonzales, editor of the State, in Columbia on January 14, last, was acquitted this morning. The jury was out 20 hours before reaching a verdict. Soon after the jury went out yesterday a ballot was taken which resulted in a vote of 10 to two for acquittal. Soon after one of the minority joined the majority, leaving one juror standing out. He held to his views and kept the jury up all night. It was only about 20 minutes before the verdict was heard this morning that he yielded.

SHERMAN STATUE UNVEILED

Thousands Present at Ceremony at Washington City.

Washington, Oct. 15.—With impressive ceremonies the equestrian statue of William Tecumseh Sherman was unveiled here this afternoon in the presence of official Washington, the president, members of the societies of the army of Tennessee, the Cumberland, Ohio and the Potomac. As the two large flags enveloping the statue were drawn aside by William Tecumseh Sherman Thorndyke, the nine year old grandson of the dead chief, the cannon of the fourth artillery boomed a salute and the marine band struck up the "Star Spangled Banner." The president, who delivered the address of the day, was introduced by General G. M. Dodge. As he arose the veterans gave him round after round of cheers, and the speech was frequently interrupted with applause.

WOULD ACT AS MEDIATOR.

Cripple Creek, Oct. 15.—President Moyer of the Western Federation of Miners, who has been in conference with the mine owners and union leaders in this district, said today that James F. Burns, president of the Portland Mining Company, which is employing union miners, and offered his services as mediator between the strikers and Mine Owners' Association.

TRIED TO BLOW UP LEGATION.

London, Oct. 15.—A Pekin dispatch to the Times describes an attempt to blow up the magazine of the British legation Tuesday night during the military ball. Wires were laid but were not connected with the Army. At the same time the breach blocks and sights of a .47 gun were stolen, but have since been discovered in the native city.

DYNAMITE FOUND ON THE TRACKS

Fiendish Attempt to Wreck a Northern Pacific Train Near Helena Mont. Results in a Failure.

Extra Freight Train Ran Over Six Sticks, but Failed to Explode Them.

SEVERAL ARRESTS ARE MADE

Three Men Taken Into Custody but the Commission of the Crime Not Brought to Them.

Helena, Oct. 15.—Six sticks of dynamite were found on the Northern Pacific track near Birds-eye, eight miles west of Helena, this morning by section men. An extra freight, east bound, passed over the powder during the night without exploding it. It had been placed under the rail, the shingles of which had been removed. Chief of Detectives McFetridge, of St. Paul, in charge of the Northern Pacific detectives and officers left with a pack of bloodhounds soon after the finding of the powder was reported. George Hammond was arrested this morning half a mile from where the explosive was found on the track and brought to Helena. He confessed to stealing supplies in the vicinity where he was found. Two other arrests have been made in the same vicinity, but the names of the men are not known, and they will not be brought to town until late tonight.

BURIAL PLACE OF EMMET.

New York, Oct. 15.—Dr. Thomas Ad-dis Emmet, of this city, believes he has solved the mystery of the burial place of Robert Emmet, his great uncle, the Irish patriot who was put to death by the English for high treason at Dublin, September 30, 1803. He has just returned from Ireland after three months spent in running down rumors as to the patriot's tomb and the search has narrowed down to St. Peter's churchyard in Dublin, in the family tomb. When an edict prohibiting burials in Dublin was issued in 1840 the headstones and tomb covers in St. Peter's were taken up and the surface covered with a thick layer of cement. The stones were replaced promiscuously, merely indicating that the bodies which commemorated lay somewhere in the churchyard. Objections of families whose ancestors are buried there prevented Dr. Emmet from excavating.
